IV UNIVERSITY PROFESSORSHIPS

1

TAGORE LAW PROFESSORSHIP

The Hon'ble Prasunno Coomarr Tagore, C.S.I., one of the Fellows of the University, who died on the 30th August, 1888, bequeathed by his will, dated the 10th October, 1882 to the University a monthly allowance of Rs. 1,000 for the purpose of founding a Professorship of Law in connection with the University to be called the "Tagore Law Professorship." The terms of the bequest are given in the following extract from the will (4 Bengal Law Reports, O.C.J. 103, at p. 116) :

"I am desirous of founding a Law Professorship to be called the 'Tagore Law Professorship' and of providing an adequate remuneration for the Professor who shall fill the chair provided by me. I direct that my Trustees or Trustee do and shall, as soon as may conveniently be after my death, invest in Government Securities, such a sum of money taken from my personalty or, by default, from the income of my real estate at the discretion of my Trustees or Trustee as will produce the monthly sum of Rs. 1,000 and that when such sum has been invested, the same may be assigned, transferred and made over to the University of Calcutta, to be held upon the following trust, that is to say in trust to pay, out of the interest accruing due therefrom, the annual sum of Rs. 10,000* by equal monthly payments to the Tagore Law Professor, for the time being, and in trust to apply the residue of the interest in the manner hereinafter mentioned. And I desire that until such sum shall have been so invested and made over as hereinbefore directed, my said Trustees or Trustee shall either from the proceeds of my personal estate or from the rents, issues, and profits arising from my real property, pay the sum of Rs. 1,000 a month to the University of Calcutta to be applied by the University in the same manner and for the same purpose as the interest to accrue due from the funds which I have hereinbefore directed to be made over to the University. And I declare that the right of appointing a Professor to the said "Tagore Law Professorship" and removing and dismissing the incumbent therefrom shall be vested in the Senate of the University. And that the first appointment shall be made so as to begin to take effect not later than the end of one year from the date of death; my will is that the 'Tagore Law Professor' shall read or deliver at some place within the town of Calcutta, one complete course of Law lectures without charge, to the students and other persons who may attend such lectures. Within six months after the delivery of such course of lectures, the lectures shall be printed and not less than 500 copies thereof shall be distributed gratuitously. I desire that the expense of such printing and distribution may be defrayed out of the residue of the annual interest of the said fund. Whatever portion of the residue may remain after defraying the expenses, I desire that it may be devoted to the printing and publication of approved works on Law of Jurisprudence. It is my will that the said 'Tagore Law Professorship' shall, save as herein provided, be as to be the kind of Law which is to be taught and in all other matters and things, regulated by and subject to the control of the Senate of the said University."

* The present salary is Rs. 9,000 per annum.*

The scheme for the lectures as adopted and subsequently modified by the Senate on the 19th December, 1931, stands as follows :—

1. In the month of June in each year, the Faculty of Law shall select not more than three subjects upon one of which the Professor for the following year shall be required to deliver a course of at least twelve lectures.

2. Immediately after the subject or subjects shall have been thus selected, advertisements shall be published in such newspapers as the Syndicate may think proper, stating the subject or subjects so selected and inviting applications from candidates for the Professorship.

3. Candidates shall send in their applications to the Registrar on or before the 1st May following, and each candidate shall forward with his application one hundred copies of a brief synopsis of his proposed lectures and, if he so pleases, the same number of copies of his introductory lecture.

4. The copies of introductory lectures and brief synopses so sent shall be referred by the Faculty of Law to a special Committee consisting of the Dean of the Faculty and not less than four other persons to be selected for their special competence in this behalf, who shall consider the same and report thereon to the Faculty, and upon such report the Faculty shall, unless they decide to take action under Rule 5-A, recommend a candidate to the Senate for election. In case the Faculty decide to take action under Rule 5-A, the Faculty shall report to the Senate accordingly.

5. The election of the Professor shall take place in the month of August.

5-A. That if no application is received in accordance with Rule 3, or if the Faculty of Law are satisfied, upon the report of the Committee mentioned in Rule 4 that introductory lectures and the brief synopses submitted by the candidates do not evince sufficient merit to justify the appointment of any of them as Professor, the Faculty shall take steps to invite a suitable scholar to accept the appointment and to deliver a course of lectures on such subject as may be determined by the Faculty in consultation with the Dean. The name of the person so nominated together with the names of the original application shall be submitted to the Senate with a full report by the Faculty on the matter. The Senate shall then elect a Professor or give such further directions as may be deemed necessary.

6. The Professor, whether elected under Rule 5 or 5-A, shall not, later than the expiry of the twelve months from the date of his election, forward to the Registrar a complete copy (manuscript or type-written) of the lectures which he proposes to deliver. The copy shall be forthwith referred by the Faculty of Law to a Committee of not more than three persons to be selected for their special competence in this behalf, who shall examine the same and before the expiry of two months from the date of the submission of the copy by the Professor to the Registrar, report to the Faculty whether the work is complete and ready for the press. If upon such report the Faculty is satisfied that the work is complete, the Professor shall commence to deliver his lectures within three months from the date of the resolution of the Faculty and shall complete the delivery thereof in another three months. The copy of the lectures delivered shall remain in the custody of the Registrar and shall be sent to the Press as soon as practicable after delivery thereof.

7. If the Professor fails to submit the copy of the lectures as required by rule, or if the copy submitted be found on examination to be incomplete and not ready for the Press, the matter shall be referred to the Faculty of Law upon whose recommendation the Senate may either extend the time or cancel the appointment. In the event of the appointment being cancelled, the Senate shall take fresh steps for the appointment of a Professor.

8. The salary of the Professor shall be paid on the first day of the month by instalments : the first instalment to be paid on the first day of the month following that in which the first lecture is delivered.

MINTO PROFESSORSHIP OF ECONOMICS

To commemorate the Jubilee of the University of Calcutta which was celebrated in 1908, the Hon'ble the Vice-Chancellor (the Hon'ble Mr. Justice Asutosh Mookerjee) proposed to the Government of India that a Professorship of Economics should be established. This proposal was accepted by Government, and the Senate resolved on the 11th April, 1908, that the chair should be named after the Earl of Minto, the then Chancellor of the University.

The following rules have been adopted for the appointment and duties of the Professor :—

The appointment shall be made by the Senate.

1. The salary of the Professor will be Rs. 12,000 a year to be paid in equal monthly instalments. The Professor will, in the first instance, be appointed for a term of five years only, but upon the expiry of his term he will be eligible for re-appointment.

2. The University will pay first class passage to the selected candidate from his place of residence to Calcutta.

3. The duties of the Professor will be as follows :—

(a) To devote himself to the investigation of the Science of Economics and its application to Indian problems.

(b) To deliver (not less than once a week during six weeks every year) a course of at least six lectures upon economics with special reference to Indian problems and embodying as far as possible, the result of his own researches in the subject. (Such lectures, after delivery, will be published by the University.)

(c) To hold classes in Economics not less than twice a week during at least twenty-five weeks every year for the benefit of Post-Graduate students and to promote research by them as far as practicable.

(d) To prepare a work dealing with the application of the principles of Political Economy to such Indian topics as may be agreed upon between the Senate and the Professor at the time of his appointment.

4. Applications from candidates for the Professorship must reach the Registrar of the University not later than the date to be specified.

5. Every application shall be accompanied by—

(a) a statement of the original work or investigation in Economics which may have been done by the candidate;

* Mr. S. C. Brahmachari would have been appointed Tagore Professor of Law for the year 1939 to deliver a course of lectures on "The Law of Carriers by Land, Water and Air with special reference to India" but for his death since submission of his synopses of lectures (*vide* Syndicate, dated the 9th September, 1938).

(b) testimonials to indicate special fitness for appointment to the Professorship of Economics;

(c) a statement of the topics on which he undertakes to prepare a work dealing with the application of economic principles to Indian conditions.

6. The Professor will be required to vacate his appointment unless a substantial portion of the manuscript of the work alluded to in para. 3(d) above is made over to the University within three years from the date on which he first takes charge of his duties.

7. The copyright in the lectures as well as the treatise [para. 3, clauses (b) and (d)] will be in the Professor, but he will make over to the University 200 copies of his lectures annually for distribution.

8. Canvassing by intending candidates for the Professorship is strictly prohibited, and if any candidate is proved to have canvassed for the appointment, directly or indirectly, he will, on that ground alone, be disqualified.

GEORGE V PROFESSORSHIP OF MENTAL AND MORAL SCIENCE

In commemoration of the visit of Their Imperial Majesties King-Emperor George V and Queen-Empress Mary to India during 1911 and 1912 His Excellency the Governor-General in Council on the recommendation of the Syndicate and the Senate of the Calcutta University, was pleased to sanction the foundation of a Professorship to be called the George V Professorship of Mental and Moral Science. At the Annual Convocation of the Senate in 1912 His Excellency the Chancellor made the important announcement that a recurring grant of Rs. 65,000 per annum would be made by the Government of India to the Calcutta University for the purpose of higher teaching. The Syndicate, thereupon, decided that the University should have a Professor of Mental and Moral Science of its own. No provision existed at that time for the teaching of this branch of knowledge up to the M.A. standard in any of the colleges in Calcutta, except the Scottish Church College where the arrangements for that purpose were likely to be unfavourably affected by the impending retirement of Professor Stephen. Although elaborate Regulations for a course in Experimental Psychology had been framed in 1906, no arrangements were made or could be made in any college for the teaching of this increasingly important branch of knowledge. Mental and Moral Science has always had great attraction for Indian students and important papers dealing with the topics under this head have been written by some of the graduates of this University. It was therefore expected that the establishment of a special Chair in the subject would stimulate higher study and research on lines likely to prove fruitful. It was resolved that the salary of the Professor be fixed at Rs. 12,000 per annum.

The following rules to be applicable to the holders of the Chair, were adopted by the Senate on the 11th May, 1929 :—

(i) The Professor shall devote himself to original study and research in Mental and Moral Philosophy with a view to extending the bounds of knowledge.

(ii) The Professor shall stimulate and guide advanced study and research by advanced students in the University of Calcutta.

(iii) The Professor shall undertake regular teaching work in the Post-Graduate Classes and shall ordinarily deliver not less than four lectures in his subject every week for the benefit of M.A. and M.Sc. students of the Post-Graduate Department of the University.

(iv) The Professor shall be subject to such instructions and rules regarding leave, residence and retirement as may be decided by the University as applicable to Professors.

HARDINGE PROFESSORSHIP OF HIGHER MATHEMATICS

To commemorate the visit of Their Imperial Majesties King-Emperor George V and Queen-Empress Mary to India during 1911 and 1912 and their gracious reception of a loyal address from the Calcutta University, His Excellency the Governor-General in Council, on the recommendation of the Syndicate and the Senate, was pleased to sanction the foundation of a Chair in Higher Mathematics. At the Annual Convocation of the Senate in 1912 the important announcement was made by His Excellency the Chancellor that higher teaching would receive fresh impetus from the Government of India, who had decided to make a recurring grant of Rs. 65,000 a year to the Calcutta University. The Syndicate came to the conclusion that the purpose of stimulating higher studies and research would be best served by utilising a portion of the Imperial grant for making adequate arrangements for the delivery of Post-Graduate lectures in Higher Mathematics. Inadequate accommodation in the M.A. and M.Sc. Mathematics classes in the affiliated colleges and the yearly increasing number of candidates for examination in the subject since the introduction of the New University Regulations in 1906, convinced the Syndicate of the desirability of founding a Chair in Higher Mathematics. It was resolved that the Professorship be associated with the name of His Excellency the then Chancellor of the University, and called the Hardinge Chair of Higher Mathematics. It was also resolved that the Chair should carry a salary of Rs. 12,000 per annum. The Senate also agreed to grant the first Professor Rs. 3,000 a year as house allowance.

The following rules to be applicable to the holders of the Chair were adopted by the Senate on the 11th May, 1929:—

(i) The Professor shall devote himself to original study and research in Mathematics with a view to extending the bounds of knowledge.

(ii) The Professor shall stimulate and guide advanced study and research by advanced students in the University of Calcutta.

* Services of the Professor were lent to the Government of Madras for the period from 1st May, 1931 to 30th June, 1932. The period had subsequently been extended up to 19th August, 1937. The Professor had been granted leave without pay and allowance for this period.

The Professor has been allowed leave of absence without pay for the period from January to June every year from 1938-42, so as to enable him to hold the Spalding Chair of Eastern Religion and Ethics at the Oxford University. Three special Research Fellowships have been created in the Department of Philosophy to assist in teaching and tutorial arrangements under the guidance of the Professor.

(iii) The Professor shall undertake regular teaching work in the Post-Graduate Classes and shall ordinarily deliver not less than four lectures in his subject every week for the benefit of M.A. and M.Sc. students of the Post-Graduate Department of the University.

(iv) The Professor shall be subject to such instructions and rules regarding leave, residence and retirement as may be decided by the University as applicable to Professors.

CARMICHAEL PROFESSORSHIP OF ANCIENT INDIAN HISTORY AND CULTURE

Ancient Indian History and Culture constitutes a branch of study in which researches can be carried on by the advanced students with every hope of success. In 1912, the Syndicate were of opinion that the foundation of a Chair of Ancient Indian History and Culture was probably the foremost need of the Calcutta University. It was previously decided that the money for the Chair would be met from the sale-proceeds of the Matriculation and Intermediate Sanskrit Courses and the Sanskrit Grammar published by the University. The Chair is now maintained from the General Fund of the University. It was resolved that the Chair be designated the Carmichael Professorship of Ancient Indian History and Culture named after the then Rector of the University, Baron Carmichael of Skirling, and that the salary be fixed at Rs. 12,000 per annum.

The following rules to be applicable to the holders of the Chair, were adopted by the Senate on the 11th May, 1929:—

(i) The Professor shall devote himself to original study and research in Ancient Indian History and Culture, with a view to extending the bounds of knowledge.

(ii) The Professor shall stimulate and guide advanced study and research by advanced students in the University of Calcutta.

(iii) The Professor shall undertake regular teaching work in the Post-Graduate Classes and shall ordinarily deliver not less than four lectures in his subject every week for the benefit of M.A. and M.Sc. students of the Post-Graduate Department of the University.

(iv) The Professor shall be subject to such instructions and rules regarding leave, residence and retirement as may be decided by the University as applicable to Professors.

PROFESSORS.

- 1913-14 Prof. G. Thibaut, C.I.E., Ph.D., D.Sc.
 1917-36 Prof. D. R. Bhandarkar, M.A., Ph.D.
 1936-41 Prof. Hemchandra Raychaudhuri, M.A., Ph.D.

* In view of the special excellence of the work done by Dr. C. E. Cullis as Hardinge Professor of Higher Mathematics, he has been made Emeritus Professor of Mathematics of the University from the date of his retirement from the University.

ASUTOSH PROFESSORSHIPS

To perpetuate the memory of the late Sir Asutosh Mookerjee, Kt., C.S.I., etc., three Professorships called (1) the Asutosh Professorship of Sanskrit, (2) the Asutosh Professorship of Islamic Culture and (3) the Asutosh Professorship of Mediæval and Modern Indian History were founded.

The Senate originally proposed to found two Professorships, viz., (1) Asutosh Professorship of Sanskrit and (2) Asutosh Professorship of Islamic Culture in memory of the late Sir Asutosh Mookerjee. The salaries of these two Professors, it was proposed, would be met from the rentals of the shops on the ground floor of the Asutosh Building and in the event of these proving insufficient in any year, the deficiency would be made up from the General Fund of the University.

The proposal was accepted by the Government of Bengal and the establishment of these two Chairs was sanctioned by Government in September, 1926.

Subsequently, on a representation made by the University for financial help, for the re-organisation of the teaching arrangements in Arabic, Persian and Sanskrit in the Post-Graduate Department, the Government of Bengal in their letter No. 173-T.Edn. of April, 1927, communicated their decision to make an annual grant of Rs. 12,000 to the University for the appointment of a Professor of Islamic Study and Culture and enquired whether, in these circumstances, the University would submit a revised proposal for the utilization of the Funds thus released from the rentals of the Asutosh Building.

The University, thereupon, requested the Government of Bengal to sanction the establishment of a third Chair to be called the "Asutosh Chair of Mediæval and Modern Indian History" out of the funds thus released and on Government undertaking to maintain the Chair of Islamic Culture.

The proposal for the establishment of the third Chair was sanctioned by the Government in April, 1930.

The Senate at their meeting held on the 19th November, 1927, sanctioned a set of Rules governing each of the three Professorships.

6

ASUTOSH PROFESSORSHIP OF SANSKRIT

The following rules for the Asutosh Professorship of Sanskrit were adopted by the Senate on the 19th November, 1927:—

(i) The salary attached to the Chair should be Rs. 600* rising, by biennial increments of Rs. 50, to Rs. 1,000 but in making appointment to the Chair it shall be open to the Senate to appoint in a special case at a higher initial salary than Rs. 600.

(ii) Ordinarily appointment to the Chair shall be made for five years. On the expiry of the first period such appointment may be renewed for another term or it may be made permanent by the Senate on the recommendation of the Syndicate.

(iii) The holder of the Chair shall be required to lecture to Post-Graduate and Honours students in Sanskrit and to take part in the work of the Post-Graduate Department in the subject as required by the Executive Committee of the Post-Graduate Department in Arts, after consulting the Professor. The Syndicate after consulting the Executive Committee and the holder of the Chair may further require him to deliver a course of lectures in some affiliated college. He shall also be required to carry on and organise and guide research work in the subject. The Professor shall report to the Syndicate in the month of July in each year the research work carried on by

him during the past year and the research work which he contemplates carrying on during the ensuing year.

(iv) The Professor shall be eligible for the privilege of regular academic vacations and holidays of the University and shall be subject to such leave rules as the Senate may pass from time to time.

(v) The Senate may, on the recommendation of the Post-Graduate Council in Arts and on such terms as the Senate may decide, require the Professor-elect to receive special training abroad before entering upon the duties of the office. With a view to enabling the Professor to be in touch with the current progresses abroad in his subject, the Professor shall be eligible, on the recommendation of the Council of Post-Graduate Teaching in Arts, to study-leave with such emoluments and on such conditions as the Senate may decide, for a period generally not exceeding one year, provided that he has not taken such leave during the previous six years. In each such case the Professor shall require to submit a report of his work during his leave.

(vi) The Professor shall ordinarily have a working knowledge of German and French.

(vii) The Professor shall be appointed by the Senate on the recommendation of a Committee consisting of—

- (1) The Vice-Chancellor, President, *ex-officio*.
- (2) An expert nominated by the Senate.
- (3) The President of the Calcutta Sanskrit Association, or a person nominated by him.
- (4) The Dean of the Faculty of Arts.
- (5) The President of the Post-Graduate Council in Arts.
- (6) An expert in the subject nominated by the Syndicate.
- (7) An expert in the subject nominated by another University on the invitation of the Syndicate of the Calcutta University.

The Professor is now appointed in accordance with the provision of Section 22 (I) of Chapter XI of the Regulations.

(viii) The Professor shall be a whole-time officer of the University and shall not, without the special sanction of the Senate previously obtained, hold any other office to which any salary, emolument or honorarium is attached.

(ix) A Professor may voluntarily resign his appointment at any time upon not less than six months' notice given by him in writing to the University. A Professor shall be liable to removal by the Senate on the ground of misconduct, inefficiency or gross neglect of duty, if a recommendation to that effect is made by the Syndicate after a full enquiry into the specific charges brought against him, provided that at such enquiry the Professor shall be allowed an adequate opportunity to defend himself.

A Professor shall vacate his office upon completion of the sixtieth year of his age unless, upon the recommendation of the Council of Post-Graduate Teaching in Arts, the Senate is satisfied that his services should, in the interest of research or teaching, be still retained by the University and in such an event the Senate may sanction his retention for such period as may be determined.

(x) The Professor shall be entitled to the benefit of the University Provident Fund so long as he is in service.

(xi) The Post should be advertised every time a vacancy occurs.

The Syndicate after consulting the Executive Committee and the holder of the Chair may further require him to deliver a course of lectures in some affiliated college. He shall also be required to carry on and organise and guide research work in the subject. The Professor shall report to the Syndicate in the month of July, in each year the research work carried on by him during the past year and the research work which he contemplates carrying on during the ensuing year.

(iv) The Professor shall be eligible for the privilege of regular academic vacancies and holidays of the University and shall be subject to such leave rules as the Senate may pass from time to time.

(v) The Senate may, on the recommendation of the Post-Graduate Council in Arts, and on such terms as the Senate may decide, require the Professor-elect to receive special training abroad, before entering upon the duties of his office. With a view to enabling the Professor to be in touch with the current progress abroad in his subject the Professor shall be eligible, on the recommendation of the Council of Post-Graduate Teaching in Arts, to study-leave

* The Senate on the 4th June, 1938, decided that the grade of the Chair should be Rs. 700—Rs. 1,000 for new incumbents.

with such emoluments and on such conditions as the Senate may decide for a period generally not exceeding one year, provided that he has not taken such leave during the previous six years. In each such case the Professor shall be required to submit a report of his work during his leave.

(vi) The holder of the Chair must possess a working knowledge of such languages as may be required to enable him to carry on his original investigations.

(vii) The Professor shall be appointed by the Senate on the recommendation of a Committee consisting of—

(1) The Vice-Chancellor, President, *ex-officio*.

(2) An expert nominated by the Senate.

(3) The Dean of the Faculty of Arts.

(4) The President of the Post-Graduate Council in Arts.

(5) An expert in the subject nominated by the Syndicate.

(6) An expert in the subject nominated by another University on the invitation of the Syndicate of the Calcutta University.

The Professor is now appointed in accordance with the provisions of Section 22 (I) of Chapter XI of the Regulations.

(viii) Each Professor shall be a whole-time officer of the University and shall not, without the special sanction of the Senate previously obtained, hold any other office to which any salary, emolument or honorarium is attached.

(ix) A Professor may voluntarily resign his appointment at any time upon not less than six months' notice given by him in writing to the University. A Professor shall be liable to removal by the Senate on the ground of misconduct, inefficiency or gross neglect of duty, if a recommendation to that effect is made by the Senate after a full enquiry into the specific charges brought against him, provided that at such enquiry the Professor shall be allowed adequate opportunity to defend himself.

A Professor shall vacate his office upon completion of the sixtieth year of his age unless, upon the recommendation of the Council of Post-Graduate Teaching in Arts, the Senate is satisfied that his service should, in the interest of research or teaching, be still retained by the University and in such an event the Senate may sanction his retention for such period as may be determined.

(x) A Professor shall be entitled to the benefit of the University Provident Fund so long as he is in service.

(xi) The post should be advertised every time a vacancy occurs.

(xii) In the event of no person being found competent to enter on the full duties of the Chair immediately, the University may, in its discretion, select a proper person and require him to receive a special training either in India or abroad, before he enters upon the discharge of the duties of the office, and may give him during such period of training such allowance as may in such a case be determined by the University out of the funds reserved for the Chair.

SIR TARAKNATH PALIT PROFESSORSHIPS OF CHEMISTRY AND PHYSICS

Among the public-spirited and generous benefactors of the University the first and foremost rank must be assigned to the late Sir Taraknath Palit who made a princely gift worth about Rs. 15,00,000 in 1912. Out of the income derivable from this endowment two Chairs are mentioned one of which is designated the Palit Professorship of Chemistry, and the other, the Palit

Professorship of Physics. Out of the total value of the endowment, Rs. 1,60,000 is set apart for the founding of a scholarship to be awarded to a distinguished graduate of high attainments and character with a view to enable him to proceed to some foreign University or Universities for the purpose of advanced study and research in some special branch of Science.* It is expressly stated in the Trust Deed that the object of the Founder is the promotion and diffusion of scientific and technical education and the cultivation and advancement of science, pure and applied, among his countrymen by and through indigenous agency. The Senate agreed, therefore, that the Chairs would always be filled by Indians (that is, persons born of Indian parents, as contra-distinguished from persons who are called Statutory Natives of India). The Professors-elect may, in the discretion of the Governing Body, be required to receive special training abroad before they enter upon the duties of their office. It shall be the duty of the Professors (a) to carry on original research with a view to extending the bounds of knowledge, (b) to stimulate and guide research by advanced students, and as an essential preparation for the purpose, (c) to arrange for the adequate instruction of the students for the Degree of Bachelor of Science with Honours, Master of Science and Doctor of Science and also of other students who may be exceptionally qualified in any of the subjects of study, although they may not be even under-graduates of any University, provided that they may be recommended by the Governing Body constituted as follows:—

(1) The Vice-Chancellor of the University of Calcutta, President, *ex-officio*.

(2) The Director of Public Instruction, Bengal.

(3) The Dean of the Faculty of Science.

(4) The Dean of the Faculty of Engineering.

(5) Four Members of the University, to be annually elected by the Senate, two of whom at least shall be representatives of colleges in Calcutta under Indian management, affiliated in Science to this University.

(6) Four members to be nominated every three years by the Founder and after his death by his representative or representatives in that behalf as is hereafter provided.

The Founder nominated—

Mr. Lokendranath Palit, I.C.S. (since deceased),

The Right Hon'ble Lord Sinha of Raipur,†

The Hon'ble Mr. Justice B. K. Mallik, I.C.S. (died in 1931).

The Hon'ble Sir Nilratan Sircar, Kt., M.A., M.D., LL.D., D.C.L.

to be his nominees on the said Governing Body. They are and each of them are authorised to nominate his or their successor or successors, provided always that the Hon'ble Sir Asutosh Mookerjee‡ shall always be a nominee of the Founder if he has not otherwise a seat on the Governing Body.

The power of nominating a successor or successors shall be inherent in every original or derivative nominee of the Founder.

(7) Two representatives of the Professorial staff to be elected by them annually from amongst themselves.

The proceedings of the said Governing Body shall be laid before the Syndicate and may be revised by it.

On the recommendation of the Syndicate the following proposals made by the Governing Body of Sir Taraknath Palit Endowment regarding the duties

* *Vide* "Palit Foreign Scholarship."

• † The Right Hon'ble Lord Sinha of Raipur nominated the Hon'ble Justice Sir Charuchandra Ghosh, Kt., Barrister-at-Law, as his successor. The latter resigned his seat and nominated Dr. Syamaprasad Mookerjee, M.A., B.L., D.Litt., Barrister-at-Law, M.L.A., as his successor.

‡ Sir Asutosh Mookerjee nominated his eldest son, Mr. Ramaprasad Mookerjee, M.A., B.L., as his successor.

and tenure of appointment of Palit Professors, were adopted by the Senate on 30th January, 1914:—

I. That the duties of each of the Professors be specified as follows:—

(1) To devote himself to original research, in the subject in which he has been appointed, with a view to extend the bounds of knowledge.

(2) To stimulate and guide research by advanced students in his special subject in the University College of Science and generally to assist such students in Post-Graduate study and research.

(3) To superintend the formation and maintenance of the Laboratory of the College of Science in his own subject.

II. That the Professors be appointed subject to the following conditions:—

(1) (a) The salary of Sir Taraknath Palit Professor of Chemistry be Rs. 800 a month rising to Rs. 1,000 a month by annual increments of Rs. 50.

(b) The salary of Sir Taraknath Palit Professor in Physics be Rs. 800 a month rising to Rs. 1,000 a month by annual increment of Rs. 50.

(2) Each Professor shall be a whole-time officer of the University College of Science and shall not, without the special sanction of the Governing Body and of the Senate previously obtained, hold any other office to which any salary, emolument or honorarium is attached.

(3) The appointment of each Professor shall be permanent and no Professor shall be liable to loss of, or removal from office or to reduction of the emoluments attached thereto on any ground whatsoever, subject, however, to the following provisos:—

(a) A Professor shall vacate his office upon completion of the sixtieth year of his age unless, upon the recommendation of the Governing Body, the Senate is satisfied that his services should, in the interest of research, be still retained by the University, and in such event the Senate may, on the recommendation of the Governing Body, sanction his retention for such period as may be determined.

(b) A Professor may voluntarily resign his appointment at any time upon not less than six months' notice given by him in writing to the Governing Body.

(c) A Professor on retirement on the ground of either attainment of age or of proved ill-health, will be entitled to receive a gratuity of one month's pay for each completed year's tenure of appointment but such gratuity shall in no case exceed a maximum limit of eighteen months' salary.

(d) A Professor shall be liable to removal by the Senate on the ground of misconduct or neglect of duty, if a recommendation to that effect is made by the Governing Body after full enquiry into specific charges brought against him, provided that at such enquiry the Professor concerned shall be allowed adequate opportunity to defend himself.

(e) Every Professor shall be eligible for the privilege of the regular academic vacations. In the event of a Professor requiring leave on account of duly certified ill-health or on urgent private affairs, in addition to the period of the regular academic vacations, the Senate may, on the recommendation of the Governing Body, grant leave on conditions analogous to those prescribed in the Civil Service Regulations for officers in the Indian Educational Service.

The following resolution was passed by the Governing Body of the Taraknath Palit Trust on the 12th March, 1931:—

(1) That whenever there is a vacancy in the Professorship under the Sir Taraknath Palit Trusts, a Selection Committee for appointment to the Professorship should be constituted as follows:—

(i) Members of the Governing Body of the Sir T. N. Palit Trusts.

(ii) President of the Council of the Post-Graduate Teaching in Science.

(iii) Three experts (not connected with the University) to be nominated by the Governing Body of the Sir T. N. Palit Trusts.

(2) The Proceedings of the Selection Committee shall be placed before the Governing Body for confirmation.

Copies of Trust Deeds executed by Sir Taraknath Palit, Kt., D.L., in favour of the Calcutta University

FIRST TRUST DEED EXECUTED BY SIR TARAKNATH PALIT

This indenture made this the 15th day of June of the year of Christ one thousand nine hundred and twelve between Taraknath Palit of No. 35, Ballygunge Circular Road, within the Municipal limits of the Town of Calcutta (son of Kalikumar Palit deceased) by caste Kayastha, Barrister-at-Law (hereinafter called the founder) of the One Part and the University of Calcutta incorporated under Act II of 1857 (hereinafter called the said University) of the Other Part. Whereas the Founder is seized and possessed of or otherwise well and sufficiently entitled as and for an absolute and indefensible estate of inheritance in fee simple on possession or an estate equivalent thereto free from encumbrance to the messuage land hereditaments and premises No. 92, Upper Circular Road fully described in the first Schedule hereto and whereas by an indenture bearing date the sixth day of September one thousand nine hundred and two and registered at the Calcutta Registry

* Under the conditions of appointment of a Palit Professor, Prof. Praphullachandra Ray signified his intention of vacating his Chair on completion of his 60th year in September, 1922. On the recommendation of the Palit Governing Body the Senate requested him to hold the Chair for a term of five years longer inasmuch as his continuance as Palit Professor of Chemistry was considered necessary in the interests of research. Prof. Ray accepted the appointment but desired that his salary from September, 1922, onwards might be utilised for the furtherance of the department of Chemistry (both general and applied) or for such other purpose as the Vice-Chancellor and the Governing Body might deem fit.

A scheme for the utilisation of the fund created out of the accumulated salary of the Professor was adopted by the Senate on the 24th September, 1929 (*vide* pp. 215-16).

The Professor was re-appointed in 1927 and again in 1932 for a period of 5 years on each occasion.

† On the expiry of the term of his appointment in 1937, Sir Praphullachandra Ray expressed his desire to retire and the Senate unanimously appointed him Emeritus Professor of Chemistry with effect from the date of his retirement.

(A)—That the said University should found two Professorships or Chairs one of Chemistry and the other of Physics and apply the entire income of the said properties set out in the said second and third Schedules hereto or so much thereof as they may deem necessary to and towards the maintenance of the said two Chairs and that in the event of the said entire income being found insufficient for the purpose the said University should make such a recurring grant or contribution as will supplement such deficiency.

(B)—That the Founder's object being the promotion and diffusion of Scientific and Technical Education and the cultivation and advancement of Science, Pure and Applied, amongst his countrymen by and through indigenous agency such Chairs shall be filled by Indians (that is persons born of Indian parents contra-distinguished from persons who are called Statutory Natives of India) to be nominated by the Governing Body hereinafter mentioned who may in their discretion require a Professor-elect to receive a special training abroad before he enters upon the discharge of the duties of his office and who may give such Professor-elect during such period of his training abroad such allowance including travelling expenses as may in such case be determined by the said Governing Body—such allowance being considered as part of the maintenance expenses of the Chair and Chairs.

(C)—That in connection with the said two Chairs, the said University shall from its own funds provide suitable Lecture-rooms, Libraries, Museums, Laboratories, Workshops and other facilities for teaching and research and that it shall out of its own funds earmark and set apart a sum of two lacs and fifty thousand rupees and apply the same to and towards the construction on the site of the said premises No. 92, Upper Circular Road (described in the said first Schedule hereto) of permanent and substantial structures and their proper and adequate equipment as such Lecture-rooms, Libraries, Museums, Laboratories, Workshops, etc., as aforesaid.

(D)—That the said Governing Body shall consist of the following persons, viz. :—

1. The Vice-Chancellor of the said University as Ex-officio, President.
2. The Director of Public Instruction, Bengal.
3. The Dean of the Faculty of Science of the said University.
4. The Dean of the Faculty of Engineering of the said University.
5. Four members of the said University to be annually elected by the

Senate, two of whom at least shall be representatives of Calcutta Colleges under Indian management affiliated in Science of the said University.

6. Four members to be nominated every three years by the Founder and after his death by his representative or representatives in that behalf as is hereafter provided.

The Founder hereby nominates Mr. Lokendranath Palit, I.C.S., Mr. S. P. Sinha, Barrister-at-Law, the Hon'ble Mr. B. K. Mallik, I.C.S., and Dr. Nilratan Sircar to be his nominees on the said Governing Body and they are and each of them is hereby authorised to nominate his or their successor or successors provided always that the Hon'ble Justice Sir Asutosh Mookerjee shall always be a nominee of the Founder if he has not otherwise a seat on the Board of the said Governing Body.

The power of nominating successor or successors shall be inherent in every original or derivative nominee of the Founder.

7. Two representatives of the Professorial Staff to be elected by them annually from amongst themselves.

The Proceedings of the said Governing Body shall be laid before the Syndicate and may be revised by it.

(E)—That the said University shall from its own funds make such recurring and periodical grants or contribution as may be required for the following purposes, namely :—

(a) For the maintenance and upkeep of the said two Professorships or Chairs in the event of the income of the said properties mentioned in the said second and third Schedules hereto proving insufficient as hereinbefore stated.

(b) For the maintenance of the said Libraries, Laboratories, Museums, and Workshops in such a condition of efficiency as may be required and approved of by the said Governing Body, subject to the control of the Senate.

(c) For the maintenance and repairs of the buildings and structures to be erected as aforesaid at 92, Upper Circular Road.

(d) For the payment of all rates, taxes and other impositions payable in respect of the said premises No. 92, Upper Circular Road.

(F)—That it shall be the duty of the Professor (1) to carry on original research with a view to extend the bounds of knowledge, (2) to stimulate and guide research by advanced students and as an essential preparation for this purpose, (3) to arrange for the adequate instruction of students for the Degree of Bachelor of Science with Honours, Master of Science and Doctor of Science and also of other students who may be exceptionally qualified in any of the subjects of study, though they may not be even undergraduates of any University, provided that they be recommended by the said Governing Body.

(G)—That if the income of the said endowed properties shall exceed the amount required to meet the expenses for the maintenance and upkeep of the said Professorships or Chairs such surplus income may at the discretion of the said Governing Body be applied to the payment of Scholarships or stipends to such advanced students for the degrees of Master of Science or Doctor of Science as may receive training or carry on research under the said Professor. The number and value of such scholarships to be determined by the said Governing Body and to be awarded only if it is satisfied that the awards are necessary to enable deserving students to carry on research or investigation.

(H)—That the said income of the said endowed properties shall be accumulated by the said University until the said Professorships or Chairs are founded as such accumulation shall be treated as part of the corpus of the said endowed properties specified in the second and third Schedules hereto and be held upon the Trust and for the purposes hereinbefore declared and expressed of and concerning such properties.

(I)—That the building now standing upon the said premises No. 92, Upper Circular Road shall as soon as may be dismantled under the direction

of the said University who shall sell the old materials and hold the sale-proceeds as part of the corpus of the endowed properties mentioned in the second and third Schedules hereto and upon the trusts and for the purpose hereinbefore declared and expressed of and concerning such properties.

And whereas the said University has agreed to accept the Founder's offer of the said properties specified in the said first, second and third Schedules hereto as and by way of endowment on the conditions and upon such Trusts as are hereinbefore set forth and whereas in pursuance of the said agreement the Founder has delivered and made over to the said University the shares mentioned in the said third Schedule hereto and has also made over to the said University the sum of Rs. Three Lacs mentioned therein upon the Trusts and to and for the ends intents and purposes hereinbefore as well as hereinafter declared expressed and contained of and concerning the same and whereas the said messuage land and premises No. 92, Upper Circular Road are of the estimated value of Rupees Two Lacs and Fifty Thousand and whereas the several shares mentioned in the said third Schedule to these presents are of the estimated value of Rupees Sixty Thousand only—and whereas for the purpose of completing the transfer of the said shares for the purpose of these presents and the transfer of the said shares intend to be hereby made it is necessary that separate deeds of transfer of the said shares should be executed and it is intended that these presents shall be deemed the principal instrument and the same is accordingly stamped with the full ad-valorem stamp duty chargeable in respect of the said shares and that the said deeds of transfer respectively shall be stamped with a stamp of one rupee. Now this indenture witnesseth that in pursuance of the said agreement and in consideration of the premises the Founder doth hereby grant and transfer and convey unto the said University and it assign all that messuage land hereditament and premises particularly described in the said first Schedule hereto or howsoever otherwise the said messuage land hereditament and premises or any part thereof may be described bounded called known or distinguished together with all houses, out-houses, out-offices, out-buildings, coach houses, stables, sheds, godowns and all other buildings and structures erected thereon and all yards, compounds, gardens, orchards thereto belonging or herewith held, used, occupied or enjoyed and all ways, paths, passages, tanks, waters, water-courses, sewers, drains, lights, privileges, easements, appendages and appurtenances whatsoever to the said hereditaments and premises of any part thereof belonging or in anywise appertaining or reputed or known to be part or parcel thereof or with the same or any part thereof now or heretofore held used, occupied or enjoyed and all the estate right, title, interest, use, trust, possession, property, claim and demand at law and in equity of him the Founder into, out of and upon the said hereditaments and premises and every part thereof together with all deeds, documents and muniments of title and other writings whatsoever in the custody or power of the Founder which relates exclusively to or concern the said hereditament and premises or any part thereof and all and singular the premises hereinbefore expressed to be hereby transferred unto the said University and its assigns upon the Trusts and to and for the ends intents and purposes hereinbefore as also hereinafter declared expressed and contained of and concerning the same and this Indenture also witnesseth that in further pursuance of the said agreements and in consideration of the premises the Founder doth hereby assign unto the said University the said principal sum of Rupees one lac secured by the said hereinbefore in part recited Indenture of the sixth day of September one thousand nine hundred and two and all interest henceforth to become due thereon and the full benefit of all securities for the same to hold the same unto the University absolutely and this Indenture further witnesseth that in further pursuance of the said agreement arrangement and for the consideration aforesaid Founder as such mortgages as aforesaid doth hereby grant transfer and convey all that undivided one equal third part or share of and in all those Zemindaries, Estates, Taluqs, lands, hereditaments and premises fully described in the second

Schedule hereto together with all rights, members and appurtenances to have and to hold the same unto the said University and its assigns subject to such right or equity of redemption as is now subsisting in the said premises under or by virtue of the said hereinbefore in part received Indenture of Mortgage and subject thereto upon the Trusts and to and for the ends intents and purposes hereinbefore as also hereafter declared and expressed and this Indenture further witnesseth that in further pursuance of the said recited agreements and in consideration of the premises it is hereby agreed and declared between and by the said parties to these presents that the said University shall hold the said endowed properties specified in the said first second and third Schedules hereto on the condition and upon the Trusts following, namely:—

(ii) That such recipients must be unmarried and must continue so during the period they hold such scholarships and if they contravene this condition they shall forfeit their scholarship as well as refund the whole of the amount of the pecuniary benefit they shall have received in respect of their scholarship with interest at the rate specified in the bond hereinafter mentioned.

(iii) Before proceeding abroad such recipients must insure their lives in favour of the said Trustee University for such amount and in such manner as the said Governing Body may determine and the premium in respect of such Insurance shall be payable by the recipients out of the amount of the scholarships so awarded to them.

(iv) The said recipients shall not during the period they may hold the said scholarships enrol themselves as members of any of the Inns of Court or attempt to qualify themselves for any of the branches of the legal profession and if such recipients contravene this condition they shall forfeit their scholarships as well as refund the whole of the pecuniary benefit thereunder as aforesaid with interest at the rate specified in the bond hereinafter mentioned.

(v) No one shall be eligible for the above scholarships whose knowledge of the language of the country in which his or her researches or investigations have to be prosecuted is not such as to enable him or her to intelligently prosecute such researches or investigations in that country.

(vi) The period during which such scholarships shall be tenable shall be determined by the said Governing Body and it shall be competent to them to extend such period if they deem such extension beneficial.

(vii) If the said Governing Body are satisfied that the recipient of any scholarship is not diligently prosecuting his or her researches or investigations or is misbehaving himself or herself it shall be competent to the said Body to stop payment of his or her scholarship either temporarily or permanently as they may think fit.

(viii) The right of nomination for any of the aforesaid scholarships shall be with the said Governing Body.

(ix) The said Trustee University shall require each of the recipients of such scholarships before proceeding abroad to enter into a bond with them to refund such sum as may be spent for him or her in respect of his or her scholarships together with interest on the total amount spent at a rate not exceeding six per cent. per annum from the date or dates of expenditure within such time, and on such conditions as the said trustee University may think fit provided always that the said Trustee University may in any case forbear enforcing such Bond as to any part of the whole of the money secured thereby as the Trustee University may in their discretion think fit.

(x) Should the said Governing Body at any time be unable for want of suitable candidates or for any other reason to supply the money allotted to such scholarships the said Trustee University shall accumulate the same and apply the same for the purpose of such scholarships thereafter and all money recovered under the Bonds aforesaid shall be applicable to the provision of such scholarships as hereinbefore mentioned.

(c) That the said Trustee University shall out of or by means of the said Trust Estate provide and pay transfer and make over to the authorities of the Institution registered in the thirtieth day of January one thousand and nine hundred and seven under Act XXI of 1860 as the Shilpa Samiti and which has since been registered and is known as the Sakhi Silpa Samiti Government Securities of the three and half per cent. loan of the nominal value of Rs. 15,000 (Rupees fifteen thousand) when the same shall be required by the said Institution to be applied by it for the purpose of providing a local habitation with a view to the promotion of the welfare of Hindu widows and upon the undertaking to be given in writing by or on behalf of the said Institution to the said Trustee University that in case the said local habitation to be constructed or acquired partly by means of the said payment ceases to be utilised for the promotion of the welfare of Hindu widows the said institution shall be bound to refund the amount of the said Government Securities and to make over the same to the said Trustee University to be held by them upon the Trusts declared in the Indenture of the fifteenth day of June one thousand nine hundred and twelve.

(d) That the said Trustee University shall out of or by means of the said Trust Estate provide and pay transfer and make over to the Institution registered under Act XXI of 1860 and known and styled as the Albert Victor Hospital, Calcutta Medical School and the College of Surgeons and Physicians Bengal, Government Securities of the three and half per cent. loan of the nominal value of Rupees 50,000 (Rupees Fifty Thousand) when the same shall be required by the same institution to be utilised by it for the purpose of providing the said Institution with well equipped Laboratories in order to qualify for the requirements of affiliation to the University of Calcutta or in order to instruct and prepare students for any examinations which may be held by any Examining or Licensing Board which may hereafter be established by any duly constituted authority in this country and empowered to hold examinations and grant licences and diplomas and upon the undertaking given in writing to the said Trustee University by or on behalf of the said Institution that in the event of the said Institution ceasing to exist or failing to carry out the purposes for which this grant is made then the amount of the said Government Securities shall be refunded and made over to the said Trustee University to be held and applied by the latter upon the Trusts set out in the said Indenture of the fifteenth day of June one thousand nine hundred and twelve;

Provided nevertheless that the authorities of the said Sakhi Silpa Samiti and the said Albert Victor Hospital, Calcutta Medical School and College of Surgeons and Physicians, Bengal, shall not be held liable to satisfy the said undertaking out of their own private means or resources.

(e) That the said Trustee University shall out of the income of the said Trust Estate pay to Srimati Rani Palit, the daughter of Lokendranath Palit, late nephew of the said settlor the sum of Rupees 15 (Rupees fifteen) per month during the term of her natural life.

(f) That the said Trustee University shall from time to time make such contribution if any as in their discretion shall or may from time to time appear desirable in order to provide for the adequate instruction of and to give every facility by allotting separate accommodation in Lecture rooms, Laboratories, Retiring Rooms or in any other like manner to female students who may be desirous of prosecuting their studies for the Degree of Bachelor of Science with Honours, Master of Science or Doctor of Science and also to other female students who may be exceptionally qualified in any of the relevant subjects of study though they may not be undergraduates of any University.

(g) That the said Trustee University shall apply the entire balance of the income of the said Trust Estate in aid of and for the better carrying out of the Trusts in the said Indenture of the fifteenth day of June one thousand nine hundred and twelve.

7. It is hereby also declared notwithstanding anything hereinbefore contained that if at any time hereafter the said Trustees or the said Trustee University deem it necessary and expedient to make or execute heavy and substantial repairs, additions and alterations of and to the existing buildings forming part of the said premises No. 35, Ballygunge Circular Road, and to partially or entirely fill up the Jhil on the grounds of the said premises with a view to the said premises being easily let or sold and the costs thereof cannot conveniently be met out of income of the said Trust Estate then the said Trustees and the said Trustee University respectively are and is hereby authorised to pay for such cost out of the corpus of the said Trust Estate.

8. And it is hereby further declared and agreed :

(a) That the said Trustees and the said Trustee University respectively may at their absolute discretion leave the said Trust Estate or any part or parts thereof or the investments thereof respectively in the same state of investment as the same are respectively at the date of these presents or as they may be when they are transferred and made over to the said Trustee University under these presents and may retain them in such state of investment respectively so long as the said Trustees or the said Trustee University shall think fit.

(b) That the said Trustees or the said Trustee University shall have full power to sell or exchange any part of the said Trust Estate on such terms and conditions and in such manner as they respectively shall think proper whenever in their judgment it shall be for the benefit of the said Trust Estate so to do and to apply the sale-proceeds of any property sold in any way that they consider for the benefit of the said Trust Estate but no purchaser shall be bound to see to the application of the purchase money and the said Trustees or the said Trustee University may from time to time let and lease any part of the immovable properties belonging to the said Trust Estate from month to month or from year to year or for any term of years or in perpetuity with or without payment of premium for such leases respectively and on such terms and conditions and subject to such covenants as they respectively shall think fit and may accept surrender of leases tenancies and generally manage the said Trust Estate as they shall think fit.

(c) That any moneys liable to be invested by the said Trustees or the said Trustee University shall be invested by them respectively in their names or in the case of said Trustees in the names of any two of them in any of the following forms of investments with liberty to vary and transpose the same from time to time, namely, Government Promissory Notes or other securities of the Government of India, Calcutta Port Trust and Calcutta Municipal Debenture Shares or Stock of Debentures of any Railway or other Company interest and dividends accruing wherefrom shall have been guaranteed by the Secretary of State for India in Council or by the Government of India or by any of the Local Governments in India, East India Railway Scripts, Bank of Bengal shares, purchase or mortgage immovable properties in Calcutta or its suburbs and any other securities authorised by any rule which the Calcutta High Court may from time to time prescribe as a proper investment for Trust Funds : Provided nevertheless that during the life of the said settlor the Trustees or the Trustee for the time being shall invest moneys liable to be invested in such forms of investment as he may approve.

(d) The said Trustees and the said Trustee University respectively may at their uncontrolled discretion instead of acting personally employ and pay any other person or persons to transact any business or to do any act of whatever nature in relation to the Trusts hereof without being liable for loss incurred thereby.

9. And it is hereby further agreed and declared that if any of the said Trustees shall die or permanently reside outside British India or shall desire to retire or refuse to act or become incapable of acting in the Trusts of these presents then in every such case it shall be lawful for the serving or continuing Trustee or Trustees (and for the purpose of this clause every retiring Trustee shall be considered to be a continuing Trustee) to appoint a new Trustee or new Trustees hereof in the place of the Trustee or the Trustees so dead or permanently residing outside British India or desiring to be discharged or refusing to act or becoming incapable of acting as aforesaid and such new Trustees shall be appointed by a majority of votes of the continuing Trustees. During the said settlor's life time the Trustees of these presents shall never be less than three in number and any vacancy in the said Trusteeship shall be filled up as soon as conveniently may be and upon every such appointment the said Trust Estate shall be vested in the new Trustees or Trustee along or jointly with the surviving or continuing Trustee or Trustees as the case may be and every such new Trustee shall have the same powers and authorities as if he had been a trustee appointed by these presents.

10. In case there shall arise any difference of opinion among the Trustees for the time being in regard to any Trust affairs or any act, matter or thing proposed to be done in relation thereto the opinion and determination of a majority of the Trustees shall be conclusive. It is the intention of these presents that the acts and proceedings of the majority of the Trustees of the presents shall for all the purpose of this indenture be and be deemed to be and be taken as the acts, proceedings of the whole or entire body of the Trustees any rule of law or equity to the contrary notwithstanding and no Trustee acting under these presents shall be liable for any loss not attributable (a) to his own dishonesty, (b) to the wilful commission by him of an act known by him to be a breach of Trusts and the Trustees may reimburse themselves out of the said Trust estate all cost and expenses incurred by them in or about the execution of the Trusts of these presents.

11. It is hereby also declared that during the lifetime of the said settlor he in conjunction with any of the Trustees shall be competent to do all the acts required to be done by the Trustees or to exercise all the powers conferred upon them and the same shall be regarded as if they had been done or executed by all the Trustees.

In witness whereof the parties hereto have set their respective hands and seals the day, month and year first above written.

SIR RASHBEHARY GHOSE PROFESSORSHIPS OF APPLIED MATHEMATICS. PHYSICS. CHEMISTRY. BOTANY, APPLIED CHEMISTRY AND APPLIED PHYSICS

On the 8th of August, 1913, Sir Rashbehary Ghose, Kt., C.S.I., C.I.E., M.A., D.L., Ph.D., offered to place at the disposal of the Calcutta University the munificent sum of Ten Lakhs of Rupees for the promotion of Scientific and Technical Education and for the Cultivation and Advancement of Science, Pure and Applied, amongst his countrymen by and through indigenous agency, on the conditions stated in the following letter :—

46, Theatre Road,
Calcutta.
8th August, 1913.

MY DEAR SIR ASUTOSH,

For some time past, it has been my desire to place at the disposal of my University a substantial sum for the promotion of Scientific and Technical Education and for the cultivation and advancement of Science.

Pure and Applied, amongst my countrymen by and through indigenous agency. I have now decided to make over to the University a sum of ten lakhs of Rupees, in furtherance of the University College of Science, as projected by you with the sanction of the Senate, and my gift to the University will be made on the following conditions :—

First.—That the sum be invested in such approved securities as would produce an income, whenever practicable, of four per cent. per annum.

Second.—The four University Professorships or Chairs be established one for each of the following subjects :—

- (a) Applied Mathematics.
- (b) Physics.
- (c) Chemistry.
- (d) Botany, with special reference to Agriculture.

Third.—That the Chairs mentioned be always filled by Indians (that is persons born of Indian parents as contra-distinguished from persons who are called Statutory Natives of India).

**Fourth.*—That the salary of each Professor be as nearly as possible a sum of six thousand rupees annually to be paid out of the income of the fund; but that it be open to the Senate to supplement such sum from the University or other funds at their disposal from time to time.

†Fifth.—That the appointments to the Chairs be made by the Senate upon the nomination of the Board to be constituted as stated hereinafter, and the power of removal of Professors by the Senate, if occasion should ever arise, be exercised only after the matter has been considered by the said Board.

Sixth.—That every person elected to one of those Chairs, whether he has been educated in this country or elsewhere may, in the discretion of the Senate, be required, before he enters upon the execution of the duties of his office, to receive special training, during a period of not less than one year and not more than two years, under the specialists in Europe, America, Japan or such other place outside India as the Senate may, in each instance, upon the recommendation of the Board, determine; and that during such period the Professor-elect be paid from the income of the fund, such allowance as the Senate may, upon the recommendation of the Board, determine so as to enable him to receive a thorough theoretical and practical training in his special subjects.

Seventh.—That it be the duty of each Professor—

(a) to carry on original research in his special subject with a view to extend the bounds of knowledge and to improve, by the application of his researches, the Arts, Industries, Manufactures and Agriculture of this country;

* The Professors have been placed in the grade Rs. 700-2-1,00 by the Senate (4th June, 1938).

† The following resolution re appointments to the Chairs was passed by the Board of Management of the Sir Rashbehary Ghose Endowment on the 12th March, 1935 :—

Resolved—(1) That whenever there is a vacancy in a Professorship under this Endowment, a Selection Committee should be constituted as follows :—

(i) Members of the Board of Management of the Sir Rashbehary Ghose Endowment.

(ii) President of the Council of Post-Graduate Teaching in Science.

(iii) Three experts (not connected with this University) to be nominated by the Board of Management.

(2) The Proceedings of the Selection Committee shall be placed before the Board of Management for confirmation.

(b) to stimulate and guide research by advanced students, and generally to assist them in Post-Graduate work so as to foster the growth of real learning amongst our young men.

Eighth.—That eight studentships be founded, each of the annual value of nine hundred rupees, to be paid out of the income of the fund; that such studentships be annually awarded by the Syndicate, on the recommendation of the Board, to distinguished graduates who have taken the Degree of Master in the Faculty of Arts or the Faculty of Science and the two students be attached to each Professor to carry on investigation under his guidance and generally to assist him in his work of original research.

Ninth.—That a graduate, who has been elected a student for any year be eligible for re-election, if his work has been satisfactory, and the Senate may, in their discretion, supplement the stipend payable to any student, from the University or other funds at their disposal; provided nevertheless, that a graduate elected to one of those studentships shall devote himself exclusively to research in his special subject, and shall not, so long as he holds the studentship, engage in the study of Law or any other branch of professional knowledge.

Tenth.—That subject to the general principles outlined above, the mode of appointment of Professors, the terms and conditions under which they are to hold office, and the manner in which they are to discharge their duties as also the conditions on which the studentships shall be awarded, retained and renewed, be determined by rules to be framed by the Senate in that behalf from time to time, upon the recommendation of the Board.

Eleventh.—That the Senate do on the recommendation of the Board, make adequate provision for Laboratories, Museums, Workshops Appliances and all other requisites essential for the due discharge of their duties by the Professors and for original investigation by the Professors and the students attached to them.

Twelfth.—That whatever balance may remain out of the annual income of the fund, after payments of the salaries and allowances of the Professors and the stipends of the Research Students as provided above, be, on the recommendation of the Board, applied in the equipment and maintenance of the Laboratories and Museums in so far as such equipment and maintenance may be necessary for the accomplishment of the work undertaken by the Professors, the students attached to them, and other advanced pupils, if any.

Thirteenth.—That the Board mentioned above do consist of the following persons, namely :—

1. The Vice-Chancellor of the University as *President, Ex-officio*.
2. The Director of Public Instruction, Bengal.
3. The Dean of the Faculty of Science of the University.
4. The Dean of the Faculty of Engineering of the University.
- 5-8. The Professors of Applied Mathematics, Physics, Chemistry and Botany (appointed as provided above).

9-12. Four Members of the University to be annually elected by the Senate, two of whom, at least shall be representatives of Calcutta Colleges under Indian management, affiliated in Science to the University.

* 13-15. The nominees of the founder, namely :—

- (a) The Hon'ble Justice Sir Asutosh Mookerjee, Kt., C.S.I., M.A.;
D.Sc., D.L., Ph.D., F.R.A.S., F.R.S.E., F.A.S.B.

* Sir Asutosh Mookerjee, Kt., C.I.E., etc., nominated his second son, Dr. Syamaprasad Mookerjee, M.A., B.L., D.Litt., Barrister-at-Law, F.R.A.S.B., M.L.A., as his successor.

The Hon'ble Mr. Mahendranath Ray, C.I.E., nominated his son, Mr. Mannathanath Ray, M.A., B.L., M.L.A., as his successor.

(b) Prof Praphullachandra Ray, C.I.E., D.Sc., Ph.D., F.C.S.

(c) The Hon'ble Mr. Mahendranath Ray, C.I.E., M.A., B.L.

These nominees of the Founder are and each of them is authorised to nominate his or their successor or successors, and the power of nominating a successor or successors shall be inherent in every original or derivative nominee of the founder.

The Proceedings of the Board so constituted shall be laid before and may be revised by the Syndicate.

This is an outline of the scheme I have in my mind, and I trust you will exert yourself to the utmost so that my long cherished ambition to promote Scientific and Technical Education amongst my countrymen may be speedily realised. As soon as you send me intimation that the Senate is willing to accept the proposed gift on the conditions mentioned, I shall send you a cheque for ten lakhs of Rupees.

Belive me,
Yours sincerely,
RASHBEHARY GHOSE.

The princely gift was gratefully accepted by the Senate at a special meeting held on the 16th August, 1913, on the conditions specified by the donor.

On the recommendation of the Syndicate the following proposals made by the Board of Management of Sir Rashbehary Ghose Endowment regarding the duties and tenure of appointment of Sir Rashbehary Ghose Professors were adopted by the Senate at the meeting held on the 30th January, 1914 :—

1. That the duties of each of the Professors be specified as follows :—

(a) To devote himself to original research in the subject in which he has been appointed with a view to extend the bounds of knowledge.

(b) To stimulate and guide research by advanced students in his special subjects in Post-Graduate study and research.

(c) To superintend the formation and maintenance of the Laboratory of the College of Science in his own subject.

II. That the Professors be appointed subject to the following conditions :—

(1) The monthly salaries of the Professors shall be as follows :—

Sir Rashbehary Ghose	Professor	of Applied Mathematics	...	600
"	"	" of Chemistry	...	500
"	"	" of Physics	...	500
"	"	" of Botany	...	500

(2) Each Professor shall be whole-time officer of the University College of Science and shall not without the special sanction of the Board of Management and the Senate previously obtained, hold any other office to which any salary, emolument or honorarium is attached.

(3) The appointment shall be permanent in the case of the Professor of Applied Mathematics and the Professor of Chemistry, and shall be for a term of seven years in the case of the Professor of Physics and the Professor of Botany. No Professor shall be liable to loss of or removal from office or to reduction of the emolument attached thereto on any ground whatsoever subject however, to the following provisos :—

(a) A Professor shall vacate his office upon completion of the sixtieth year of his age, unless upon the recommendation of the Board of Management, the Senate is satisfied that his services should in the interests of research, be still retained by the University and, in such event, the Senate may, on the recommendation of the Board of Management, sanction his retention for such period as may be determined.

(b) A Professor may, voluntarily resign his appointment at any time upon not less than six months' notice given by him in writing to the Board of Management.

(c) A Professor, on retirement on the ground of either attainment of age or of proved ill-health, will be entitled to receive a gratuity of one month's pay for each completed year's tenure of appointment; but such gratuity shall in no case exceed a maximum limit of eighteen months' salary.

(d) A Professor shall be liable to removal by the Senate on the ground of misconduct or neglect of duty, if a recommendation to that effect is made by the Board of Management after a full enquiry, into specific charges brought against him; provided that at such enquiry the Professor concerned shall be allowed adequate opportunity to defend himself.

* (e) Every Professor shall be eligible for the privilege of the regular academic vacations. In the event of a Professor requiring leave on account of duly certified ill-health or on urgent private affairs in addition to the period of the regular academic vacations, the Senate may, on the recommendation of the Board of Management, grant leave on condition analogous to those prescribed in the Civil Service Regulations for officers in the Indian Educational Service.

On the 22nd December, 1919, Sir Rashbehary Ghose, Kt., C.S.I., C.I.E., M.A., D.L., Ph.D., offered to place at the disposal of the Calcutta University a further sum of eleven lakhs and forty-three thousands of Rupees to be applied exclusively for purposes of technical instruction and research, on the conditions stated in the following letter :—

“ Sans Souci,”
Alipur, Calcutta,

The 22nd December, 1919.

THE HON'BLE SIR NILRATAN SIRCAR, Kt., M.A., M.D.,

Vice-Chancellor of the Calcutta University.

DEAR SIR,

About six years ago I made over to the University ten lakhs of rupees in aid of the University College of Science for the promotion of Science and Technical Education and for the cultivation and advancement of Science, Pure and Applied, amongst my countrymen. I understand that although that sum has enabled the University to arrange for instruction and research in Pure Science, the University has not been able, from lack of funds, to make a similar advance in Applied Science. I have accordingly decided to place at the disposal of the University a further sum, namely, three and a half per cent. Government securities for Rs. 11,43,000, which will produce an annual income of Rs. 40,000, to be applied exclusively for purposes of technological instruction and research. The sum will be held by the University as an integral part of the original gift and all the conditions mentioned in my letter of the 8th August, 1913, shall apply, subject to the following modifications :—

First.—That two new University Professorships or Chairs (in all respects subject to the same conditions as mentioned in my letter of the 8th August, 1913) be established one for each of the following subjects :—

- (a) Applied Chemistry.
- (b) Applied Physics.

* The Professors have since elected to be governed by the new leave rules sanctioned by the Senate.

Note.—By 'Applied Chemistry' I mean one or more of the following subjects as suggested in the report of the Calcutta University Commission :—

Colour Chemistry, preparation of dyes, drugs and photographic chemicals, tanning, fermentation, gas and coal-tar industries and oil industry, or such other subject or subjects as may from time to time be determined by the Board of Management.

By 'Applied Physics' I mean one or more of the following subjects as suggested in the report of the Calcutta University Commission :—

Electrotechnology, Applied thermodynamics and the standardisation of instruments, or such other subject or subjects as may from time to time be determined by the Board of Management.

Secondly.—That four additional studentships (in all respects like those mentioned in my letter of the 8th August, 1913) be established, such students to be attached to each of the Professors mentioned above.

Thirdly.—That the balance which will remain out of the annual income of the Fund which is likely to exceed Rs. 24,000 after payment of the salaries of the Professors and the studentships should be applied to the equipment and maintenance of the necessary Laboratories, Museums and Workshops, the adequate provision for which is absolutely necessary, and for which sufficient money had not been available from other funds at the disposal of the University.

Fourthly.—That the Board of Management do include the Professors of Applied Chemistry and Applied Physics in the same way as the other four Professors mentioned in my letter of the 8th August, 1913.

On receipt of information that the Senate has accepted my offer, I shall arrange for the transfer of the securities to the University.

Yours truly,
RASHBEHARY GHOSE.

The princely gift was thankfully accepted by the Senate at their meeting held on the 3rd January, 1920, on the conditions specified by the donor.

RANI BAGESWARI AND KUMAR GURUPRASAD SINGH
OF KHAIRA PROFESSORSHIPS.

The decree of the High Court in the suit of Rani Bageswari Devi against Kumar Guruprasad Singh of Khaira provides that the ultimate use of the Fund vested in the University is to be carried out by the University "under the direction of and according to a scheme to be framed by Sir Asutosh Mookerjee." This gift was accepted by the Senate by resolutions, dated 3rd January, 1920, and 3rd June, 1921. In accordance with the provisions of the decree the following scheme was framed by the Hon'ble Justice Sir Asutosh Mookerjee, Kt., C.S.I., etc.:—

I. That the sum be constituted into a fund to be called the "Khaira Fund for the promotion of Post-Graduate Teaching and Research."

II. That the sum be invested in such securities as would produce an annual income whenever practicable, of not less than Rs. 30,000.

Provided that if the Senate should deem it beneficial to the purpose of the endowment as hereinafter declared they shall be at liberty to invest the proceeds or any part thereof in any form of investment authorised by law or in the purchase or mortgage of landed property within the Municipal limits of Calcutta and its suburbs.

III. That five University Professorships or Chairs be established, one for each of the following subjects:—

- (i) Indian Fine Arts.
- (ii) Phonetics.
- (iii) Physics.
- (iv) Chemistry.
- (v) Agriculture.

IV. That the Chair of Indian Fine Arts be named Bageswari Professorship of Indian Fine Arts; and that the other four Chairs be named Guruprasad Singh Professorship of Phonetics, Physics, Chemistry and Agriculture, respectively.

V. That if the state of the fund at any time should so permit, additional Professorships, or Readerships, to be named after Guruprasad Singh be established in each subject as may be determined by the Senate on the recommendation of the Board of Management to be constituted as stated hereinafter.

VI.—That the salary of each Professor* be, as nearly as possible, a sum of Rs. 6,000 annually, and the salary of each Reader be, as nearly as possible, a sum of Rs. 3,600 annually, to be paid out of the income of the Fund, but that it be open to the Senate to supplement such sums from the University or other funds at their disposal from time to time.

VII. That the Professorships and Readerships be always filled by Indians (that is, persons born of Indian parents as contra-distinguished from persons who are called Statutory Natives of India).

†VIII. That the appointments to the Professorships and Readerships be made by the Senate upon the nomination of the Board of Management to be constituted as stated hereinafter, and the power of removal of Professors and Readers by the Senate, if occasion should ever arise, be exercised only after the matter has been considered by the said Board on full opportunity afforded to the persons concerned to make his defence:

Provided that the first appointments to the five Chairs specified hereinbefore shall be made by the Senate on the recommendation of the Syndicate.

IX. That every person elected to one of these Chairs, whether he has been educated in this country or elsewhere may, in the discretion of the Senate, be required, before he enters upon the execution of the duties of his office, to receive special training during a period of not less than one year and not more than two years, under specialists in Europe, America, Japan or such other place outside India as the Senate may in each instance, upon the recommendation of the Board, determine, and that during such period the Professor-elect be paid, from the income of the Fund, such allowance as the Senate may, upon the recommendation of the Board, determine so as to enable him to receive a thorough theoretical and practical training in his special subject.

X. That it be the duty of each Professor—

(a) to carry on original research in his special subject with a view to extend the bounds of knowledge;

(b) to take steps to disseminate the knowledge of his special subject with a view to foster its study and application;

(c) to stimulate and guide research and advanced students and generally to assist them in Post-Graduate work so as to secure the growth of real learning among our young men.

* The Professors have been placed in the grade Rs. 700-⁵/₂-1,000 by the Senate (4th June, 1938).

† The following resolution *re* appointments to the Professorships was passed by the Board of Management of the Khaira Fund on the 12th March, 1931:—

Resolved—(1) That whenever there is a vacancy in a Professorship under this endowment, a Selection Committee should be constituted as follows:—

(i) Members of the Board of Management of the Khaira Fund.

(ii) President of the Council of Post-Graduate Teaching in Arts or Science, as the case may be.

(iii) Three experts (not connected with this University) to be nominated by the Board of Management.

(2) That the Proceedings of the Selection Committee shall be placed before the Board of Management for confirmation.

XI. That, subject to the general principles outlined above, the mode of appointment of Professors and Readers, the terms and conditions under which they are to hold office and the manner in which they are to discharge their duties be determined by rule to be framed by the Senate in that behalf from time to time on the recommendation of the Board.

XII. That the Senate do, on the recommendation of the Board, make adequate provision for laboratories, museums, workshops, appliances and all other requisites essential for the due discharge of their duties by the Professors and Readers.

XIII. That the balance which may remain out of the annual income of the Fund, after payment of the salary and allowances of the Professors and Readers as provided above, may, on the recommendation of the Board, be applied either in whole or in part in the equipment and maintenance of laboratories and museums in so far as such equipment and maintenance may be necessary for the accomplishment of their works by the Professors and Readers.

XIV. That the Professorship and Readership, if any, in Physics, Chemistry, Agriculture and such other like subjects shall be deemed attached to the University College of Science and Technology and the Professors in such subjects shall be *ex-officio* members of the Governing Body of that Institution.

XV. That notwithstanding the provision hereinbefore made the Senate shall be at liberty to pledge temporarily and for a period not exceeding two years a sum not exceeding 3 lacs out of the securities of the fund to borrow money, to carry on Post-Graduate Teaching and Research.

Provided that no such pledge shall be effected without the previous written consent of Sir Asutosh Mookerjee:

Provided further that this clause shall be in operation for a term of five years, but the period may be extended from time to time by Sir Asutosh Mookerjee for such additional period as he may consider necessary.

XVI. That the Board mentioned above do consist of the following persons, namely :—

The Vice-Chancellor of the University as President, *ex-officio*.

The Dean of the Faculty of Arts.

The Dean of the Faculty of Science.

The Professors appointed as above of the Chairs of Indian Fine Arts, Phonetics, Physics, Chemistry, Agriculture and such other subjects as may be determined from time to time.

A University Teacher nominated by the Council of Post-Graduate Teaching in Arts.

A University Teacher nominated by the Council of Post-Graduate Teaching in Science.

Two members of the Senate nominated annually by the Senate.

One representative of the Founder nominated annually by the Senate.

Dr. Rabindranath Tagore, N.L., D.Litt.

Sir Jagadischandra Bose, Kt., C.S.I., C.I.E., M.A., D.Sc., F.R.S.

Sir Nilratan Sircar, Kt., M.A., M.D., LL.D., D.C.L.

*Sir Asutosh Mookerjee, Kt., C.S.I., M.A., D.L., D.Sc., Ph.D.

The four Members of the Board of Management last named are and each of them is authorised to nominate his or their successor or successors; and this power of nominating a successor or successors shall be inherent in every such original or derivative members.

* Sir Asutosh Mookerjee, Kt., C.S.I., etc., nominated his son-in-law, Mr. Pramathanath Banerjee, M.A., B.L., Barrister-at-Law, M.L.A., as his successor.

XVII. That all matters whatsoever relating to or in any way arising out of this endowment shall, in the first instance, be considered and reported on by the Board of Management before they are considered and decided on by the Syndicate and the Senate.

The Proceedings of the Board shall be laid before the Syndicate, who shall transmit them for confirmation to the Senate (with such observations, if any, as may be considered necessary).

The scheme was adopted by the Senate on the 6th August, 1921.

On the recommendation of the Board of Management of the Khaira Fund, dated the 25th March, 1922, the Chair of "Phonetics" was designated as the Chair of "Indian Linguistics and Phonetics."

On the recommendation of the Syndicate, the following proposals made by the Board of Management of the Khaira Fund regarding the duties and tenure of appointment of Khaira Professors, were adopted by the Senate on the 21st December, 1926:—

I. That the duties of each of the Professors be specified as follows:—

(a) To devote himself to original research in the subject in which he has been appointed with a view to extend the bounds of knowledge.

(b) To take steps to disseminate the knowledge of his special subject with a view to foster its study and application.

(c) To stimulate and guide research by advanced studies in special subject in the University Classes and generally to assist students in Post-Graduate studies and research, subject to the approval of the Board of Management of the Khaira Trust.

(d) To superintend the formation and development of the laboratory of the College of Science in his own subject.

(e) To take part in teaching as the Board of Management of the Khaira Fund may direct.

II. That the Professors and Readers be appointed subject to the following conditions:—

(1) Each Professor or Reader shall be a whole-time officer of the University and shall not, without the special sanction of the Board of Management and of the Senate previously obtained, hold any other office to which any salary or emolument or honorarium is attached.

(2) Every Professor or Reader shall be eligible to join the University Provident Fund.

(3) Ordinarily appointment shall be made for five years. On the expiry of the first period, they may be made permanent by the Senate on the recommendation of the Board of Management. No Professor shall be liable to loss of or removal from office or to reduction of emoluments sanctioned to him, on any ground whatsoever, subject to the following provisions:—

(a) A Professor shall vacate his office upon completion of the sixtieth year of his age unless, upon the recommendation of the Board of Management, the Senate is satisfied that his services should in the interest of research, be still retained by the University, and in such an event, the Senate may, on the recommendation of the Board of Management, sanction his retention for such period as may be determined.

(b) A Professor may voluntarily resign his appointment, at any time upon not less than six months' notice given by him in writing to the Board of Management.

(c) A Professor shall be liable to removal by the Senate on the ground of misconduct or gross neglect of duty, if a recommendation to that effect is made by the Board of Management after a full enquiry into specific charges brought against him, provided that, at such enquiry, the Professor concerned shall be allowed adequate opportunity to defend himself.

*(4) Every Professor shall be eligible for the privilege of regular academic vacation. In the event of a Professor requiring leave on account of duly certified ill-health, or on urgent private affairs in addition to the period of the regular academic vacation, the Senate may, on the recommendation of the Board of Management, grant leave on condition analogous to those prescribed in the Civil Service Regulations for officers in the Indian Educational Service.

(5) With a view to enable the Professors to be in touch with the current progress abroad in their respective subjects, every Professor shall be eligible, on the recommendation of the Board of Management, to study-leave with full emoluments for a period generally not exceeding one year, provided that he has not taken such leave during the previous six years. In each such case the Professor shall be required to submit a report of his work abroad during his leave.

In accordance with the above scheme, the following Professors were appointed by the Senate with the approval of Government :--

In accordance with the recommendation of the University Organisation Committee (para. 116 of the report), as adopted by the Senate in 1930, that the Ramtanu Lahiri Fellowship be raised to the Professorship, the cost of which to be met from the Ramtanu Lahiri Research Fund, the Syndicate on the 12th June, 1931, adopted the following scheme :—

I. (i) The Professor shall be appointed by the Senate on the recommendation of the relevant Selection Committee.

(ii) He shall receive a salary in the scale of 700-⁵/₀-1,000. An initial salary higher than the minimum pay indicated in the scale may be granted if the Senate so decide.

(iii) He shall be a whole-time Officer of the University and shall not, without the sanction of the Senate previously obtained, hold any other office to which any salary or emolument is attached.

(iv) He shall be entitled to join the University Provident Fund.

(v) He shall be entitled to avail himself of the regular academic vacations and holidays of the University and shall be subject to such leave rules as the Senate may pass from time to time.

(vi) Ordinarily the appointment shall be made for five years after which it may be renewed or made permanent.

(vii) The Professor shall vacate his office upon the completion of the 60th year of his age unless the Senate should decide that his services should be retained by the University for a further period or periods. Such extension of services shall not be made beyond his 65th year.

(viii) The Professor shall be liable to removal by the Senate on the ground of misconduct or gross neglect of duty after full enquiry into the specific charges brought against him, provided that at such enquiry he shall be allowed an adequate opportunity to defend himself.

II. It shall be the duty of the Professor—

(i) To devote himself to the study of Bengali Language and Literature with special reference to its history and development from the earliest times.

(ii) To organise and guide research by advanced students.

(iii) To hold classes in his subject as may be directed by the Executive Committee of the Post-Graduate Council in Arts for the benefit of the Post-Graduate students.

(iv) To deliver annually not less than three Public Lectures dealing with some aspect of Bengali Language or Literature.

(v) To deliver a course of lectures in affiliated colleges as may be required by the Syndicate after consulting the Executive Committee of the Post-Graduate Council in Arts and the Professor.

(vi) To do such other work as may be assigned to him from time to time in connection with the organisation of his department.

PROFESSOR.

1932-41 Rai Bahadur Prof. Khagendranath Mitra, M.A.

UNIVERSITY PROFESSORSHIP OF ENGLISH

In view of the importance and popularity of English as a branch of study for Post-Graduate students and the extent of the course prescribed in the

subject it was found necessary to establish two Professorships in English. On the recommendation of the Syndicate, the Senate accordingly submitted a proposal to the Government of India for founding two Professorships in English in the University. The proposal received the sanction of the Government of India in 1914.

The following rules for the Professorship were adopted by the Senate on 19th December, 1927:—

I. It shall be the duty of the Professor—

(1) To hold classes in his subject, as directed by the Post-Graduate Council in Arts, not less than twice a week, during at least 25 weeks every year for the benefit of the Post-Graduate students of the subject.

(2) To organise and guide research in his subject by advanced students.

(3) To deliver a course of lectures in some affiliated college, as required by the Syndicate after consulting the Executive Committee of the Post-Graduate Council in Arts and the Professor.

II. The Professor shall be appointed subject to the following conditions:—

(1) He shall be a whole-time Officer of the University, and shall not, without the sanction of the Senate previously obtained, hold any other office to which any salary or emolument or honorarium is attached.

(2) He shall be entitled to join the University Provident Fund.

(3) He shall be entitled to avail himself of the regular academic vacations and holidays of the University and shall be subject to such leave rules as the Senate may pass from time to time.

(4) Ordinarily the appointment shall be made for five years after which it may be renewed or made permanent.

(5) The Professor shall ordinarily vacate his office upon the completion of the sixtieth year of his age, unless the Senate should decide that his services should be still retained by the University for a further period or periods. If a person is appointed at such an age that the term for which he has been appointed will expire beyond the 60th year of his age he need not vacate his post at the age of 60 by the operation of the above rule. This rule will not preclude the Senate from appointing a gentleman above 60 years of age.

(6) The Professor may voluntarily resign his appointment, at any time, upon not less than six months' notice in writing to the University.

(7) The Professor shall be liable to removal by the Senate on the ground of misconduct or gross neglect of duty, after a full enquiry into the specific charges brought against him, provided that, at such enquiry, he shall be allowed adequate opportunity to defend himself.

1919-27 Prof. H. Stephen, M.A., D.D., Ph.D.

1927-36 Prof. Jaygopal Banerjee, M.A.

1936-39 Prof. Harendracoomar Mookerjee, M.A., Ph.D., M.L.A.

UNIVERSITY PROFESSORSHIP OF COMPARATIVE PHILOLOGY

In order to provide for the teaching of Comparative Philology the Senate at their meeting held on the 19th of July, 1913, unanimously accepted the recommendation of the Syndicate that a Professorship of Comparative Philology be established and that the first appointment be made for a term of three years on a salary of Rs. 600 a month. In accordance with Sections 1

and 10, Chapter IX of the University Regulations, the above proposal which was submitted to the Governor-General in Council received the sanction of the Government of India on the 21st of August, 1913.

The salary has since been graded Rs. 500-50-750.

The following rules defining the duties of the University Professor of Comparative Philology were adopted by the Senate on the 27th August, 1927:—

It shall be the duty of the University Professor of Comparative Philology—

(i) To devote himself to the study of, and research in, Comparative Philology, with special reference to the Indo-Aryan and Iranian languages.

(ii) To deliver (not less than once a week during six weeks every year) a course of at least six public lectures upon his subject, embodying the result of his own researches or a new presentation of facts previously known. The manuscript of such lectures shall be delivered to the Registrar within six months of the completion of the course and this will be published by the University. The copyright in the lectures will vest in the Professor but he will make over to the University 200 copies of his lectures annually for distribution.

(iii) To hold classes in Comparative Philology, as directed by the Post-Graduate Council in Arts not less than twice a week during at least 25 weeks every year for the benefit of such Post-Graduate students as may desire to study the subject or any allied subject.

(iv) To organise and guide research in the subject by advanced students.

(v) To submit to the Senate a report on the research work done by himself and his pupils every year. (The University may, at its discretion, publish any work embodying the result of such research.)

26

UNIVERSITY PROFESSORSHIP OF INTERNATIONAL LAW (PUBLIC AND PRIVATE)

International Law, Public and Private, occupies an important place in the scheme of advanced studies in this University. Public International Law, its

history and principles, is a compulsory subject for all Post-Graduate students taking up History for the M.A. Degree Examination. Public International Law with special reference to existing political and economic institution is, on the other hand, an alternative subject in the Political Philosophy group included in the course for the M.A. Degree Examination in Economics. Private International Law again forms a compulsory subject in the Examination for the Degree of Master of Law. Therefore, on the recommendation of the Council of Post-Graduate Teaching in Arts and the Governing Body of the University Law College, the Senate submitted a proposal to the Government of India for founding a Professorship in the subject and recommended that Mr. Arthur Brown, M.A., LL.B., be appointed as the first incumbent. The proposal received the sanction of the Government of India.

PROFESSOR.

1920-26 Prof. Arthur Brown, M.A., LL.B. (resigned in 1923).

27

UNIVERSITY PROFESSORSHIP OF ZOOLOGY

On the recommendation of the Executive Committee of the Council of Post-Graduate Teaching in Science and also of the Council, the Senate, with the approval of the Government of India, have founded a Professorship of Zoology to be maintained out of the Post-Graduate Teaching Fund.

PROFESSORS.

1920-22 Prof. Samarendranath Maulik, M.A., F.Z.S., F.R.M.S.

1926-31 Prof. Basantakumar Das, D.Sc.

1933-38* Prof. Himadrikumar Mookerjee, D.Sc. (Lond.), D.I.C. (permanent since 1938).

28

UNIVERSITY PROFESSORSHIP OF MENTAL AND MORAL
PHILOSOPHY

On the recommendation of the Council of Post-Graduate Teaching in Arts the Senate submitted a proposal to Government for the appointment of Dr. Hiralal Haldar, M.A., Ph.D., as University Professor of Mental and Moral Philosophy. The proposal received the sanction of Government in 1921.

In December, 1925, the Senate placed Professor Haldar in the grade of a University Professor (under Chap. V of the Report of the Post-Graduate Re-organisation Committee) with effect from the 1st January, 1926.

At a subsequent meeting the Senate fixed the term of appointment of the Professor for five years.

PROFESSOR.

1921-31 Prof. Hiralal Haldar, M.A., Ph.D.

29

UNIVERSITY PROFESSORSHIP OF PURE MATHEMATICS

On the recommendation of the Council of Post-Graduate Teaching in Arts, the Senate submitted a proposal to Government for the appointment of Dr. Syamadas Mookerjee, M.A., Ph.D., as University Professor of Pure Mathematics. The proposal received the sanction of Government in 1921.

In December, 1925, the Senate placed Professor Mookerjee in the grade of a University Professor (under Chap. V of the Report of the Post-Graduate Re-organisation Committee) for a period of 5 years with effect from the 1st January, 1926.

The term of appointment of Prof Syamadas Mookerjee was extended up to 31st May, 1932.

30

UNIVERSITY PROFESSORSHIP OF ECONOMICS

In December, 1925, the Senate, on the recommendation of the Appointments Board (Arts), appointed Mr. Satishchandra Ray, M.A., University Professor of Economics, for 5 years with effect from the 1st January, 1926.

The term of appointment of Prof. Satishchandra Ray was extended up to 31st May, 1932.

V UNIVERSITY LECTURESHIPS

1

STEPHANOS NIRMALENDU GHOSH LECTURESHIP

In August, 1919, Mr. G. C. Ghosh of 2, Simla Street, Calcutta, made over to the University $3\frac{1}{2}$ per cent. Government Promissory Notes for one lac of rupees for the institution, in memory of his son, of a course of lectures of Comparative Religion, to be delivered before the University of Calcutta according to the terms of appointment of the Lecturer to be appointed at intervals of not more than three years after advertisement in the celebrated Universities of the world. The donor stated that his desire was that the Lecturer should, in dealing with the subjects of his lectures, endeavour to show that the highest ideal for man lay in love and service to his fellowmen according to the essence of the teaching and life of Christ, and that life lived under the guidance of this ideal constituted the highest advancement of human personality, the acceptance of a particular creed or dogma being of subordinate importance.

From G. C. Ghosh, Esq., 2, Simla Street, Calcutta, to the Vice-Chancellor, Calcutta University, Calcutta, dated the 10th March, 1919.

I am desirous of making over to the University of Calcutta $3\frac{1}{2}$ per cent G. P. Notes for one lac of rupees for the following purpose :—

The University is to appoint an eminent *savant* by advertising to the celebrated Universities of the world to deliver a series of lectures in Comparative Religion quinquennially in the cold season in Calcutta, to be called Stephanos Nirmalendu Ghosh Lectures, whose remuneration will be paid from the 4 years' accumulated income from the above described securities, after deducting from it the approximate cost of printing about 1,000 copies of his lectures.

By a previous arrangement by the Calcutta University with the Lecturer, if he kindly so agrees and one or two other Universities in India so desire, he may deliver such lectures also in other places in India.

It is my desire that in dealing with the subjects of his lectures it will be the aim of the Lecturer to show that the highest ideal for man is in unselfish love and service to his fellowmen which is the essence of the teaching of Christ.

I shall be glad if my offer is accepted.

From G. C. Ghosh, Esq., 2, Simla Street, Calcutta, to the Vice-Chancellor, Calcutta University, Calcutta, dated the 11th March, 1919.

In continuation of my letter to you on the 10th instant regarding the foundation of lectures in Comparative Religion by me quinquennially in Calcutta I desire to say for removal for any ambiguity that the lectures to be arranged by your University to be delivered in other places shall be after such lectures have been first delivered in Calcutta every time.

From G. C. Ghosh, Esq., 2, Simla Street, Calcutta, to the Vice-Chancellor, Calcutta University, Calcutta, dated the 28th April, 1919.

With reference to my previous correspondence regarding the Lectureship on Comparative Religion founded by me, I have the honour to request you to consider this letter as a part of the same for the future guidance of the University and the Lecturers to be appointed under the scheme.

(1) If the University thinks that quinquennial lectures would make the intervals too long for effect and that three years' income from the endowment will be adequate for securing the service of the Lecturer, the lectures may be given quarterly and the three years' accumulated income may be availed of, instead of four years' as stated in my first letter.

(2) I think it would be well, under the circumstances, if Rs. 1,000 or so be spent towards the publication of the Lectures, instead of having a thousand copies of them published as suggested in my first letter, as I can consider the latter measure would mean too much expense in view of the increased cost of paper and printing.

(3) As I have stated in my first letter I beg to state, in order to be more explicit, that my object is to show the youngmen of my country that it is not meant that men's eternal welfare should depend upon any belief, the interpretation of a particular text or the acceptance of a religious creed, but that he is required to love and serve his fellow beings whereby he would be able to live the life that is required of him by God. It is found that centuries of schools of thought and religious discussions have resulted only in hatred and persecution of those who have sincerely differed from the views dominant at the time, instead of producing love and sacrifice which only are acceptable offerings to God.

(4) My object is not to show the superiority of a particular religion but to show that in the dealing out of man's unselfish love and service to man, i.e., in living the religion of love constitutes the highest advancement of his personality.

From G. C. Ghosh, Esq., 2, Simla Street, Calcutta, to the Vice-Chancellor, Calcuttā University, Calcutta, dated the 5th August, 1919.

I have the honour to acknowledge the receipt of your letter, dated the 2nd instant, intimating to me that my offer of one lac of rupees for founding a Lectureship on Comparative Religion to be called "The Stephanos Nirmalendu Ghosh Lectures" has been accepted by your University and that any suggestions that I might make in its connection, your University would take them into consideration and that one lac of Rupees in Government Promissory Notes might now be sent by me to the University.

(1) I am glad that your University is willing to let the Lectures be founded by me on the conditions stated in my first letter and I am grateful for its acceptance of the suggestions made by me in my letter of the 28th April last and that it is willing to take any further suggestions that I would like to make about them.

(2) If the University will make the Lectures quinquennial as has been desired by me in my letter of the 28th April last the Lectures for the first time will be delivered in the winter of 1922 and the interest of the Government Promissory Notes for 1919 and 1921 will be used to meet the expenses of the same.

(3) I trust your University will be so good as to arrange for all things I have desired in connection with the Lectures before they are delivered in Calcutta and elsewhere.

(4) It is my wish the Lectures should be delivered in a central academic place where a large audience is expected together by previous notifications in public places and in two public Prints for the information of the mofussil people.

(5) I think it would be well if the delivery of the Lectures be inaugurated and opened every year by a distinguished gentleman.

(6) I think it would be well also if some University authority will kindly be present during the delivery of the Lectures till their end to keep order at the place.

(7) I shall be obliged if you will inform me to whom I shall endorse over and deliver the Government Promissory Notes.

(8) I shall be grateful if I be supplied with the abstracts of deliberations of the University about my endowment from time to time.

(9) In conclusion I beg to suggest for the consideration of the Lecturer that any object is (a) to help the moral and spiritual advancement of my countrymen by helping the unfoldment of the divinity in them which is calculated to make them truly happy. (b) that the Lecturer will aim to show that excepting the fundamental truths of the Godhead and its attributes, *viz.*, Love, Wisdom, etc., which are acknowledged by all civilized men, creeds, dogmas, canons, etc., of the religious past and present which were necessary in the time of their first promulgation have no permanent value, just as in all living organisms we find elimination of the old and decayed cells is incessantly going on and newer cells are coming forth for the formation of newer bodies. So it may be proper to think that God's revelation was not closed in the past when the creeds, etc., were fixed, and so if the fountain of revelation has not dried up they should not be made to hinder the reign of an ever higher conscience in human mind, if a religion is to be taken as an institution having a norm of life within it. So the true and lasting form of religion will be based upon the inner supremacy of reason purified by revelation above any external authority, dogma, etc., which are inadequate to sustain a feeling of obligation.

Although I venture to make these my humble suggestions I do not like to make them binding upon my Lecturer who, I trust, will be a Godfilled man and knowing his duties well.

The generous offer of Mr. Ghosh was thankfully accepted by the Senate on the 29th March, 1919.

The following rules were adopted by the Senate on the 27th September, 1919 :—

- (1) (a) That a course of lectures on Comparative Religion be delivered in English once in every three years.
- (b) That the course do consist ordinarily of eight lectures, and be delivered not more than twice a week
- (2) That the honorarium of the Lecturer be Rs. 9,000.
- (3) That the copyright in the lectures do vest in the University.
- (4) (a) That the cost of a publication of an edition (consisting ordinarily of 500 copies) be paid by the University ; (b) that of the sum required for this purpose, Rs. 1,000 be paid out of the endowment fund, and the balance, if any, be paid out of the general funds of the University ; and (c) that the sale-proceeds be placed to the credit of the endowment fund.
- (5) That the first course of lectures be delivered during the cold weather of season 1921-22.
- (6) That applications be invited by public advertisement in the principal Indian, British, Colonial, American and Continental Universities selected Theological Colleges not connected with Universities and selected newspapers.
- (7) That the advertisement do state that applicants are expected to send a brief syllabus indicating the scope of the lectures proposed to be delivered.
- (8) That on each occasion, the advertisement be issued at least two years and a half before the time fixed for the delivery of the lectures and candidates be required to submit their applications on or before a prescribed date at least one and a half years previous to such time.
- (9) That a committee of five members be appointed by the Senate in each instance to report on the applications received.

(10) That it be a condition of appointment of each Lecturer that he will deliver to the University a complete copy of his lectures within one month after their delivery.

(11) That the Senate be at liberty to invite at any time an eminent scholar to accept the lectureship even though he may not have applied.

The following instructions have been given by the Donor for the guidance of the Lecturers :—

From G. C. Ghosh, Esq., 2, Simla Street, Calcutta, to the Vice-Chancellor, Calcutta University, Calcutta, dated the 24th September, 1923.

In view of preventing any future misapprehension and for enabling the Stephanos Nirmalendu Ghosh Lecturer on Comparative Religion as to what is principally aimed at by such lectures, I request you would be so pleased as to put the following instructions in the annual University Calendars, in the advertisements for inviting *savants* of the world and in the letters to them.

I think even the Lecturer whom your University would appoint for the next year can be advantageously furnished with a copy of the same so that he may come prepared for his task.

A General Outline of Lectures.

The Lecturer will show that every religion, truly so called, is a product of the institution of the spirit of God within men, and so if it pleased God to reveal truth to them, in nature, it cannot but be the same to all men though it may not be expressed to them in the same words or apprehended by them in the same manner in their minds. If this is true, the fundamental basis of all religions must be identical, aiming at the same end which appears to be nothing but the unity of God and men—the consummation of their happiness. This is inculcated in diverse religions in diverse manners.

The reconciliation of God with man, if God is Good, can only be achieved by man's attaining his goodness—his essential attribute. The qualities that make the being of God are innumerable; only some are capable of being perceived by man's senses, such as love, truth, wisdom, power, etc. To man the chief of the Divine attributes appears to be love. So if man would live the life of Godlike love, he would acquire and implant in him the nature of God. Man's steady advance to this state would ultimately accomplish both God's and his end—the unity of the Creator and the created. In Christ and Christ only this was consummated and so he became the highest manifestation of God. So the highest conception of God in the mind of man is Christ. So if man would lift up Christ in him his spirit would enable him to live his life, expressed in loving service and sacrifice for fellow-men, his highest advancement and greatest happiness would be attained in the end.

The following letters, dated the 4th January, 1927, addressed to the Vice-Chancellor, and dated the 28th October, 1927, addressed the Registrar, in connection with the Lectureship in Comparative Religion instituted in this University were also received from Rai G. C. Ghosh, Bahadur, the founder :—

Sir,

In connection with the Lectureship in Comparative Religion instituted by me in your University in view of assuring the fulfilment of the object aimed at by me I request the favour of your kindly noting that in appointing the Lecturer, care should be taken to avoid a clergyman in India or a Christian missionary being appointed, whose religious views and teachings are well known in India, lest by such appointment my countrymen would be led to think that the lectures are another propaganda of Christianity, on the sly, to

the detriment of the high object of the foundation, which is clearly described in my letters to your University and published in its Calendar.

Yours faithfully,
G. C. GHOSH.

P. S.—For future guidance I request that this letter should be printed in your Calendar.

SIR,

In continuation of my previous letter relative to the appointment of Stephanods Nirmaledu Ghosh Lecturers in future, lest there may be any misapprehensions anywhere as to my object in writing that letter requesting your University not to appoint any missionary as a Lecturer who has worked in India, I beg to aver that I bear the highest respect towards them for their labours in trying to improve the social condition of the people and also the old civilisation found in this country. But as my experience is that their activities have not been fruitful in building the life and character of the young men on the model of Christ, aiming at which I was led by the spirit of God to establish the Lectureship. I am of opinion that the missionaries whose addresses and writings have already been heard and read, will be able to make little impression upon those who will be the hearers in the University owing to their prepossessed state of mind, and they may consider the object of the establishment of the Chair to be another fresh propaganda to smuggle in Christianity, whereas my sole aim is only to hold up before their eyes the life and teaching of Christ which they may try to follow.

So I hope that my previous letter referred to above will be considered quite consistent with the object of the Foundation and published in the Calendar for future reference.

I request you will be so good as to put up this matter before the Syndicate for its decision early in November next.

I have the honour to be,
SIR,
Your most obedient servant,
G. C. GHOSH.

KAMALA LECTURESHIP

In February, 1924, Sir Asutosh Mookerjee, Kt., C.S.I., M.A., D.L., D.Sc., Ph.D., F.R.A.S., F.R.S.E., F.A.S.B., offered to place at the disposal of the University, 3 p. c. Government Securities for Rs 40,000 with a view to establish a Lectureship to be called the 'Kamala Lectureship' in

memory of his beloved daughter Kamala, on the conditions mentioned in the following letter :—

77, RUSSA ROAD NORTH, BHOWANIPUR.
CALCUTTA :
9th February, 1924.

To

THE REGISTRAR,
CALCUTTA UNIVERSITY.

SIR,

I desire to place at the disposal of my University Government Securities for rupees Forty Thousand only of the 3 per cent. Loan with a view to establish a lectureship, to be called the Kamala Lectureship in memory of my beloved daughter Kamala (b. 18th April, 1895—d. 4th January, 1923). The Lecturer who will be annually appointed by the Senate, will deliver a course of not less than three lectures either in Bengali or in English on some aspect of Indian Life and Thought, the subject to be treated from a comparative standpoint.

The following scheme shall be adopted for the lectureship :—

(1) Not later than the 31st March every year, a special committee of five members shall be constituted as follows :

One member of the Faculty of Arts to be nominated by the Faculty.

One member of the Faculty of Science to be nominated by the Faculty.

One member to be nominated by the Council of the Asiatic Society of Bengal.

One member to be nominated by the Bangiya Sahitya Parishad.

One member to be nominated by the Founder or his representatives.

(2) The Special Committee, after such enquiry as they may deem necessary, shall, not later than the 30th June, draw up a report, recommending to the Senate, the name of a distinguished scholar. The report shall specify the subject of the proposed lectures and shall include a brief statement of their scope.

(3) The Report of the Special Committee shall be forwarded to the Syndicate in order that it may be laid before the Senate for confirmation not later than the 31st July.

(4) The Senate may, for specified reasons, request the Special Committee to reconsider their decision but shall not be competent to substitute another name for the one recommended by the Committee.

(5) The Lecturer appointed by the Senate shall deliver the lectures at the Senate House not later than the month of January next following.

(6) The Syndicate shall, after the lectures are delivered in Calcutta, arrange to have them delivered in the original or in the modified form in at least one place out of Calcutta and shall, for this purpose, pay such travelling allowance as may be necessary.

(7) The honorarium of the Lecturer shall consist of a sum of Rupees one Thousand in Cash and a Gold Medal of the value of Rupees Two Hundred only. The honorarium shall be paid only after the lectures have been delivered and the Lecturer has made over to the Registrar a complete copy of the lectures in a form ready for publication.

(8) The lectures shall be published by the University within six months of their delivery, and after defraying the cost of publication the surplus sale proceeds shall be paid to the Lecturer, to whom the copyright of the lectures shall vest.

(9) No person who has once been appointed a Lecturer shall be eligible for re-appointment before the lapse of five years.

Yours faithfully,
ASUTOSH MOOKERJEE.

The munificent offer was thankfully accepted by the Senate on the 23rd February, 1924.

On the suggestion from Mr. Ramaprasad Mookerjee, M.A., B.L., Dr. Syamaprasad Mookerjee, M.A., B.L., D.Litt., Barrister-at-Law, M.L.A., Mr. Umaprasad Mookerjee, M.A., B.L., and Mr. Bamaprasad Mookerjee, sons of the Donor, the following modifications were made in the rules governing the Lectureship, by the Senate on the 12th December, 1936 :—

- (i) The Lecturer be appointed every alternate year.
- (ii) In rule 1 of the scheme, the words "every year" after "the 31st March," be replaced by the words "of the year of appointment of the Lecturer."
- (iii) In rule of 5 of the scheme, insert "his appointment" at the end.
- (iv) In rule of 7, "Rupees one thousand" be replaced by the words "Rupees two thousands," and the following sentence be inserted at the end of the rule :—

The balance of the income of the Endowment be added to the corpus of the Fund.

UNIVERSITY TRAVELLING AND OTHER
FELLOWSHIPS

(A)

GHOSE TRAVELLING FELLOWSHIP

The late Sir Rashbehary Ghose, in his Will, made a bequest to the University of a sum of Rs. 2,50,000, for the purpose of founding a few Fellowship in the University.

The bequest was thankfully accepted by the Senate on the 6th August, 1921.

The following is a joint letter from the Executors to the said Will on the subject of the bequest:—

CALCUTTA :
The 22nd June, 1921.

To

THE HON'BLE THE VICE-CHANCELLOR
OF THE CALCUTTA UNIVERSITY.

SIR,

We have the honour to inform you that Sir Rashbehary Ghosh, by the seventh clause of his Will, dated the 23rd day of May, 1920 (of which we have recently obtained Probate from the High Court), directed us, as his Executors, to make over to the Calcutta University, out of his estate, the sum of Rs 2,50,000 for the foundation of a few Traveling Fellowships. It is his recommendation that the University should employ the said sum by following the clauses and rules which he recorded in English in the schedule marked 'Ka' to the said Will. A copy of English translation of the seventh clause to the said Will annexed to the Probate and of the said schedule marked 'Ka' is appended hereto.

We shall feel obliged if you will place the matter before the University in due course for acceptance of the said bequest.

We have, etc.,
HIRENDRANATH DATTA.
BIPINBEHARI GHOSH.
LALITMOHAN GHOSH.
RAMCHANDRA GHOSHAL.

7th Clause of the Will.

" 7. I have resolved to found a few Travelling Fellowships, under the supervision of the Calcutta University. In order to defray the annual costs of those Travelling Fellowship, it is necessary to make over Rs 2,50,000, two and a half lacs of rupees to the said University. Hence I hereby direct the Executors appointed by this my Will that they should, as soon as they can, within one year of my death, make over Rs 2,50,000, two and a half lacs of rupees out of my Estate to the said University. It is my recommendation that the Calcutta University should employ the said Rs. 2,50,000, two and a half lacs of rupees by following the clauses and rules which I have recorded in English in the Schedule marked 'Ka' to the Will.

Schedule 'Ka.'

1. That a sum of Rs. 2½ lacs to be made over to the University of Calcutta be invested in approved Securities so as to produce an income, whenever practicable, of four per cent. per annum.

2. That the entire management of the said fund in all respects whatsoever and the application of its income be, subject to the general control of the Senate, vested in the Board of Management mentioned in my letter of the 8th August, 1913, to the University of Calcutta founding four University Professorships.

3. That three Travelling Fellowships be founded, each tenable for one year, the Fellows to be remunerated from the income of the Fund.

4. That the Fellowships be open only to persons who have been at any time admitted to a Degree in the University of Calcutta.

5. That the Travelling Fellows be nominated by the Board of Management subject to confirmation by the Senate. The Board of Management shall have power to invite applications and shall satisfy themselves as to the general ability of a candidate for Fellowship to profit by a course of study abroad. Each candidate shall be required to submit a general scheme of the work he proposes to undertake during the tenure of his Fellowship.

6. It shall be the duty of each Travelling Fellow to investigate educational methods abroad (that is outside India) in his special branch of study or to undertake research in any special branch of learning—such branch and the seats of learning when the investigation is to be carried on to be determined by the Board of Management in consultation with the candidate. The Fellows shall submit periodical accounts of their work to the Board and supply such other evidence of the progress made by them as the Board may, from time to time, require.

7. Each Travelling Fellow shall, on his return to India, submit to the Board a full report embodying the results of his studies and travels which shall be published by, and be the property of the University.

8. The emoluments, attached to a Fellowship, shall be paid ordinarily in advance in two half-yearly instalments. The Board shall have power however to withhold the payment of the second instalment if the work done by a Travelling Fellow during the first half-year of the tenure of Fellowship be deemed unsatisfactory by them. A Travelling Fellow may be re-appointed or have his term extended at the discretion of the Board of Management.

9. Of the three Fellowships to be awarded each year, at least two shall be allotted to a Scientific subject.

10. The Senate shall have power, on the recommendation of the Board of Management, to frame supplementary rules for the efficient administration of the fund. Such rules, however, shall in no wise conflict with the

principle laid down above nor shall the Senate have power, under any circumstances, to spend any portion of the corpus of the fund but, if one or more Fellowships are not awarded in any particular year on account of lack of suitable candidates or for like reason, the sum unspent may be temporarily invested by the Board and applied in the award of additional Fellowship in any subsequent year "

The following supplementary rule re award of the Ghose Travelling Fellowships was adopted by the Senate, on the 20th May, 1933 :—

When a Ghose Travelling Fellowship is awarded to a whole-time teacher of the University, the University will obtain from him an undertaking that he shall return to his duties at the end of the period and at the option of the University shall continue to serve as such teacher for at least three years on his usual scale of pay. In default of this such teacher may be called upon by the University to refund the amount paid to him as Travelling Fellow.

The following supplementary rules governing the award of the Ghose Travelling Fellowships were also adopted by the Senate, on the 26th May, 1934 :—

(i) The emoluments attached to the Fellowship shall be paid in advance in two half-yearly instalments, after deducting a total sum of Rs. 500 which sum will be paid to the Fellow after the report, which he is required to submit under Rule 7, has been considered and approved by the Board of Management.

(ii) Payment of the second instalment of the emoluments under Rule 8 will be made to the Fellow only after a report of the work done by him during the first half-year has been considered and approved at a meeting of the Board.

* RAMTANU LAHIRI RESEARCH FELLOWSHIP

In August, 1908, Mr. S. K. Lahiri placed at the disposal of the University the copyright of his publication known as "Select Poems," and expressed a desire that the income from the sale-proceeds of the publication might be applied for the award of an annual gold medal to the best graduate, in Mental and Moral Philosophy at the B. A. Examination, in memory of his father, the late Babu Ramtanu Lahiri. The offer was thankfully accepted by the Syndicate and since then a considerable balance accumulated to the credit of the Fund. In these circumstances the Syndicate, at the suggestion of the donor and with the sanction of the Senate, have, under Section 19, Chapter IV of the University Regulations, established a Research Fellowship in History of the Bengali Language and Literature, to be maintained out of the income of the above Fee Fund, supplemented by grant from the Fee Fund of the University and have named the Fellowship after the late Babu Ramtanu Lahiri, the father of the donor. They had also appointed Rai Bahadur

* In accordance with the recommendation of the University Organisation Committee (paragraph 116 of the Report) the Ramtanu Lahiri Research Fellowship was raised to a Professorship. For terms and conditions of the Professorship, vide Chapter IV, University Professorships.

Prof. Dineschandra Sen, B. A., D. Litt., as the first Ramtanu Lihiri Research Fellow for a term of five years on a salary of Rs. 250 a month. The duties of the Fellows were defined as follows :—

(1) To devote himself to the investigation of the History of Bengali Language and Literature from the earliest times.

(2) To deliver annually a course of twelve public lectures embodying the results of his investigations ; the lectures to be published by the University.

(3) To submit to the Syndicate every six months a report of the progress of work done by him during the preceding six months. The Fellowship to be suspended if on the report of a competent authority, the work done be not found to be satisfactory or up to the standard expected.

SREEGOPAL BASUMALLIK FELLOWSHIP

In 1897, Ba u Sreegopal Basumallik of No. 46, Pauchanantala Lane, Calcutta, offered to place annually Rs. 5,000 in the hands of the University, for the purpose of creating a Fellowship for the promotion of Sanskrit learning and Vedantic studies and also offered to enter into a bond for the purpose, providing for payment of the aforesaid sum annually for five years. On the 10th April, 1897, a set of Rules for the Fellowship which was called the Sreegopal Basumallik Fellowship in Sanskrit and Vedantic Literature, was formulated and approved between the Donor and the Syndicate of the University. In 1904 the scheme for the Fellowship was revised. The scheme was further revised in 1920 under the terms of Settlement as decreed by the High Court of Judicature at Fort William in Bengal on the 20th July, 1920.

On the 15th March, 1925, Mr. S. C. Mallik addressed a letter to the Registrar, recommending that the scheme of the Sreegopal Basumallik Fellowship should be revised so that from time to time a course of lectures should be delivered by some one who had specially studied both the Oriental and Occidental systems of thought. He suggested that a total honorarium of Rs. 5,000 (inclusive of the cost of publication of the lectures delivered) should be offered for the delivery of a course of public lectures and that if this did not prove sufficient to attract a suitable man the trust funds should be accumulated for two years and a honorarium of Rs. 10,000 offered.

The following revised scheme formulated on the lines of the above suggestions was adopted by the Syndicate in 1925 :—

(1) A sum of Rs. 1,000 should be set aside for the cost of publication of the lectures referred to in paragraph 2 of the scheme.

2. A honorarium of Rs. 4,000 shall be offered for the delivery of a course of twelve lectures in December, 1925, on Vedanta Philosophy dealing especially with the place occupied by the Vedanta in the philosophical systems of the civilised world and of its merits as compared with Western Schools of thought.

3. Notices shall be sent to the leading Universities in India inviting applications from candidates for the Fellowship who shall be required to submit their applications in writing to the Registrar on or before the 31st August next accompanied by a statement of their qualifications and courses of study and by

two testimonials. Advertisements inviting applications shall also be inserted in suitable publications circulating in India.

4 Candidates shall be required to have pursued a course of study in both Oriental and Occidental systems of Philosophy.

5. Candidates shall be required to submit synopses of the lectures they propose to deliver together with their applications.

6. The selection of a Fellow shall be made by a Selection Board appointed by the Syndicate of which the Founder shall be a member.

7. In the event of no suitable person applying the lectures shall be postponed to December, 1926, and honorarium of Rs 9,000 be offered in which case notices inviting applications shall be sent to the principal Universities in Europe and America as well as to the Universities of India. advertisements also being inserted in suitable publications circulating in Europe, America and India.

Note.—(i) The cost of advertisement should be borne from University funds. The honorarium should be exclusive of the cost of publication.

(ii) Lectures should be so arranged as not to clash with Christmas holidays.

(iii) The Selection Board should select three names and forward them to the Trustee for final selection.

(iv) 100 copies should be provided for the Founder's representatives and 400 copies for the University.

(v) The Tutorial classes should discontinued.

SIR PRAPHULLACHANDRA RAY RESEARCH FELLOWSHIP

Sir Praphullachandra Ray, Kt., C.I.E., Ph.D., D.Sc. F.C.S., Sir Taraknath Palit Professor of Chemistry, having signified his intention to vacate his Chair on completion of his 60th year in September, 1922, the Senate requested him to continue in his post for five years longer in the interest of research. Sir Praphullachandra Ray accepted the offer but desired that his salary from September, 1922, onwards might be utilised for the furtherance of the Department of Chemistry (both General and Applied) or for such other purposes as might be deemed fit. Sir Praphullachandra Ray finally retired from the Chair in 1937 and his salary from September, 1922 to August 1937 was funded

On the recommendation of the Syndicate, the Senate on the 24th August, 1929, adopted the following scheme for the utilisation of the fund created out of the accumulated salary of the Professor :—

(1) Rs. 5,000 (five thousand) only to be spent for the extension of the Inorganic Chemistry Laboratory of the University College of Science.

(2) Rs. 10,000 (ten thousand) only to be spent for the equipment of an Inorganic Research Laboratory at the University College of Science specially for the investigation of Rare Earths and for Micro-analysis.

(3) Rs. 10,000 (ten thousand) only to be paid to the Indian Chemical Society as a contribution towards its *Building Fund*.

*(4) The rest to be funded and out of the interest a Research Fellowship in Chemistry of the value of Rs. 200 (two hundred) only per mensem to be constituted as soon as possible on certain terms and conditions, provided that the number of Fellowships be raised to two if and when the funds accumulate to such an extent as to permit such a procedure.

The revised rules as adopted by the Senate on the 26th January, 1935, were as follows :—

(i) The appointment to this Fellowship, which is open only to the graduates of the Calcutta University, shall be made after inviting applications by advertisement. The candidate for the Fellowship should ordinarily be either a Premchand Roychand Student or holder of the Doctor's Degree and he must have already furnished positive proofs of his capacity for research by some strikingly original work.

(ii) He must submit along with his application a full statement of his research work previously carried out and also a list of his papers already published together with any such references to his work as may be made by other distinguished workers in his subject. He should take in his application an outline of work that he intends to do if appointed to the Fellowship.

(iii) The Fellow must be a whole-time worker and shall devote himself whole-heartedly to his research work. He shall not carry out any work on behalf of outsiders in the Laboratory allotted to him for any consideration and must not be in receipt of any salary or emolument for serving in any other capacity.

(iv) The University shall from its own funds make such recurring and periodical grants or contribution as it may consider necessary (ordinarily not less than Rs. 750 and not more than Rs. 1,000) for each Fellow for each year in order to enable the Fellow to carry on his researches.

(v) The Fellow should be appointed for a period of two years for the first time. The Fellowship will thereafter be renewable every year up to a maximum of five years (including the first term of two years).

In applying for renewal of the Scholarship the candidate must submit a detailed report of the work he has done and he intends to do in the next year, which shall be duly considered by the Committee before renewal.

* On the recommendation of the Syndicate, the Senate, on 15th August, 1931, decided that the second Fellowship, as contemplated in the scheme governing the Sir Praphullachandra Ray Research Fellowship, he held in abeyance during the year 1931-32 and that from the savings thereof three stipends, one of Rs. 50 and two of Rs. 25 each per month, tenable for one year, be awarded to three deserving students working under Sir Praphullachandra Ray in the Chemical Laboratory of the University College of Science.

(vi) A Committee constituted as follows will award and renew Fellowships :—

The Vice-Chancellor.
 The Palit Professor of Chemistry.
 The Ghose Professor of Pure Chemistry.
 The Ghose Professor of Applied Chemistry.
 The Khaira Professor of Chemistry.
 Senior Professor of Chemistry, Dacca University.
 One nominee or derived nominee of the Donor.

N.B.—Prof. Priyadarajan Ray, M.A., F.N.I., is the nominee of the Donor.

In making the award the Committee should consider the initiative and originality shown by the candidate and should definitely recommend that the candidate is of sufficient merit to justify the award.

No award should be made unless candidates fulfilling the above conditions be forthcoming and any savings on this score should be added to the corpus of the fund.

[The Research Fellowship was named the " Sir Praphullachandra Ray Research Fellowship " after the name of the Professor.]

FELLOWS.

SIR JAGADISCHANDRA BOSE FELLOWSHIP

Lady Abala Bose addressed the following letter to the Vice-Chancellor, offering to place at the disposal of the University $3\frac{1}{2}$ per cent. G. P. Notes of the face value of Rs. 1,00,000, in accordance with the wish of her late lamented husband, Sir Jagadischandra Bose, Kt., C.S.I., C.I.E., M.A., D.Sc., F.R.S.,

for the promotion of Physico-Biological Research Work in the University under terms and conditions mentioned therein :—

“ 93, Upper Circular Road,
Calcutta :
11th December, 1937.

Dear Mr. Mookerjee,

In accordance with the intention of my late lamented husband Sir Jagadishchandra Bose, I desire to place at the disposal of the University of Calcutta, 3½ per cent. G. P. Notes of the face value of 1 lac for promotion of Physico-Biological Research Work in accordance with the scheme and on the conditions mentioned below :—

1. The income of the fund will be utilised for maintaining one or more Fellowships to be named after my husband.

2. The management of the fund in all respects whatsoever and the application of its income will (subject to the general control of the Senate), be vested in a Board of Management to be constituted as follows :—

(1) The Vice-Chancellor of the University, as Chairman, *ex-officio*.

(2) The President of the Post-Graduate Council in Science or the Dean of the Faculty of Science in the event of the office of President, Post-Graduate Council in Science, being abolished.

(3) One member to be annually nominated by the Syndicate.

(4 & 5) Two to be annually nominated by the Executive Committee of Post-Graduate Council in Science, representing Botany and Physiology.

(6) The Director of the Bose Institute for the time being or, in the event of there being no Director, a nominee of the Governing Body of the Bose Institute.

(7) A nominee of the Governing Body of the Bose Institute.

(8, 9 and 10) The following three nominees of me, the Donor, namely :—

(a) Mr. Syamaprasad Mookerjee.

(b) Mr. Bhupatimohan Sen (Principal, Presidency College)

(c) Myself.

The nominees of the donor are and each of them is authorised to nominate in writing his (or her) or their successor or successors and the power of nominating a successor or successors shall be inherent in every original or derivative nominee of the Donor in the manner aforesaid. In any case in which no successor is so nominated the remaining members nominated by the Donor and their successors will nominate in writing another person in his or her place. Until a successor is appointed the remaining member or members will carry on the work of the said Board.

At least five members will form a quorum for a meeting. The Proceedings of the Board so constituted shall be laid before the Syndicate for confirmation.

3. Each Fellowship will carry a salary of Rs. 100 per month or more if the Board so decides in deserving cases.

4. Fellows shall be elected by the Board of Management from amongst distinguished graduates who shall be Bengali Hindus only.

*5. Each Fellowship will be tenable for a period of five years, the Fellow to remain on probation for the first year. He will be eligible for re-election

* At the suggestion of Lady Abala Bose, the Syndicate on 13th August, 1938, replaced Rule No. 5 by the following :—

“ The Fellowship will be tenable for a period of three years but the Fellow will be on probation during the first year. He will be eligible for re-election for a period not exceeding two years to be determined by the Board of Management provided the Board is satisfied that such extension is necessary for enabling him to complete the work undertaken by him. In applying for renewal of the Fellowship the candidate must submit a detailed report of the work he has done and he intends to do if re-appointed which shall be duly considered by the Board before renewal.”

for a period to be determined by the Board in each case, provided the Board is satisfied that such extension of appointment is necessary for enabling the Fellow to complete the work undertaken by him.

6. The University shall allot a suitable grant to each Fellow for equipment and other necessary expenses for his research work. A part of the expenses may be met out of any surplus that may be left out of the income from the endowment fund and the said Board shall also find a suitable place for the Fellows to carry out their work and afford suitable facilities for the same.

7. Each Fellow shall devote himself exclusively to research in his special subject and shall not hold any other appointment or service.

8. Subject to the general principles outlined above the mode of appointment of the Fellows, the detailed terms and conditions of their services, the supervision of their work and the manner in which they are to discharge their duties as also the conditions on which the Fellowship shall be awarded, retained and renewed shall be determined by rules to be framed by the Board from time to time.

9. The proceedings of the Board shall be subject to confirmation by the Syndicate.

As soon as I am informed that the Senate is willing to accept the offer on the conditions mentioned above, I shall arrange to transfer Government Promissory Notes of the required value in favour of the University.

Yours sincerely,
ABALA BOSE."

The offer was accepted with thanks by the Senate on 18th December, 1937.

The following rules for the award of the Fellowship were adopted by the Syndicate on the 6th August, 1938 :—

(1) Ordinarily one Fellowship shall be awarded in the month of November for researches in Physico-Biological subjects and the award will take effect from the month of January following. The First award will be made in September, 1938.

Additional Fellowships may be awarded if and when the financial position of the endowment allows.

(2) Appointment to this Fellowship, which is open only to Bengali Hindus shall be made after inviting applications by advertisements to be published in, or before, the month of September.

(3) The candidate for the Fellowship must possess high academic qualifications, preferably of Calcutta University and must have already furnished proof of his capacity for research.

(4) He must submit along with his application a full statement of his research work previously carried out and also a list of his papers already published together with any such references to his work as may have been made by other workers in his subject. Copies of published papers should also be sent. He should give in his application an outline of work that he intends to do if appointed to the Fellowship.

(5) The Fellow must be a whole time worker and shall devote himself exclusively to his research work.

(6) A research grant not exceeding Rs. 1,000 per annum ordinarily will be placed at the disposal of the Fellow in order to enable him to carry on his researches. The University may make a suitable supplementary grant for this purpose. All appliances purchased out of this fund shall be the property of the University.

(7) The Fellow shall ordinarily be paid Rs. 150 a month. The Fellowship will be tenable for a period of three years but the Fellow will be on probation

during the first year. He will be eligible for re-election for a period not exceeding two years to be determined by the Board of Management, provided the Board is satisfied that such extension is necessary for enabling him to complete the work undertaken by him. In applying for renewal of the Fellowship the candidate must submit a detailed report of the work he has done and he intends to do if re-appointed which shall be duly considered by the Board before renewal.

(8) The Fellow shall carry on his research work in the University College of Science, the Bose Institute or any other laboratory to be approved by the Board of Management, under the supervision of an expert to be determined by the Board.

(9) The Fellow shall be required to submit a report of his work at the end of each year; such report is to be forwarded to the Board of Management with the remarks of the expert under whom he works. If in the opinion of the Board the research work done by the Fellow does not evince sufficient merit so as to justify the continuance of the Fellowship, the Fellowship will lapse from such date as the Board may determine.

(10) No award shall be made unless qualified candidates are available and any savings on this score shall be added to the Fund.

(11) The Proceedings of the Board shall be subject to confirmation by the Syndicate.

Fellow.

UNIVERSITY LAW COLLEGE

The history of the foundation of the college is set out in the following Minute by Sir Asutosh Mookerjee, Kt., C.S.I., M.A., D.L., D.Sc., Ph.D., F.R.A.S., F.R.S.E., F.A.S.B., Vice-Chancellor of the University :—

“ The branch of our educational system which stands in need of the most urgent and radical reform is that concerned with the teaching of Law for our degree examinations. It is a noteworthy fact that we have not got a single college devoted entirely to the study of Law, as we have in the cases of Medicine and Engineering. When the University was founded in 1857, Law classes were attached to the Presidency College which was, in the main, an Arts College. The number of Law students was comparatively small, and the first Professors employed to teach Law were men of considerable distinction. In 1864, the Government decided to attach Law classes to its Colleges at Hughli, Dacca, Krishnagar, Berhampur and Patna. In each case, a distinguished graduate in Law was appointed on a fixed monthly salary, and the best men available from the ranks of the then new batches of Law graduates were engaged. The classes at all these colleges were comparatively small, and the teaching imparted was more or less efficient from the point of view of the Law Regulations as they existed at the time. In 1869, similar Law classes were attached to the colleges at Cuttack and Chittagong, and in 1880, Law classes were attached to the college at Rajshahi. Up to the point of time we have reached, the Law classes were attached only to Government colleges, and the fees charged were moderately high; in the case of the Presidency College, the fee was five rupees a month in the First-year class and ten rupees a month in the Second and Third-year classes; in the case of other colleges, it was nowhere less than five rupees a month. In 1882, the authorities of the Calcutta Metropolitan Institution applied for affiliation in Law. The application was granted, and as no conditions were imposed, Law classes were opened with a monthly fee of three rupees in the First-year class, four in the Second and Five in the Third-year class. The immediate result was that the Presidency College lost the majority of its Law students. Shortly after the City College was affiliated in Law in 1883. Two years later, the Ripon College was affiliated in Law in 1885 and opened classes at a uniform rate of three rupees, with the result that the other private colleges were obliged to come down to the same level. About this time, the Government closed the Law classes in the Presidency College. Since then, another college has been affiliated in Law in Calcutta, namely, the Bangabasi College, in 1896, and six colleges in Mofussil have also been affiliated in Law, namely, Cooch-Behar, Bhagalpur, Midnapur, Bankipur, Barisal and Rangoon. The University, therefore, has at the present time nominally 19 Colleges to which Law classes are attached, but there are really 18 at work, as the Presidency College has had no classes during more than twenty years. The Calcutta colleges have raised their fee from rupees three to rupees four. In the Mofussil colleges, the fee ranges from rupees three to rupees six. The classes everywhere in the past were more or less full; but the college which has had the largest number on its rolls is the Ripon College. As regards the efficiency of these colleges, judged from the point of view of the requirements of the New Regulations, only one opinion is possible; they are nowhere near the mark, and the arrangements made can, at the best, be regarded as nominal compliance with the Regulations. The system which has prevailed for many years past in most of the Government Colleges in the Mofussil, namely, to pay the Law Lecturer the amount of fees paid by the students, has been suicidal. To take one example, in a Government

college situated not very many miles from Calcutta, there was during the last session only one student, who paid five rupees a month, and for this sum a Government Pleader, who is the Law Lecturer, is supposed to have taken him through a complete course of Law studies. In Calcutta where the number of students is very large the state of things has been just the opposite, and a successful endeavour has been made to turn the Law classes into as lucrative a business as possible. The object has been gained, practically, by an entire sacrifice of discipline. A class may have on its rolls 150 students; the lecturer begins at the appointed time, say 8 o'clock in the morning, with a dozen students; after he has lectured for half an hour, students begin to drop in till the class becomes pretty full when the rolls are called. Proper continuity of work is hardly possible under such circumstances. The majority of the students have no books; they do not intend to listen to the lectures; very many of them are employed as teachers in schools or clerks in offices, and their only anxiety is to get credit for attendance at a certain number of lectures as required by the University Regulations; and it is by no means an unusual incident for a student to get himself marked 'present' by a proxy. Not only are the majority of the students irregular and unpunctual in attendance, not only is attendance expressly for the purpose of colourable compliance with the University Regulations—the same laxity characterises, in many instances, the payment of college fees which are often allowed to fall into arrears and are sometimes unrealised and lost to the college. All this laxity encourages our graduates to enter themselves largely as Law students, so that at some future time when occasion may arise or when they may find it convenient, they may appear at the examination on the strength of their attendance at these lectures. This is manifestly contrary to the spirit of the New Regulations. The new University Regulations in Law contemplate a thorough training in all the subjects of the examination. The number of subjects has been increased by the introduction of important branches like Roman Law, Theory of Legislation, Equity and English Law of Real Property. The number of lectures to be delivered, to cover the course, is considerably in excess of what was required under the Old Regulations. Students are required to attend Moot Courts where legal problems are discussed by them under the presidency of their Professor as judge. This can be done with profit and instruction, only if the students have been taken in small batches and taught by their teachers to study and analyse cases and to deduce legal principles from a first hand study of important judicial decisions. Then again, in the examination under the New Regulations, 40 per cent. of the marks are to be allotted to the solution of questions framed with a view to test the ability of candidates to apply the more important legal principles to concrete cases. The Regulations provide not only that full credit is to be given for well-reasoned answers to such questions, even though the conclusions happen to differ from the view taken in decided cases, but also that no credit shall be given for bare answers unsupported by arguments. All this implies a far more thorough training than can be obtained by mere attendance at lectures delivered to large classes of students. Indeed, the Regulations assume a thorough grounding in legal principles, and a systematic study of illustrative cases such as can be pursued only in a good Law Library and under the guidance of an efficient teacher placed in charge of a limited number of students. From the point of view of the New Regulations, not one of the Law classes can consequently pretend to make any approach to efficiency. No college has a good Law Library or a sufficient number of teachers. No attempt is made to enforce discipline among the students. The Bengal Education Department has realised this, and I understand that the Law classes attached to all the Government colleges in Bengal will be closed from the beginning of the current session. The Government of Eastern Bengal and Assam have also realised the situation, and the Law classes attached to the Government colleges in the Province will shortly be closed, and will be replaced by a Law School at Dacca, a proposal for the affiliation of which will be submitted to the University by the Director of Public Instruction. So far as the private colleges out of Calcutta are concerned, they cannot possibly satisfy the requirements of the Regulations. So far as the private colleges in Calcutta

are concerned, the authorities of the Bangabasi College have already intimated to the University that they have decided to discontinue the Law classes from the beginning of the ensuing session. So far as the Metropolitan Institution and the City College are concerned, neither of them makes a substantial profit upon the Law classes, and if their Law classes are closed, the financial position of the colleges would not be seriously affected. As regards the Ripon College, with which I shall deal later on, the case is different; this particular college effects a substantial saving upon the Law classes, a portion of which is apparently absorbed in the maintenance of Arts department. If the Law classes in the Ripon College are closed, it would mean a substantial loss to the proprietor. As I have already stated, however, none of the existing Law classes is efficient from the point of view of the New Regulations, and I am not prepared to concede that these Law classes should be allowed to exist either for the maintenance of the Arts classes or for the profit of the Proprietors. Under Section 7, Chapter XIX of the Regulations, the University is called upon to submit the case of each college to the Government of India, and I feel no doubt that neither the Syndicate nor the Senate can, with any sense of self-respect, recommend the continuance of the present system which has been a serious blot on our educational methods for many years past. I invite the University, therefore, to face the situation, and refuse to countenance any longer what has hitherto prospered under the name of legal education. The only solution of the situation is to close all the Law classes and for the University to found a Law College like the Law College in Madras, Bombay and Allahabad. The Law Colleges in the other provinces are owned and maintained by Government; the Law College proposed by me will, however, be a University College, though we may thankfully accept any aid which the Government may give. I do not desire it to be understood, however, that I claim any monopoly for the University Law College; as I have already stated there will be a similar Law School, though on a smaller scale, at Dacca, and I trust, that at no distant date, there may be a well-equipped Law School for Behar at Bankipur. It is not inconceivable also that with liberal endowments, a Law College may be established in some other part of the province. But whenever or wherever such an institution may be established, and whoever maintain it, the essential condition for its affiliation to the University must be that it is a *bona fide* centre of legal education. I shall now give an outline of my scheme.

The University Law College shall be under the management of a Governing Body of twelve members, constituted as follows:—

1. The Vice-Chancellor, *President, ex-officio*.
- 2-4. Three Judges of the High Court (to be nominated by the Chief Justice of Bengal in consultation with the Vice-Chancellor).
5. The Advocate-General of Bengal, *ex-officio*.
- 6-7. One member of the Bar and one Vakil of the High Court (both to be nominated by the Faculty of Law).
8. The Legal Remembrancer to the Government of Bengal.
9. The Director of Public Instruction, Bengal.
10. The Principal of the Law College.
- 11-12. Two Professors of the college to be elected by the staff.

* Members of the Governing Body shall be elected annually. Occasional vacancies shall be filled up by the Syndicate upon the recommendation of the body entitled to elect.

The management of the college shall be vested in the Governing Body, but their Proceedings shall be subject to confirmation by the Syndicate.

As the Governing Body described above cannot be completely constituted till the college has been actually established and the Principal and the staff appointed, a Provisional Committee shall be appointed by the Syndicate.

The college shall have a whole-time Principal who shall not be allowed to practise in Courts. His salary shall be Rs. 800 a month rising to Rs. 1,000 by annual increment of Rs. 50. It may be added that each of the Law Colleges in the other Provinces has a whole-time Principal, and it does not require any argument to show that some one must make it his business to look after the college and to maintain it in a state of efficiency.

If we assume that there will be 150 students in each class, there must be, in addition to the Principal, one Professor on Rs. 200 a month, and 8 Assistant Professors on Rs. 150 a month. For a larger number of students, the staff will have to be proportionately increased.

The Principal shall lecture two hours a day and the Professor one hour a day, during at least 30 weeks in the year (this would include systematic lectures as well as sittings of the Moot Court). The Assistant Professors will take the students in batches of twenty. Each Assistant Professor will, therefore, have under his charge 20 First-year and 20 Second-year students. He will, on alternate days, take the two sets of students to the Library for tutorial work and discussion of cases, during, on an average, 2 hours a day; he will also give the students under his charge regular weekly exercises or subjects for essays which will be corrected and returned. The duty of each Assistant Professor, therefore, will be discussion with the students 2 hours every day and correction of forty exercises a week. Each student will, thus, have 9 hours' lectures a week and 6 hours' work a week in the Library. This, I think, is a very moderate demand to make and I shall not be surprised if it is found necessary to increase the quantity of work later on. What I have suggested is extremely moderate in comparison with the work demanded from students in Law Colleges elsewhere which have reached a high degree of excellence, for instance, Columbia and Harvard in the United States and Tokyo in Japan. I do not doubt, however, that even the moderate beginning in earnest work which I propose, will reduce the existing number of nominal students who now swell the rolls. In the University College, no one, I hope, will take his admission who does not seriously wish to undertake the study of Law, and, for myself, I do not wish anybody else to come near the place. No one, I trust, deems it the duty of the University to encourage or countenance a system under which the very first art practised by young aspirants for entrance into a learned and honourable profession is defiance of discipline and evasion of the University Regulations.

The monthly recurring expenditure will be Rs. 2,200 in the first year. I have estimated the number of students at 300. The tuition fee must, therefore, be fixed at Rupees eight a month, which is by no means too high, if we consider the quality of training we propose to give. In any event, a Law student, even under the conditions I propose, will have to spend less, and will have much easier life than a Medical or an Engineering student. I am in a position to add, however, that the Government of Bengal is prepared to make an annual grant, to be devoted to reducing the fees of students by the grant of scholarships at the discretion of the Governing Body; the amount of the grant will be Rs. 3,520 a year for the first five years, and will be subject to reconsideration at the end of that period. With this sum at our disposal, we may, for instance, institute about one hundred and forty-five stipends of Rs. 2 a month, to be given to deserving students upon the results of work done in the college. The effect of this arrangement will be that deserving students will, practically, have to pay a fee of Rs. 6 only a month.

The college must have a good Law Library; Rs. 30,000 to start with is a moderate estimate. I suggest that this amount be provided from the University Reserve Fund. In addition to this, the Government of India and the Government of Bengal are prepared to help us and to place in the Law College

Library, for the use of Law students, several sets of Indian Law Reports and other Law Publications of the Government of India and of the different Local Governments.

The college must be suitably located. There will be no difficulty in providing proper theatres in the University buildings which we propose to erect at once on the land recently acquired by the University towards the west of the Senate House. I would also suggest that of the Reading rooms in the Darbhanga Library building, eight may be fitted up with small working Libraries where the students may read under the guidance of the Assistant Professors.

If the scheme is approved, I hope to be able to get everything ready so as to be in a position to open the Law College in July, 1909.

I have given, I hope, an intelligible outline of the proposed University Law College. The details of course, will require careful consideration and must be left to the Provisional Committee. I wish it to be understood also that the details I have suggested may require modification in the light of experience.

There are two other questions which incidentally arise and deserve consideration: the first of these relates to what are known as Pledership students, and the second, to the Ripon College.

As regards the Pledership students, they are required under Rules, framed by the High Court (Chapter XI, Rule 6 of the High Court Rules, page 263) to attend lectures at one of the colleges affiliated in Law to the Calcutta University, before they are allowed to appear at the Pledership Examination. The University is not directly concerned with these students, and if a strict view is taken of the scope of the University Law College, it may well be contended that these Pledership students ought not to find any place in our institution. It will be a matter for the authorities who control that examination to decide, whether the Rules ought to be so modified as to allow Pledership students to read in some one or all of the existing Law Classes. If such a course is adopted—as may well be on the ground that the Pledership course differs in some essential respects from our B.L. Course—we shall have nothing to do with the Pledership students. If, however, the High Court desires that the Pledership students in future should undergo the same kind of training as we propose to give to our B.L. students, and if the University consents to find accommodation for them, we may very well ask the Government to give us substantial aid. The question of the provision to be made for the education of Pledership students, however, obviously does not concern the University directly, and cannot deter or delay any action which the University may find essential in the true interests of education of its Law students.

Next, as regards the Ripon College, I have already stated that it makes a substantial profit out of the Law classes; the withdrawal of affiliation in Law will therefore mean loss to the proprietor. I do not hesitate to say that this ought not to deter or delay that action on the part of the University which is essential in the interests of sound education and discipline. At the same time, I think the University may, if the proprietor so desires, assist him to put the college finances on a sound basis. I have before me the Report of the University Auditor on the college Accounts, such as they are. One fact is patent. A large amount of money is annually lost in the B.L. classes, in the Pledership classes, as also in the Arts classes by reason of great laxity in the realisation of fees from the students. The remedy for this lies in the hands of the proprietor himself. In the next place, it seems to me clear that if the Arts classes are to be made self-supporting, the college fees must be raised and a rise of even one rupee a month in the fee paid by each student would bring in a considerable sum, nearly sufficient make up for the loss likely to be caused by the abolition of the B.L. classes. If the Pledership classes are also abolished, there would, perhaps, be no margin left for the proprietor; if, however, the High Court is satisfied that the Pledership classes can be remodelled, so as to meet

the requirements of that description of students, and if the High Court recognises the Pledership classes, there would be a margin left for the Proprietor. The condition of this particular college and of some of the other private colleges in Calcutta suggests to my mind that it may be desirable for the University to arrange for University Lecturers to teach the B.A. and B.Sc. Honours Courses. If this idea is carried out, as has already been recommended by the Syndicate, the pressure upon these colleges in the Arts department would be considerably reduced. I may add that if one or more of these colleges will seriously consider the question of a small rise in the fees levied from Arts students, the Syndicate may very well help them to come to a common understanding upon the point, so as to avoid the unfair competition referred to in Section 6 clause (i) of Chapter XVIII of the Regulations. The University may reasonably be expected to assist the colleges so as to facilitate their work, but I maintain, at the same time, that the University ought not to be expected to countenance a thoroughly unsound system which is misnamed legal education, for the benefit of either Arts classes of colleges or of their proprietors."

The above Minute was considered by the Syndicate at their meeting on the 4th July, 1908, when the following Resolution was adopted :—

"That the Syndicate recommend to the Senate that a University Law College be established and that the Syndicate be authorised to appoint a Provisional Committee to organise it."

The Minute was also considered by the Faculty of Law at a special meeting held on the 14th of July, 1908, when the following motion was carried :—

Standard of affiliation.

"That the Faculty do record its opinion that for the promotion of legal education of students for degrees in Law, it is desirable to establish a University Law College, to serve as a model college, but not so as to create a monopoly, either general or local."

Date of First Affiliation.

On the 21st July, 1908, upon the motion of the Hon'ble the Vice-Chancellor, the Senate unanimously accepted the recommendation of the Syndicate and the Faculty of Law that a University Law College be established. This resolution of the Senate subsequently received the sanction of the Governor-General in Council on the 25th August, 1908, and the college was formally affiliated to the University in Law with effect from July, 1909.

Governing Body.

The college is under the management of a Governing Body, consisting of sixteen members, constituted as follows :—

- I. The Vice-Chancellor, *President, ex-officio.*
- II-IV. Three Judges of the High Court (to be nominated by the Chief Justice of Bengal in consultation with the Vice-Chancellor).
- V. The Advocate-General of Bengal, *ex-officio.*
- VI. The Senior Government Pleader of the High Court, *ex-officio.*
- VII-IX. Three members nominated by the Faculty of Law, one of whom at least, shall be a member of the Bar and one a Vakil of the High Court.
- X. One Representative of the Incorporated Law Society.
- XI. The Legal Remembrancer to the Government of Bengal, *ex-officio.*
- XII. The Director of Public Instruction, Bengal, *ex-officio.*
- XIII. The Principal of the Law College, *ex-officio, Secretary.*
- XIV. The Vice-Principal of the Law College, *ex-officio.*
- XV-XVI. Two Professors of the college to be elected by the staff.

The members of the Governing Body are appointed annually. They hold office during the academic year for which they are appointed, occasional vacancies being filled up by the Syndicate upon the recommendation of the body entitled to appoint.

At meetings of the Governing Body seven members form a quorum.

The proceedings of the Governing Body are subject to confirmation by the Syndicate.

The staff of the college consists of a Principal, a Vice-Principal and as many Professors as are needed to meet the requirements of the students.

Each of the three years' courses will comprise not less than 200 working days. There will be three terms in each year, the first of which will extend from the last week of June to the end of September, the second from the beginning of November to the end of the third week of December and the third from the beginning of January to the middle of April.

The Governing Body for the year 1938-39 has been constituted as follows :—

1. Syamaprasad Mookerjee, Esq., M.A., B.L., Barrister-at-Law, M.L.A.,
Vice-Chancellor, President, *ex-officio*, up to 7th August, 1938.
- The Hon'ble Khan Bahadur M. Aziz-ul Haque, B.L., C.I.E., M.L.A.,
Vice-Chancellor, President, *ex-officio*, from 8th August, 1938.

Three nominees of the Hon'ble the Chief Justice appointed in consultation with the Vice-Chancellor.

2. The Hon'ble Justice Sir Saratkumar Ghosh, Kt., M.A., I.C.S.
3. The Hon'ble Mr. Justice Syed Nasim Ali, M.A., J.L.
4. The Hon'ble Mr. Justice Rupendracoomar Mitter, M.Sc., M.L.
5. Advocate General of Bengal, *Ex-officio*.
6. The Legal Remembrancer to the Government of Bengal, *ex-officio*.
7. Senior Government Pleader, High Court, Calcutta, *ex-officio*.
8. The Director of Public Instruction, Bengal, *ex-officio*.
9. Principal, University Law College, *ex-officio*.
10. Vice-Principal, University Law College, *ex-officio*.

Three Representatives of the Faculty of Law.

11. Sir Z. R. Zahid Subrawardy, Kt., M.A., B.L., Barrister-at-Law.
12. The Hon'ble Mr. Justice Charuchandra Biswas, C.I.E., M.A., B.L.
13. Dwarkanath Mitter, Esq., M.A., D.L.

One Representative of the Incorporated Law Society.

14. Amiyanath Sen, Esq., Attorney-at Law.

Two Representatives of the Teaching Staff of the College.

15. Sitaram Banerjee, Esq., M.A., B.L.
16. S. K. Gupta, Esq., M.A., B.L., B.Litt., Ph.D., Barrister-at-Law.

Since the session 1918-19, the teaching arrangements in the College have been entirely recognised in accordance with the scheme outlined in the following memorandum by the Hon'ble Justice Sir Asutosh Mookerjee, Kt., C.S.I. :—

“ The unsatisfactory system of training of Law students, which prevailed in our colleges before the University Law College was founded, is described in a memorandum drawn up by me on the 1st July, 1908 and printed in the University Calendar for 1917, Part I, pages 112-17. The system now in force marks a considerable advance upon the pre-existing condition of things but stands in urgent need of further improvement in essential particulars.

Under the present system, the students are taught in two types of classes. In one type of classes, the students are required to attend three lectures a day, two of them delivered to a class of 150 students each, the other to a class of 25 students commonly known as a tutorial class. Each of these lectures extends over a period of 45 minutes, so that the student attends lectures which occupy him for two hours and fifteen minutes. In the other type of classes, the students are required to attend two lectures a day each extending over one hour; each of

these classes comprises on an average from 50 to 60 students. There is also some arrangement for written exercises, but it is of so inadequate a character that no further reference need be made to the subject. There are, in addition, moot courts. Cases are prescribed in advance to be studied by students; these are thereafter argued by them in the class with the Professor in the chair. It is obviously impossible for every student to take part in these discussions and as a matter of fact in each class there is a small group of students who systematically join in the debate, while the others somewhat listlessly watch the proceedings.

The vital defect of the present system is that it does not ensure independent work on the part of the student; he is supposed to listen patiently to long courses of lectures, and if he is specially diligent, to take down notes and analyses with a view to commit them to memory; in other words, he is supplied with pre-digested food which he is expected to assimilate. But if there is any branch of study which requires independent thought on the part of the students it is unquestionably Law, and he should be made to cultivate from the earliest period that habit of clear and accurate thinking which is essential for the attainment of professional success. This point of view has pressed itself upon my mind for some time past, but I have not been able hitherto to suggest a complete re-organisation of the teaching arrangements in the University Law College, by reason of financial considerations. At the time of the establishment of the college, in 1909 we found it necessary to draw from the general funds of the University a considerable sum of money for the equipment of the library year by year; the sum advanced has been paid back in instalments and on the 30th June of the current year, the final balance due will be repaid. From the commencement of the ensuing academic session we shall thus be in a position to spend the whole of our income for the benefit of the students. In these circumstances, I venture to ask the indulgence of my colleagues on the Governing Body, to place before them proposals for a more efficient scheme of the legal studies for the benefit of our students than has hitherto been found practicable.

The principles which underlie my proposals are as follows :—

(1) The number of formal lectures which each student is required to attend should be reduced;

(2) each student should be required periodically to compose a short essay on a prescribed subject, after he had an opportunity to study it under the guidance of his teacher, who would suggest a suitable course of reading therefor;

(3) these exercises would be submitted to the teacher who would correct them at home, and would subsequently meet the students in small groups, to discuss with them points which arose on the exercises and any cognate topics.

After careful consideration of the entire course prescribed by the Regulations, I am inclined to adopt the view that no student need be required to attend more than one lecture a day, and that each student should be required to compose under tutorial guidance as indicated above one essay every two weeks. The college session covers from 25 to 30 weeks; each student will consequently be expected to prepare from 12 to 15 essays during the whole year. This I do not consider to be too exacting, and I trust that if a student faithfully does his work he will cultivate that habit of accuracy and conciseness which is absolutely essential for a successful career in the profession. In addition to this, the arrangements for moot courts will be continued as required by the Regulations.

The maximum number of students who can be accommodated in the college in the morning and in the evening classes, is 2,400; the highest number we had on our rolls was during the last session, *viz.*, 2,180. If we fix the number at the maximum, we have to arrange for approximately 900 students in each of the three classes, as we have under the Regulations a three years' course of Law study. I would divide each class into sections of 100 students at the most. Each section will be sub-divided into two groups for delivery

of the formal lectures and into four groups for purposes of tutorial work. Each section of 100 students will then be placed in charge of two teachers each lecturing on half the course and each taking the tutorials in his special subjects. The duty of each teacher, whether appointed Chairman or not, thus, will be as follows :—

(1) To deliver, on six days in the week, one lecture a day to a class of 50 students at most, extending over one hour;

(2) to correct 25 exercises a week;

(3) to meet 25 students in groups of 8, on three days in the week (one hour each day). As the correction of exercises will be done at home, each teacher will have to attend in the University buildings 9 hours in the course of the week;

(4) to attend, at a stated time, once a week in the University buildings a meeting of teachers in the special subject including the Chairman with a view to fix the subjects for tutorial work, to consider and prepare the Syllabus, to discuss the progress of work, to compare notes of their experience, and generally to transact all such business as may be necessary for the proper co-ordination of the work of instruction;

(5) to hold Moot Courts on stated occasions.

The work of each student will be as follows :—

(1) To attend one lecture a day every day in the week;

(2) to compose one essay in two weeks;

(3) to attend a tutorial class for one hour, once in two weeks;

(4) to attend Moot Courts as directed.

This scheme will require a staff of 48 teachers, namely, two for each of the 24 groups of 100 students. It is manifest, however, that some links must be provided for co-ordination of the work; it would be disastrous, indeed, if each teacher were left free to follow his own way without consultation with such, at any rate of his colleagues as might be engaged in dealing with the same subject as he himself was teaching. It would consequently be necessary to group together the teachers in each subject and to appoint a Chairman for that group. Each group, under the guidance of its Chairman, should meet at stated times in the University buildings, fix the subjects for tutorial work, discuss how the work was progressing, and compare notes of their experience. Let me take a concrete illustration. In the Second-year Class, each student is required to attend lectures on four subjects, namely, (1) Muhammadan Law, etc., (2) Transfer of Property, (3) Real Property and Succession, and (4) Contracts and Torts. We shall have 16 teachers for the 8 sections of 100 students each; eight of these teachers will take up the first two subjects in the 8 sections, the remaining eight will take up the other two subjects in those sections. Each group of 8 teachers will have a Chairman, to be selected with due regard to seniority and academic distinction. As there will be 6 such groups in the three classes taken together we shall require $48 + 6 = 54$ teachers. In addition, we have the Principal and the Vice-Principal, who in spite of their heavy administrative duties, may be able to participate, to a limited extent, in the work of instruction or supervision as Chairmen. I would further suggest that the gentlemen appointed as Chairmen may not only secure that the work by the several groups of the teachers with whom they will be respectively associated is properly organised but they themselves may very well be expected to deliver during the year short courses of 4 to 6 public lectures on important topics selected at their choice. These lectures may be thrown open to all Law students in the University, and the Professors may also be encouraged to publish them if they are allowed to retain the copyright.

*

I am inclined to think that it would be an advantage to constitute a small Council, consisting of the Principal, the Vice-Principal and the 6 Chairmen, to exercise general supervision over the whole teaching work of

the institution and if it is found necessary to associate myself with this body in effectively carrying out the scheme of re-organisation I shall cheerfully find time for the work."

The above scheme was modified by the Governing Body on the 17th May, 1921, and the following modified scheme has been in operation since then :—

(i) The duty of each teacher, whether appointed Chairman or not, will be as follows :—

(a) To deliver on six days in the week one lecture a day to a class of fifty students ordinarily extending over one hour.

(b) To correct twenty-five exercises ordinarily every week.

(c) To meet twenty-five students ordinarily in groups of eight on three days in the week (one hour each day).

(d) To attend at a stated time, once a week in the University Buildings, a meeting of teachers in the special subject including the Chairman, with a view to fix the subject for tutorial work, to consider and prepare the syllabus, to discuss the progress of work, to compare notes of their experience and generally to transact all such business as may be necessary for the proper co-ordination of the work of instruction.

(e) To hold Moot Courts on stated occasions.

(ii) The work of each student will ordinarily be as follows :—

(a) To attend one lecture every day in the week.

(b) To compose one essay in two weeks.

(c) To attend a tutorial class for one hour once in two weeks.

(d) To attend Moot Courts as directed.

(iii) The duties of the Chairman in each subject, apart from his duties as Professor, shall be as follows :—

(a) The staff in each subject, that is, the Chairman in consultation with his colleagues, shall prepare a syllabus of the lectures to be delivered in the subject so as to cover the course prescribed by the University. To the syllabus for each lecture will be appended hints for reading for the guidance of the students. Each syllabus will be printed and copies furnished to the members of the staff and students.

(b) The staff in each subject, that is, the Chairman in consultation with his colleagues, will draw up a detailed programme for tutorial work indicating hints for reading in the case of each topic. These may be printed and circulated as in the case of the syllabus.

(c) The staff in each subject, that is, the Chairman in consultation with his colleagues, shall draw up a detailed programme of topics and cases for discussion in the Moot Courts with hints for reading. These may be printed and circulated as in the case of the syllabus and programme for tutorial work.

(d) The staff in each subject, that is, the Chairman and his colleagues, should meet ordinarily once a week during term time.

As regards the lectures, they will consider how far the scheme as outlined in the syllabus was being practically carried out and determine, from time to time, the alterations, if any, required in the syllabus.

As regards the tutorial work, each Professor will send to the Chairman the exercise books corrected by him. The Chairman will in his discretion examine at least two books from each group taken at random with a view to ascertain the nature of the work done by students. The Chairman will discuss with the Professor concerned what steps, if any, should be taken to set right defects he may notice in the work. All questions of importance thus brought to light shall be considered at the weekly meeting of all the teachers concerned and may, if necessary, be submitted to the Council for consideration and orders.

SESSION 1938-39.

The college re-opened on Saturday, the 2nd July, 1938. The lectures in the 1st, 2nd and 3rd-year classes commenced on Tuesday, the 5th July, 1938.

For the convenience of M.A. students, lectures are delivered both in the morning and in the afternoon.

The First, Second and Third-year Classes are held according to the following time table:—

Early Morning	...	{ 7-45 to 8-45 A.M. (General Classes). { 8-45 to 9-45 A.M. (Tutorial Classes and Moot Courts).
Late „	...	{ 8-45 to 9-45 A.M. (Tutorial Classes and Moot Courts). { 9-45 to 10-45 A.M. (General Classes).
Afternoon	...	{ 4-45 to 5-45 P.M. (General Classes). { 5-45 to 6-45 P.M. (Tutorial Classes and Moot Courts).

On Saturdays the afternoon classes are held from 2-15 P.M.

The college is held in the spacious apartments in the Darbhanga buildings; ample provision has been made for Reading Rooms.

The staff consists of the Principal, the Vice-Principal and thirty Professors. Their names will be found in Appendix A.

Arrangements have been made for systematic courses of lectures, tutorial classes, moot courts and regular exercises. Facilities are also given to students to read in the College Library.

The University Law College charges the following fees from students:—

College fee	...	Rs. 8 P.M.
Admission fee or transfer fee or leaving certificate fee.	...	„ 7
Transfer of Sections	...	„ 5
Statement of attendance fee	...	Rs. 1 per year.
College Union fee	...	„ 1-8 per year.
Athletic fee	...	Rs. 2 per year.

The names of the Assistants serving the college will be found in Appendix B.

College Scholarships and Prizes.

There are twelve scholarships of Rs. 10 a month, each tenable for one year. Four of these are open to competition among the students of the First-year Class, four among the students of the 2nd-year Class and four among the students of the Third-year Class. The scholarships in the First-year Class are awarded towards the end of September, upon the results of the college test which is held usually in the month of September, those in the Second-year Class are awarded upon the results of the Preliminary Examination in Law, and those in the Third-year Class upon the results of the Intermediate Examination in Law. All these scholarships take effect retrospectively from June.

Twenty-four scholarships of Rs. 6 a month each tenable for one year are also awarded from the endowment established by late Maharaja Manindrachandra Nandi, Cossimbazar. Eight of these are open to competition among the students of the First-year Class, eight among the students of the Second-year Class and eight among the students of the Third-year Class. Students who have graduated from the Krishnath College, Berhampur, will have a preferential claim

to these scholarships. But no scholarship will be awarded to a student who has not satisfactorily acquitted himself at the University or College Examinations, as the case may be.

Students must obtain 50 per cent. of the marks in the Competitive Examination in order to be eligible for any of these Scholarships granted by the College. In case there are not sufficient deserving candidates as mentioned above, the scholarships may be awarded at the Competitive Examination to be held next year.

In addition to the scholarships referred to above, four prizes called Sir Asutosh Mookerjee Law prizes, are awarded annually to meritorious students of the University Law College. Two prizes of the value of Rs. 45 and Rs. 40 respectively consisting of Law books are awarded to two Second-year students on the results of the Preliminary Law Examination held in July. Two other prizes of the respective value of Rs. 45 and 40 are also awarded to two Third-year students on the results of the Intermediate Examination in Law held in July. Students who have already secured prizes of books from the University will not be eligible for the aforesaid prizes.

University or Government Prizes, Medals and Exhibitions.

The following scholarships, prizes and medals are awarded annually by the University or the Government on the results of the Law Examinations :—

1. Kedarnath Banerjee Gold Medal of the value of Rs. 100 to the student who stands first at the Final B. L. Examination, if there be no D.L. or M.L. in the particular year.

2. Maharaja Sir J. M. Tagore Gold and Silver Medals—open to competition among candidates who shall have attended 75 per cent. of the lectures of the Tagore Law Professor for the year in which the examination shall be held.

3. Parbaticharan Ray Gold Medal—awarded to the student who stands first at the Intermediate Law Examination.

4. On the results of the Final Law Examination held in December and June, a scholarship known as the Prasannakumar Tagore Scholarship of the value of Rs. 20 per month tenable for six months is awarded by the Director of Public Instruction, Bengal, to each of the two best Law students of the year.

5. (a) On the results of the Preliminary Law Examination, the first student of the first division shall be entitled to a prize of books of the value of Rs. 100, and the second student of the first division shall be entitled to a like prize of Rs. 50.

(b) On the results of the Intermediate Law Examination, the first student of the first division shall be entitled to a prize of books of the value of Rs. 100, and the second student of the first division shall be entitled to a like prize of Rs. 50.

(c) On the results of the Final Law Examination, the first student of the first division shall be entitled to a Gold Medal and a Prize of books to the value of Rs. 200, provided that he was placed in the first division also at either the Preliminary or the Intermediate Examination.

Ritchie Prize.—An annual Prize of books to the value of Rs. 50 is awarded to the candidate who obtains the highest number of marks in the examination for the degree of Bachelor in Law out of the endowment made to perpetuate the memory of late Hon'ble William Ritchie, Vice-Chancellor of the University and Advocate-General of Bengal.

In addition to the Prasannakumar Tagore Law Scholarship, the Government of Bengal award, from time to time, the following scholarship and stipend :—

(a) Graduate scholarship of the value of Rs. 25 is awarded by the Director of Public Instruction, Bengal, to a deserving candidate who has graduated with Honours or Distinction within 4 years of his passing the Matriculation Examination and is prosecuting further studies under the University.

(b) A stipend known as the backward class stipend of the value of Rs. 25 is awarded by the Director of Public Instruction, Bengal, occasionally to members of the depressed classes.

University Law College Library.

To the college is attached an extensive Law Library consisting of about 41,000 volumes and containing numerous sets of reports and text-books. The Library is divided into two sections—(A) for Reference, (B) for Lending. Books in Section (A) may be consulted by students at any time from 7-30 A.M. to 7 P.M. Books in Section (B) may be borrowed by students; no deposit is required, if one volume is borrowed. Those who deposit Rs. 5 are allowed to borrow two volumes at a time.

Students will find in the Library amongst others the following reports :—

Foreign Periodicals and Journals.

- 3 sets English Reports.
- 1 set Indian Appeals.
- 1 „ Law Journal Reports.

Full particulars of the rules of the University Law College Library will be found in Appendix C.

The Law College Union.

The Law College Union provides ample facilities for debate and social activities of the students of the college. The Law College Magazine is published under the auspices of the Law College Union.

Games and Physical Exercises.

To provide physical exercise for students the college has an Athletic Club. Students elect representatives to the club every year.

There is also a Gymnasium located at the Hardinge Hostel which is open to all students of the college.

Syllabuses and Synopses for Students.

The staff in each subject prepares a syllabus of the lectures to be delivered in the subject so as to cover the course prescribed by the University. To the syllabus for each lecture is appended suggestions for further study for the guidance of the students. Each syllabus is printed and copies furnished to the members of the staff and students free.

Moot Courts.

Moot Courts are held generally under the presidency of college Professors; distinguished lawyers are invited, from time to time, to preside over some of the sittings.

Students are advised to be particularly careful about their attendance in the Moot Courts. They are required by the Calcutta University Regulations to attend 75 per cent. of the sittings in the Moot Courts. Subjects for Moot Courts are announced by the end of July each year and they are found in cards printed specially for students and are distributed amongst them.

University fees, etc.

The fees mentioned below are charged by the University in connection with the following matters :—

				Rs.
Change of centre of examination
Change of name or surname	50
Migration fee	15
Registration fee (on migration)	2
Provisional Certificate or Diploma	5
Non-Collegiate Student's fee	10*
Late Admission fee	4
Preliminary Examination in Law	30
Intermediate Examination in Law	30
Final Examination in Law	30
M.L. Examination	200

Migration of Students from other Universities.

Students are admitted on migration from other Universities. But they are required to obtain previous permission of the Vice-Chancellor and Syndicate of the Calcutta University. For this purpose it is essential that they should procure the following documents to avoid disappointment :—

(a) B.A., B.Sc., B.Com., M.B. or B.E. diploma or in the absence of the diploma an authentic certificate to the effect that the degree has been taken.

* For shortage in attendance.

(b) Migration Certificate from his own University permitting him to continue his studies under another University.

(c) Matriculation certificate showing his age at the time of admission to the same or corresponding examination.

He will also be required to pay Rs. 15 as migration fee. As it takes time to obtain the sanction of the Vice-Chancellor and Syndicate, students are strictly advised to apply through the Principal, not later than the first week of June or November, to enable them to secure timely admission.

Residence of Students.

Every student who does not reside with his parents or other legal guardian, or guardian approved by the Principal of his college, shall reside either in his college or in lodgings approved by his college.

Any student making a false declaration in respect of the guardianship under which he is living, shall be punished by the Principal of his college who will deal with the offence as occasion requires. Students will fill up residence forms supplied by the college office on or before 1st August.

The Hardinge Hostel.

The University Law College maintains a fully equipped Hostel for students reading in the college under Chapter XXIV (7) of the Calcutta University Regulations. There is accommodation for the residence of 145 students. As accommodation is strictly limited students are advised to apply to the Principal on or before 30th June.

Rules of residence in the Hardinge Hostel along with the names of the office-bearers for 1938-39 will be found in Appendix D.

APPENDIX C.

COLLEGE LIBRARY.

Rules.

1. The Library is for the use of the Principal, the Professors, and the students of the college and they alone have the privilege to use it subject to the present rules, and to such further rules and orders as may be agreed to by the Governing Body.

2. The Library shall be divided into two Sections, A and B.

Books in Section A shall not be removed from the college building, except by the Principal and Professors. Students may, at all times during which the Library is open, consult the books in this section.

Students and students alone may take loans of books in Section B. Every student will be at liberty to take loan of *one* volume at a time. A student who gives a deposit of Rs. 5 shall be entitled to take loan of an additional volume.

The Principal and Professors shall ordinarily be entitled to take loan from Section A of not more than *six* volumes at a time.

3. Books borrowed by the Principal, Professors or students under rule 2 shall be returned *within fourteen days* of the date on which they were removed from the Library. A book so returned may again be borrowed by the same person, provided that no other person entitled to use the Library shall have meanwhile lodged with the Librarian a written application for the same work.

4. If a volume borrowed from the Library is not returned within the period specified in Rule 3, the Librarian shall send a notice to the borrower calling for the return of the book. If a book is not returned *within one week* of the receipt of such notice, the borrower shall be liable to pay a penalty of one rupee per week for each volume so detained. During the period penalty is not paid, the privilege of such person to borrow books from the Library shall be suspended.

Provided, however, that students borrowing books from the Library shall not be entitled to any such notice. Students not returning the books borrowed by them from the Library within the prescribed period of fourteen days shall immediately on the expiry of the prescribed period, be liable automatically to pay a penalty of *one anna per diem* till the books are returned, and shall further be deprived of the privilege of borrowing or consulting books till the books are returned and the penalty is paid up.

5. Any person who acts in contravention of the above rules is liable to be reported to the Governing Body who may pass such orders as they may think fit.

6. In Section A of the Library, books which are valuable on account of their rarity or which belong to a series, or being out of print, it may be difficult or impossible to replace if lost, or books required for constant reference shall not be removed from the Library. A list of the works excluded from removal under this rule shall be drawn by the Governing Body and will be subject to revision and extension from time to time.

7. The Librarian shall report to the Governing Body, through the Principal, all cases in which books have been mutilated, disfigured by writing only on the margin, or otherwise injured while in the possession of readers.

Any person guilty of such offence shall be required to replace the injured by an uninjured copy of the book and shall be liable to the cost of its proper binding and other charges. He shall also be liable to pay such penalty as the Governing Body may prescribe and may, in their discretion, be suspended from the privileges of the Library.

8. Any student who damages any books in the Library or refuses to return books which he has borrowed and is not entitled to retain under the rules or who wilfully disregards these rules in any other way, shall be deemed to be guilty of breach of discipline and may, under Section 33 of Chapter XXIII of the Regulations be suspended, rusticated or expelled by the Principal.

9. A general inspection of the Library and the record of books issued and returned shall be made annually in the first week of May by the Governing Body, or by one or more members deputed by them for that purpose. During this period of inspection, the Library shall be closed, and all books whatever and by whomsoever borrowed shall be returned to the Library by the 30th April of each year.

10. (a) Whoever borrows a book from the Library with a view to take it out of the Library building is required to sign his name in the Loan Book. It is the duty of the borrower when he returns the book to satisfy himself that the entry against his name is cancelled; so long as the entry stands, he is liable to be held responsible for the book.

(b) If a member of the staff requires a book for use in the college building it will be issued to him on a written order signed by him; a book so issued must be returned on the day of issue.

(c) Students who desire to read in the Library will be allowed to do so on production of the special card issued to him and his signing the Loan Book kept in the Library.

11. Notwithstanding anything contained in these rules, the Principal or any of the Professors may have from the Library any book in the evening on condition that it is returned the next day by the time the college re-opens.

APPENDIX D.

RULES OF THE HARDINGE HOSTEL OF THE UNIVERSITY LAW COLLEGE.

APPROVED BY THE GOVERNING BODY.

I.—Admission.

1. The Hardinge Hostel is reserved for the use of Hindu students of the University Law College. It is a collegiate Hostel as defined in Chapter XXIV (7) of the University Regulations.

2. Applications for admission must be made in the prescribed form. Every admission shall be subject to the approval of the Principal or the Vice-Principal.

II.—Fees.

3. A fee of Rs. 6 shall be paid by every student on first admission to the Hardinge Hostel. If a student withdraws and seeks re-admission the fee must be again paid. Besides this a fee of Re. 1 for furniture and utensils and Re. 1 for the Common Room Library shall be paid at the time of first admission, and thereafter once every session the library and utensils fees shall be regularly paid.

Every student will also be required to deposit a further sum of Rs. 20 on his admission to the Hostel to make good any breakage or damage to the electric fittings, furniture, utensils, etc., for which he may be found responsible. He will also be required to deposit Rs. 5 as an advance towards the Hostel messing fund.

4. The monthly Hostel charges for each student shall be as follows :—

Seat-rent (including certain establishment charges, Municipal rates, medical aid, etc.) Rs. 5, or Rs. 6, or Rs. 7, or Rs. 8 per month according to position of seats.

Electric light * ... Rs. 2-8-0

Boarders will have to manage their own messing throughout the session. Salaries of cooks and kitchen servants are payable by them. The approximate cost of the boarders on this account will be Rs. 12 per month. Every boarder will have to pay Rs. 8 only as seat-rent, etc., for the months of May and June. But if any boarder is allowed to remain in the Hostel during the Summer Vacation, he will have to pay on account of seat-rent and electric charges, etc., Rs. 15 per month.

5. The monthly fees are payable in advance in two sums of Rs. 10-8-0 or less as per scale below, and of Rs. 12 to the University Cashier on or before the 7th of every month : for every day's delay beyond this limit, a fine of one anna will be levied for each such sum.

Scale—Rs. 10-8-0, Rs. 9-8-0, Rs. 8-8-0, and Rs. 7-8-0.

Hostel charges must be paid on or before the 7th of the month for which they are due. On default a fine of one anna per diem for each such sum will be levied till the end of the month. At the beginning of the next month the name of the defaulter will be automatically removed from the rolls and will not be restored except upon the special order of the Principal or the Vice-Principal.

6. Admissions are understood to be for a complete term and boarders are liable for all charges from the beginning of the term. Messing charges may, however, be remitted in special cases; in particular in cases of leave on medical certificate for a period of 15 days and over but not less than 15 days provided the 15 days fall within one and the same month and in case of late admission on transfer and on the occurrence of vacancies; also in case of withdrawal or transfer on medical certificate. Such remissions are to be decided by the Mess Committee subject to the approval of the Superintendent.

Remission of the messing charges cannot be claimed as a matter of right and no remission will be granted unless previously to absenting themselves boarders obtain the written permission of the Superintendent.

7. Withdrawal from the Hostel requires the sanction of the Principal or the Vice-Principal. Application for withdrawal must be made by the guardian, and submitted at least ten days before the date from which the withdrawal is to take effect.

III.—Furniture.

8. Bedstead, table, chair, stool, book-shelf, cloth-peg, dirty linen chest, one of each, and also a set of bell-metal utensils (1 rice plate, 1 tumbler and 2 cups), will be supplied to all boarders on admission. Boarders must provide their own bedding.

* Provisionally the boarders will have to deposit Rs. 2-8-0 per month along with their seat-rent on this account. If the total bill for electric consumption calculated at the end of the month exceeds the contribution made by the students under this head the balance will be recovered from them.

Furniture must not be removed from the Common Room or from one room to another without permission.

9. In case of wilful damage to furniture, fixture, or utensils, the damage must be made good by the boarder or boarders causing it.

IV.—Meals.

10. The arrangements for meals will be made by a Mess Committee of boarders, elected, two from each ward, by the boarders of the respective wards with the Superintendent as the President.

The Mess Committee will be elected monthly. They shall elect their own Secretary and Assistant Secretary.

11. The boarders must take their meals in the dining hall unless they are ill. The recognised times for meals are from 10 to 12 in the morning and from 8-30 to 10-30 in the evening. The dining hall will be closed at 12 noon and at 10-30 in the evening.

12. In cases of illness, boarders will be supplied with such invalid diet as may be prescribed by the Medical Officer to the Hostel, but if extra expense is involved, it must be borne by the boarder himself.

V.—Wards and Discipline.

13. The Hostel is divided into three wards, each of which shall be in charge of a Prefect who will be responsible for good order and discipline under the authority of the Superintendent. The Prefects will be appointed by the Principal or the Vice-Principal on the recommendations of the Superintendent and subject to the approval of the President of the Governing Body.

14. In each ward the Prefect will call the roll morning and evening. He will be trusted to do his best to maintain good order in his ward in every respect. He will be expected to report breaches of the rules and any serious case of misconduct to the Superintendent. The ward servants will be under his orders.

15. The Prefect will enjoy the following privileges: (1) He will be entitled to the exemption of seat-rent of Rs. 8 per month; he will have a single-seated room of his own choice in his ward. (2) He will be entitled to a special certificate when he leaves the college.

Prefects will not be entitled to take leave from the Hostel for a period of more than 15 days and that only in case he falls ill. If any Prefect leaves the Hostel for more than that period or is unable to attend to his duties, separate arrangements will be made by the Principal or the Vice-Principal and he will not be entitled to the privileges mentioned above.

16. The morning roll call will be at 7 A.M. and evening roll call at 9 P.M. throughout the year. At the hours of roll call, the Prefects will be present in the Hall or the Corridor of the ward, as the case may be, with the Register for 15 minutes. Boarders must come there within that time and sign their names in the Register. Failing to do this, the boarders will be treated as absent and marked as such by the Prefect. Absence from roll call will be punishable by fine of four annas.

17. Boarders will be expected to remain in their own rooms ordinarily and not disturb others by walking about in the verandahs, or talking.

18. All boarders are required to be in the Hostel by evening roll call. Boarders returning to the Hostel after 9 P.M. unless they have the written permission of the Superintendent to remain out later, will pay fines automatically in accordance with the following scale:—

					Rs.	A.
Between 9 and 10	0	4
Between 10 and 11	0	8

At 11 P.M. the gate will be locked for the night. The Durwan shall not allow any boarder to enter the Hostel after 11 P.M., unless such boarder had the previous written permission of the Superintendent to stay out later than 11 P.M. Any boarder remaining out later than 11 whether with or without the permission of the Superintendent shall be reported to the Principal.

19. A Conduct Register will be kept by the Superintendent (in accordance with the University Regulations) in which the names of boarders will be entered in all cases of serious misconduct. An entry once made cannot be altered or cancelled.

Complaints to the Superintendent against the menials and others should be made in writing. Boarders shall not take into their hands the task of chastising or punishing the menials. Such conduct will be regarded as misconduct.

20. Boarders are liable to be fined by the Principal or the Vice-Principal on the report of the Superintendent, for the infringement of rules, disobedience of orders and any other form of misconduct. More serious offences will be punished by entry of the offender's name in the Conduct Register, and in extreme cases, by removal from the Hostel.

21. A form of report for each student will be filled in and signed by the Superintendent at the end of each year (or at the time of withdrawal from the Hostel). A good report will be a condition of continuance in the college, and of admission to the University Examinations.

VI.—Water Supply and Electric Installation.

22. Students must not bathe anywhere in the 1st, 2nd, 3rd and 4th floors, and in the lavatory block of the ground.

23. Water will be available on these floors from 6 to 10 A.M. and from 3 to 6 P.M.

24. All lights, except some in corridors and passages, in the rooms must be shut down at 11 P.M.

25. All lights must be turned off, when the occupant of a room leaves it.

26. If a room locked from the outside is found with lights on, a *fine of one rupee per day* will be imposed.

27. Bulbs must not be changed by the students. Violation of this rule by a student will make him liable to a fine of Rs. 4.

28. Any breakage or damage to the electric fittings in the rooms, passages, and halls, must be at once reported to the Superintendent by the Prefects and ward servants, who will report to the Registrar. In the absence of a satisfactory explanation the occupant of the room or occupants of the rooms on the floor where the damage has been done will be required to make good the loss. To ensure this being done, each of the occupants of the Hostel will have to deposit Rs. 20 at the beginning of the session as per Rule 3 above, an account being rendered at the end of the session.

29. All assistants and students are expected to co-operate and assist the University in reducing the bills by shutting down the fans and lights when not in use. The Prefects in each ward shall see that the ward servants do shut down any fans and lights which are not in use.

VII.—Sickness.

30. Boarders, when ill, will be attended by the Medical Officer of the Hostel. If a boarder wishes to be attended by any other medical man, he must first obtain the permission of the Superintendent. In such cases, the Hostel Medical Officer has no responsibility for the patient. Any extra expenses involved for diet or nursing must be borne by the patient.

31. Boarders when reported as seriously ill will be removed to the Hospital.

32. In cases of infectious illness, special precautions are necessary. In all such cases (measles, chicken-pox, cholera) there must be segregation from the rest of the boarders ; cases of small-pox or plague must be at once removed from the Hostel.

VIII.—Visitors and other non-Residents.

33. Outsiders, whether friends or relatives of the students or any of the officers, as a rule, shall not be allowed to pass even a single night in the Hostel. In emergent cases such as illness of a boarder, relatives or friends may be admitted in order to nurse him with the previous written permission of the Superintendent to be subsequently confirmed by the Principal or the Vice-Principal.

Guests, as a rule, shall not be allowed to take their meals or to reside even for a single day in the Hostel.

Guests attending a sick boarder as stated above will be charged Re. 1 per day, eight annas of which will be paid to the mess fund.

34. Traders and hawkers of no description should come inside the hostel without permission from the Superintendent.

35. At 9 P.M. all visitors and other persons from outside, except friends and relatives with special permission under Rule 33, must leave the Hostel.

IX.—New Admission.

36. Students will be formally admitted, only on showing the University cashier's receipts for fees deposited for the University Law College. The receipt will be evidence that the student has been admitted to the college.

37. Any student desiring to stay in the hostel before he is formally admitted as a boarder can only be allowed to do so on depositing the admission fee of Rs. 6.

38. A student once formally admitted to the Hostel as a boarder, will not be permitted to have his admission cancelled. He may apply for withdrawal according to the rules paying full charges for the whole term (*vide* Rule 6).

39. The allotment of the seats will be entirely at the discretion of the Superintendent. His decision in this matter will be final. After the annual final allotment of seats no application for change of seats will be entertained unless accompanied with a fee of Re. 1. Without the previous sanction in writing of the Superintendent no mutual exchange of seats will be permissible.

UNIVERSITY BASANTI-BIJAY SCHOOL OF MINING AT IKHRA

Mr. Prankrishna Chatterjee of 115A, Amherst Street, Calcutta, offered in the following letter addressed to the Hon'ble the Vice-Chancellor to make over to the Calcutta University his school at Ikhra with buildings and 100 bighas of land and rupees ten thousand in cash for the equipment of a laboratory suitable for mining students together with an annual grant of 1,800 rupees chargeable upon his estate for the purpose of starting a University Mining School :—

“ 115A, AMHERST STREET, CALCUTTA
1st September, 1921.

To

THE HON'BLE SIR ASUTOSH MOOKERJEE,

VICE-CHANCELLOR, CALCUTTA UNIVERSITY.

SIR,

For some time past I have entertained a strong desire to open up facilities for instruction in Mining in this Presidency. I feel much attracted by your successful efforts to promote scientific and technical training by the establishment of the University College of Science and Technology, and I venture to approach you in the hope that my humble offer of assistance in the direction indicated will receive favourable consideration at the hands of the University authorities.

I have maintained for many years at Ikhra (near Raneegunge) a school named Basanti-Bijay H. E. School, which has been recognised by the University as qualified to impart instruction up to the Matriculation standard. The school is very largely residential and has, I venture to think, a record of successful work to its credit. The school grounds occupy an area of nearly 30 bighas on which stand the school building and the hostel for students and teachers. Ikhra is situated in the very heart of the coal district and is an obviously suitable place for the establishment of a Mining School.

It is my desire that the University may establish a University School of Mines at Ikhra ; the beginning may be modest, but doubtless there will be considerable development before many years elapse. With this object in view, I am prepared to make over to the University in perpetuity the following properties :—

- (1) One hundred bighas of land at Ikhra. (Value—about Rs. 50,000.)
- (2) The Basanti-Bijay H. E. School with its furniture and appurtenances to be managed and maintained by the University and to be developed into a University School of Mines.

(Value of building and furniture—about Rs. 75,000.)

Note.—I shall complete the buildings now in course of erection and put in order the existing building. (Estimated cost—about Rs. 10,000.)

(3) Rupees Ten thousand in cash for the equipment of a Laboratory suitable for mining students.

(4) An annual grant of Rs. 1,800 charged upon the estate left by my late father Babu Bijay Gobinda Chatterjee, under the terms of his will.

(Capitalised value—Rs. 30,000.)

The institution should be placed by the University under the management of a Committee composed as follows :—

1. The Vice-Chancellor of the University, *President, ex officio*.
- 2-3. Two members of the Senate (elected annually).
4. One member of the Faculty of Science (elected annually).
5. One member of the Faculty of Engineering (elected annually).
- 6-7. One University teacher in Geology and one University teacher in Mining selected annually by the Council of Post-Graduate Teaching in Science).

8. One member to represent the Department of Industries (annually nominated by the Minister-in-Charge).

9. The Director-General of Geological Survey of India, *ex-officio*.

10. The Head of the Institution, *ex-officio*.

11. One representative of the Staff in the General Department of the institution (annually elected by them).

12. One representative of the staff in the Mining Department of the institution (annually elected by them).

The Hon'ble Sir Asutosh Mookerjee shall always be a Member of the Committee, if he has not otherwise a seat thereon.

There shall in addition be an Advisory Board which shall also act as a Board of Visitors. The Board shall be constituted annually by the Senate and shall include one representative of the Department of Mines of the Government of India and one person possessing intimate knowledge of the working of mines.

As soon as this offer is accepted by the Senate, I shall take the necessary steps to execute the requisite deeds in favour of the University.

Yours sincerely,

PRANKRISHNA CHATTERJEE."

On the recommendation of the Syndicate, the Senate, on the 24th September, 1921, accepted the generous offer with thanks.

The following deed of gift has been executed by the Donors in favour of the University :—

PREMCHAND ROYCHAND RESEARCH STUDENTSHIPS

Premchand Roychand, Esq., of Bombay, in a letter to the Government of India, offered to make a donation of two lakhs of rupees to the Calcutta University, and on the 9th February, 1966, paid over this amount to the Government of India to be transferred to the University and held by it as a Body Corporate under Section 2 of Act II of 1857. Mr. Premchand Roychand further expressed a hope "that the money should be devoted to some one large object or to a portion of some large object for which it might in itself be insufficient."

The Senate, at its meeting on the 21st July, 1866, thankfully accepted Mr. Premchand Roychand's munificent donation, and directed that it should be invested in 5 per cent. Government Securities.

The Senate, on 2nd May, 1908, framed rules for appropriating the proceeds of the donation.

The rules for the Premchand Roychand Studentships, as modified by the Senate on 18th June, 1938, stand as follows :—

(1) Four Studentships of Rs. 2,400 a year each, to be called the Premchand Roychand Research Studentship, shall be maintained from out of the interest of the Endowment.

(2) Any graduate of the University of Calcutta, who has passed the examination for the Degree of Master or Doctor in any Faculty of this University, during the period of sixteen years from 1st January following the year in which he passed the Matriculation Examination of this University, shall be eligible for only one of these Studentships.

(3) The Studentship shall be awarded for promotion of Research and shall be awarded to those who have given satisfactory proof of capacity for original research. Each Studentship shall be tenable for two years during which the student will be required to carry on some special investigation of work in the subject in which the Studentship was awarded.

(4) Any person to whom the Studentship is awarded must be in a position to devote the whole or at least a substantial part of his time to research work. The Studentship shall not be held along with any other research scholarship and if the Studentship is awarded to a person who is already holding a research scholarship, he shall resign such scholarship before he may accept the Studentship.

(5) Ordinarily the Studentship will be indivisible, and in no case shall it be divided between more than two students.

(6) The Studentship shall ordinarily be awarded every year, one in a Literary subject, and the other in a Scientific subject.

(7) The Literary subjects shall be as follows :—

English, Sanskrit, Pali, the Prakrits and Indian Vernaculars, Arabic, Persian, Comparative Philology (with special reference to the Oriental Languages), Philosophy, History (including Indian History and Culture), Anthropology, Economics and Social and Political Science.

(8) The Scientific subjects shall be as follows :—

Mathematics, Physics, Chemistry, Physiology, Botany, Geology, Zoology (including Proto-Zoology and Comparative Anatomy) and Experimental Psychology.

(9) For purpose of the award the Literary and Scientific subjects shall be divided into two groups each, as indicated below, and the Studentship shall be awarded in those groups in rotation :—

Literary Subjects

GROUP A

Languages—English, Sanskrit, Pali, the Prakrits and Indian Vernaculars, Arabic, Persian, Comparative Philology with special reference to Oriental Languages and Philosophy.

GROUP B

History (including Ancient Indian History and Culture), Anthropology, Economics and Social and Political Science.

Scientific Subjects

GROUP A

Mathematics (Pure and Applied) and Physics (Pure and Applied).

GROUP B

Chemistry (Pure and Applied), Physiology, Botany, Geology and Mineralogy, Zoology (including Proto-Zoology and Comparative Anatomy), and Experimental Psychology.

(10) Candidates for the Studentship shall submit their applications to the Registrar not later than the 30th November in any year and shall at the same time pay a fee of Rs. 50. Each application shall state—

(a) the academic distinctions which the candidate has obtained :

(b) the subject in which he has specialised :

(c) any research or investigation which he has made in the selected subject or in any allied branch of knowledge :

(d) the subject in which he intends, if elected to a Studentship, to carry on special investigation or research.

Every candidate shall submit along with his application three copies, printed or type-written, of a thesis dealing with some subject in which he has carried on or intends to carry on research. He shall also submit copies of such papers as may have already been published by him. Every candidate shall further state whether the research or investigation which he intends to undertake will be carried on in any particular library or laboratory, and if so, what facilities are available. He shall produce along with his application testimonials to satisfy the Syndicate that he is in habits and character a fit and proper person to carry on the research that he proposes to undertake.

(11) If a candidate presents a thesis under any one of the groups mentioned in Rule 9, he shall not be permitted to present what is substantially the same thesis under the other group in the following year.

(12) As soon as possible after the applications have been received, the Syndicate shall, after taking expert advice, appoint two special Boards of Examiners, one to report on the applications in the Literary subjects, and the other to report on those in the Scientific subjects.

(13) The candidates shall not be required to submit themselves to any written or oral or practical examination, but either Special Board may require any candidate to appear before it, with a view to ascertaining precisely the nature of the research or investigation in which he has been previously engaged or which he wishes to undertake if elected to the Studentship.

(14) Each Board shall submit a report dealing with the name and qualifications of the candidate recommended for election to the Studentship and the grounds for such recommendation. Such report shall reach the Registrar not later than the end of February.

Neither Special Board shall be bound to recommend any candidate if in its judgment none of the candidates is qualified to carry on research or investigation so as to be worthy of the Studentship.

(15) The Reports of the Special Boards, together with the detailed reports of the individual examiners, shall be laid before the Syndicate not later than the 15th March, every year, and if the Syndicate, upon the reports, are satisfied that the candidates recommended are worthy of the Studentships, they shall make the award accordingly.

(16) If in any given year there is no thesis up to the required standard, no Studentship shall be awarded in that year, and it shall be permissible to award two Studentships one in each group in the following year.

(17) Each Studentship shall be tenable from the month of April and each student shall receive Rs. 150 a month.

(18) Not later than 31st January in each year, every Student shall submit to the Registrar a detailed statement of the research or investigation in which he had been engaged during the year. If the Syndicate are satisfied on the report of an examiner or examiners appointed for the purpose that the research or investigation has been duly carried on, so that the object for which the Studentship was awarded has been realised, the Student shall receive at the end of March next a sum of Rs. 600.

(19) If it is proved to the satisfaction of the Syndicate that a Student has undertaken no research or investigation or has abandoned it or has otherwise acted in contravention of the terms upon which the Studentship was granted, they may at any time suspend the payment of the monthly stipend.

(20) The Syndicate shall, whenever practicable, arrange for the publication of such of the researches of Premchand Roychand Students as may appear to be of special value or excellence.

(21) The names of the Premchand Roychand Students, past and present, shall be printed in the Calendar after the names of Fellows.

The revised rules were given effect to from the year 1931, the Studentships in Arts and Science for the year 1931 being awarded on the theses submitted on one of the subjects enumerated under Group A.

The Syndicate adopted the following rules for submission of theses:—

I. Any candidate who submits a thesis for any Degree, Diploma, Studentship, Scholarship or Prize must submit the same *in triplicate* together with a declaration to the following effect duly signed (either by name or by *nom-de-plume* as the case may be):

I hereby declare that the enclosed ^{thesis} ~~theses~~ which I submit for the

..... ^{is} ~~are~~ not the same or substantially the same that ^{was} ~~were~~ submitted by me previously and approved for any Degree, Diploma, Studentship, Scholarship or Prize of any University.

II. No thesis or essay for any Degree, Diploma, Studentship, Scholarship or Prize will be accepted unless it is printed or type-written. Any thesis or essay written in hand submitted for the above will be rejected.

(For list of Premchand Roychand Students, *vide* p. 10.)

MOUAT MEDAL

The Commission of the Mouat Testimonial Fund made over to the University the sum of Rs. 1,740 to be invested in six per cent. Municipal Debentures, with the request that the University would apply the annual interest to carry out the following purposes :--

1. That two annual Gold Medals be instituted, to be named the Mouat Medals.
2. That a Medal be awarded to each Premchand Roychand Student at the end of the term of his Studentship, provided he has carried on research or investigation in accordance with the regulations under which the Studentship is awarded.
3. That a Medal be presented publicly to the successful Students at the Annual Convocation for conferring Degrees.
4. That in the event of a deficiency in the Fund, the balance required be contributed from the University Fee Fund.

The Senate, at the annual meeting in 1872, thankfully accepted the benefaction for carrying out the object of the Fund.

COATES MEDAL *

On the 29th May, 1889, the Honorary Secretary, Coates Memorial Fund, made over to the University the sum of Rs. 2,270-5, for the purpose of creating an endowment for the award of a prize for Oriental Research in Medicine.

Out of the above sum made over by the Honorary Secretary, Rs. 2,000 have been invested in 3½ per cent. Government Promissory Notes.

Certain revised rules for the award of the Coates Memorial Prize were adopted by the Syndicate at their meeting held on the 8th March, 1912.

The award of the Coates Memorial Prize was in force up to 1927.

On the 18th of January, 1929, the Syndicate decided to award a medal called the Coates Medal instead of a prize, out of the Funds of the Endow-

* Formerly Coates Memorial Prize.

ment, for notable contribution to Medical Science, and adopted the following set of rules for its award :—

1. The Coates Medal shall be annually awarded by the Syndicate on the recommendation of a Board of Adjudicators to be appointed by the Faculty of Medicine.

2. The Medal should be awarded to a Graduate of Medicine of the Calcutta University who is adjudged to have made the most notable contribution to Medical Science during the previous seven years.

3. The Committee shall draw up a report recommending the individual who, in their opinion, is best qualified to receive the Medal, and the report shall specify the chief contributions of the person recommended.

4. The Committee may, in any year, abstain from making a recommendation, if in their opinion no person of sufficient distinction to justify the award is available. In such a case the surplus income shall be invested and added to the Fund.

5. The Medal shall be presented publicly to the recipient at the first Convocation of the University following the award.

6. The names of the Medallists shall be published in the Calcutta Gazette and the University Calendar.

7. The Medal shall bear the University Arms on one side and the name of the recipient and the year of the award on the other.

GRIFFITH MEMORIAL PRIZE

In August, 1901, the Registrar received from Messrs. Winter Bothamley and Co., Solicitors, London, a sum of Rs. 25,935-0-9, being the value deducting costs of the one-tenth share of the residuary estate bequeathed to the University by the late Mr. William Griffith. A Sub-Committee of the Syndicate consisting of the Hon'ble the Vice-Chancellor, the Rev. Fr. E. Lafont, S.J., C.I.E., M.I.F.E., Alex. Pedler, Esq., C.I.E., F.R.S., and the Hon'ble Dr. Asutosh Mukhopadhyay, M.A., D.L., F.R.A.S., F.R.S.E., was appointed to consider the question as to the disposal of the amount. In December, 1901, a further sum of Rs. 60 was received from Winter Bothamley and Co., on account of assets sold since the division of the estate, thus making the total value of the bequest Rs. 25,995-0-9. The amount was invested in 3½ per cent. Government Securities of the nominal value of Rs. 26,800. Out of the interest of this Fund, the Syndicate have decided to award an annual prize to be called the "Griffith Prize."

The following rules recommended by the Sub-Committee were adopted by the Syndicate on the 14th December, 1901 :—

An annual Prize to be called the Griffith Prize will be awarded by University for the encouragement of advanced study in Science and Letters.

All persons who have taken the Degree of Bachelor in the Faculty of Arts or the corresponding Degree in any other Faculty in this University will be allowed to compete. The Prize will be awarded to Science and Letters, in alternate years.

Candidates for the Prize will be required to submit an essay or a record of original work in some department of Science or of Letters, as the case may be, and each candidate will be required to send his essay or record of work to the Registrar under a distinguishing motto. The name of the candidate must be forwarded at the same time in a sealed envelope with the motto outside.

Honorary Examiners will be appointed by the Syndicate to adjudicate upon the merits of the work submitted by the candidates.

If in any year no prize is awarded by reason of no candidate having shown sufficient merit to entitle him to the prize, the income of that year may be utilized in awarding a second prize in the next or any subsequent year.

The value of the Prize is Rs. 900

The Syndicate adopted the following rules for the submission of theses :—

I. Any candidate who submits a thesis for any Degree, Diploma, Studentship, Scholarship, or Prize must submit the same in *triplicate* together with a declaration to the following effect duly signed (either by name or by *nom-d e-plume* as the case may be) :—

I hereby declare that the enclosed ——— thesis
is theses
..... — not the same or substantially the same that — was
are were
mitted by me previously and approved for any Degree, Diploma, Studentship, Scholarship or Prize of any University.

II. No thesis or essay for any Degree, Diploma, Studentship, Scholarship or Prize will be accepted unless it is printed or type-written. Any thesis or essay written in hand submitted for the above will be rejected.

III. The last date for submission of theses for the prize is the 2nd of January following the year for which the Prize is to be awarded.

JOGENDRACHANDRA GHOSE'S RESEARCH PRIZE IN
COMPARATIVE INDIAN LAW

In January, 1902, the late Babu Jogendrachandra Ghose, Member of the Senate, offered to place, at the disposal of the Calcutta University, Government Securities of the nominal value of Rs. 10,000 of the loan of 1865 for the encouragement of the study of Comparative Indian Law by persons belonging to what is called the *Adhyapak* class in Bengal, and for the purpose of establishing, out of the annual income of the Fund, a prize to be awarded to the writer of the best essay on the subject under the following conditions :—

(1) By Comparative Indian Law shall be meant the Hindu Smriti Sastra called "*Byacharakhanda*" and a comparison of the standard Sanskrit authori-

* The value of the Prize was divided equally among the authors of the theses.

ties on the subject with British Indian Law as contained in Parliamentary Statutes, Regulations and Acts of the Indian Legislative Council, and the Law as laid down in Leading Cases. The study, which it shall be the object of the prize to encourage, is the History of the Hindu Smriti Sastra as it existed at and from the time when India came under British rule and how and to what extent it has been altered under British influence, regard being had not only to the existing Statutes, Regulations and Acts but also to those which, having been in operation for a time, have now been repealed or become obsolete and regard being also had not only to the existing Leading Cases but to cases which were considered leading at one time but have now been overruled, and how and to what extent such alteration has affected Hindu Society.

(ii) The essay at the discretion of a Committee consisting of the Vice-Chancellor for the time being of the University, the President of the Faculty of Law and the Principal of the Government Sanskrit College in Calcutta may deal with the whole of the Comparative Indian Law, as before defined or with part or parts thereof; but in no case shall an Essay be entitled to competition which in any way attacks the religious belief, usages or institutions of His Majesty's subjects. And it shall be in the province and discretion of the said Committee (a) to make a detailed programme of studies for the proposed prize, (b) to name the subject of the essay for any one particular year, and (c) to decide whether such prize shall be awarded every year or at longer intervals.

(iii) By *Adhyapak* shall be meant scholars of the Smriti Sastra, students of Smriti in the Government Sanskrit College in Calcutta, and in the *Tols* or indigenous Brahmanical schools which send in candidates for the Title Examinations held in that College, and students in other similar institutions in India.

(iv) Every candidate for the prize shall be required to indicate generally in a preface to his thesis, and specially in notes, the sources from which his information is taken, the extent to which he has availed himself of the work of others and the portion of the thesis which he claims as original. He shall further be required to state whether his research has been conducted independently, under advice, or in co-operation with others, and in what respects his investigations appear to him to tend to the advancement of knowledge.

(v) Successful candidates shall be required to publish their essays, and if necessary, they shall receive help from the University for the purpose.

(vi) The essay or essays shall be written either in English or in Bengali, but if any competitor sends in an essay in a vernacular language other than Bengali, he shall be bound to furnish an English translation thereof.

(vii) The adjudicators for the prize shall be the Vice-Chancellor of the University, the Chief Justice of Bengal, the President of the Faculty of Law and the Principal of the Sanskrit College in Calcutta. They shall be entitled to consult experts on their own selections to assist them, (a) to decide whether the essay or essays in competition is or are of sufficient merit to deserve the prize, (b) to award such prize, (c) to decide about the number of manuscript copies of each essay to be sent in by the successful competitors, and (d) to consider the ways and means of the publication of any essay or essays.

(viii) The Prize shall be called the "Research Prize in Comparative Indian Law."

The offer was thankfully accepted by the Syndicate on the 8th February, 1902.

The Syndicate adopted the following rules for the submission of theses:—

I. Any candidate who submits a thesis for any Degree, Diploma, Studentship, Scholarship, or Prize must submit the same in triplicate together with a

MAHARAJA OF DURBHANGA SCHOLARSHIP

On the 29th of August, 1906, the Honorary Secretary to the Maharaja of Durbhanga Memorial Fund made over to the University a sum of Rs. 9,279-12-2 for the purpose of creating an endowment for the award of a Scholarship, to be called the "Maharaja of Durbhanga Scholarship," for the furtherance of medical studies.

The offer was thankfully accepted by the Syndicate on the 15th September, 1906.

The following rules for the award of the Scholarship were adopted by the Syndicate :—

1. That the Scholarship shall be called the "Durbhanga Research Scholarship," and that it shall be awarded for the purpose of encouraging original research in Medicine in its various branches.

2. That all Graduates and Licentiates in Medicine of the Calcutta University shall be eligible to compete for the Scholarship.

3. That the value of this Scholarship shall be Rs. 50 a month, that it shall be awarded every alternate year and that it shall be tenable for one year only from July to June.

4. That the Scholarship shall be awarded under the following conditions :—

(a) That the Scholar shall be appointed by the Syndicate on the recommendation of the Faculty of Medicine.

(b) That the Scholar shall be required to devote at least 4 (four) hours a day, Sundays and holidays excepted, during the tenure of his Scholarship to research work in any special branch of Medical Science to be previously selected by him and approved by the Board of Studies in Medicine, and that his work shall be open to inspection by a member of the Faculty of Medicine to be specially deputed by the Faculty in that behalf.

(c) That the applications for the Scholarship shall be invited by the Registrar in the month of January of the year in which the Scholarship is to be awarded and that such applications must reach the University office not later than the 30th of April next following. Every candidate must state in his application the special subject or branch of Medical Science in which he proposes to carry on investigation or research work, and must also state in what respects his investigations appear to him to tend to the advancement of Medical studies. He shall also state in his application the place where he intends to carry on his research work, if in a recognised Laboratory or Hospital a recommendation from the head of such Laboratory or Hospital as to the fitness of the candidate to conduct such work and the probable value of such work must accompany the application. If the candidate intends to carry on his investigation privately, his application must be supported by a certificate to the above effect from a member of the Faculty of Medicine.

(d) That during the tenure of his Scholarship, every Research Scholar shall be required to submit short quarterly reports of his work to the member of the Faculty of Medicine who may be deputed to inspect his work upon whose favourable report the continuance of his scholarship shall depend.

(e) Each scholar shall, at the end of his tenure of scholarship, submit a complete statement, type-written or otherwise, ready for publication, which shall be laid before the Faculty of Medicine who shall, if publication be deemed advisable, decide all questions in connection therewith.

JUBILEE RESEARCH PRIZES

The following scheme was adopted by the Senate on the 11th April, 1908 :—

1. In commemoration of the Jubilee of the University, prizes shall be instituted for the promotion of research by its graduates.

2. Out of the University Reserve Fund, a sum of Rs. 30,000 (thirty thousand) shall be set apart and called the Jubilee Research Prize Fund.

3. Out of the income of the aforesaid Fund, two Prizes shall ordinarily be awarded every year. Each prize shall consist of a gold medal of the value of Rs. 150 and a sum of Rs. 350 in cash.

4. One Prize shall be awarded for research in Arts subjects and another for research in Scientific subjects. The Arts subjects include Literature, Oriental language, Philology, Archæology, History, Economics, Philosophy and cognate branches of knowledge. The Scientific subjects include Pure and Applied Mathematics and the different branches of Natural and Physical Science.

5. Not later than the 1st March in every year the Syndicate shall invite the members of the Senate to make suggestions with reference to definite problems which they consider to be suitable subjects for investigation, such suggestions to reach the Registrar not later than the 31st of May. It shall be the duty of each Member who make suggestions to show that it is possible to carry out the suggested research with the means available in this country. Not later than the 30th June in every year the Syndicate shall determine and announce two subjects, one in Arts and one Scientific, in which Prizes shall be awarded in the second year following that in which the announcement is made. The announcement shall specify as accurately as practicable the particular problem or class of problems in which research is invited.

6. The Prizes shall be open to all persons who have at any time been admitted to a Degree in this University.

7. Every thesis shall be sent privately to the Registrar not later than the 30th of June, in the next but one year succeeding that in which the subjects are announced. Every thesis shall bear a motto but not the name of candidate and shall be accompanied by a sealed envelope bearing the same motto outside and containing inside the name and address of the candidate.

8. Every candidate shall indicate generally in the preface to his thesis and specially in the notes the sources from which his information is taken, the extent to which he has availed himself of the work of others and the portions of the thesis which he claims as original. He shall further state whether his research has been conducted independently, under advice, or in co-operation with others, and in what respect his investigations appear to him to tend to the advancement of knowledge.

9. As soon as may be, after all the theses have been received, the Syndicate shall have them adjusted by Boards of Examiners; there shall be one Board for the theses on the Arts subjects and another for those on the Scientific subjects. It shall be an instruction to the Boards not to recommend any theses for a Prize unless it exhibits a sufficient standard of excellence.

10. Not later than the 30th September in every year, the Syndicate shall, upon the reports of the Boards (which shall be published in the Minutes), award the Prizes.

11. If in any year it is reported that there is no theses worthy of either of the Prizes, the Prize shall not be awarded, and a Prize not so awarded may at the discretion of the Syndicate be awarded in the same or in any subsequent year to the author of a thesis upon any subject which may be declared worthy of the Prize by the Board of Examiners.

12. Any Board of Examiners shall be at liberty, in recommending particular theses for Prize, to include in their reports the names of any other theses which, in their opinion, deserve considerable praise or commendation.

13. Every candidate shall be at liberty to publish his thesis, and the thesis of every successful candidate shall be published by the University. The Syndicate may also, at its direction, publish any thesis which has been specially commended.

14. The first announcement of the subjects for the Prizes was made in June, 1908.

The Syndicate adopted the following rules for the submission of theses:—

I. Any candidate who submits a thesis for any Degree, Diploma, Studentship, Scholarship or Prize must submit the same *in triplicate* together with a declaration to the following effect duly signed (either by name or by *nom-de-plume*, as the case may be):—

"I hereby declare that the enclosed thesis which I submit for the theses

is

THE HON'BLE MAHARAJA SIR MANINDRACHANDRA NANDI,
K.C.I.E., OF COSSIMBAZAR'S INDIAN MATHEMATICS AND
ASTRONOMY RESEARCH FUND.

(Senate, dated the 7th January, 1911)

The Hon'ble Maharaja Sir Manindrachandra Nandi of Cossimbazar paid the first instalment of his promised donation of Rs. 20,000 to be paid in five annual instalments of Rs. 4,000 each for publishing the text and translations of works on Ancient Indian Mathematics and Astronomy, so that Sanskrit works on these subjects may yet be rescued and made available to the learned world. Dr. G. Thibaut, C.I.E., Ph.D., D.Sc., who was appointed to prepare a scheme for giving effect to the above proposal, died in October, 1914. Since then Mr. Phanindralal Ganguli, M.A., Lecturer in Pure Mathematics, has been entrusted with the work.

by the Syndicate on the recommendation of the Board of Studies in Sanskrit Languages, at least one year in advance of the date when the Medal is to be awarded.

4. Not later than the month of April of the year preceding the year in which the above-named Medals are to be awarded, the Board of Studies in Sanskrit Languages shall select and recommend to the Syndicate a historical or biographical subject for the Essays to be submitted in competition for the "Mokshada Sundari Medal" and also a subject for poems to be submitted in competition for the "Nalini Sundari Medal." The subjects so selected, when approved by the Syndicate, shall be notified in the Gazette.

5. Every candidate for each of the two aforesaid Medals shall be required to submit, not later than the 30th November in any year, an essay or a poem, as the case may be, on the subject selected for the Medal for the year to the Registrar under a distinguishing motto. The name of the candidate must also be forwarded at the same time in a sealed envelope with the motto outside.

6. Honorary Examiners shall be appointed by the Syndicate to adjudicate upon the merits of the essays and the poems submitted by candidates. In adjudging the essays submitted, preference should be given to the one which indicates research or investigation by the author. The essay and the poem of the two successful candidates shall be published by the University.

7. The names of the medallists shall be published in the Gazette as well as the University Calendar.

8. If in any year no essay or poem is submitted, or the essays or poems sent in are adjudged by the Examiners to be not worthy of a medal, a second Medal or a Medal in a second subject shall be awarded in a subsequent year as the Syndicate may direct.

9. Notwithstanding anything to the contrary in Rule 3, the subjects for the aforesaid Medals for 1912 and 1913 were determined and announced earlier.

The Syndicate adopted the following rule for the submission of theses :—

Any candidate who submits a thesis for any Degree, Diploma, Studentship, Scholarship or Prize, must submit the same in triplicate together with a declaration to the following effect duly signed (either by name or by *nom-de-plume*, as the case may be) :

ONAUTHNAUTH DEB PRIZE FOR THE PROMOTION OF RESEARCH
IN LAW

Babu Onauthnauth Deb made over to the University 4 per cent. Port Trust Debentures of the nominal value of Rs. 25,000 for the institution of an annual Prize consisting of a Gold Medal worth Rs. 250 and Rs. 750 in cash, to be called Onauthnauth Deb Research Prize, to be awarded by the University for the promotion of Research in Law.

The offer was thankfully accepted by the Senate on the 9th March, 1912.

The Syndicate on the recommendation of the Faculty of Law adopted the following rules for the award of the Prize :—

1. An annual prize consisting of a Gold Medal worth Rs. 250 and Rs. 750 in cash, to be called the "Onauthnauth Deb Research Prize," shall be awarded by the University for the promotion of Research in Law. The Medal shall be presented to the recipient at the Annual Convocation.

2. The competition for the Prize shall be open to all persons who have at any time been admitted to a Degree in the University of Calcutta.

3. A subject for research in any branch of Jurisprudence of Law shall be annually selected by the Faculty of Law in the first week of December at least two years in advance of the date when the Prize is to be awarded. The subject so selected, when approved by the Syndicate, shall be notified in the Gazette for general information.

4. Each candidate for the Prize shall be required to submit, not later than the 30th November in any year, a thesis or record of original work in the subject selected for the Prize of that year and to send three type-written or printed copies of his thesis or record of work to the Registrar under a distinguishing motto. The name of the candidate must also be forwarded at the same time in a sealed envelope with the motto outside.

Explanation—The thesis for the Prize in any year must be submitted not later than the 30th November of the preceding year.

5. Every candidate shall further be required to indicate generally in the preface to his thesis, and specially in the notes, the sources from which his information is taken, the extent to which he availed himself of the work of others, and the portion of the thesis which he claims as original. He shall also be required to state whether his research has been conducted independently, under advice, or in collaboration with others, and in what respects his investigations appear to him to tend to the advancement of knowledge.

6. A Board of Honorary Examiners, consisting of three experts, shall be appointed by the Syndicate on the recommendation of the Faculty of Law to

adjudicate upon the merits of the thesis or records of original work submitted by the candidates. The award of the Board of Examiners shall be subject to the eventual confirmation of the Senate and the thesis of the successful candidate shall be published by the University.

7. The name of the Prize-winner and the subject of his thesis shall be published in the Gazette and shall also be printed in the University Calendar.

8. If in any year no thesis is received or the theses submitted are pronounced by the Board of Examiners not to be of sufficient merit to deserve the Prize, a second Prize or a Prize in a second subject shall be awarded in a subsequent year as the Syndicate may direct.

9. Notwithstanding anything to the contrary in Rule 3, the subjects for 1912 and 1913 shall be determined and announced as early as practicable.

The Syndicate adopted the following rules for the submission of theses :—

I. Any candidate who submits a thesis for any Degree, Diploma, Studentship, Scholarship or Prize must submit the same in *triplicate* together with a declaration to the following effect duly signed (either by name or by *nom-de-plume*, as the case may be) :

SIR ASUTOSH MOOKERJEE MEDAL

On the occasion of the appointment of the Hon'ble Sir Asutosh Mookerjee, Kt. C.S.I., etc., as the acting Chief Justice of Bengal, Babu Kesoram Poddar, President, Marwari Association, made over to the University a sum of Rs. 5,000 to be utilised in accordance with a scheme to be drawn up by the Hon'ble Justice Sir Asutosh Mookerjee. The offer was accepted with thanks and the money has been invested in $3\frac{1}{2}$ per cent. Government Securities for Re. 8,600.

The following scheme was adopted by the Syndicate :—

(1) That the income of the fund be applied for the encouragement of original research in Letters and Science.

(2) That a Gold Medal of the value of Rs. 300 to be called " Sir Asutosh Mookerjee Medal" be struck annually from a die specially prepared for the purpose and be awarded to the author of the best original thesis on Letters or Science alternately.

(3) That the Medal be open to competition among all persons who have at any time been admitted to a Degree in this University.

(4) That candidates for the Prize be required to submit their theses to the Registrar on or before the 31st December of the year for which the Medal is to be awarded, under a distinguishing motto, the name of the candidate being forwarded at the same time in a sealed envelope with the motto outside.

(5) That a Board of Honorary Examiners be appointed by the Syndicate on the recommendation of the Executive Committee of the Council of Post-Graduate Teaching in Arts or Science, as the case may be.

(6) That if in any year no Medal is awarded by reason of no thesis being received or no candidate having shown sufficient merit, the income of that year be utilised in awarding a second Medal in the next or any subsequent year.

(7) That the Medal of 1920 be awarded for original work in the Department of Letters.

The gift was accepted with thanks and the scheme was approved by the Syndicate on the 23rd April, 1920.

The Syndicate adopted the following rules for the submission of theses :—

I. Any candidate who submits a thesis for any Degree, Diploma, Studentship, Scholarship or Prize must submit the same *in triplicate* together with a declaration to the following effect duly signed (either by name or by *nom-de-plume*, as the case may be) :—

" I hereby declare that the enclosed thesis theses which I submit for the

..... is are not the same or substantially the same that was were submitted by

me previously and approved for any Degree, Diploma, Studentship, Scholarship or Prize of any University."

II. No thesis or essay for any Degree, Diploma, Studentship, Scholarship or Prize will be accepted unless it is printed or type-written. Any thesis or essay written in hand submitted for the above will be rejected.

III. The last date for the submission of thesis is fixed as the 2nd of January following the year for which the award is to be made.

NAGARJUNA PRIZE

Sir Prafullachandra Ray, Kt., C.I.E., D.Sc., Ph D., F.C.S., Palit Professor of Chemistry, offered to place at the disposal of the University a sum of Rs. 10,000 under the conditions mentioned in the following letter addressed to the Hon'ble the Vice-Chancellor :—

" University College of Science,
92, Upper Circular Road,
Calcutta, 24th March, 1922.

MY DEAR SIR ASUTOSH,

On your invitation, I joined the College of Science from its very inception and I have always tried my best to foster the spirit of research among those among whom I have been working. It is now my desire to place at the disposal of the University a sum of Rs. 10,000, representing the best part of my life's savings, for founding an annual Prize, to be awarded for the best piece of research work in Chemistry, Pure or Applied, by any student working in the College of Science. The Prize shall be open to competition among all Graduates of this University. The Board of Adjudicators for the Prize shall be constituted as follows :—

Palit Professor of Chemistry.
Ghose Professor of Chemistry.
Ghose Professor of Applied Chemistry.
Singh Professor of Chemistry.

One other expert nominated annually by the other four members of the Board.

The award shall be made by the Syndicate on the recommendation of the Board of Adjudicators.

The Prize shall consist of a Gold Medal of the value of Rs. 100 and Rs. 500 in cash.

The Prize is to be called the "Nagarjuna Prize" after the great Indian Chemist of that name, whose accurate observations and painstaking investigations have justly elicited the applause of succeeding generations and who,

as described in my *History of Hindu Chemistry*, is looked upon as the precursor of chemical activity in this our ancient land.

If in the opinion of the Adjudicators the work in any year is not up to the mark, the Prize should be withheld for the particular year and would be awarded on any subsequent occasion.

Yours sincerely,

P. C. Ray."

The Senate thankfully accepted the offer on the 8th April, 1922.

With regard to the value of the Prize the following modification was made by the Senate on the 16th September, 1933 :—

"The value of the Medal and the cash Prize is subject to any alteration which may be made by the Syndicate in relation to the actual income of the fund."

The Syndicate, on the 18th March, 1932, decided that ex-students of the University College of Science who had long ceased to work there would not be allowed to compete for the Prize on the strength of the work done by them while students.

The last day for submission of thesis for the Prize is the 2nd of January following the year for which the Prize is to be awarded.

The Syndicate adopted the following rules for the submission of theses :—

I. Any candidate who submits a thesis for any Degree, Diploma, Studentship, Scholarship or Prize must submit the same in triplicate together with a declaration to the following effect duly signed (either by name or by *non-de-plume*, as the case may be) :—

"I hereby declare that the enclosed $\frac{\text{thesis}}{\text{theses}}$ which I submit for the

..... $\frac{\text{is}}{\text{are}}$ not the same or substantially the same that $\frac{\text{was}}{\text{were}}$ submitted by me previously and approved for any Degree, Diploma, Studentship, Scholarship or Prize of any University."

II. No thesis or essay for any Degree, Diploma, Studentship, Scholarship or Prize will be accepted unless it is printed or type-written. Any thesis or essay written in hand submitted for the above will be rejected.

BHUBAN MOHINI DASI GOLD MEDAL

Mr. Sukhendralal Mitra forwarded a 3½ per cent. G. P. Note for Rs. 1,000 for creating an endowment for the award of a Gold Medal to a lady once in three years to be called the "Bhuban Mohini Dasi Gold Medal" on the following terms and conditions :—

I. That the Medal will be bestowed once in three years on that lady who shall be deemed by the Syndicate as most eminent for original contributions to Letters or Science written in the Bengali Language. A recipient of the Medal is not entitled to receive it a second one.

II. Not later than 31st July in the year for which the Medal is to be awarded, a Special Committee of Members (who shall not receive any honorarium) shall be constituted as follows :—

(a) One Member of the Faculty of Arts, to be nominated by the Faculty.

(b) One Member of the Faculty of Science, to be nominated by the Faculty.

(c) One Member to be nominated by the Board of Higher Studies in Indian Vernaculars.

(d) A Senior Professor of Bengali Language of any affiliated College in Calcutta, to be nominated by the Syndicate.

(e) One Member to be nominated by the Bangiya Sahitya Parishad.

N.B.—The third and fifth Members will not be connected in any way in receiving emoluments or reward from the Government

III. The Special Committee shall, after such consultation with experts as they may deem necessary, draw up a report, not later than the 30th September, recommending the lady who, in their opinion, is the best qualified to receive the Medal and the Report shall specify the chief contribution or contributions of the lady recommended.

* The Prize was divided equally between the candidates.

IV. The Report of the Special Committee shall be placed before the Syndicate for approval. The Syndicate may, for specified reasons, request the Special Committee to reconsider their decision but shall not be competent to substitute another name for the name recommended by the Committee.

V. The Special Committee may, in any year, abstain from making a recommendation if, in their opinion, no lady of sufficient distinction to justify the award is available. In such a case, one year's income shall accumulate and arrangements will be made next year for the award. Some accumulations will be held until a sum sufficient to purchase $3\frac{1}{2}$ per cent. Government Paper for Rs. 100 of the same year as the present one forms, and the Government Paper so invested will form the principal, the interest of which will be similarly spent.

VI. The Medal shall be presented publicly to the recipient at the first Convocation following the award. If she be unable to attend the Convocation, it will be forwarded to her.

VII. The names of the Medallists shall be published in the *Calcutta Gazette*, the *Calcutta Review* and the University Calendar.

VIII. The Medal shall be called "Bhuban Mohini Dasi Gold Medal" after the donor's respected mother and shall bear on one side the University Arms and on the other side "Bhuban Mohini Dasi Medal founded by Sukhendra Lal Mitra awarded to.....(recipient) in.....(year of award)."

IX. The Syndicate can modify any of the above rules, keeping the fundamental principles intact.

The offer was accepted with thanks by the Syndicate on the 22nd July, 1932.

BASANTA MEDAL

Srimati Kusumkamini Ghosh, widow of the late Dr. B. K. Ghosh, formerly District Health Officer, forwarded $3\frac{1}{2}$ per cent, G. P. Notes of the face value of Rs. 4,500* for creating an endowment to be known as "Basanta Medal" in memory of her husband on the following conditions:—

A Gold Medal called the "Basanta Medal," of the value of Rs. 55 will be annually awarded by the Syndicate to the author of the best essay on some topic connected with Public Health to be selected by the Syndicate. Competition for the essay will be limited to University students who will be invited every year, in a month to be decided by the University, to submit essays for the Medal.

The amount was thankfully accepted by the Syndicate on the 12th May, 1933.

The following modifications in the conditions for the award of the Medal were accepted by the Syndicate on the 7th December, 1934, at the instance of the Donor:—

(1) That the competition for "Basanta Medal" should be confined to only undergraduate students of the University.

(2) That the medical students will be excluded from the competition.

(3) That the name of the Medallist should be printed in the University Calendar.

(4) That the essay on which the Medal is awarded should be published if possible in some Journal or Newspaper for the benefit of the public.

Subject for 1938.—Rivers and Water-ways in their effect on Rural Health.

* The amount includes the creation of another endowment of a Lectureship to be known as "Basanta Lectureship" (for particulars *vide* Chapter V).

KALYANKUMAR MUKHERJEE RESEARCH SCHOLARSHIP

Mrs. Biva Mukherjee offered a sum of Rs. 23,000 in cash for creating an endowment in memory of her husband, Captain Kalyankumar Mukherjee, for the award of a Scholarship to be called "Kalyankumar Mukherjee Research Scholarship" for the promotion of Medical research, on the terms and conditions mentioned in the following letter addressed to Mr. Syamaprasad Mookerjee, M.A., B.L., Barrister-at-Law, M.L.C., Vice-Chancellor :—

"17, Rammohan Dutt Road,
Elgin Road P.O., Calcutta,
20th July, 1936.

DEAR MR. MOOKERJEE,

I intend to make over to the University a sum of Rs. 23,000 in cash in memory of my husband, Capt. Kalyankumar Mukherjee, L.M.S. (Cal.), L.R.C.P. (Edin.), D.P.H. (Cantab.), who had been a member of the Indian Medical Service (from October, 1910), and was taken a prisoner at Kut-el-Amara during the Great War and died at a small town in Turkey on the 18th March, 1917. He displayed great bravery in helping the wounded under heavy shell fire and he was the first Bengalee to be awarded the Military Cross, which he won in 1915, for distinguished service in Mesopotamia.

The object of my endowment will appear from the scheme outlined below :—

1. The scholarship, which will be maintained out of the interest of the endowment, will be named after my husband and will be called 'Kalyankumar Mukherjee Research Scholarship.' The value will be fixed by the Syndicate. The interest for the first year may be allowed to accumulate and if this be done, it shall be added to the *corpus* of the fund.

2. The Scholarship will be awarded for the promotion of medical research.

I mention below some of the different subjects on which the scholarship may be awarded :—

- (a) Nutritional subjects;
- (b) chemical and pharmaceutical studies of drugs obtained from indigenous plants;
- (c) specific problems (e.g., epidemic dropsy, cholera, etc.) of importance to public health.

This list may be added to by the University from time to time.

3. Only Graduates of Calcutta University will be eligible for the Scholarship. Such Graduates need not necessarily be holders of the Degree of Bachelor of Medicine.

4. The Scholarship will be tenable for one year but may be renewed at the discretion of the University.

5. The Scholarship will be tenable either at the University College of Science or any institute or laboratory in or outside India, as may be decided by the University at the time of making the award.

6. The following rules will be generally observed for selecting the Scholar :—

- (a) The University will issue advertisements inviting applications for the scholarship and fix the date within which such applications should be sent to the University.
- (b) The applicant will state—
 - (i) his academic qualifications;
 - (ii) his previous research experience, if any;
 - (iii) the specific problems he proposes to investigate;
 - (iv) the institute or laboratory where he proposes to work;
 - (v) any other detailed information which the University may ask for.
- (c) The applications shall be considered by a Selection Committee consisting of the following members :—
 - (i) The Vice-Chancellor, *Chairman*.
 - (ii) The President of the Post-Graduate Council in Science.
 - (iii) Two Professors belonging to the University College of Science, to be selected by the Syndicate, whose advice may be helpful.
 - (iv) One member belonging to the Faculty of Medicine, to be nominated by the Syndicate.
 - (v) Another expert to be nominated by the Syndicate.
 - (vi) One nominee or derived nominee of the Founder.

(N.B.—The nominee of the Founder will be Mr. Jitendramohan Sen, M.Ed., B.Sc., F.R.G.S., of the Bengal Senior Educational Service and he is authorised to nominate his successor, and the power of nominating a successor shall be inherent in the original or derivative nominee of the Founder.)

7. The Committee will interview the candidates, if necessary, and make its recommendation to the Syndicate. The Committee will satisfy itself that the selected Scholar will have adequate facilities for carrying on his work at the institute or laboratory selected by him.

8. The selection will be finally made by the Syndicate.

9. The University may sanction a non-recurring research grant for the Scholar of about Rs. 750 per year.

10. The continuance of the Scholarship will depend on satisfactory reports being received by the Syndicate from time to time from the authorities of the institute or laboratory where the Scholar will work.

11. One of the duties of the Scholar will be to publish the results of the investigations within a reasonable time.

12. The Syndicate may frame supplementary rules from time to time for the proper management of the fund.

This letter containing the short sketch of the life of my husband and the names of all "Kalyankumar Mukherjee Research Scholars" together with the names of the institutions where they carried their research work shall be published in the Annual Calendar of the University.

As soon as you inform me that the University is prepared to accept my offer on the conditions mentioned above, I shall send you the amount I propose to donate.

Yours, etc.,

(Mrs.) Biva Mukherjee."

The generous offer was thankfully accepted by the Senate on the 26th September, 1936

SIR ASUTOSH MOOKERJEE ZOOLOGY AND BOTANY PRIZE

Sir Praphullachandra Ray, Kt., C.I.E., D.Sc., Ph.D., F.C.S., F.R.A.S.B., addressed the following letter to the Vice-Chancellor, enclosing therewith a cheque for Rs. 10,000 for founding an annual Prize to be named after the late Sir Asutosh Mookerjee, on the terms and conditions as stated therein :—

“UNIVERSITY COLLEGE OF SCIENCE & TECHNOLOGY,

DEPARTMENT OF CHEMISTRY,

92, UPPER CIRCULAR ROAD, CALCUTTA :

26th July, 1937.

My Dear Syamaprasad,

In 1922 I placed at the disposal of the University a sum of Rs. 10,000 for fostering research work in Pure and Applied Chemistry. It gives me great pleasure to note that the 'Nagarjuna Prize' created out of this endowment has given a stimulus to our young research workers in Chemistry.

It is now my desire to make over to the University another sum of Rs. 10,000 for founding an annual Prize to be awarded to a Graduate of this University, working in the College of Science, who, in the opinion of the Board of Adjudicators, will have offered the best piece of research work in Zoology or Botany (in alternate years). The Board of Adjudicators for the Prize shall consist of—

(1) University Professor in the subject (Zoology or Botany).

(2-3) Two specialists to be nominated by the Executive Committee of the Council of Post-Graduate Teaching in Science.

The award shall be made by the Syndicate on the recommendation of the Board of Adjudicators.

The Prize shall consist of a Gold Medal of the value of Rs. 100 and the balance of interest, accruing out of the investment of the sum, in cash.

If in the opinion of the Adjudicators the work in any year is not up to the mark, the Prize should be withheld for that particular year and might be awarded on any subsequent occasion. I shall be happy to associate the Prize with the

honoured name of your late lamented father who had done so much to further the cause of scientific research.

Yours sincerely,

P. C. RAY."

The generous offer was thankfully accepted by the Senate on 18th September, 1937.

KISHORYMOHAN-HARAKINKARI SCHOLARSHIPS

In March, 1903, Babu Kishorymohan Roy, Vakil, High Court, Calcutta, offered to the University G. P. Notes for Rs. 4,000 of the 3 per cent. loan for the purpose of founding, from the interest thereof, two scholarships of Rs. 5 each per month, tenable for one year on the following conditions :—

(1) That the aforesaid scholarships shall be called "Kishorymohan-Harakinkari Scholarships."

(2) That the aforesaid Endowment and the names of scholars shall be published in the Calendar of the University and be placed next after the Rajkrishna-Kshetramani Scholarships founded by me in 1901.

(3) That the aforesaid scholarships shall be awarded to the holders of Rajkrishna-Kshetramani Scholarships and shall be tenable for one year commencing next after the expiration of terms of their original scholarships on condition that they prosecute or pursue their studies in some well-organised institutions teaching in Arts or some profession of any technical subject, provided that no such scholarship shall be awarded to any one of them if, in the opinion of the University, the student is deemed unfit and undeserving by reason of his or her not having made sufficient progress in study during the term of his or her holding the said "Rajkrishna Kshetramani Scholarships" or for any other reason.

(4) That if for any reason in any year, any of the two scholarships be not awarded to a holder of a "Rajkrishna-Kshetramani Scholarships" the same shall be awarded to a most deserving student who would have been eligible for one of the Rajkrishna-Kshetramani Scholarships according to the tenor and spirit of conditions attached to the said scholarships but to whom no such scholarship was awarded by reason of their being at that time, a more fit student to take.

(5) That as far as practicable the aforesaid scholarships shall be subject to the conditions attached to the said "Rajkrishna-Kshetramani Scholarships."

(6) That the power of putting a fair construction on any doubtful point in deciding upon any point not covered by the aforesaid conditions attached to the said "Rajkrishna-Kshetramani Scholarships" shall rest with the University.

The offer was thankfully accepted by the Syndicate on the 21st March, 1903.

PREONATH DATTA LEGACY SCHOLARSHIP

In August, 1904, the Solicitor to the Government of India forwarded a cheque on the Bank of Bengal for Rs. 13,017-10 1, being the one-fourth share of the residuary estate of the late Babu Preonath Datta bequeathed by him to the University.

The Senate on the 17th February, 1906, adopted the following scheme submitted by the Committee appointed by them at their meeting on the 15th April, 1905 :—

That there shall be two scholarships, one for a successful female candidate at the Intermediate Examination in Arts or Science and another at the Matriculation Examination, the amount being Rs. 10 for the former and Rs. 8 for the latter. The scholarships shall be tenable for two years on condition that the scholars prosecute a course of study for the next higher examination.

That the scholarship shall be awarded to the best among the successful candidates who do not get a Government scholarship, who are natives of Bengal, and whose circumstances are such as render help desirable. The last fact shall be certified by a Member of the Senate or a Principal of a College affiliated to the University.

The Syndicate shall have power to alter the amounts of the scholarship according to the funds which are available.

RAJKRISHNA-KSHETRAMANI SCHOLARSHIPS

In August, 1901, Babu Kishorimohan Ray, Vakil, High Court, Calcutta, made over to the University of Calcutta 3 per cent. Government Promissory Notes for Rs. 4,000 for the purpose of founding from the interest thereof two Scholarships each of the value of Rs. 5 per month tenable for one year subject to the following conditions :—

(1) That the scholarships be called "Rajkrishna-Kshetramani Scholarship" in memory of his revered parents the late Babu Rajkrishna Ray and Srimati Kshetramani Debya, and be published as an endowment to the Calendar of the University.

(2) That each of the two scholarships be awarded to the student who may be declared otherwise fit and eligible under the conditions hereinafter mentioned in consideration of his or her prosecuting or pursuing his or her studies in some well-organised institution, teaching in Arts or some profession or any technical subject.

* A silver medal of full value to each.

(3) That the scholarship shall be open, one to each of the six schools specified below, in rotation in the order in which they are named, that is one scholarship to each of the first two schools in the first year, then to each of the next two schools in the second year, and so on :

- (1) Rajshahi Collegiate School.
- (2) Deoghur R. Mitra H. E. School.
- (3) Bogra Zila School.
- (4) Pabna Zila School.
- (5) South Suburban School, Bhowanipur.
- (6) Dumka Zila School.

(4) That one of the scholarships shall be awarded to the most deserving student who successfully passes the Matriculation Examination of the Calcutta University from one of the two schools as indicated above to which the scholarships are open for any year, but fails to obtain any other scholarship of a value equal to or higher than this scholarship, and the other scholarship to such student from the other of the two schools.

(5) That if in any year no student be eligible, according to the conditions hereinbefore mentioned from any school to which one of the scholarships is open for the year, the same shall be open to the school next in rotation, provided that both the scholarships shall not be given to one and the same school for two years consecutively.

(6) That if in any year no student be eligible for any of the scholarships according to the conditions hereinbefore mentioned, from any one of the aforesaid six schools (a contingency not likely to happen), the same shall be awarded to such deserving student of any other school situated within the jurisdiction of the Commissioner of Rajshahi Division as the Syndicate of the Calcutta University shall select, having regard to the tenor and spirit of the conditions hereinbefore mentioned.

(7) That the power of putting a fair construction on any doubtful point in or of deciding upon any point not covered by the aforesaid conditions, shall rest with the University.

The Syndicate on the 5th September, 1919, resolved that the names of Deoghur R. Mitra H. E. School and Dumka Zila School be removed from the list and that the scholarships be awarded one year to Rajshahi Collegiate School and Bogra Zila School and the next year to Pabna Zila School and South Suburban School, Bhowanipur.

SREFNATH•MANOMOHINI BISWAS SCHOLARSHIP AND
BAMACHARAN BISWAS MEDAL

Mr. Bamacharan Biswas, L.M.S., offered $3\frac{1}{2}$ per cent. G. P. Notes of the face value of Rs. 4,100, for creating two separate endowments—one in the name of his deceased parents and the other in his own name, on certain terms and conditions.

The offer was thankfully accepted by the Syndicate on the 28th March, 1931.

The terms and conditions as modified by the Syndicate on 22nd May, 1937, stand as follows :—

FIRST ENDOWMENT

A monthly scholarship of Rs. 10 (Rupees ten) only to be awarded to the student for one year only from the commencement of the session (i.e., usually from the month of June) who will stand first among the successful students in the sub-division of Pirojpur, District Barisal, at the Matriculation Examination of the Calcutta University. The scholarship is to be termed "Sreenath-Manomohini Biswas Scholarship (Jalabari)" in the name of the deceased parents of the donor, as aforesaid.

If the student be a recipient of any Government or University Scholarship or any other endowment through Government or University or the Pirojpur High School Trust Fund Scholarship, the Scholarship would, in that case, be awarded to the next first student, who is not such a recipient.

For the above purpose the annual interest on the G. P. Notes of the face value of Rs. 3,500 will be expended.

SECOND ENDOWMENT

Out of the annual interest on the balance left of the G. P. Notes, i.e., Rs. 600, a silver medal is to be awarded annually to the student securing the highest number of marks in Bengali (Vernacular) among the candidates at the Matriculation Examination from the schools within the Sub-Division of Pirojpur, District Barisal, provided the student continues his studies in an affiliated college.

In case the first candidate does not continue his studies in any affiliated college the next candidate in order of merit in Bengali, who fulfils the conditions will get the medal.

The inscription on the medal will be as follows :—

"Awarded by Dr. Bamacharan Biswas, L.M.S., of Jalabari, to..... for Bengali in Pirojpur Sub-Division, at the Matriculation Examination, 19 .."

Both the Scholarship and the Medal should be awarded without any distinction of sex, sect or religion. The medal should bear the usual inscription.

DUFF SCHOLARSHIPS

The subscribers to a fund raised for the purpose of commemorating the services of the Rev. Dr. Duff directed the investment of the amount collected (Rs. 20,000) in Government Securities, and offered to transfer the same to the University of Calcutta on the following conditions :—

(1) The interest of the money shall be applied to establish—

I. A scholarship of Rs. 15 a month, tenable for one year by the student who shall obtain in the Intermediate Examination in Arts the highest number of marks in Languages.

* The value of the silver medal was divided equally.

† A medal of full value to each.

II. A scholarship of Rs. 15 a month, tenable for one year, by the student who shall obtain, in the Intermediate Examination in Arts or Science, the highest number of marks in Mathematics.

III. A scholarship of Rs. 15 a month, tenable for one year, by the student who having been educated for at least one year in the Scottish Church College, shall obtain the highest number of marks in all the subjects taken together at the Intermediate Examination in Arts or Science in Alternate years.

[The scholarship is to be awarded to the scholar who passes from the Scottish Church College although he may not have completed two years' study in that college (Syndicate, dated the 28th August, 1931).]

IV. A scholarship of Rs. 15 a month, tenable for one year, by the student who, being a Christian in religion, shall obtain the highest number of marks in all the subjects taken together at all the Intermediate Examination in Arts or Science in alternate years.

(2) The above scholarships shall be called "Duff Scholarships" and shall be tenable with any other scholarship.

(3) The surplus of the funds after paying any small incidental expenses shall be suffered to accumulate and used for the purpose of giving rewards to any student of the University who shall pass with credit in the Evidences of Revealed Religion, Natural Theology and Moral Philosophy in the Examination for Honours for the Degree of M.A. Such rewards to be called "Duff Prizes."

(4) Should the accumulations appear to the Syndicate greater than is necessary to carry out Rule 3, they may add to the value of the Duff Scholarships or increase their number.

(5) The Syndicate shall have the power of putting a fair interpretation on any doubtful point in the above rules.

The Senate at a meeting on the 21st July, 1866, accepted this benefaction from the subscribers of the Duff Memorial Fund.

In accordance with Rule 4 the Syndicate on the 23rd May, 1908, established two more scholarships.

(a) A fifth scholarship of Rs. 12 a month, tenable for one year by the student who shall obtain at the Intermediate Examination in Arts or Science the highest number of marks in Physics.

(b) A sixth scholarship of Rs. 12 a month, tenable for one year, by the student who shall obtain at the Intermediate Examination in Arts or Science the highest number of marks in Chemistry.

LADY PRATIVA CHAUDHURI SCHOLARSHIP

Dr. Aswinikumar Chaudhuri, Barrister-at-Law, made over to the Vice-Chancellor, Government of India 6 per cent. Bonds for Rs. 2,000 to be constituted into a Fund for the award of a scholarship of Rs. 10‡ a month on certain conditions in memory of his mother, the late Lady Chaudhuri.

The Senate accepted the offer with thanks on the 3rd March, 1923.

The conditions as modified by the Syndicate on the 14th September, 1934, at the suggestion of the donor, stand as follows :—

(1) That the aforesaid scholarship shall be called the "Lady Prativa Chaudhuri Scholarship."

(2) That it shall be tenable for one year and awarded to the best Hindu lady student, who does not obtain any other scholarship or stipend of a value equal to or higher than this scholarship among those who, after passing the I.Sc. Examination in the year of award, join any affiliated Medical College with a view to qualifying for the degree of M.B. of the Calcutta University. If the best student is not eligible, the scholarship shall be awarded to the next eligible candidate.

* The value of the scholarship has been reduced by the Syndicate on the 13th January, 1939 to Rs. 8 owing to the fall of income, the Bonds having been redeemed and the proceeds thereof re-invested in 8½ per cent. G. P. Notes.

† A scholarship of half the value to each.

‡ The value of the scholarship has been reduced by the Syndicate on 13th January, 1939, to Rs. 7 owing to the diminution of income, the Bonds having been redeemed and the proceeds thereof re-invested in 8½ per cent. G. P. Notes.

(3) That where the choice lies between students of equal merit, preference will be given to one who at any time has been a student of the Bethune College or School.

(4) That if in any year no student is eligible according to the conditions hereinbefore mentioned, the scholarship may be awarded to a former scholar for the purpose of enabling her to continue her medical studies at the discretion of the Vice-Chancellor and Syndicate. If the scholarship is not so awarded then the interest on the aforesaid Bonds shall be accumulated and invested in the purchase of Government securities of a like nature, added to the corpus of the fund, devoted to the same purpose.

(5) That when the time for redemption of the aforesaid Bonds arises the amount of the fund shall be invested in Government bonds or Promissory Notes, Municipal or Post-Commissioners' Debentures, or other approved securities, yielding the same or a higher rate of interest.

(6) That the aforesaid endowment and the names of scholars shall be published in the Calendar of the University.

SARADAPRASAD SCHOLARSHIP AND PRIZES

The late Babu Saradaprasad Ray, Zaminder of Chakdighi, bequeathed by his Will to the University a sum of Rs. 5,000 which was left to the Syndicate to be utilised in the best way they thought fit. In February, 1885, the University received from Babu Lalitmohan Ray, the heir of the deceased, a Government Promissory Note of Rs. 5,000 and in April, 1888, the Commissioner of the Burdwan Division forwarded the interest on the same amounting to Rs. 3,500. The capital at the disposal of the University thus stood at Rs. 8,500. After consultation with Babu Lalitmohan Ray, it was determined to found a scholarship of the value of Rs. 18 a month, to be called the "Saradaprasad Scholarship" to be awarded annually to that one of the successful candidates for the Intermediate Examination in Arts, who having passed the Matriculation Examination from the Chakdighi Higher Class English School, has prosecuted his studies in an affiliated college for a period of two years; and in case no successful students appear from the school that one among the successful candidates for the Intermediate Examination in Arts who had passed the Matriculation Examination with the greatest credit from the Burdwan District.

It was also determined to apply the balance which remained every year to the establishment of eight prizes of Rs. 20 each in books, to be called the "Saradaprasad Prizes" to be awarded to the eight successful candidates who stand highest in the subjects of English, Sanskrit, History, Logic, Mathematics, Physics, Chemistry and Botany at the Intermediate Examination in Arts or Science respectively.

JUBILEE POST-GRADUATE SCHOLARSHIPS

The following scheme for the institution of Scholarships for Post-Graduate study or research in Literary or Scientific subjects framed under Section 18, Chapter IV of the New Regulations, has been adopted by the Senate :—

1. For the endowment of post-graduate study in accordance with the New Regulations in the Faculties of Arts and Science twelve University scholarships shall be established.

2. Each Scholarship shall be of the value of Rs. 32 per month, and shall be tenable for a term of two years.

3. The scholarship shall be awarded annually upon the results of the B.A., B.Sc. and B.Com. Examinations.

4. One scholarship shall ordinarily be awarded to each candidate whose name stands first in the Honours list in each of the subject for the B.A. and B.Sc. Examinations and in the First Division at the B.Com. Examination, provided that :—

(i) he has obtained First Class Honours in a subject for the B.A. and B.Sc. Examinations or has passed the B.Com. Examination in the First Division ;

(ii) he does not accept any other University Scholarship or any Government or College scholarship and

(iii) he undertakes to prosecute a regular course of study for the degree of Master of Arts or Science either under one or more University Lecturers or in a college duly affiliated for the examination in the subject which he takes up.

5. If a candidate in any subject is disqualified under provisions (ii) and (iii) of Rule 4, the scholarship in that subject shall be awarded to the next candidate in the First Class who may be duly qualified, provided that all the other candidates who stand first in the First Class in any subject and are qualified for a scholarship, have received the same.

6. If in any year the number of candidates qualified for a scholarship under the preceding rules exceeds the number of scholarships available, the Syndicate may, with the sanction of the Senate, award additional scholarships.

7. A candidate who obtains Honours at the B.Sc. Examination under the Old Regulations will be deemed to have obtained First Class Honours in a subject within the meaning of Rule 4, provided he has obtained a First Class in subject II or in any two subjects taken together from among subjects III to IX, Sections 6 and 7 of the B.Sc. Regulations (Calendar for 1906, p. 58).

8. As a condition of the continuance of the scholarship each scholar must produce at the end of every three months from the University Lecturer, whose classes he is attending or from the Principal of his college, certificate of good conduct, diligence and satisfactory progress in his studies.

9. The first award of the scholarships be made upon the results of the B. A. and B. Sc. Examinations, 1908.

ROMA GOLD MEDAL

Mr. Sitaram Bauerjee, M.A., B.L., offered one 3½ per cent. G.P. Note of the nominal value of rupees one thousand for the creation of an endowment for the annual award of a gold-rimmed medal in memory of his daughter, on the following terms and conditions :—

- (1) That the medal be called the "Roma Gold-rimmed Medal."
- (2) That the medal be awarded annually to that female candidate being a Bengali Hindu, who passes the Final M.B. Examination of the Calcutta University, standing first among the female candidates.
- (3) That in awarding the medal, the results of the Final M.B. Examinations, both for April and November, be considered.
- (4) That if in a particular year there is no female candidate who passed the Final M.B. Examination as aforesaid the medal be awarded to that female candidate who secures the highest number of marks, among the female candidates at the B.A. and B.Sc. Honours Examinations of the Calcutta University.

(5) That the medal be publicly presented to the recipient at the annual Convocation for conferring degrees and that the names of the medallists be published in the Gazette and the University Calendar.

The Syndicate on 10th July, 1931, accepted the offer with thanks.

A further sum of Rs. 137 from the Donor was accepted by the Syndicate on the 30th August, 1934, and it was decided that a gold medal instead of a gold-rimmed medal might be awarded when the fund would yield sufficient interest for the same.

The following changes in the condition for the award of the medal were adopted in accordance with the general resolution of the Syndicate, dated the 11th September, 1930 :—

In awarding the medals, prizes and scholarships for all M.B. Examinations, the results of the respective examinations both for April and November are to be considered and all awards are to be confined to those candidates who have passed the examinations concerned completely at one and the same time and who have been successful at the first attempt.

SIR BIPINKRISHNA BOSE SCHOLARSHIP

Sir Bipinkrishna Bose, Kt., offered 6 per cent. War Bonds (Income-tax free) of Rs. 8,000 on the following conditions :—

(1) That the aforesaid Bonds shall constitute a permanent Trust Fund of the University.

(2) That the interest accruing on them on the 31st March, 1923, on 1st October, 1923, and 31st March, 1934, shall be appropriated by the University to meet the present deficit in its fund; and

(3) That thereafter the interest accruing on the Bonds shall be utilised in giving a scholarship of Rs. 40 per month or Rs. 480 per annum to a Post-Graduate student in Science of the University College of Science and tenable so long as he studies in that institution, subject to such conditions as the University may from time to time lay down.

(4) That when the Bonds shall be paid up by Government, the money realised shall be invested in Government Promissory Notes and in no other security and the interest on them shall be utilised as set forth in condition No. 3.

The offer was thankfully accepted by the Syndicate, and a Committee was appointed to frame rules for the management of the fund.

The Syndicate, on the 9th February, 1923, approved the following rules framed by the Committee :—

1. That a scholarship of Rs. 40 per month, tenable for one year, be established and be named Sir Bipinkrishna Bose Scholarship.

2. That the scholarship be annually awarded for proficiency in only one of the following subjects in the order stated :—

- | | |
|------------------------------|------------------|
| I. Anthropology. | V. Physiology. |
| II. Experimental Psychology. | VI. Geology. |
| III. Botany. | VII. Physics. |
| IV. Zoology. | VIII. Chemistry. |

The scholarship shall be awarded to the successful candidate who distinguishes himself most at the B.A. and B.Sc. Honours Examinations in the subject for the year.

3. That the first award shall be made on the results of the examinations in 1924, and the subject of the scholarship for that year will be Anthropology; the subject for each succeeding year shall be taken from the above list in the order.

4. The scholar shall prosecute his studies for the M.A. or M.Sc. degree at the University College of Science and the scholarship shall be tenable subject to the production of periodical certificates of satisfactory progress in study under the Professors concerned.

In 1923, Sir Bipinkrishna Bose, Kt., offered a second instalment of 6 per cent. Bonds for Rs. 2,000 in order that with the additional amount the

income of the fund created by him in 1922 would be raised to Rs. 600 and thereby the Sir Bipinkrishna Bose Scholarship would be valued at Rs. 50 instead of at Rs. 40.

HEMCHANDRA GOSSAIN PRIZES AND MEDALS

The terms of the bequest for the above-named Prizes and Medals are given in the following extract from the Will :—

“Real encouragement not being afforded to Sanskrit language in this country is being noticed day by day. Therefore I provide that whoever will come off best of all in Sanskrit Literature in the M. A. Degree Examination at the Calcutta University in any year shall get a reward of Rs. 500 (five hundred rupees) in a lump sum and the present of a gold medal of the value of one hundred and fifty rupees. On one side of the gold medal shall be engraved in the Bengali language my name and Serampur as my residence and on the other side the name of the recipient scholar and the Bengali year.

It is my belief that the learning of Science is absolutely necessary in the country. Therefore in order to give an impetus to the encouragement of 'Science,' I provide that whoever will stand first of all in the M.Sc. Examination for Science at the University of Calcutta in any year shall get a reward of 500 (five hundred) rupees in a lump sum and the present of a gold medal of the value of 150 (one hundred and fifty) rupees in that year. On one side of the gold medal shall be engraved in the English language my name and Serampur as my residence and on the other side the name of the recipient scholar and the English Christian year.

For the performance of the act mentioned in this clause and in clause preceding it, my executor shall make over Company's papers, that is, Government Promissory Notes for 37,500 (thirty-seven thousand five hundred) rupees bearing interest at three and half per cent. out of my estate to the Calcutta University. They shall perform the acts stated in the said clauses out of the interest on the said papers.”

The following scheme for giving effect to the wishes of the testator was adopted by the Syndicate :—

(1) That a prize of Rs. 500 in money and a gold medal of the value of Rs. 150 to be called the " Hemchandra Gossain Prize and Medal in Sanskrit " respectively, be awarded annually to the most successful student in Sanskrit at the M.A. Examination of the year.

(2) That the medal bears on one side the University Arms, and on the other the following words in Bengali—" Hemchandra Gossain, Serampur, awarded to..... "

(3) That a prize of Rs. 500 in money and a gold medal of the value of Rs. 150 be annually awarded to the student who stands first in order of merit among the successful candidates at the M.Sc. Examination.

(4) That the medal bears on one side the University Arms and on the other the following words in English—" Hemchandra Gossain, Serampur, awarded to..... "

(5) That the above prizes and medals be publicly awarded at the annual Convocation of the Senate for conferring degrees and that the names of the recipients be published in the University Calendar.

JOGMAYA DEBI GOLD MEDAL

Mr. Ramaprasad Mookerjee, M.A., B.L., proposed to make over to the University G. P. Notes of the face value of Rs. 3,000 for the purpose of creating an endowment for annual award of a Gold Medal out of the accumulation of his salary as University Lecturer in English which he did not draw for some time, under the following terms and conditions :—

(1) The medal is to be called the "Jogmaya Devi Gold Medal" after his mother Lady Mookerjee.

(2) The medal will be annually awarded to the most successful lady candidate at the M.A. and M.Sc. Examinations provided that she has obtained a First Class.

(3) The award will be made irrespective of caste, creed or nationality.

(4) If, however, the most successful candidate is already eligible for the Kamalrani Gold Medal, this Medal will be awarded on the results of the M.Sc. Examination.

(5) If, in any particular year, no such candidate is available, the medal will be awarded to the best lady candidate in the First Class at the B.T. Examination.

UPENDRANATH MITRA SCHOLARSHIP

The late Mr. Roby Dutt, Lecturer of the Calcutta University, bequeathed by his will to the University a legacy of Rs. 10,000 (ten thousand) for the creation of an endowment for the award of a post-graduate scholarship in English Literature in memory of his maternal grandfather, the late Babu Upendranath Mitra, who was a Vakil of the High Court and an Honorary Fellow of the Calcutta University.

The Syndicate, on the 26th July, 1918, thankfully accepted the legacy.

The rules for the award of the scholarship, as modified by the Syndicate on 30th November, 1934, stand as follows :—

(1) That the award be made annually on the results of the M.A. Examination in English.

(2) That the Scholarship be awarded to the student who after a *regular course of study* in the Post-Graduate Department in English distinguishes himself most at the M.A. Examination in English with a thesis. If in a particular year no such student is available the Scholarship will be open to any student who after a regular course of study in the Post-Graduate Department in English has passed the M.A. Examination in English in the First Class.

(3) That the Scholarship be awarded on the condition that the scholar shall carry on further study and research under the guidance of a University Teacher in English, with a view to qualify himself for a higher examination, such as that for the Premchand Roychand Studentship or the degree of Doctor of Philosophy, or to compete for research prize such as the Griffith Prize or the Jubilee Research Prize. The continuance of the scholarship will depend upon the production of a quarterly certificate of satisfactory progress in studies from the University teacher concerned; and the scholar shall, at the end of his term, submit a full statement of his work.

(4) That until further orders the scholarship be of the value of Rs. 50 a month, be tenable for two years and that a sum of Rs. 600 be annually contributed from the General Fund of the University to the Endowment Fund so that the scheme may be effectively carried out.

(5) That the names of the scholars be published in the Gazette and in the University Calendar.

CHUNILAL BOSE MEDALS AND PRIZE

Mr. A. P. Bose, Executor to the estate of the late Rai Bahadur Dr. Chunilal Bose, offered to make over to the University $3\frac{1}{4}$ per cent. G. P. Notes of the nominal value of Rs. 2,000 for creating an endowment for awarding medals and a prize, in accordance with the bequests made to the University by the late Rai Bahadur in his will.

The terms of the award of the medals and the prize are as follows :—

First Bequest.

"The interest to arise on the G. P. Note of $3\frac{1}{2}$ per cent. Loan of the nominal value of Rs. 1,000 is to be utilised for the purpose of awarding a silver medal and a prize to be styled 'Chunilal Bose Medal' and Chunilal Bose Prize' annually to the student who stands first in the aggregate at the Preliminary Scientific M.B. Examination of the University in Chemistry (including in that term both Inorganic and Organic Chemistry), such prize to consist of medical books to be selected by the candidate to whom the prize to be awarded and the first of such medals and prizes should be awarded on the results of the Preliminary Scientific M.B. Examination held in April, 1936."

Second Bequest.

"The interest to arise on the G. P. Notes of the $3\frac{1}{2}$ per cent. loan on the nominal value of Rs. 1,000 (Rupees one thousand) is to be utilised for the award of a silver medal to be called 'Chunilal Bose Medal' annually to the student who stands second in order of merit and the Third M.B. Examination of the Calcutta University which is usually held in the month of May or thereabout."

The bequests were thankfully accepted by the Syndicate on the 3rd July, 1931.

On a suggestion from Mr. A. P. Bose, the Syndicate on the 8th January, 1932, modified the rules for awarding the two medals as follows:—

(1) The medal to be awarded on the results of Pr. Sc. M.B. Examination will be awarded for the first time on the results of the examination held in April, 1931, and subsequent award will be made on the combined results of the examinations held in April and November each year.

(2) The medal to be awarded on the results of the Third M.B. Examination will be awarded to the candidates who stands first and not second, in the examination: provided, however, if the candidate who stands first obtains the University Gold Medal, the Medal will be awarded to the candidate who stands second. The first award will be made on the results of the examination to be held in April, 1931, and subsequent awards on the combined results of the examinations held in April and November each year.

(3) If funds permit, the medal may be made of silver rimmed with gold.

NILMONEY BRAHMACHARI GOLD MEDALS

Rai Bahadur Dr. Upendranath Brahmachari, M.A., M.D., Ph.D., offered to make over to the University $3\frac{1}{2}$ per cent. G. P. Notes of the face value of Rs. 2,000 and Rs. 1,500 respectively, for creating two endowments for the award of two gold medals in memory of his father, the late Dr. Nilmoney Brahmachari on the following conditions :—

I. (1) The first medal shall be called Nilmoney Brahmachari Medal in Medicine, and shall bear the inscription "Nilmoney Brahmachari Medal" on one side, and the University arms on the other. The cost of the medal shall be borne out of the income of G. P. Notes of Rs. 2,000 constituting the endowment.

(2) The medal shall be awarded publicly every year, at the annual Convocation for conferring degrees following the award, to the student, who has passed the Final M.B. Examination of the year of the award held in April, or thereabout and has obtained at this examination the highest number of marks in the subject of Medicine, provided that such marks must not be less than the marks representing 75 per cent. of the total aggregate marks in the written, oral and practical portion of the examination in the subject or in other words, under the existing Regulations of the University for the examination, must not be less than 750 out of an aggregate of 1,000 marks. The student must pass the entire examination (that is to say, in Medicine, Surgery and Midwifery) at one and the same time,

and that at the first attempt. In the event of the absence of the recipient, the award shall be announced by the Vice-Chancellor at the Convocation.

(3) If the University awards Honours in Medicine in the results of the Final M.B. Examination, the student must have to obtain Honours in this subject to be eligible for this award.

Should the University at any time institute a special examination for Honours in Medicine the award of the medal shall be made from among the candidates for such examination to the student who obtains Honours and secures the highest marks in Honours in that subject, provided that such marks must not be less than the marks representing 75 per cent. of the total aggregate marks in the written, oral and practical portions of the examination in the subject.

(4) Students passing the Final M.B. Examination in November or thereabout shall be eligible for the medal.

(5) The first award shall be made on the results of the Final M.B. Examination of the current year, *i.e.*, 1931.

(6) If in any year no award of the medal is made, the interest for that year accruing from the endowment shall be added to the income of the other endowment for the Nilmoney Brahmachari Medal for Medical Research referred to herein below :—

II. (1) The second medal shall be called Nilmoney Brahmachari Medal for Medical Research and shall bear the inscription "Nilmoney Brahmachari Medal for Medical Research awarded to....." with the year of the award on one side, and the University arms on the other. The cost of the medal shall be borne out of the income of the G. P. Notes of Rs. 1,500 constituting the endowment, supplemented from time to time by the addition of the interest of the previous endowment, as provided in Clause I (6).

(2) The award shall be made triennially and the value of the medal shall be Rs. 150. Any surplus income shall be invested and added to the fund of this endowment.

(3) The medal shall be awarded publicly at the annual Convocation for conferring degrees following the award, either to a Doctor of Medicine or to a Bachelor of Medicine who has also obtained "Master's Degree of the University in a scientific subject, or, if within ten years from the date of the institution of the award, no such person is forthcoming, to any Bachelor of Medicine of the University who, not having been a recipient of the medal of either of the two preceding awards, may in the opinion of the Advisory Board referred to in Clause II (4) below, be deemed to be deserving of the honour. The medal shall be open only to graduates in Medicine, of the University of not more than 15 years' standing, who must not be more than 40 years of age on the 1st January following the year of the award. In the event of the absence of the recipient, the award shall be announced by the Vice-Chancellor at the Convocation.

(4) On the recommendation of the Faculty of Medicine, the Syndicate shall appoint an Advisory Board, who need not necessarily consist of members of the University, in the year for which the medal is to be awarded not later than 30th September or as near to this date as possible, who shall after such consultation with experts as they may deem necessary, report to the Syndicate not later than 31st December or as near to this date as possible, the name of a suitable individual who in their opinion, is best qualified to receive the medal by reason of his researches in the subject of Medicine. The report shall specify the chief contributions of the persons recommended. The Syndicate may for specified reasons request the Advisory Board to reconsider their decision but shall not be competent to substitute another name for the name recommended by the Advisory Board.

(5) The first award shall be made in 1931, if a suitable individual is recommended by the Advisory Board.

(6) Notwithstanding anything contained in these Rules, it shall be open to the Advisory Board to obtain from making any recommendation, in which

case they shall report to the Syndicate accordingly, and no award shall be made for the year.

(7) The recipient of the medal shall be given facilities by the University for delivering one or more lectures on the subject or subjects of his research, if he so desires.

III. The names of the medallists to whom the Nilmoney Brahmachari Medal in Medicine and the Nilmoney Brahmachari Medal for Medical Research, are awarded, shall be published in the Calcutta Gazette and in the University Calendar.

The offer was thankfully accepted by the Syndicate on 2nd October, 1931.

At the suggestion of the donor the following General order of the Syndicate, dated the 11th September, 1930, was ordered to be applied in awarding the medals by the Syndicate on 8th January, 1937 :—

“In awarding prizes, medals and scholarships for all M.B. Examinations, the results of the respective Examinations both for April and November are to be considered and all awards are to be confined to those candidates who have passed the Examination concerned completely at one and the same time and who have been successful at the first attempt.”

The student must pass the entire examination (that is to say, in Medicine Surgery and Midwifery) at one and the same time, and that at the first attempt. In the event of the absence of the recipient, the award shall be announced by the Vice-Chancellor at the Convocation.

(3) Should the University at any time institute a special examination for Honours in Midwifery, the award of the medal shall be made from among the candidates for such examination to the student who secures the highest marks in that subject in that examination, provided that such marks must not be less than the marks representing 70 per cent. of the total aggregate marks in the written, oral and practical portions of the examination in the subject.

(4) Students passing the Final M.B. Examination in November or thereabout shall not be eligible for the medal.

(5) The first award shall be made on the results of the Final M.B. Examination of the current year, i.e., 1931.

(6) If in any year no award of the medal is made, the interest for that year accruing from the endowment shall be added to the income of the endowment for the Nilmoney Brahmachari Medal for Medical Research already accepted by the Vice-Chancellor and the Syndicate.

(7) The names of the medallists to whom the Sourav Sundari Debi Medal in Midwifery is awarded, shall be published in the Calcutta Gazette and in the University Calendar.

The offer was accepted with thanks by the Syndicate on the 19th October, 1931.

At the suggestion of the donor the following general order of the Syndicate, dated the 11th September, 1930, was ordered to be applied in awarding the medal by the Syndicate :—

“In awarding prizes, medals and scholarships for all M.B. Examinations the results of the respective Examinations both for April and November are to be considered and all awards are to be confined to those candidates who have passed the Examination concerned completely at one and the same time and who have been successful at the first attempt.”

AMBIKACHARAN CHAUDHURI MEDAL

In 1879 Government accepted the offer of Babu Ambikacharan Chaudhuri, B.C.E., Assistant Engineer, Nagode, to invest Rs. 1,200 in 4 (reduced to $3\frac{1}{4}$) per cent. Government Promissory Notes on condition that out of the interest of the investments a medal is awarded annually to that student of the Sibpur Civil Engineering College, who stands first in Mathematics at the B.E. Examination. The administration of the fund was entrusted to the Principal, Civil Engineering College, Sibpur. The Director of Public Instruction, Bengal, having proposed that the medal should, in future, be publicly presented at the Convocation of the Calcutta University, the Government of Bengal, in its letter No. 409, dated the 19th July, 1890, appointed the Registrar of the Calcutta University as administrator of the fund in place of the Principal, Civil Engineering College, Sibpur. On 14th October, 1890, the latter officer made over to the University the sum of Rs. 132-11-1 being the amount of balance at credit of the above fund and forwarded a copy of the Report on the audit of the account of the fund countersigned by the Accountant-General, Bengal. The investments, at present, amount to Rs. 1,400 yielding an annual income of Rs. 49.

The Syndicate on 21st February, 1930, decided that the award of the medal be confined to the regular candidates only.

SIBLEY SCHOLARSHIPS

The late Mr. George Sibley, formerly a Fellow of the University, bequeathed all his shares in the Ghosery Cotton Mills, Limited, to the

Senate of the University "upon trust to found scholarships of the value of Rs. 50 per mensem for graduates of the University in Civil Engineering with power to divert from time to time any portion of the income not exceeding an equal moiety any other way, which may, in the opinion of Senate, be better calculated to further the study of Engineering Science among the natives of India." At the time of his death Mr Sibley owned 225 shares in the above-named company, the nominal value being Rs 200 each. Of these 25 shares had to be sold to meet the claim of the Indian Revenue authorities in England demanding a legacy duty of 10 per cent. of the value of the shares and the amount of any dividends received or accrued since the testator's death and to pay the Attorney's bill of costs. The remaining 200 shares together with dividend warrants for Rs. 809 were made over to the Secretary and Treasurer, Bank of Bengal, with instructions to sell the shares at their market value, and to invest the sale proceeds and the amount of dividends in the 4 (reduced to 3½) per cent. loan of 1865. The Faculty of Engineering at its meeting held on 22nd March, 1893, recommended to the Syndicate that out of the interest of the above endowment one scholarship to be called the Sibley Scholarship of Rs. 30 a month tenable for two years be awarded annually (1) to any B.E. at the end of his practical course who attends and works regularly in an Electrical Laboratory or in an Electrical Workshop, or (2) to any B.E. who is *bona fide* working in a mine. The selection of the scholar is to be according to their standing in the B.E. Examination, and each scholar is to be required to submit to the Registrar a certificate of good conduct at the end of each month. The scholarship is to be forfeited if the conditions on which it is granted ceased to be observed.

The recommendation of the Faculty of Engineering was adopted by the Syndicate on the 8th April, 1893.

Subsequently the rules were revised as follows by the Senate on the 25th January, 1930 :—

(1) Two scholarships of the value of Rs. 80 each per mensem tenable for one year shall be annually awarded to the first two students in order of merit, who being natives of India, pass the B.E. Examination in Civil Engineering branch and satisfactorily completes the post-graduate course of one year's practical training.

(2) One scholarship of the value of Rs. 50 per mensem tenable for one year shall be annually awarded to the student who, being a native of India, passes the B. E. Examination in Mechanical Engineering branch securing the highest number of marks.

(3) One scholarship of the value of Rs. 50 per mensem tenable for one year shall be annually awarded to the student who, being a native of India, passes the B.E. Examination in Electrical Engineering branch securing the highest number of marks.

(4) One scholarship of the value of Rs. 60 per mensem tenable for one year shall be annually awarded to the student who passes the final examination of the School of Mines at Dhanbad and who, being a native of India, secures the highest number of marks among such successful candidates as are graduates or under-graduates of the Calcutta University.

[The scholarship in Mining will take effect from the date of joining the apprentice work, if it falls within the year of the award. Syndicate item No. 40, dated the 8th September, 1933.]

(5) The above scholarships cannot be held with any other scholarship on stipend. They will be allowed to be drawn only so long as the recipients are pursuing their respective profession as research students or apprentices in workshops or mines or in large engineering works approved by the Faculty of Engineering. They shall cease to be drawn when the recipients secure salaried appointments or take up any other profession alien to Engineering.

(6) If during its tenure any scholarship cease to be drawn under operation of Rule 5 or for any other cause, it will be continued to the next meritorious candidate fulfilling the conditions of its award.

(7) The names of the scholars shall be published in the University Calendar.

On an enquiry from the Principal, Indian School of Mines, Dhanbad, as to whether the examination of the School of Mines at Dhanbad held at the end of the combined course of four years for the Diploma of Associateship of the School in Mining Engineering should be regarded as the final examination in Mining for the purpose of the award of the Sibley Scholarship or the award should be made on the three years' course in Coal Mining or on three years' course in Metalliferous Mining, the Faculty of Engineering on 15th December, 1930, decided that the scholarship should be awarded to the student who obtains the highest number of marks at the examination held at the end of combined course of four years, for the Diploma of Associateship of the School in Mining Engineering but that if in any year, no student appears at the examination, the scholarship should be awarded to the student obtaining the highest number of marks at the Third-year Examination for the certificate in either Coal or Metalliferous Mining.

N.B.—The scholarship under the new rules was awarded for the first time on the results of the examination of 1929.

The award to the candidates who passed the B.E. Examination in 1928 and completed their practical training in 1929, should be considered as award for 1929 (*vide* Syndicate, item No. 45 of 7th August, 1930).

The Syndicate on the 19th February, 1931, decided that the position of the first two candidates in Civil Engineering Branch is to be determined on the marks of the Professional Section.

The Syndicate on the 5th June, 1931, decided that the Sibley Scholarship in Civil Engineering is to be made tenable for one year from the date of the students joining their research or apprentice work.

The following rules regarding the principle of award of the Sibley Scholarship in Mechanical Engineering and in Electrical Engineering were adopted by the Syndicate on 10th August, 1934 and 2nd October, 1936, respectively :—

(1) The scholarship should be awarded on the results of the Professional Section of the B. E. Examination.

(2) The scholar should be required to take up his practical training or apprentice work within one year from the date of the award.

(3) The award should be made shortly after the publication of the results of the B.E. Examination in Mechanical Engineering and not after the completion of one year's Post-Graduate practical training.

(4) The payment will be made every month on production of certificate from the Head of the Institution where the scholar is receiving practical training.

DEBENDRANATH-HEMLATA GOLD MEDAL

Mr. Gunendranath Mukhopadhyay, L.M.S., placed at the disposal of the University a sum of Rs. 1,000 for the annual award of a gold medal in memory of his parents to be called "Debendranath-Hemlata Gold Medal" to the Post-Graduate student who passes his final examination (M.A., M.Sc., Ph.D., D.Sc., M.D., D.L., M.L., M.O. and M.S.), with the best of health and paying attention to his physique all through his University career.

The offer was thankfully accepted by the Syndicate on the 12th March, 1926, and the money was invested in the 3½ per cent. G. P. Notes.

The Syndicate, with the concurrence of the donor, formulated the following scheme for the award of the medal :—

(1) That a gold medal be instituted out of the interest of the sum of Rs. 1,000 offered by Babu Gunendranath Mukhopadhyay to the University of Calcutta.

(2) That the medal be called the "Debendranath-Hemlata Gold Medal."

(3) That the competition for the medal be limited to M.A., M.Sc., Ph.D., D.Sc., M.D., D.L., M.L., M.O. and M.S., of not more than three years' standing.

(4) That the Registrar shall call the name of the entrants for the competition by notification in the Press in the middle of November of each year.

(5) That the standard of physical fitness shall be determined by the examination of the health of the competitors by the Students' Welfare Department of the Calcutta University as well as by application of such tests as may be decided upon by a Committee of three experts appointed by the Syndicate from time to time provided always that one of the representatives of the Calcutta University Students' Welfare Department shall be a member thereof.

(6) That the name of the recipient of the gold medal shall be published in the Calcutta Review and Calcutta University Calendar.

It was also agreed that the medal should bear the arms of the University on one side and the following motto in Bengali on the other by way of encouraging physical culture :—

"শরীরস্বাস্থ্য বল স্বর্গসাধন।"

VIHARILAL MITRA ENDOWMENT

The late Rai Bahadur Viharilal Mitra left a Will whereby he made a bequest to the University of a sum of Rs. 4,000 per month for the advancement of Hindu Female Education. It was also provided that under certain circumstances the University would be the residuary legatee of the estate.

The money received under this bequest was partially utilised for the creation of a Special Fellowship called the "Viharilal Mitra Fellowship." The terms and conditions of the Fellowship as approved by the Senate on the 26th September, 1936, are as follows :—

(i) It will be awarded to a competent Hindu Bengali lady graduate to be selected by the Syndicate after inviting applications for the same.

(ii) The Fellowship will be tenable for two years.

(iii) Its value will be Rs. 200 to Rs. 250 per month and a special additional grant will be made for meeting travelling expenses, the amount to be determined by the Syndicate.

(iv) Its object will be the investigation of methods and organisation of Secondary education and University education for girls including the study of the problems of co-education and residence, in India and abroad.

(v) The Fellow will be required to travel in India and study conditions in selected centres to be approved by the Syndicate and submit a report after six months.

(vi) On this report being approved by the University as satisfactory, the appointment will be confirmed and the Fellow will proceed to Japan, America, Great Britain and other selected centres in Europe and study the problems under investigation in such places. On an average, she will be required to spend three to four months in each of the following countries :—Japan, America, Great Britain and other European countries. The report will deal exhaustively with the methods and arrangement in existence in these countries and will also contain a special chapter on the questions of reform of the educational system in Bengal.

(vii) If no suitable scholar is available for the award of the Fellowship on the terms and conditions mentioned, the Syndicate will have the power to alter the above rules consistent with the main object of the endowment.

FELLOW

1937 Miss Jyotiprabha Dasgupta, M.A., B.T., Dip. in Ed. (Lond.).

SUNDERS SCHOLARSHIP

The Decree of the High Court passed on the terms of settlement made between Miss Phyllis Janet Sanders on the one hand and the Official Trustee of Bengal and the University of Calcutta on the other hand, in the matter of Trust Funds and securities held by the Official Trustee under and by virtue of an Indenture of settlement, dated the 15th July, 1903, made between Samuel Sanders and the Official Trustee, benefits the University to the extent of Rs 2,00,000 for awarding Scholarships to the sons and daughters of Anglo-Indians or Eurasians of English, or Scotch or Irish descent who having passed the First Examination in Arts of the University would be desirous of prosecuting their studies and entering the profession of Law, Medicine and Engineering. The terms of settlement contained in the decree was approved by the Senate on the 26th May, 1934.

N.B.—The following passage, among others occurs in the Indenture of the settlement, dated the 15th July, 1903, made between Samuel Sanders and the Official Trustee of Bengal :—

"In that case the whole of the said balance of the said sale proceeds or Trust Fund shall be made over by the Official Trustee to the University of Calcutta who shall hold the said Fund as Sanders Scholarship Fund and invest the same in Government securities or such other approved securities as they should consider expedient and out of the income thereof grant such and so many scholarships and of such amount or amounts per month to the sons and daughters of Anglo-Indians or Eurasians of English Scotch or Irish descent who having passed the First Examinations in Arts of the said University would be desirous of prosecuting their studies and entering the profession of Law, Medicine or Engineering and tenable for such period or periods as the said University of Calcutta may determine."

The securities held by the Official Trustee of Bengal in this case amounts of Rs. 2,00,000 (Rs. 2 lakhs) as stated in the Schedule of the Indenture.

LALCHAND MOOKERJEE INDIAN SCHOLARSHIP FUND

The offer made by Dr. Harendracoomar Mookerjee, M.A., Ph.D., University Inspector of Colleges, of 3 per cent. G. P. Notes of the face value of Rs. 50,000 for the purpose of creating a third endowment to be called "Lalchand Mookerjee Indian Scholarship Fund" for payment of Scholarships to Bengali Protestant Christians on terms and conditions as set forth

in his following letter was accepted by the Senate on the 23rd February, 1985 :—

To

S. P. MOOKERJEE, Esq., M.A., B.L., BARRISTER-AT-LAW, M.L.C.,
VICE-CHANCELLOR, UNIVERSITY OF CALCUTTA

MY DEAR MR. MOOKERJEE,

With a view to provide facilities for the better fulfilment of my aims and objects in creating the two endowments which the University has already been pleased to accept and which have respectively been named after my father and my mother, I beg leave to submit herewith for the acceptance of the University of Calcutta the scheme for a Third Endowment also to be named after my father in whose memory my first Endowment was created.

It is perhaps needless to point out that my First and Second Endowments and this proposed Third Endowment are all inspired by the same humble desire of helping my community and through it, my country in those fields of activity where the progressive nations of the world have achieved their economic welfare. Unfortunately India has avoided the arena of the struggle and it will yet take some time for my country to realise that the medieval legacy of placid, pathetic contentment is but a clog and a handicap in the modern world that one ancient attitude of a serene, passionless, spiritual detachment lit up with radiant hopes of the hereafter and unaffected by the stir and ferment of the modern world must now be supplemented with scientific and industrial activity to prevent the threatened national calamity of economic stagnation.

The danger arises not merely from inaction, but from a fatally wrong placing of things. The working man of the present age standing on the lowest step of the industrial ladder in the real dynamic force which, transmitted upwards, creates and sustains the commercial and manufacturing structure of the modern society. Yet how seldom is he allowed to come to his own. I have noticed with regret that far less fortunate and far more hard-working as he is than most of us he does not receive proper consideration in many cases from his immediate superiors. After all many of the latter have the scientific training and, on the top of this the road of preferment and official recognition for them lies only too often through the sweated labour of their subordinates. Our first endeavour therefore ought to be to make these overseers and supervisors what they ought to be both from the standpoint of their personal fitness as well as from the standpoint of their relation to the working-men whom they control. The unschooled Overseer of to-day knows only what he has done or seen in factories and workshops and, naturally enough, improved methods, conducive to economy, efficiency, increase in output and the improvement of its quality are beyond his reach. He is not a thinking or progressive force but a part of the machinery, and the human element in him functions but feebly in consequence.

I seek therefore in the present Endowment by which I propose to transfer to the University of Calcutta Government Securities of the face value of Rs. 50,000 and the terms and conditions of which are set forth in Annexure A, to improve the officer in direct charge of labour, to encourage the growth of a different and, as I hope a higher type of men who may be the immediate captains of industry. My ideal is to have the vigorous intellect of the University man combined with the health and strength of the normal labour in them. Their academic qualifications supplemented by thorough practical experience will enable them to stand midway between the expert and the working-man, to interpret the one to the other and, at the same time, to bring into play these qualities of foresight, forbearance and sympathy which find little place in modern industrial organisations.

Men of this type will be neither too high if need be, to render personal labour nor too low to take the leader's part in matters of general direction and management.

I can well appreciate that the question of capital will come up as soon as their training has been completed and capital in India up to the present has been rather shy. Still I hold that finance follows the man of skill as surely as trade follows the flag and that "the vineyards of God will not turn into wilderness as the true labourer appears before the gates." Mills and workshops will absorb a good many of them and for the rest it would be a splendid service to our people if they would endeavour in all earnestness to revive the dying cottage industries of India.

I may here be permitted to appeal to future scholarship-holders who may benefit by this or my other endowments to maintain unimpaired the plain and homely Indian style of living. To my young friends destined to inherit the earth in the coming year which I shall not live to see my advice is—"Live even as your sires lived in homely simplicity. It will make you happy with the modest income that your work will fetch you and it will enable you, with your unostentatious mode of living, to spare a part of your earnings to set up in the world a poorer brother with a sympathetic heart and kindly feelings."

Lastly, I should much regret if these inadequate offerings of mine are interpreted as in any way sectarian or communal. I have, it is true, restricted the benefit of my three Endowments to Bengalee Protestant Christians. As a Bengalee Protestant myself I feel that my brothers in faith requires some special encouragement to fall in line with the rest of my countrymen, and I am convinced that if they get it, the progress of my country as a whole will be more effectively secured. I love them not only because they are Protestant Christians, but also because they are men of Bengal. It is only to facilitate the general and harmonious progress of my motherland that these Endowments have been set apart for the members of my own community.

ANNEXURE A

(1) That notwithstanding that the University of Calcutta shall, after formal acceptance of my present proposal, become the custodian of the three per cent. Government securities of the face value of Rs. 50,000 and hold the same in deposit for creation of scholarships hereafter out of the interest thereof as laid down below, the said interest shall belong absolutely to meet during my life-time provided however that it shall be incumbent on the Registrar for the time being of the Calcutta University to collect the said interest and to make over the same to me if and when I so require or to invest the same in approved Government securities from time to time subject always to my directions in this behalf. The securities so purchased together with the interest not demanded or withdrawn by me, shall on my death be added to and form part of the above endowment which shall be called the *Lal Chand Mookerjee Second Endowment*.

(2) That after my death a personal allowance of Rs. 50 per month out of the interest accruing to the said Endowment shall be paid during her life-time, to each of my two nieces, named Sm. Ratnamala and to Sm. Muktamala, both daughters of my brother the late Akshoy Coomar Mookerjee provided however that in the event of the death of any one or both of them the amount or amounts thus set free together with the balance of the income of the Endowment shall be formed into scholarships to be styled "*Lal Chand Mookerjee Indian Scholarships for Protestant Bengalee Christians*," to be awarded to desirable candidates according to the discretion of the Committee of Management hereinafter mentioned. The amount of each scholarship should not ordinarily exceed Rs. 50 per month.

(3) That if any one or both of my said nieces predecease me, the income of the said securities which was to have been paid to her or to them as personal allowance under Clause (2) together with the balance of the income of the Endowment shall, on my death, be formed into scholarships of not more than Rs. 50, each ordinarily, to be styled "Lal Chand Mookerjee Indian Scholarships for Protestant Bengalee Christians" to be awarded as in Clause (2) to desirable candidates according to the discretion of the Committee of Management.

(4) That the said Scholarships shall be tenable for not more than three years within the territorial limits of India, it being clearly understood that the minimum amount of each scholarship, which may vary in different cases, as well as the period thereof shall be determined by the Committee of Management mentioned below after due consideration of the subject or subjects in which training is to be received by the selected scholarship-holder and the ordinary expenses of decent living in the place or places where the training is to be received.

(5) That the said subject or subjects shall be selected from amongst the following, provided however that the Committee of Management shall have the power, in conformity with the aims and objects of this Endowment, to suggest and add thereto other subjects from time to time :—

Spinning, weaving, dye-making, mechanical, railway and electrical engineering, aviation and applied aeronautics, film-making, manufacture of photographic plates and materials, mining and colliery work, soap-making, pottery, enamel, glassware, manufacture of leather and leather goods, celluloid work, fruit-preserving, biscuit-making, sugar-refining, manufacture of drugs and medicines from indigenous products, manufacture of cheap building materials, motor-car parts, carpet-making, hosiery, scientific agriculture, scientific horticulture or floriculture, cultivation of medicinal plants, dairy and poultry farming, paper manufacture, manufacture of stationery goods, preparation of patent foods, condiments and non-secret pharmaceuticals and other subjects.

(6) That for purposes of general management and control of the Endowment and more especially for selecting suitable candidates, for sanctioning the subjects in which training is to be received by them and approving the firms, institutions, factories, mills, etc., where such training is to be received, for fixing the amount and the period for which a scholarship is to be tenable and for finally disposing of all matters connected with this Endowment, a Committee of Management shall be formed the *Personne* of which shall be selected by the Syndicate of the Calcutta University, provided however that the majority of its members shall be Indians, and the Vice-Chancellor shall be its Chairman *ex-officio*, and it shall contain at least two Protestant Christian members nominated by the Syndicate from amongst the Principal and teachers of Colleges affiliated to the University of Calcutta and provided also that my pupils, Messrs. Ramprasad Mookerjee, M.A., B.L., and Syamprasad Mookerjee, M.A., B.L., Barrister-at-law, sons of the late Sir Asutosh Mookerjee and Susilkumar Lahiri, M.A., B.L., Advocate, High Court, Calcutta, son of the late Susibhushan Lahiri, shall be life-members of the said Committee. The Proceedings of the Committee of Management shall be subject to confirmation by the Syndicate. The said Committee of Management constituted as above shall administer this as well as all the other Endowments already created or to be created by the present donor in favour of the Protestant Bengalee Christians.

(7) That every candidate for the "Lalchand Mookerjee Indian Scholarships for Protestant Bengalee Christians" shall be required strictly to conform to the following conditions :—

(a) That he shall be a Protestant Christian and a native of Bengal and born of Bengalee parents, and he shall be called upon to submit conclusive evidence that his father and mother are or were both Bengalees by birth and speak or spoke the Bengali Language as their mother tongue, and

furthermore that both of them are or were Protestant Christians at the time of his birth.

(b) That he shall be of sound health and ordinarily between 18 and 23 years of age.

(c) That every candidate for the Lalchand Mookerjee Indian Scholarship shall be a B.Sc. or a B.E. preferably of the University of Calcutta or shall have passed an examination or test equivalent to the B.Sc. or B.E. Examination of an Indian University. The poverty of an applicant or of his guardian may also be sympathetically considered in sanctioning a scholarship in cases where such an applicant is in every respect as highly qualified as the other applicants.

(d) That he shall be required to submit once a year or more frequently if so directed by the Committee of Management, a certificate of good conduct and satisfactory progress and regular attendance from the head of the workshop, school or factory where he receives his training and failure to produce this certificate may entail forfeiture of his scholarship.

(e) That he shall be bound to receive training in the subject or subjects approved or sanctioned by the Committee provided, however, that before final sanction thereof the Committee of Management shall take into consideration his suggestion about the subject or subjects and be satisfied that there are ample facilities in India for specialising in the subject or subjects proposed by it and also that such specialisation is or will in the near future be conducive to the best interests of our country.

(8) That inasmuch as the Committee of Management herein proposed shall administer this and my previous endowments and other endowments that might be subsequently created by me for Bengalee Protestant Christians and nominate, scholarship-holders under the terms and conditions therein respectively set forth, or to be set forth, the Committee shall be entitled while making such nominations to give preference to candidates who, on grounds of qualifications and attainments and after completion of their training under this Endowment, are likely to compete also for the "Lal Chand Mookerjee Foreign Scholarships" and for other foreign scholarships which might hereafter be created by me, with distinct advantage to themselves and to this country.

(9) That if at any time the Committee of Management is convinced that no candidate for scholarship possesses the minimum qualifications as laid down above or that the subjects selected by the candidate do not warrant any grant of scholarship in view of the absence in India of proper facilities for training therein, the Committee shall have the right of rejecting all applications and of adding the unexpended amount or amounts or any part thereof ratably or in any other proportion to the *corpus* of this Endowment and to the *corpus* of any one or both of my other two Endowments or to the *corpus* of any subsequent Endowments that I may create for Protestant Bengalee Christians.

(10) That in conformity with the aims and objects of this Endowment as laid down above, the Committee of Management shall have the power of making bye-laws and regulations from time to time regarding the selection of candidates, subjects of training, or places where the same is to be received and the amounts and the number of scholarships.

(11) That I shall be entitled to make such further additions to the *corpus* of this Endowment as I may be able to make from time to time.

(12) That the Committee of Management shall keep itself in touch with the scholarship-holders notwithstanding completion of their training and expiration of the term of the scholarship and help them in being apprenticed to any factory or industrial concern or to become usefully employed in the line of work in which they have been trained.

(13) That in case the interest of this Endowment accumulates to such an extent that a larger number of candidates may be trained on the above terms and conditions, the Committee of Management will, if practicable,

select additional candidates for training or may continue the grant of scholarship in favour of a selected candidate for a further period not exceeding one year.

(14) That the University acting as Trustees, shall forthwith, deposit the G. P. Notes in safe custody with the Imperial Bank of India, Calcutta, and shall open an account in the name of a fund to be styled "Lal Chand Mookerjee Indian Scholarship Fund" and shall also realise the interest of the said G. P. Notes for credit to the account of the aforesaid Fund.

ISAN ANUVADAMALA FUND

The following letter was addressed by Mr. Praphullachandra Ghosh, M.A., to Mr. Syamasprasad Mookerjee, M.A., B.L., Barrister-at-Law, M.L.C., Vice-Chancellor, offering 3½ per cent. G. P. Notes of the face value of Rs. 30,000 for the creation of a fund for the purpose set forth in the letter :—

1-3, Premchand Boral Street,
CALCUTTA,
The 29th March, 1935.

DEAR MR. VICE-CHANCELLOR,

I intend making over to the University 3½ per cent. G. P. Notes of the face value of Rupees Thirty Thousand to form a special fund for translation into Bengali, by competent scholars, of standard works in Sanskrit, Pali and other oriental classical languages. If I live to see good results of the scheme purposed, I may add to the amount to make it work better.

I shall be thankful if you will kindly let me know if the University will favour me by accepting this humble offer on the following terms :—

(1) The Series, which the University will undertake to print and publish, are to be named "Isan Anuvadamala" (Isan Translation Series) after my father, Srijukta Isanchandra Ghosh, in recognition of his monumental translation into Bengali of the entire Jatakas from Pali, which involved more than sixteen years' hard, single-handed labour.

(2) The Series are to be classified according to the original languages somewhat after the fashion of the Loeb Classical Series in which the Greek and the Latin books are distinguished, even externally, by green and by red binding cloth.

May I suggest in this connection that the profits arising from the sale of "Jatakamanjari," recently prepared by my father as a gift to the University be set apart and amalgamated with the fund I propose to endow?

Details of the working of the scheme may be settled by the University after my offer is accepted.

Yours sincerely,

PRAPHULLACHANDRA GHOSH."

The offer was accepted with thanks by the Senate on 30th March, 1935.

PRESIDENCY COLLEGE JITENDRANARAYAN MEMORIAL CUP

The Assistant Secretary, Jitendranarayan Roy Memorial Committee, Presidency College, offered, on behalf of the Committee, to award a trophy called "Presidency College, Jitendranarayan Memorial Cup" to the Calcutta University Rowing Club Regatta Competition on the following conditions :—

(1) That the Rowing Club Competition to which the cup is to be given must be held annually without break. In case of any such break for two consecutive years the cup must be returned to the Principal, Presidency College.

(2) That the Committee will not be in any case held responsible for any recurring expenses in connection with the Rowing Competition.

The offer was accepted with thanks by the Syndicate on 28th March, 1935.

STEPHEN MEMORIAL PRIZE

Dr. Adityanath Mukherjee, Honorary Treasurer, Stephen Memorial Fund, forwarded 3½ per cent. G. P. Notes of the face value of Rs. 600 with the request that, as Professor Stephen was connected with the English Section of the Post-Graduate Department the interest accruing from the said papers be utilised for a prize or a medal, to be awarded to a student of the English Department of the University.

The offer was thankfully accepted by the Syndicate on 26th September, 1935.

On the recommendation of the Executive Committee of the Council of Post-Graduate Teaching in Arts, that following rules governing the award of the prize were adopted by the Syndicate on the 16th December, 1935 :—

(i) That a prize of books be annually awarded to the Post-Graduate student of the English Department who having passed the B. A. Examination with Honours stands first among the 5th and 6th-year students of the said department in a Proficiency Test on Essay to be held by the 31st January every year.

(ii) That the subject of the Essay be announced by the Executive Committee on or before 31st July each year, the Essay to be submitted by 30th November, and the award to be made by the 31st January. The Executive Committee will appoint a Board of Honorary Examiners for this purpose.

(iii) That the prize be called the "Stephen Memorial Prize."

UNIVERSITY FOUNDATION DAY CHALLENGE CUP AND MEDAL

With a view to encourage physical culture specially of the type of mass drill as was demonstrated by the students of the Saraswati and Jagabandhu Institutions on the occasion of the University Foundation Day Celebration in 1937, entailing discipline, team work of great skill and hardship, Dr. Amulyaratan Chakravarti offered a Challenge Cup to be presented to the Saraswati Institution

team who were adjudged to be the best among the schools taking part in the celebration and also $3\frac{1}{2}$ per cent. G. P. Notes of the face value of Rs. 200 for a Silver Medal to be awarded to the best Instructor in Mass Drill.

The offer was accepted with thanks by the Syndicate on 19th March, 1937. The detailed rules for the award of the Cup and the Medal will be framed in consultation with the Donor.

The Cup was accordingly awarded to Saraswati Institution and the Medal to the Physical Instructor of that institution, for the year 1937.

10

THE VICE-CHANCELLOR'S CUP

Mr. N. N. Bhose, B.A. (Cantab), Barrister-at-Law, presented to the University through the Hony. Secretary, Students' Welfare Committee, a Silver Cup on the following conditions :—

(1) That the Trophy is to be awarded to the college which secures the highest number of points at the annual Inter-Collegiate Swimming Competition organised by the University and that it will be retained by the winning college for ten months from the date of award and returned to the University not later than the 15th July of the succeeding year.

(2) That the Cup is to be called "The Vice-Chancellor's Cup."

The offer was accepted with thanks by the Syndicate on 4th September, 1937.

11

RAI BAHADUR MOKHRAM KANODIA DONATION

Mr. Syamaprasad Mookerjee, M.A., B.L., Barrister-at-Law, M.L.A., forwarded a cheque for Rs. 25,000 to the University on the 2nd July, 1937, the amount being payable to the University by virtue of an award made by Mr. Mookerjee as Arbitrator in a High Court suit, which was duly confirmed by the High Court of Calcutta, for the purpose of establishing a laboratory for Communication Engineering out of a Charity Trust Fund belonging to the estate of the late Rai Bahadur Mokhrum Kanodia.

The laboratory was to be named after the late Rai Bahadur Mokhrum Kanodia.

The donation was made with the full consent of Babu Radha Kishan Kanodia and Babu Jadu Lal Kanodia, representatives of the two branches of the family of the late Rai Bahadur Mokhrum Kanodia, to whom the University conveyed their thanks in accepting the donation (Senate, dated the 18th September, 1937).

The following scheme for utilizing the amount of the donation was adopted by the Syndicate on 18th November, 1937 :—

(1) For immediate development of the Section of Communication Engineering a sum of Rs. 5,000 has to be spent to secure apparatus and equipments.

(2) A research scholarship in Electrical Communication Engineering of the value of Rs. 75 per month has to be created out of a suitable investment for which Rs. 12,500 has to be given out of the donation and the rest to be supplemented by the University. The scholarship is to be known as "Kanodia Research Scholarship in Electrical Communication Engineering."

SPECIAL ENDOWMENTS

(3) The residual sum of Rs. 6,500 has to be kept in reserve for the development of the laboratory.

12

RAJANIMOHAN SHIELD

Mr. Ratanmohan Chatterjee, offered to present a silver shield to the University in memory of his father, the late Mr. Rajanimohan Chatterjee to be named as "Rajanimohan Shield," for presenting every year to any college or school team in any sport which the Vice-Chancellor in his absolute discretion may deem proper.

The offer was accepted with thanks by the Syndicate on 3rd March, 1938.

The following rule for the presentation of the Shield was adopted by the Syndicate on the 20th May, 1938 :—

A knock-out Hockey Tournament will be organised by the Calcutta University Athletic Club and the Shield is to be presented every year to the College team winning the Tournament.

13

SIR DEVAPRASAD SARVADHIKARY MEDAL

Sm. Niharbala Mitra, second daughter of the late Sir Devaprasad Sarvadhikary made over to the University 3½ p. c. G. P. Notes of the face value of Rs. 3,000, for creating an endowment for the annual award of a gold medal on the following terms and conditions :—

(1) The medal will be called "Sir Devaprasad Sarvadhikary Medal" after the name of the donor's illustrious father and will be bestowed, once in two years, on one of the most famous scientists, not necessarily an Indian.

(2) The recipients will in due time, be selected by a Committee, presided over by the Vice-Chancellor or his representative and constituted as follows :—

(a) One member of the Faculty of Arts to be nominated by the Faculty

(b) Two members of the Faculty of Science to be nominated by the Faculty.

(c) One member of the Faculty of Engineering to be nominated by the Faculty.

(d) One member of the Faculty of Medicine to be nominated by the Faculty.

(3) The Committee shall after such consultation with experts as they may deem necessary, draw up a report in due time recommending the person who, in their opinion, is the best qualified to receive the medal.

(4) The report of the Committee shall be placed before the Syndicate for approval. The Syndicate may for specified reasons request the Committee to reconsider their decision, but shall not be competent to substitute another name for the name recommended by the Committee.

(5) The selection of a particular recipient, may be repeated if the Committee deems necessary, on account of the attainment of higher fame and reputation.

(6) The medal shall be awarded publicly to the recipients at the Annual Convocation of the University. If the recipients be unable to attend the Convocation, the medals would be forwarded to them.

(7) The names of the medallists shall be published in the Calcutta Gazette, the Calcutta Review, the newspapers and the University Calendar.

(8) The medal shall bear the University arms on one side and on the other side 'Sir Devaprasad Sarvadhikary Medal awarded to.....
(recipient in.....year of award).

(9) The Syndicate can modify the above rules, keeping the fundamental principles in tact.

The offer was accepted with thanks by the Syndicate on 30th July, 1938,

GURUPRASANNA GHOSH SCHOLARSHIP

The terms of the bequest are given in the following extract from the will :—

" I direct that my executors shall after payment of all my just debts and making due provision for the objects hereinbefore mentioned and the costs they are likely to incur in the administration of my estate sell the rest and residue of such of my estate as consist of landed properties and my jewellery and furniture and make over the proceeds thereof and all monies or securities or money of which I may die possessed to the University of Calcutta for the following purposes—namely, that the said University shall, out of the income thereof, send every year or as often as funds will permit either together or alternately pure natives of Bengal to study in Europe, America or Japan the Arts, Sciences and Industries of Europe and America on such conditions and terms as to the said University may seem proper but they must bear in mind my intention which is as follows : viz., the promotion of real learning amongst our young men so that they may become specialists in some subjects of Arts or Science, the cultivation of the knowledge of Agriculture and of the Industries of Europe and America or the East.

It is my desire that the University should further my object by awarding fellowships tenable for certain number of years or in such other way as to the University may seem proper. In the case of boys or young men sent out to learn the industries of Europe, America or the East, or Agriculture, it is my desire that such educational tests be not laid as the condition for the obtaining of fellowships for that purpose as to make it possible for none but graduates to compete. My object is that young men possessed of energy and such preliminary knowledge as may be necessary should be sent and that the sons of artisans and mechanics following such industry in India may avail themselves of the fellowship. Preference should always be given to Hindus ; if the University declines to undertake the work I direct my executors and trustees to discharge the functions themselves and make such arrangements as they think best. I give liberty to my executors and trustees to vary this direction if they think desirable in furtherance of the Tata Scheme, regard being had to the method in which I wish this direction to be carried out."

The scheme adopted for giving effect to the wishes of the testator and as modified by the Senate on the 15th August, 1931, is as follows :—

1. Not less than three scholarships each to be called the " Guruprasanna Ghosh Scholarship " shall be maintained out of the income of the endowment. Each scholarship shall be tenable for three years, and one appointment shall be made annually. A scholarship, if tenable in Japan, will be of the annual value of Rs. 1,000 ; if tenable in Europe or America of the value of Rs. 2,000.

2. Candidates for the scholarships must under the terms of the will of the Founder, be " pure natives of Bengal " and " preference shall always be given to Hindus."

3. By the 15th of December in the year previous to that in which the scholarship is to be awarded the Registrar shall invite by advertisement applications for the scholarship, which must be submitted to him not later than the 1st of February following. If an applicant has not already passed the Intermediate Examination in Science of this University, or the final examination of a recognised school of Arts or Technical or Agricultural College he must produce with his application proof that he has attained a knowledge of English and Mathematics up to the standard of the Matriculation Examination and of Physics and Chemistry up to the standard of the Intermediate Examination in Science.

Any person who intends to be a candidate for these scholarships may be examined upon payment of a fee of Rs. 2 for each subject, in English and Compulsory Mathematics in the papers set at the Matriculation Examination and in Physics and Chemistry in the papers set at the Intermediate Examination in Science ; and if he attains the minimum standard laid down in the Regulations

in all or any of the subjects in which he is examined he shall be entitled to receive a certificate accordingly.

4. Candidates for the scholarships must have completed 18 years on the 1st March, in the year in which they apply.

5. The application of every candidate must set forth precisely the institution in Europe, America or Japan in which, if elected to the scholarship, he intends to study, as also the particular branch of Agriculture or the Arts, Science and Industries of Europe, America or the East, in which he desires to specialize.

6. Candidates for the scholarships shall submit to the Registrar, along with their applications :—

(a) Certificates for their good conduct from persons of respectability and position with whom they may be acquainted.

(b) Certificates of their physical capacity to undergo the course of life and study which they will have to follow in the country to which they intend to proceed, signed or countersigned by a medical man holding a degree or diploma of a recognised British or Indian University or Licensing Body.

Candidates must also state whether they have the consent of their families to proceed to Europe, America or Japan.

7. The applications shall, in the first instance, be considered by a Committee of the Syndicate, consisting of the Vice-Chancellor and three other members, who shall make a *preliminary selection* of not less than *four names* for the scholarship, before the end of February. An enquiry will then be addressed to the Education Department of the High Commissioner for India, London, in the case of scholarships tenable in the United Kingdom or to the relevant authorities in the case of scholarships in other countries in order to ascertain whether facilities are available for practical training in the particular subjects in which the candidates so selected desire to specialise and, if so, on what terms. On receipt of necessary information, the Committee shall *finally* consider the applications of the candidates concerned with special reference to the facilities for practical training available and the terms on which they are offered and shall submit their report to the Syndicate *not later than the 1st August following*. If the necessary information regarding facilities for practical training is already available, the Committee may take their final report, without previous reference to the High Commissioner or other authorities as stated above. In case where enquiries are addressed to such authorities, their replies are not received in time, the Committee will proceed to make their report on such materials as are available to them. On receipt of the report, the Syndicate shall award the scholarship to that one among the candidates who is best qualified to promote the object of the Founder.

8. The Syndicate may contribute towards the expenses of the passage of the selected scholar and the premium for practical training such amount as the state of the funds may permit. The Syndicate may also, whenever practicable, contribute towards the return passage of any scholar who has especially distinguished himself in his studies.

9. Every scholar shall within four weeks of his arrival at the selected place of study, forward a report to the Registrar countersigned by the proper authorities, showing (a) the course of the study he proposes to follow, (b) the arrangements made for his residence, supervision and control. Any departure from the conditions to study and residence thus reported shall be duly intimated by the scholar for the approval of the Syndicate.

10. Every scholar shall at the end of each term at the Institution where he prosecutes his studies, forward to the Registrar a certificate from the proper authorities, showing that his residence, conduct and the progress in study have been satisfactory during the term. The continuance of the scholarship shall depend upon the regular production of such certificates.

11. Every scholar will be liable to forfeit his scholarship, who not being disabled by illness or prevented by any other cause which the Syndicate may deem sufficient, fails to complete his studies for three years in accordance with

the terms and conditions set out in his application. If a scholarship be forfeited the scholar will be further liable to refund the amount, if any, contributed for his passage.

12. Subject to due compliance with the above conditions, the allowance will be forwarded quarterly in advance, by the Registrar free of all charges to the chief controlling authority of the Institution where the scholar prosecutes his studies for payment to him.

13. The Senate may, at any time upon the recommendation of the Syndicate, alter these rules consistently with the terms of the Will of the Founder, but not so as to prejudice the holder of any scholarship already awarded.

The following letter, dated the 11th June, 1938, was received from Messrs. B. N. Basu & Co., Solicitors, on behalf of the administratrix of the Estate—Guruprasanna Ghosh, deceased, on the subject of release of University's interests in the aforesaid Estate :—

No. J/8102.

To

THE VICE-CHANCELLOR,
University of Calcutta

DEAR SIR,

Estate—Guruprasanna Ghosh, deceased.

According to the directions of the Will of the testator, the immovable property, furniture and jewellery left by the late Babu Guruprasanna Ghosh were sold by the executors, and the net proceeds of sale after meeting the necessary expenses of the estate were made over to the University of Calcutta.

By the Will, the payment of certain annuities were directed, namely :—

(a) A sum of Rs. 50 per month to Mr. Kali Churn Banerji for life, and after his death to his widow for life.

(b) A sum of Rs. 100 per month for the expenses of Debsheba and of feeding Atiths and Fakirs at the Atithshala of the testator.

(c) A sum of Rs. 100 per month for helping poor Hindu widows and orphans of the respectable classes of Bengal.

The aggregate of the above payments amounted to Rs. 3,000 per year.

At the time of the death of the testator, a Zemindary called Lot Nakorbag in the district of Midnapore, which formed part of his estate, was let out on a Putni lease, and the Putnidars had to pay as rent the amount required for payment of Government revenue and cesses and a further annual sum of Rs. 3,000.

On the death of the testator, his executors set apart the above property, called Lot Nakorbag for payment of the above annuities amounting to the aggregate sum of Rs. 3,000 annually.

On the death of both the executors, Sreemutty Manorama Dasi, daughter and heiress of the testator was granted by the High Court on the 25th May, 1910, Letters of Administration to the estate of the testator with a copy of the Will annexed.

The administratrix being desirous of finally distributing the estate offered to the University in 1926 to make over to it the balance in her hands of those assets of the testator to which the University was entitled under the Will. Those assets after payment of the necessary expenses and outgoing consisted in 1926 of the following :—

1. 3 per cent. G. P. Notes of Government of India for Rs. 1,500.
2. 3½ per cent G. P. Notes of Government of India for Rs. 23,000/-
3. Rs. 6,261/10/- in cash.

Mr. Kali Churn Banerjee and his wife, the annuitants mentioned above, who were entitled to Rs. 50 per month having died, the amount payable to them became a part of the residuary estate to which the University became entitled. It was suggested to the administratrix in 1926 that she should purchase the interest of the University in the property known as Lot Nakorbag, the yield from such interest being at that time Rs. 600 per year, as the University did not desire to encumber itself with the difficulties of managing lauded property, and the uncertainties of the income derived from such property.

In the course of the negotiations that took place in 1926, the testator's daughter in her individual capacity and not as administratrix expressed her willingness to take over the share and interest of the University in Lot Nakorbag, the price then suggested being 16 times the net annual income, that is to say, Rs. 9,600. But the University at that time did not accept the offer of the administratrix and the sale of the University's interest in Lot Nakorbag fell through. The residuary property in the hands of the administratrix to which the University was entitled was not taken over, nor was any Release executed in favour of the administratrix.

Thereafter, the general economic depression set in. The Putnidars of Lot Nakorbag made default in payment of the Putni rents, and arrears of rent accumulated. A suit for rent had to be instituted by the administratrix against the Putnidar and a decree was obtained. In execution of that decree, the Putni Taluk was sold. But the loss that happened was Rs. 6,709-14-6 on the basis of the actual receipts and disbursements. Then the administratrix purchased the property, there was no other buyer.

Since the Bengali year 1339 B.S. (1932-33), the administratrix as purchaser took Khas possession and commenced collecting rents directly from the tenants. There was further loss as will appear from the income and expenditure of Lot Nakorbag since 1339 B.S., as shown below :—

<i>Receipts.</i>	<i>Disbursements.</i>
Realised as income from 1349 B.S. to 1344 B.S.Rs. 61,927-9-10½	Government revenue and cesses paid from 1339 B.S. to 1344 B.S....Rs. 88,628-2-8

There was thus a deficit since 1339 B.S. of Rs. 16,700-8-4½, which had to be met by the administratrix. Added to the previous deficit of Rs. 6,709-14-6, the total deficit up to 1344 B.S., was Rs. 23,410-6-10½.

Lot Nakorbag was allocated by the executors for payment of the annuities during the subsistence of the Putni, when the net annual income was a fixed sum of Rs. 3,000, and the University's share of it after death of the Rev. Kali Churn Banerjee and his wife was Rs. 600. The loss on Nakorbag has to be calculated on the basis of the share payable by the University out of the total loss of Rs. 23,410-6-10½ is Rs. 4,682-1-4½. A sum of Rs. 295 is payable by the administratrix to Messrs. H. N. Datta & Co., the Solicitors of the administratrix, for costs a fifth share of which amounting to Rs. 59 is payable by the University. Added to Rs. 4,682-1-4½ the total deduction amounts to Rs. 4,741-1-4½.

In view of the steadily diminishing funds constituting the residue, the administratrix communicated with you through our Mr J. N. Basu, so that the fund now in hand may be taken over by the University. The fund now consists of :—

- | | |
|---|--|
| (i) 3 per cent. G. P. Notes for Rs. 1,500 | } With interest accumulated either from the 30th June, 1926 or the 1st November, 1926. |
| (ii) 3½ per cent. G. P. Notes of Rs. 23,000 | |
| (iii) The cash in hand in 1926 was ...
Rs. 6,216-10-0. | Out of that, the sum of Rs. 4,741-1-4½ has been deducted leaving a cash balance of Rs. 1,520-8-7½. |

The property Lot Nakorbag is not only of no value now, but is onerous as a deficit has had to be met for the past four years.

It is now proposed that the following should be made over to the University:—

3% G. P. Note for Rs. 1,500	} With all accumulated interest as stated above.
3½% G. P. Notes for Rs. 23,000	
Cash—Rs. 1,520-8-7½.	

Upon the above being made over all accounts between the estate of the testator and the University would stand closed, and the University should execute a Release in favour of the administratrix. In view of the fact that the endowment was founded by her father the testator's daughter will herself add to the cash balance and make it Rs. 6,000 in place of Rs. 1,520-8-7½.

As the University's interest in Lot Nakorbag is of no value, it is proposed that the University instead of going on paying its share of the losses as they accrue due every year should transfer its interest to a nominee of the administratrix.

If the above Scheme is approved by the University, the above securities and money may be made over on execution of the above documents.

Yours, etc.,

B. N. Basu & Co.

The proposal made in the above letter was, on the recommendation of the Syndicate, accepted by the Senate on the 18th June, 1938, and the Syndicate was authorised by the Senate to execute the Release and necessary Deed of Transfer.

SIR TARAKNATH PALIT SCHOLARSHIPS

Out of the Trust estate of Sir Taraknath Palit, Kt., a sum of Rs. 1,00,000 has been set apart for the purpose of creating an endowment for establishing and maintaining out of the interest thereof, scholarships for advanced students in Science to enable them to carry on research or investigation abroad, that is to say, out of India. The number and value of such scholarships shall be determined by the Governing Body. The scholarships will be awarded upon the following conditions :—

1. That the recipients of the said scholarships must be very distinguished graduates of the Calcutta University of either sex and must have taken the Degree of Master of Science or Doctor of Science or have been awarded Fremchand Roychand Scholarship.

2. That such recipients must be unmarried and must continue so during the period they hold such scholarships and if they contravene this condition they shall forfeit their scholarships as well as refund the whole of the amount of the pecuniary benefit they have received in respect of their scholarships, with interest at the rate of not more than 6 per cent. per annum.

3. Before proceeding abroad such recipients must insure their lives in favour of the Calcutta University for such amount and in such manner as the Governing Body may determine and the premium in respect of such insurance shall be payable by the recipients out of the amount of scholarships so awarded to them.

4. The said recipients shall not during the period they may hold the said scholarships, enrol themselves as members of any of the Inns of the Court or attempt to qualify themselves for any of the branches of the legal profession and if such recipients contravene this condition they shall forfeit their scholarships as well as refund the whole of the pecuniary benefit thereunder, as aforesaid, with interest at the rate of 6 per cent. per annum.

5. No one shall be eligible for the above scholarships whose knowledge of the language of the country in which his or her researches or investigations have to be prosecuted, is not such as to enable him or her to intelligently prosecute such researches or investigations in that country.

6. The period during which such scholarships shall be tenable shall be determined by the said Governing Body and it shall be competent to them to extend such period if they deem such extension beneficial.

7. If the said Governing Body are satisfied that the recipient of any such scholarship is not diligently prosecuting his or her researches or investigations or is misbehaving himself or herself it shall be competent to the said Body to stop payment of his or her scholarship either temporarily or permanently as they may think fit.

8. The right of nomination for any of the aforesaid scholarships shall be with the said Governing Body.

9. The University shall require each of the recipients of such scholarships before proceeding abroad, to enter into a Bond with them to refund such sum as may be spent for him or her in respect of his or her scholarship together with interest on the total amount spent at a rate not exceeding six per cent. per annum from the date or dates of expenditure within such time and on such conditions as the said University may think fit provided always that the said University may, in any case, forbear enforcing such Bond as to any part or the whole of the money secured thereby as the said University may in their discretion think fit.

10. Should the said Governing Body at any time be unable, for want of suitable candidates or of any other reason, to apply the monies allotted to such scholarships, the University shall accumulate the same and apply

the same for the purpose of such scholarships thereafter and all monies recovered under the Bonds aforesaid shall be applicable to the provision of such scholarships as hereinbefore mentioned.

RADHIKAMOHAN SCHOLARSHIP

Srijukta Sailasuta Debi, widow of the late Babu Radhikamohan Ray, endorsed, in favour of the University, 3½ per cent. Government Promissory Note of the face value of one lakh and fifty thousand rupees towards the end of April, 1928, with a view to creating a Fund to be termed "The Radhikamohan Scholarship Fund" for the promotion and diffusion of Scientific and Technical education and the development of Applied Science and Scientific Industry among the Bengali Brahmins on the conditions stated in the following letters :—

I

FROM

SRIJUKTA SAILASUTA DEBI,

43, LANSDOWNE ROAD, BHOWANIPUR,

TO

THE VICE-CHANCELLOR OF THE CALCUTTA UNIVERSITY,

CALCUTTA.

DEAR SIR,

My revered husband the late Babu Radhikamohan Ray contemplated creating a trust of a permanent character for the promotion and diffusion of Scientific and Technical education and the development of Applied Science and of Scientific Industry among the Bengali Brahmins. Unfortunately, however, he departed from this world before the execution of the Trust Deed. To give effect to the said unfulfilled desire of my husband I had for some time past been contemplating the founding of a fund to be termed "The Radhikamohan Scholarship Fund" and of placing at the hands of the Calcutta University a substantial sum. With this view I have endorsed in your favour 3½ per cent. G. P. Note, bearing No. 272924 of 1900-01 and of the face value of one lakh and fifty thousand rupees towards the end of

April, 1918. My gift to the University will be made on the following conditions :—

(1) That the said scholarship shall be named "Radhikamohan Educational Scholarship" in commemoration of my husband, the late Babu Radhikamohan Ray.

(2) That such scholarship will be available only to Bengali Brahmin students of the qualifications hereinafter mentioned, who must have some previous training in Mechanical Engineering or in chemical or some other technical industry existing in this country or in agriculture : and who intend to go abroad for the purpose of acquiring further knowledge in such subject in England, Germany, Japan or other countries in Europe, Asia or America ; but who must not, while enjoying the Scholarship, study for the Civil Service, or Engineering, or Medicine, Law or any other profession alien to the purpose for which the Scholarship has been founded, with a view to practise as a Doctor or a Civil Engineer or to take up service under Government provided that the study of the preparation or manufacture of drugs and medicines or of articles ordinarily manufactured in engineering will not be included in the terms medicine and engineering stated above. It will be regarded as an additional qualification, but not a necessary one, if the candidate be a Graduate in Science of the Calcutta or Dacca or any other University or a diploma-holder of the National Council of Education, Bengal.

(3) That no candidate shall be selected on any account unless he has the following qualifications :—

(a) That he is a Bengali Brahmin. Other qualifications being equal, preference will be given to a Barendra Brahmin.

(b) That he is of such circumstances that he or his guardians cannot bear the cost of his further education.

(c) That the age of the candidate is not less than 20 or more than 30 completed years.

(d) That he possesses good health and moral character.

(4) That once every year or once every two years as the funds permit the Governing Body hereinafter mentioned will proceed to make a selection from among the candidates of the qualifications specified in Clauses (2) and (3) and to award a Scholarship to him as mentioned in Clause (6) for prosecuting his advanced studies abroad with a view to following an industrial profession ; provided always that it shall be within the powers of the governing Body to select candidates with the required qualifications and award Scholarships to them for advanced training in the aforesaid subjects at some Industrial centre in India if the object of founding the Scholarship will be better served thereby instead of sending such candidates abroad.

(5) That the selected candidate shall have to make an affidavit in such terms as may be required by the Governing Body from time to time to suit the occasion.

(6) That the selected candidate will be paid his passage (Second Class) and a sum of Rs. 1,500 before he starts from India on furnishing an affidavit referred to in Clause (5) and a further sum of Rs. 1,500 in the same year in monthly instalments as may be necessary and a third sum of Rs. 2,000 in the next year also in monthly instalments as may be necessary on the Governing body being furnished with proof of the candidate's satisfactory progress in study during the first year. On completion of his study the Governing body will pay his return passage (Second Class).

(7) That in case the place of study is chosen in India the Scholarship will be suitably reduced and will not exceed half of the amount specified in Clause (6) and the Governing Body can at their discretion increase the number of selected candidates in any year or years to utilise the saving.

(8) That the Governing Body will keep themselves in touch with the student on return after completion of his study and assist him in being apprenticed to any Factory or Industrial concern if he so desires with a view to his acquiring experience of Indian conditions of the particular industry

in which he has specialised. And when he desires to start an Industrial business himself the Governing body may at their discretion pay him a sum not exceeding Rs. 1,000 by way of a small capital on such terms as they think fit and proper.

(9) That in case the income of the G. P. Note shall exceed the amount required to meet all the expenses aforesaid or in case no suitable candidate be found in any year and the surplus accumulates to such an extent that more than one candidate may be trained on the above terms and conditions, the Governing Body will, if practicable, send two or more such candidates in place of one to study abroad or at some selected place in India or continue the Scholarship of any selected student for a third year.

(10) That the Calcutta University shall pay the above amount and also meet such incidental expenses for purpose of carrying out their duties as trustees as may be necessary, out of the income of the said G. P. Note and shall publish the names of the selected scholars with the subject and places of study in the University Calendar.

(11) That the University acting as Trustees will forthwith deposit the said G. P. Note in safe custody with the Imperial Bank of India, Calcutta, and will open an account in the name of the above fund to be termed "Radhikamohan Scholarship Fund" and will also realise the interest of the said G. P. Note for credit in the account of the aforesaid fund.

(12) That the said University shall not be able to withdraw the G. P. Note from the said Imperial Bank of India except in the event of the Bank being wound up. In case the Government pays off the particular loan the said University will in that event authorise the Bank to realise the money and invest the same immediately in other sorts of G. P. Notes as may be decided by the said University, and on such investment such G. P. Notes will form a part of the said Fund and Clause (II) for safe custody will apply to such other sorts of G. P. Notes.

(13) That the Governing Body who will administer the Scholarship must be six in number as hereinafter constituted. They will meet from time to time whenever convened by the said University and they will not be entitled to charge any remuneration, gratification or expenses of any kind of their work in connection with this scholarship. In the event of a difference of opinion among the members of the Governing Body the votes of the majority will prevail, the Chairman having a casting vote in case of a tie. Once every year the said University shall place before the Governing body an annual account of the fund for their information and approval.

(14) The Governing Body referred to above will be constituted as follows :—

- (i) Vice-Chancellor of the Calcutta University (*Ex-officio, Chairman*).
- (ii) Director of Industries, Government of Bengal.
- (iii) A member or Officer of an Industrial concern in Bengal, being a Bengali, to be selected by the Syndicate of the Calcutta University in consultation with the head of the concern for a term of three years immediate vacancies under the head being filled by the Syndicate.
- (iv) Sir P. C. Ray, Kt., 92, Upper Circular Road, Calcutta,
- (v) Srijut Jotindramohan Ray, 49 Lansdowne Road, Calcutta.
- (vi) Srijut Kshirodmohan Goswami, Memari, Burdwan.
- (vii), (viii) and (ix) are to be members for three years and vacancies under (iv), (v) and (vi) to be filled by me or my legal successor or successors.* In the event of there being two or more successors who are not unanimous in choosing their nominee or nominees the Syndicate of the Calcutta University

* The donor having died and her sons who are her legal successors being minors, the Collector, 24-Perganas, as guardians of the minor will for the present, fill up these vacancies. (Synd. 5th July, 1935.)

shall fill up the vacancy or vacancies by selection from among the nominees of each successor.

This is my scheme and I solicit the favour of your kindly moving the Senate of the Calcutta University for the acceptance of my gift on the conditions mentioned above.

The 26th July, 1928.

Yours faithfully,

SAILASUTA DEBI,

II

No. 245.

FROM

SRIJUKTA SAILASUTA DEBI,

ZEMINDAR,

TO

THE REGISTRAR,

CALCUTTA UNIVERSITY, CALCUTTA.

DEAR SIR,

Referring to your letter No. A-350, dated the 1st September, 1928, I agree to add the following as the last clause of the conditions for creating Radhikamohan Scholarship Fund. "The Proceedings of the Governing Body shall be subject to confirmation by the Syndicate of the Calcutta University."

Yours faithfully,

SAILASUTA DEBI.

The gift was thankfully accepted by the Senate on the 12th January, 1929.

The Rules for the award of the Radhikamohan Educational Scholarship, as adopted by the Syndicate on the 3rd May, 1929, and amended by the Senate on the 9th May, 1931, are as follows :—

1. A Scholarship to be called the 'Radhikamohan Educational Scholarship' shall be maintained out of the income of the endowment. The Scholarship shall be tenable for two years and the award shall be made every year or once every two years as the fund permits. The selected candidate shall be paid his passage (Second Class) and a sum of Rs. 1,500 before he starts from India, on his furnishing an affidavit, and a further sum of Rs. 1,500 in the same year and a third sum of Rs. 2,000 the next year. On completion of his study he shall be paid his return passage (Second Class).

In case the place of study chosen is in India, the Scholarship shall not exceed half of the amount specified above together with Second Class fare to and from his destination once each way.

That in case the income of the G. P. Notes shall exceed the amount required to meet all the expenses aforesaid or in case no suitable candidate be found in any year and the surplus accumulates to such an extent that more than one candidate may be trained on the above terms and conditions, the Governing Body will, if practicable, send two or more such candidates in place of one to study abroad or at some selected place in India or continue the Scholarship of any selected student for a third year.

2. Candidates for the Scholarship must be Bengali Brahmins and other qualifications being equal, preference shall be given to a Barendra Brahmin.

Candidates applying for the Scholarship must have a year's previous training in Mechanical Engineering or in Chemical or some other technical industry existing in this country or in Agriculture, in a College or Institution or in a reputable firm.

It will be regarded as an additional qualification, but not a necessary one, if the candidate be a graduate in Science of Calcutta or Dacca or any other University or a Diploma-Holder of the National Council of Education, Bengal.

3. In the *First week of January* in the year in which the Scholarship is to be awarded, the Registrar shall invite by advertisement applications for the Scholarship which must be submitted to him not later than the *first of February*.

4. Candidates for the Scholarship must not be less than 20 or more than 30 completed years of age, in the year in which they apply.

5. The application of every candidate must set forth precisely the particular branch of industry he intends to study and the institution or firm in Europe, America, Japan or any other country which he intends to join for the purpose. He must also state what arrangement he proposes to make for the payment of premium, if any, required for his training. Only in exceptional circumstances, and provided the funds permit, the premium may be paid by the Governing Body.

6. Candidates for the scholarship shall submit to the Registrar, along with their applications :—

(a) Evidence of such circumstances as will show that he or his guardian cannot bear the cost of his further education.

(b) Certificates of moral character from at least two persons of respectability and position with whom they may be acquainted.

(c) A certificate of physical capacity to undergo the course of life and study which they will have to follow in the country to which they intend to proceed, signed or countersigned by a medical man holding a Degree or Diploma of a recognised British or Indian University or Licensing Body.

7. A candidate, elected to the Scholarship, before proceeding abroad, must take an affidavit in the following terms :—

(a) That while enjoying the scholarship abroad, he will not study for Civil Service, or Engineering, or Medicine, or Law, or any other profession alien to the purpose for which the scholarship has been founded, with a view to practise as a Doctor or a Civil Engineer or to take up service under Government, provided that the study of the preparation or manufacture of drugs and medicines or of articles ordinarily manufactured in Engineering will not be included in the terms medicine and engineering stated above.

(b) That unless disabled by illness, if he fails to complete his studies for two years, in accordance with the terms and conditions set out in his application, he shall forfeit his scholarship and that he will be further liable to refund the amount spent on him for the purpose.

8. The Governing Body after due consideration of all the applications received, shall, in the first instance, make a *preliminary* selection of not less than *six names* for the scholarship by the *end of February*.

An enquiry will then be addressed to the Education Department of the Office of the High Commissioner for India, London, in the case of Scholarships in the United Kingdom, and to the relevant authorities in the case

of Scholarships in other countries, in order to ascertain whether facilities for practical training (if any) desired by the candidates so selected are available, and, if so, on what terms.

On receipt of necessary information, the Governing Body shall *finally* consider the applications of the candidates concerned together with a statement of particulars as to the facilities for practical training available and the terms on which they are offered, and selected *not later than the 1st of August*, a candidate for the Scholarship, who is, in their opinion, best qualified to promote the object of the donor. The award of the Scholarship shall be subject to the approval of the Syndicate.

9. Every Scholar shall within four weeks of his arrival at the selected place of study, forward a report to the Registrar countersigned by proper authorities, showing (a) the course of study he proposes to follow, (b) the arrangements made for his residence, supervision and control.

10. Every scholar shall, at the end of the first year, forward to the Registrar a certificate from the proper authorities, showing proof of satisfactory progress in study during the first year. The continuance of the Scholarship during the second year shall depend upon the production of such a certificate.

11. The Governing Body will keep themselves in touch with the student, on his return after completion of study, and assist him in becoming apprenticed to any Factory or Industrial concern if he so desires, with a view to his acquiring experience of Indian conditions of the particular industry in which he has specialised. And when he desires to start an Industrial business himself the Governing Body may, at their discretion, pay him a sum not exceeding Rs. 1,000 by way of capital on such terms as they think fit and proper.

12. The Syndicate shall publish the names of the selected scholars, with their subjects and places of study in the University Calendar.

13. Subject to due compliance with the above conditions the Scholarship will be forwarded quarterly in advance, by the Registrar, free of all charges, to the chief controlling authority of the Institution where the Scholar prosecutes his studies for payment to him.

14. The Governing Body can at their discretion increase the number of selected candidates in any year or years, it funds permit.

15. The Governing Body may at any time, with the approval of the Syndicate, alter these rules consistently with the terms of the Endowment, but not so as to prejudice the holder of any scholarship already awarded.

*Form of Affidavit under Rule 7 adopted by the Syndicate
on the 10th July, 1929.*

“I _____ son of _____ of

LALCHAND MOOKERJEE ENDOWMENT

Dr. Harendracoomar Mookerjee, M.A., Ph.D., University Inspector of Colleges, desired to create an endowment in memory of his late lamented father, Mr. Lalchand Mookerjee, for sending properly qualified Bengali Protestant Christian students abroad for a course of theoretical and practical training in technical, industrial, mechanical, agricultural and allied subjects.

*The scholarship was not availed of.

The endowment is to be called 'Lalchand Mookerjee Endowment' and will consist of $3\frac{1}{2}$ per cent. G. P. Notes of the face value of Rs. 1,50,000. His proposal is that from the interest accruing to the fund a number of scholarships should be created, the largest of which should not ordinarily exceed Rs. 250 per month. The object of these scholarships is to encourage the proper type of young men of his community who may not be in affluent circumstances to avail themselves of the facilities thus offered to acquire up-to-date scientific training and be in a position thereby to serve their community and their country as leaders of industry.

He proposed to make over to the University of Calcutta $3\frac{1}{2}$ per cent. Government Securities of the face value of Rs. 1,50,000 on the following terms and conditions :—

1. Notwithstanding that the University shall, after formal acceptance of his proposal, become the custodian of the Government Securities and hold the same in deposit for the creation of scholarships out of its interest only as laid down below, only the interest shall belong absolutely to him during his life-time and after his death it shall belong absolutely to his wife Sreemati Bangabala Mookerjee during her life-time and the said interest periodically accruing shall be realised by the Registrar of the Calcutta University for the time being and made over to him and after his death to his wife, unless he in his life-time or his wife after his death gives notice in advance to the Registrar of the Calcutta University of re-investing the interest in approved Government Securities, in which case it shall be added to the corpus of the endowment. After the death of both of them any portion of the interest which is not spent on scholarships shall be added to the corpus of the endowment.

2. That after his death and the death of his wife, whichever shall happen later, monthly scholarships payable out of the interest shall be created and their number shall be determined. They shall be styled "The Lalchand Mookerjee Foreign Scholarships for Protestant Bengali Christians."

3. That these scholarships shall be tenable for not more than five years outside the territorial limits of India and the amount of each scholarship shall not ordinarily be more than Rs. 250 per month and that the minimum amount of each scholarship which may vary in different cases as well as the period thereof shall be determined by a Committee of Management or Governing Body mentioned below, after consideration of the subject or subjects selected for study and the ordinary expenses of decent living in the place or places where the study is to be pursued.

4. The subject or subjects for the scholarships will be selected from among the following technical subjects :—

Spinning, weaving, dye-making, mechanical and electrical engineering, aviation and applied aeronautics, film-making, manufacture of photographic plates and materials, mining and colliery work, soap-making, pottery, enamel, glassware, leather and leather goods, celluloid work, fruit-preserving, biscuit-making, sugar-refining, manufacture of drugs and medicines from indigenous products, manufacture of cheap building materials, motor car parts, carpet-making, hosiery, scientific agriculture, scientific horticulture, or floriculture, cultivation of medicinal plants, dairy and poultry farming.

The present list of subjects is by no means exhaustive, the Committee of Management mentioned below having the power to add to them from time to time.

5. That the purpose of general management and control and more specially for selecting suitable candidates, for sanctioning the subjects, the institutions and the places of study, for fixing the amount and the period for which each scholarship is tenable and the like, a Committee of Management shall be formed the personnel of which shall be determined by the Syndicate of the Calcutta University, provided, however, that the majority of the members shall be Indians and the Vice-Chancellor shall be its Chairman, *ex-officio* and it shall contain at

least two Protestant Christian members nominated by the Syndicate from among the Principals and Teachers of colleges affiliated to the University of Calcutta and provided also that his pupils Messrs. Ramaprasad Mookerjee and Syamaprasad Mookerjee, sons of the late Sir Asutosh Mookerjee and Mr. Susilkumar Lahiri, M.A., B.L. Vakil, High Court, shall be life-members of the said Committee. The Proceedings of the Managing Committee will be subject to confirmation by the Syndicate.

6. Every applicant for "The Lalchand Mookerjee Foreign Scholarship" will be required strictly to conform to the following conditions :—

(a) He shall be a Protestant Christian and a native of Bengal and born of Bengali parents and he shall be called upon to submit conclusive evidence that his father and mother are or were both Bengalis by birth and speak or spoke the Bengali language as their mother-tongue and furthermore that both of them are or were Protestant Christians, at the time of his birth.

(b) He shall be of sound health and ordinarily between 20 and 26 years of age.

(c) He shall be a graduate in Science or Engineering preferably of the Calcutta University or shall have passed an examination which will be regarded by the Committee of Management as equivalent thereto and shall produce satisfactory evidence of previous practical training in workshops in the subject of his study or any other allied subjects. Poverty of the applicants and their guardians must be taken into account in awarding the scholarships.

(d) He shall be required to submit once a year or more frequently if so directed by the Committee of Management a certificate of good conduct, satisfactory progress and regular attendance from the head of the institution where he studies and failure to produce this certificate will entail discontinuance of the scholarship. The said certificate shall also contain details of attendance at lectures and practical classes, examination results, if any, and reports from the teachers or engineers or other officers under whom the scholar is undergoing training.

7. If at any time the Committee of Management are satisfied that no applicant for scholarship possesses the minimum qualifications as laid down above, generally the Committee shall have the right of rejecting all applications and adding the unexpended amount or amounts to the corpus of the endowment.

8. That in conformity with the aims and objects of the endowment as laid down above, the Committee of Management shall have the power of making bye-laws and regulations from time to time regarding the selection of candidates, of subjects of study, of places where such study is to be prosecuted as well as regarding the amount of the several scholarships.

9. The University shall permit him to make such further additions to the corpus of this Trust Fund as he may be able to add from time to time.

10. That the Committee of Management will keep themselves in touch with the student on return after completion of his study and assist him in being appointed in any factory or industrial concern if he so desires with a view to his acquiring experiences of Indian condition of the particular industry in which he has specialised.

11. That in case interest accumulates to such an extent that a larger number of candidates may be trained on the above terms and conditions, the Committee of Management will, if practicable, send more candidates for study abroad or continue the scholarship to any selected student for a further year.

12. That the University acting as Trustees will forthwith deposit the G. P. Notes in safe custody with the Imperial Bank of India, Calcutta, and will open an account in the name of the above fund to be termed "Lalchand Mookerjee Foreign Scholarship Fund" and will also realise the interest of the said G. P. Note for credit in the account of the aforesaid fund.

While he has no desire to bind down any one who might in future be benefited by his endowment, he thinks it desirable to record that it would please him much if scholars returning from abroad live in the Indian style and, if possible, try to help some other poor and deserving student.

On the recommendation of the Syndicate the offer was accepted with thanks by the Senate on the 21st January, 1933.

SREEMATI PRASANNAMOYEE MOOKERJEE ENDOWMENT

The following letter was addressed to the University by Dr. Harendra-coomar Mookerjee, M.A., Ph.D., University Inspector of Colleges, offering 3½ per cent. G. P. Notes of the face value of Rs. 1,00,000 for creating an endowment to be called the "Sreemati Prasannamoyee Endowment" in memory of his revered mother Sreemati Prasannamoyee Debi, deceased, on the terms and conditions stated therein.

To

THE VICE-CHANCELLOR,

CALCUTTA UNIVERSITY,

CALCUTTA.

2, DEHI SERAMPORE ROAD, ENTALLY,
Calcutta, the 13th December, 1933.

SIR,

With a view to supplement and more effectively to facilitate in the light of future experience the aims and objects already set forth in the "Lalchand Mookerjee Endowment" which you have been pleased to accept, I am now desirous of creating a second endowment in memory of my beloved and revered mother, now deceased, Sreemati Prasannamoyee Devi.

The two Endowments were conceived as counterparts to each other and intended to be worked on lines of harmony as sister agencies seeking in close operation to achieve kindred interdependent and mutually complementary objects. It seems to me that it is after all bare justice to the scholars who will benefit from my first endowment that some provision ought to be made for the proper utilisation of those opportunities which may be secured to their efforts.

I feel also that to be blessed with any amount of success in my humble hope of serving my countrymen and my brothers in faith, it is not enough to offer stipends for vocational training, for the field thereby created may still remain unfruitful in the absence of another class of workers equipped with knowledge of market organisation, commercial economics and practical business finance. If, therefore, my first endowment seeks to provide a band of well-trained Indian youths who can develop the industrial and agricultural resources of our country, it is the object of the proposed second endowment to train side by side with them another band equally well qualified in order to take charge of the outturn of the former's labour and dispose of the same with efficiency and profit. It appears to me that the businessman should step in to relieve the Practical worker and manufacturer from the strain of hostile competition and from the difficulty of securing a market or their products.

My humble hope, therefore, in submitting for favour of acceptance by the University of the "Prasannamoyee Mookerjee Endowment" is to see more of such businessman in our country than we now claim to have. I may have leave to submit in this connection that I do not place a very high premium upon mere theoretical excellence of academic proficiency. As other qualities are called for in the race of life, I have come to value *doing* more than *knowing*, and this endowment is intended to train up a body of traders and not teachers of businessmen and not speculative economists and financiers. The young men helped by this endowment are expected to take their part in the industrial and agricultural development of our country: (1) by finding, creating or organising proper markets for the raw materials of India like jute, cotton, rice, wheat, tea, coffee, etc.; (2) by providing banking and financial facilities to sound, well-managed Indian concerns engaged in promoting the economic welfare of the country; (3) by selling, distributing or otherwise profitably disposing of, without detriment however to the interest of poor consumers, finished products made out of Indian raw materials by Indian labour with Indian capital and under the direction of Indian experts; (4) by establishing commercial houses, banks, insurance companies, financial syndicates, building societies, investment trusts, co-operative societies, industrial bureaus, museums and exhibitions, etc., with the primary object of stimulating interest and enterprise on rational and well directed lines in respect of Indian products; (5) by adopting other ways and means to help on India's economic regiment which is of vital importance for the future of our country.

This endowment is to be called "Sreemati Prasannamoyee Mookerjee Endowment" and will consist of $3\frac{1}{2}$ per cent. G. P. Notes of the face value of Rs. 1,00,000. Out of the interest of this capital sum at least two scholarships shall be created, one tenable in India and the other tenable outside India and valued respectively at not more than Rs. 60 and Rs. 200 per month. As has been sufficiently indicated, the object of these scholarships is to encourage the proper type of young men of my community who may not be in affluent circumstances to avail themselves of the facilities thus offered to acquire a thorough practical and specialised training on modern lines and thus to qualify themselves to serve our country as businessmen, financiers, organisers, and pioneers of indigenous activity and enterprise in the spheres of trade, commerce and industry.

In submitting for favour of acceptance the undermentioned terms and conditions I beg leave to point out that these terms and conditions are closely akin to and sometimes identical with the provisions of the "Lalchand Mookerjee Endowment" which has been kindly accepted by the University.

While I have no desire to impose the Indian style of living upon candidates who may benefit by this endowment, I may still be permitted to appeal for acceptance as an ideal now unhappily neglected. I would, if I may, ask them to cling firmly to India's ancient ideal of quiet contentment because it enables us unostentatiously to give something to our motherland in return for the gift of life received from her and specially to bear in mind that one way of serving her is to serve her children, own brethren, I would therefore most earnestly request every young man who benefits from this endowment to devote some part, however small, of his means to help at least one other struggling and meritorious student to acquire some kind of training which will enable him to earn his bread by his own exertions so as not to become a burden on society.

It would defeat my object if on account of the fact that the first and the present endowments are for Protestant Bengali Christians only, scholarship-holders are led to think that I believe in what is now being characterised as "communalism." My community has not made as much progress as I would like to see and this is the only reason for limiting the sphere of these humble and inadequate attempts to be of use to my country. I would ask all my young friends to bear in mind that after all India is greater

than her Children, that christians and non-Christians all being to her and not to us, and that God's kingdom will not come with peace on earth and good will towards men until and unless we learn to live in peace and amity with all.

(1) Notwithstanding that the University shall, after formal acceptance of my present proposal, become the custodian of the aforesaid Government Securities of the face value of Rs. 1,00,000 and hold the same in deposit for creation of scholarships hereafter out of the interest thereof as laid down below, the said interest shall belong absolutely to me during my lifetime provided however it shall be incumbent on the Registrar for the time being of the Calcutta University to collect the said interest and made over the same to me if and when I so require or to invest the same in approved Government Securities from time to time subject always to my discretion in this behalf. The Securities so purchased together with all interest not demanded or withdrawn by me shall on my death be added to and form part of the above Endowment.

(2) That after my death the interest accruing to the said Endowment shall be divided equally among the following persons during their lifetime namely (1) Rev. Lal Gopal Mookerjee, son of my brother the late Akshay Kumar Mookerjee, (2) Mrs. May Loveday Mookerjee, wife of Rev. Lal Gopal Mookerjee, (3) Mr. Nabagopal Mookerjee, son of my brother late Akhaykumar Mookerjee, (4) Sm. Matimala Gupta, wife of Babu Sasikumar Gupta and daughter of my brother the late Akshaykumar Mookerjee, (5) Mr. Nanigopal Mookerjee, son of my brother the late Akhaykumar Mookerjee, provided however that in the event of the death of one or more of the aforesaid persons the amount or amounts thus set free shall be suitably invested or in the alternative, shall be formed into scholarships to be awarded to desirable candidates according to the discretion of the Committee of Management hereinafter mentioned.

(2a) That out of the income of the entire Endowment not less than two scholarships shall be created entitled respectively (1) *Sreemati Prasannamoyee Mookerjee Foreign Scholarship in Applied Commerce and Business Education* and (2) *Sreemati Prassannamoyee Mookerjee Indian Scholarship in Applied Commerce and Business Education*, and the amount of each shall not ordinarily exceed Rs. 200 and Rs. 50 per month respectively.

(3) That the said Foreign Scholarship shall ordinarily be tenable for not more than three years outside the territorial limits of India, and the said Indian Scholarship shall be tenable for not more than three years within the territorial limits of India, it being clearly understood that the minimum amount of each scholarship which may vary in different cases as well as the period thereof shall be determined by the Committee of Management mentioned below after due consideration of the subject or subjects selected for training and the ordinary expenses of decent living in the place or places where the training is to be acquired.

(4) That the said subject or subjects shall be selected from among the following provided however the Committee of Management shall have the power, in conformation with the aims and objects of the endowment to suggest and add thereto other and more subjects from time to time :—

(a) Practical Banking and Finance in all aspects both in and outside India.

(b) Modern methods of market organisation and control including marketing of raw materials and manufactured commodities.

(c) Baling, Sampling, Branding, and Identification of Cotton, Jute. Tea and other Indian products including Blending of Teas.

(d) Modern Salesmanship.

(e) Commission Agency and Scientific Advertisement.

(f) Agricultural and Industrial Organisation on co-operative basis.

(g) Banking in aid of small industries, farming, agriculture, horticulture, floriculture, etc.

- (h) Insurance business of all kinds.
- (i) Business Management and Industrial Organisation.
- (j) Higher Accountancy
- (k) Traffic Management.
- (l) Problems of Export and Import in relation to actual trade and commerce between India and other countries.
- (m) Training of labour and labour-supply including stevedoring, etc.
- (n) Study of unemployment and the remedies therefor including the establishment of small self-contained industrial or agriculture colonies.
- (o) Rural organisation and formation of self-contained village committees.
- (p) Practical application of any of the subjects studied in the Bachelor's and Master's courses in Commerce of the Calcutta University.
- (q) Problems of Exchange and their practical application to Indian business.
- (r) Organisation of Management of Building Societies and Investment Trusts.

(5) That for purposes of general management and control and more especially for selecting suitable candidates, for sanctioning the subjects of training and the firms, institutions, business houses and places, etc., where such training is to be acquired, for fixing the amount and the period of each scholarship, and for finally disposing of all matters connected with this Endowment, a Committee of Management shall be formed the personnel of which shall be selected by the Syndicate of the Calcutta University, provided however that the majority of the members shall be Indian and the Vice-Chancellor shall be its Chairman *ex-officio* and it shall contain at least two Protestant Christian members nominated by the Syndicate from among the Principals and the Teachers of colleges affiliated to the University of Calcutta and provided also that my pupils, Messrs. Ramaprasad Mookerjee, M.A., B.L., and Syamaprasad Mookerjee, M.A., B.L., Bar-at-Law, sons of the late Sir Asutosh Mookerjee and Mr. Susilkumar Lahiri, M.A., B.L., Advocate, High Court, Calcutta, son of the late Sasibhushan Lahiri, shall be life-members of the said Committee. The Proceedings of the Managing Committee will be subject to confirmation by the Syndicate.

(6) Every candidate for the "Prasannamoyee Mookerjee Scholarship" shall be required strictly to conform to the following conditions:—

(a) He shall be a Protestant Christian and a native of Bengal and born of Bengali parents, and he shall be called upon to submit conclusive evidence that his father and mother are or were both Bengalis by birth and speak or spoke the Bengali language as their mother-tongue, and furthermore that both of them are or were Protestant Christians, at the time of his birth.

(b) He shall be of sound health and ordinarily between 20 and 26 years of age.

(c) Every candidate for a "Prasannamoyee Mookerjee Foreign Scholarship" shall be at least an M.A. in Commerce and every candidate for a "Prasannamoyee Mookerjee Indian Scholarship" shall be at least a B.Com. preferably of the Calcutta University. If a candidate does not possess the M.A. or B.Com. degree as aforesaid, he must have passed an examination or test approved by the Committee of Management and deemed as equivalent thereto. Each candidate shall also produce satisfactory evidence of previous practical experience in merchantile firms or business houses in the subject or subjects of training selected by him or in some other allied subjects. The poverty of the applicant and of his guardian may be taken into account in awarding the Scholarship, provided however such an applicant is in every respect as highly qualified as other rival candidates.

(d) He shall be required to submit once a year or more frequently if so directed by the Committee of Management a certificate of good conduct and satisfactory progress and regular attendance from the head of the firm

or institution or business concern where he undergoes his training and failure to produce this certificate may entail discontinuance of the Scholarship.

(e) He shall have freedom in suggesting for approval the subject or subjects of training in which he desires to specialise, provided however that before final sanction thereof the Committee of Management shall be satisfied that there are simple facilities for specialising therein and also that such specialisation is or will in the near future be conducive to the interests of our country.

(7) If at any time the Committee of Management are convinced that no candidate for Scholarship possesses the minimum qualification as laid down above or that the subjects selected by the candidates do not warrant any grant or Scholarship in view of the absence of proper facilities therein, the Committee shall have the right of rejecting all applications and of adding the unexpended amount or amounts or any part thereof ratably or in any other proportion to the corpus of this endowment or to the corpus of the 'Lalchand Mookerjee Endowment' or to the corpus of a third endowment which I intend hereafter to create to be named after my son the late Sudhirkumar Mookerjee.

(8) That in conformity with the aims and objects of this Endowment as laid down above, the Committee of Management shall have the power of making bye-laws and regulations from time to time regarding the selection of candidates, subjects of training and study of places where the same is to be prosecuted and the amounts and the number of scholarships.

(9) That the University shall permit me to make such further additions to the corpus of this Endowment as I may be able to make from time to time.

(10) That the Committee of Management shall keep themselves in touch with the Scholars notwithstanding completion of training and expiration of Scholarship and help them in any suitable or convenient manner to become apprenticed to commercial firms or industrial concerns if they so desire with a view to their acquiring local experience of the particular lines of work in which they have specialised.

(11) That in case the interest of this Endowment accumulates to such an extent that a larger number of candidates may be trained on the above terms and conditions, the Committee of Management will, if practicable, select more candidates for study and business-training or may continue grant of Scholarship in favour of a selected candidate for a further year.

(12) That the University acting as Trustees will forthwith deposit the G. P. Notes in safe custody with the Imperial Bank of India, Calcutta, and will open an account in the name of the above fund to be termed "Sreemati Prasannamoyee Mookerjee Scholarship Fund" and will also realise the interest of the said G. P. Notes for credit in the account of the aforesaid fund.

On the recommendation of the Syndicate the gift was accepted by the Senate on the 26th January, 1934, with thanks.

University Buildings

The University had no local habitation of its own since its foundation in 1857 till 1872. During this period the University had to transact its business in rented houses. In 1864 the site to the west of the College Street, facing the tank to the south of the Hindu School and the Sanskrit College, was selected for the University Buildings. The Public Works Department, Bengal, who was entrusted with the work of constructing the Building on the land, submitted in 1866 an estimate amounting to Rs. 2,52,221 and instructions were issued by the Government of India to take up the work in hand at once. The buildings known as the 'Senate House' were completed by the end of the year 1872 at a cost of Rs. 4,34,697 and the University took possession of them early in 1873.

The Darbhanga Library Building was built on the land to the west of the Senate House at a cost of over Rs. 8,00,000 of which two lakhs and a half were contributed by the Hon'ble the Maharaja of Darbhanga and the remainder was met out of a Government grant of Rs. 2,00,000 and by a contribution of about double the amount from out of the Reserve Fund of the University. The building accommodates a portion of the University Library, the University Law College, and the University Offices. The top floor which is utilised for holding the University Examinations accommodates about 700 candidates.

The building on the land to the south of Darbhanga Library Building measuring about a bigha and a half purchased at a cost of Rs. 1,50,000 by the University out of its Reserve Fund cost the University over Rs. 4,00,000 of which three lakhs were met out of Government grant of three lakhs and the remainder out of the Reserve Fund, of the University. The building has been constructed for the purpose of providing Hostel accommodation to Hindu students of the University Law College, who do not live with their parents or guardians. It has been named "University Law College Hardinge Hindu Hostel" after the name of the then Chancellor of the University, and it provides accommodation for over 150 students. The Hostel is under the direct supervision of the Principal of the University Law College, subject to general control of the Governing Body of the College, whose proceedings are laid before the Syndicate for confirmation.

The University Press is located in the shed to the immediate west of the Senate House, originally erected to accommodate the Law Classes of the University Law College temporarily, pending the completion of the Darbhanga Library Building to which the College has been permanently removed. On account of enormous increase of work in the Press, the accommodation available in this structure was found insufficient and on the recommendation of the Syndicate a sum of Rs. 1,40,000 was sanctioned by the Senate on the 4th June, 1938 for erecting a Press Building at 48, Hazra Road, which being a portion of the Palit Estate, the Governing Body of the Sir Taraknath Palit Trusts resolved that the land might be taken a lease for 99 years on a rent of Rs. 60 per month or the land might be purchased by the University for the purpose. The construction of the Press Building on the land is in progress and is expected to be ready for occupation by July, 1939.

The University College of Science and Technology which came into existence through the liberality of Sir Taraknath Palit and Sir Rashbehari

Ghose is housed in buildings at 92, Upper Circular Road and 35, Ballygunge Circular Road.

Three rooms were constructed on the second floor of the Sir P. C. Ray Annexe at 92, Upper Circular Road, at a cost of Rs. 11,111. The Indian Chemical Society made a donation of Rs. 10,000 for the purpose which was accepted by the Senate on 29th September, 1934, on certain terms and conditions.

The Senate, on 14th September, 1935, sanctioned Rs. 85,000 for the extension of the building of the University College of Science at 92, Upper Circular Road, mainly for the Department of Applied Chemistry. The extension includes also accommodation for the Department of Applied Physics. The Senate also sanctioned Rs. 76,000 on the 4th June, 1938, for a further extension of the building for the Department of Applied Physics. The extension is nearing completion. A one-storied building is also being constructed in the east corner for workshop and store for the Chemistry Department at a cost of Rs. 4,000.

The fish market known as Madhab Babu's Bazar and situated to the south of the Senate House has been acquired out of the Government grant of Rs. 8,00,000. The land measures over 3 bighas. A two-storied building at a cost of Rs. 3,17,615-7-0, had at first been erected on the site in which were accommodated some of the more important departments of the Post-Graduate Teaching in Arts and the Post-Graduate (Lending) section of the University Library.

The building has been named "Asutosh Building" in memory of the late Sir Asutosh Mookerjee, Kt., C.S.I. His Excellency the Governor of Bengal opened the building on the 29th June, 1926.

In 1926, the Government of Bengal sanctioned a special grant of Rs. 1,95,000 towards the cost of erection of a third storey of the Asutosh Building. The third storey was completed in November, 1927. A portion of the fourth storey on the College Street side only was constructed during 1928.

In 1934, the Senate sanctioned Rs. 1,20,000, out of the Asutosh Building Fund, towards the cost of completion of the fourth storey of the Asutosh Building for accommodating therein the University Library as also the Lending Library of the Post-Graduate Department. The new Library Hall has an accommodation for 350 students. The walls of the Reading Room are decorated with frescoes illustrating the development of Indian culture and civilization with special reference to the contributions made by Bengal.

UNIVERSITY ROWING CLUB.

The Calcutta Improvement Trust has placed at the disposal of the University in lease, a plot of land measuring 2 bighas 19 cottaks and 12 chittaks in the Lake Extension Area for the use of the University Rowing Club and a suitable Boat House has been erected there for the use of the club at a cost of Rs. 20,000.

2. (a) Persons, who are neither Resident Fellows of the University nor University Professors, Assistant Professors, Assistants to Professors, Readers, Lecturers, Assistant Lecturers, Post-Graduate Fellows, Teachers of the Under-Graduate Classes of the University, Demonstrators, Resident Registered Graduates, Students of University Post-Graduate Classes and Research Students or Research Assistants working under University Professors may receive special permission from the Syndicate to use the Library for the purpose of Literary or Scientific Research. Such permission will be granted on the recommendations of the Executive Committee.

(b) In recommending any person to the Syndicate under this rule, the Executive Committee shall specify in writing, for the information of the Syndicate, the grounds on which they base their recommendation.

3. Subject to the exceptions specified in Rule 5, Resident Fellows, University Professors, Assistant Professors, Assistants to Professors, Readers, Lecturers, Assistant Lecturers, Post-Graduate Fellows, Teachers of the Under-Graduate Classes, Demonstrators, Resident Registered Graduates and Research Students, or Research Assistants working under University Professors and such other persons as are allowed to make use of the Library under Rule 2 and who reside in Calcutta, may borrow and temporarily remove from the Library such books as they may require on the following conditions :—

(a) In this rule the term "volumes" shall include pamphlets and parts of works separately shewn.

(b) Resident Fellows will be entitled to take out up to ten volumes at a time.

(c) Under special circumstances Resident Fellows may, with the sanction of the Executive Committee take out more than ten volumes.

(d) Resident Registered Graduates and Research Students or Research Assistants working under University Professors will be entitled to take out not more than four volumes at a time and, in order to be allowed this privilege, will have to make a deposit of Rs. 25. The Registrar may in the case of specially valuable books and with the sanction of the Executive Committee, ask for a special deposit.

(e) Persons who are allowed to make use of the Library under Rule 2, and who reside in Calcutta, may take out books on the same conditions as Resident Registered Graduates.

(f) University Professors, Assistant Professors, Readers, Lecturers, Assistant Lecturers, and Assistants to Professors, will, during the time they hold office be entitled to the same privileges as Resident Fellows. Teachers of the Under-Graduate Classes and Post-Graduate Fellows will, during the time they hold office, be entitled to take out up to five volumes at a time and Demonstrators working in the University are allowed to take out only one volume at a time.

(g) No books shall be issued and delivered except to the authorised borrower in person or to some one having written authority from him to receive it on behalf of the authorised borrower.

(h) Every volume borrowed shall be returned to the Library within two calendar months of the date on which it was removed from the Library. In case any borrower fails to return any book within this period, a notice shall be sent to him by the Librarian calling for the return of the book.

(i) If a book called for under the previous section be not returned within one week after the receipt of the Librarian's notice, the person who has borrowed the book from the Library shall be subject to a fine of one rupee for each volume so retained, and to a further fine of an equal amount for each additional week that he may retain it after the expiration of the second week.

(j) Subject to the provisions of Rules 4, 5, 6 and 7, a book returned to the Library may be again borrowed by the same person, provided that no other Fellow or person entitled to use the Library has lodged with the Librarian an application for the same work. If such application has been made the book may not be taken out by the original borrower until returned by the second applicant.

4. The privilege of any Fellow or other person to use the Library shall be suspended so long as he retains any book which, under these rules, he is not entitled to retain, and so long as he leaves unpaid any fine which may have been imposed on him under Rules 3, 6 and 7.

5. (a) Books which are valuable on account of their rarity or which belong to a series and which, being out of print, it may be difficult or impossible to replace if lost, or books required for constant reference shall not be removed from the Library.

(b) A list of the works excluded from removal under this rule shall be drawn up by the Executive Committee, and will be subject to revision and extension from time to time.

6. (a) The Librarian shall report to the Executive Committee all cases in which books have been mutilated, disfigured by writing on the margin or otherwise injured while in the possession of readers.

(b) Any person guilty of such an offence shall be required to replace the injured by an uninjured copy of the book, and shall be liable to the cost of its proper binding and other charges. Further, he shall be fined and suspended from the privileges of the Library at the discretion of the General Committee.

7. (a) A general inspection of the Library and of the record of books issued and returned, shall be made annually in the first week of May by the

Executive Committee, or by one or more members of the Committee deputed by them for that purpose.

(b) During this period of inspection the Library shall be closed and all books whatever and by whomsoever borrowed shall be returned to the Library by the 31st March of each year.

(c) Any person who fails to return, in accordance with this rule, all books borrowed by him, shall be subject to a fine of not less than two rupees for each volume retained ; and if such volume is not returned before the expiration of one week after the last day of inspection, a further fine of an equal amount shall be imposed for each volume, for each additional week until that volume is returned or until a copy of the same edition and of equal value is placed in the Library in its stead, and all expenses connected therewith paid by the borrower.

8. The Library shall be closed on Sundays and all Public holidays and on all days for holding public examinations. Subject to the exception under Rule 7, it shall be opened on the days between the hours of 7 A.M. and 7 P.M.

UNIVERSITY COLLEGE OF SCIENCE, LABORATORIES, MUSEUMS, etc.

UNIVERSITY COLLEGE OF SCIENCE

On the 15th February, 1919, the Senate formulated a scheme for the management of the University College of Science, according to which, a Governing Body was annually constituted for its administration, consisting of the following :—

- (a) Members of the Governing Body of the Palit Trusts.
- (b) Members of the Board of Management of the Ghose Fund.
- (c) University Professors attached to each Department of the College.
- (d) Representatives of the University Lecturers attached to each department of the College.
- (e) Representatives of investigators, if any, engaged in research in each department of the College.

The Vice-Chancellor was the *ex-officio* President of the Governing Body and a Vice-President and a Secretary were annually appointed by the Senate.

The affairs of the College were administered by this Governing Body, but as it was found on experience that a more co-ordinated control and management of the affairs of the college was necessary, the Senate, on the recommendation of the Syndicate and with the concurrence of the Governing Body of the College as also of the Executive Committee of the Council of Post Graduate Teaching in Science, resolved on the 4th June, 1938, that the resolution of the Senate, dated the 15th February, 1919, sanctioning the constitution of the Governing Body for the management and administration of the College be rescinded and that the powers and functions assigned to the Governing Body be vested in the Executive Committee of the Council of Post Graduate Teaching in Science. The Senate also decided that in order to have a proper representation of the three Trusts, *viz.*, Palit, Ghose and Khaira, one representative from each of the following Bodies be added to the Executive Committee :—

Governing Body of the Sir Taraknath Palit Trusts.

Board of Management of the Sir Rashbehary Ghose Endowments.

Board of Management of the Khaira Fund.

The Regulations of the University (Sec. 15, Chapter XI) was changed accordingly.

UNIVERSITY LABORATORIES

The princely gift of the late Sir Taraknath Palit, Kt., D.L., and Sir Rashbehary Ghose, Kt., C.S.I., M.A., D.L., Ph.D., have enabled the University, to start the University College of Science, and the Laboratories of Physics, Applied Physics, Chemistry, Applied Chemistry, Applied Mathematics and Experimental Psychology have been equipped in the Science College Building at 92, Upper Circular Road.

With the expansion of the University College of Science and the opening of the Departments of Applied Chemistry and Applied Physics, the want of an up-to-date Technical Workshop was keenly felt. This deficiency has been, to a great extent, made up by the recent construction of a Workshop on modern lines at the Science College Building at 92, Upper Circular Road.

The Biological Laboratories have been equipped in the building and in the surrounding grounds at No. 35, Ballygunge Circular Road, which was

the residence of the late Sir Taraknath Palit. University Professors of Botany and Zoology are in charge of those Laboratories.

The munificent gift of the late Raja of Khaira has enabled the University to establish a Chair of Agriculture and steps are being taken to provide for an Agricultural Laboratory with a small plot of land for experimental farming.

KIRTIKAR HERBARIUM

In 1920, Major B. D. Basu expressed a desire to present the University with the books on Cryptogamic Botany, MSS., photographic drawing and collections of Fungi, Algae, Lichens and Mosses, belonging to the late Lt.-Col. K. R. Kirtikar, F. L.S., I.M.S. (Retd.), on the following conditions :—

1. That the University would establish a Herbarium and name it "Kirtikar Herbarium."

2. That the University would publish a work on Cryptogamic Botany of India, in which the researches and drawings of Col. Kirtikar would be published.

3. That not less than two members or representatives of the Donor's family be allowed free access to work in the Laboratories and Herbarium as well as to use the Library of the University from which they may be allowed to borrow books.

* It was further stated that he was also desirous of presenting one hundred unbound sets of *Indian Medicinal Plants* to the University, the sale-proceeds of which might be applied to any one of the above-mentioned purposes.

The Syndicate accepted the offer, with thanks, on the 6th August, 1920.

ASUTOSH MUSEUM OF FINE ARTS

On a proposal from the Executive Committee of the Council of Post-Graduate Teaching in Arts, the University decided to establish a Fine Arts Gallery and Museum in connection with the Post-Graduate studies in Ancient Indian History and Culture. The Museum has been named Asutosh Museum of Fine Arts after the late Sir Asutosh Mookerjee, and has been located in the West Hall of the Senate House, where necessary structural alterations have been made for the proper housing of the Museum. The Museum is under a Committee of Management with a salaried Curator for its supervision and management. The amount which was founded for the provision of a Fine Arts Museum out of the salary of the Rani Bagiswari Professor of Fine Arts, during the period the Professorship lay vacant, after the retirement of Dr. Abanindranath Tagore, C.I.E., D.Litt., the first incumbent of the post, will be utilised for the Museum.

The object of the Museum is to collect and preserve specimens representing different phases of Indian Art, special emphasis being given to Bengal Art.

* Mr. Pramathanath Nandi, M.Sc., was appointed a Research Scholar for the study of Pigments in Hard Fungi under Dr. Sahayram Bose for 1 year from 1st July, 1938 (Syndicate dated 13th June, 1938).

UNIVERSITY STUDENTS' INFORMATION BUREAU

The committee on Indian Students in the United Kingdom, in 1921-22, recommended in their report that in place of the then existing Provincial Advisory Committees, each Indian University should establish a Bureau to be especially staffed and equipped for the purpose

(a) of supplying students wishing to pursue their education abroad with all the information, advice and assistance which they may require,

(b) of supplying the foreign University authorities with information regarding the students which will enable them to make their selection from the applications forwarded.

This recommendation of the committee was generally approved by the Syndicate on 11th May, 1923, and at the request of the Government of Bengal, a scheme for the establishment of the Bureau was drawn up by the Syndicate.

In accordance with the scheme, as finally sanctioned by Government in 1925, the Bureau to be called "The University Students' Information Bureau, Calcutta" should be constituted as follows :—

- (i) The Vice-Chancellor of the Calcutta University, *President*.
- (ii) The Director of Public Instruction, Bengal.
- (iii-vii) One representative of each of the Faculties of Arts, Science, Law, Medicine and Engineering (the representatives being persons with experience of foreign University).
- (viii) One representative of the Executive Committee of the Council of Post-Graduate Teaching in Arts.
- (ix) One representative of the Executive Committee of the Council of Post-Graduate Teaching in Science.
- (x-xii) Three members appointed by the Syndicate (not necessarily members of the Senate), two of whom shall be teachers with experience of foreign Universities.

It was further decided—

(i) that a part-time paid Secretary be annually "appointed by the Syndicate on the recommendation of the Bureau on an allowance of Rs. 100 * per month, such Secretary being whenever possible, a person with experience of a foreign University;

(ii) that the Bureau be given power to appoint correspondents in different parts of the Province to whom information might be supplied for the purpose of residents in the District concerned;

(iii) that it be the function of the Bureau to offer advice to any student who desires to go abroad for his studies and to furnish foreign Universities with information regarding the qualifications of the students.

The Government of Bengal decided to make to the University an annual grant of Rs. 2,856 * towards the expenses of the Bureau, the amount so long paid by Government towards the expenses of the Provincial Advisory Committee.

The Bureau was established in 1925, and under orders of the Syndicate dated 31st March, 1927, each term of office of the Bureau is to extend for a period of two years after which the Bureau is to be reconstituted.

* The allowance of the Secretary was subsequently reduced to Rs. 500 per annum (Syndicate, dated the 23rd September, 1932), and the annual grant from Government for the Bureau was reduced accordingly.

The constitution of the Bureau for 1937-39 is as follows—

Syamaprasad Mookerjee, Esq., M.A., B.L., Barrister-at-Law, M.L.A.,
Vice-Chancellor, *President, ex-officio*.

DESCRIPTIONS OF AFFILIATED INSTITUTIONS

1

PRESIDENCY COLLEGE, CALCUTTA.

(86-1, College Street.)

FIRST AFFILIATION, 1857.

History of the College.

The Presidency College was formally established on the 15th of June, 1855, under orders from the Honourable the Court of Directors of the East India Company, though there is evidence that it had already started informally a year previously. The circumstances of its establishment connect it closely with the Hindu College or Mahavidyalaya founded by a number of Hindu gentlemen with the aid of Sir Edward Hyde East, Chief Justice of the Supreme Court, and opened on the 20th of January, 1817. This origin connects the Presidency College also with the Hindu and Hare Schools and more specially with the former, which continues the Junior Department of the Hindu College, as the Presidency College continues the Senior. The graduate scholarships attached to the Presidency College, of which particulars are given below, are as a consequence of this connection, being derived from the Hindu College Fund.

Presidency College is thus in its beginnings carried back to the first efforts to promote liberal education in British India and is associated with David Hare and Raja Ram Mohan Roy, who were inspirers of the movement which led to the foundation of the Hindu College.

From 1855 to 1909 the Presidency College was administered by the Education Department under the Director of Public Instruction, Bengal. In 1909 a Governing Body was constituted in accordance with Chapter XIX of the University Regulations and met for the first time on Tuesday, the 19th of March, 1910.

In December, 1914, His Excellency Lord Carmichael, first Governor of Bengal, became the official Visitor of the College, a title which His Excellency Lord Brabourne has also consented to accept.

Affiliation.

Post-Graduate teaching is now under the control of the University but 34 members of the staff are also Post-Graduate Lecturers.

The College is affiliated in—

- (a) I.A. in English, Vernacular, Sanskrit, Pali, Arabic, Persian, History, Logic, Mathematics, Geography and Civics.

Admission.

Presidency College since its foundation, has been open to all classes of the community, the only condition of eligibility being compliance with the requirements of the University. Since 1907, owing to increase of numbers and in conformity with the letter and spirit of the new Regulations introduced in 1906, admissions have been limited by considerations of space and efficiency of teaching.

The normal limit to admission in the classes of the first four years is as follows :—

				Arts.	Science.
First-year	100	200
Second-year	100	200
Third-year	130	130
Fourth-year	130	130

In making admissions to the 1st-year Classes very great weight is attached to the candidate's place in the Matriculation list, and, therefore, candidates for selection are required to *submit their mark-sheet along* with their applications. Some importance is also attached to (a) aptitude for games : (b) previous connection of the student's family with the college : and (c) membership of the Hindu and Hare Schools.

Presidency College students who pass the Intermediate Examinations in the First Division have a prior claim to admission in the 3rd-year Classes. The number of students admissible *from outside* to the B.A. and B.Sc. Classes is thus limited.

Presidency College students who fail in the University Examination *once* may be re-admitted at the discretion of the Principal so far as space permits. Those who fail *twice* are not re-admitted.

A certain percentage of seats in all the classes is reserved for Muham-madan candidates.

In all cases, however, the ultimate discretion as to admission rests with the Principal.

Admission is in all cases understood as implying an undertaking to submit willingly to the rules and discipline of the College.

Fees.

The fees to be paid by ordinary students are—

- (i) an admission fee of Rs. 16.
- (ii) a monthly tuition fee according to the scale given below :—

	Rs.		Rs.
I.A.	... 14	I.Sc.	... 15
B.A. Pass	... 15	B.A. Hons.	... 16
B.Sc. Pass	... 16	B.Sc. Hons.	... 17
M.A.	... 17	M.Sc.	... 18

- (iii) an annual Athletic subscription of Rs. 3, an annual Magazine subscription of Re. 1-8, an annual College Union subscription of Re. 1 and an annual Periodical Examination fee of Re. 1 only.

Tuition fees are payable monthly in advance and are due for 12 months, reckoning from June to May. *Two months' fees are consequently due at the beginning of the session (July) and are payable at the time of admission.*

Honours students, if permitted to drop Honours during the course of the session, will be required to pay Honours fee for that session only.

Laboratory Deposite.—Intermediate Science students are required to pay Laboratory Deposit Fee of Rs. 10, B.Sc. students Rs. 15 and Post-Graduate students Rs. 25. These are returned after deducting amounts due for break-age, etc., after the University Examinations are over, on production of the original receipts granted by the Cashier, failing which a further sum of Re. 1 will be deducted from the amount.

Rules for the Collection of Fees.

1. The Principal or the Bursar of the College will fix certain convenient dates for collection of monthly fees from students and the dates of collection of fees for each class will be announced within the first three days of the month.

2. Two alternative dates for the late payment of fees will be announced by the Principal or the Bursar of the College and fees will be received on these days with a delay fine of annas 8 only.

3. A delay fine of Re. 1 will be charged from each student who pays his fees between the second alternative date and the last day of the month for which the fees are due.

4. Delay fines of Rs. 2, Rs. 3, Rs. 4 and Rs. 5, respectively will be charged if the arrear fees are paid within first, second, third and last weeks of the month following that for which the fees are due.

5. If the fees are not paid by the last day of the month following that for which they are due, the names of the students concerned will be struck off the rolls.

6. Students whose names have been struck off for non-payment of dues will only be eligible for re-admission on tender of their arrear dues and re-admission fee of Rs. 5 and also on payment of fees for the intervening period in case they seek re-admission during the same academic session.

7. If a student whose name has been struck off for non-payment of dues seeks re-admission at any other session he will be eligible for re-admission on tender of his arrear dues plus a re-admission fee of Rs. 5 together with monthly fees and fees due for any intervening period from the commencement of that session. Tender of dues under this or the preceding rule confers no right to re-admission, sanction to which lies in general at the discretion of the Principal.

8. In special cases the Principal of the College may reduce or remit fine.

9. Fees and other dues to the College should be paid to the Cashier only and the college authorities will not be responsible for any amount paid to any one other than the Cashier.

Rules regarding the Withdrawal of Names of Students and their Re-admission.

1. If a student gives notice of withdrawal from the College, he (or she) shall be charged fees up to the end of the month in which he (or she) gives such notice.

2. (a) If a student who has withdrawn his name from the rolls with the approval of the Principal seeks re-admission during the same academic session he (or she) may be re-admitted without being charged re-admission fees, on payment of the usual fees for the intervening period.

(b) If he (or she) seeks re-admission during any other session he (or she) will on re-admission, be required to pay fees from the commencement of that session but no re-admission fee will be charged.

3. From students who have withdrawn their names without the approval of the Principal but who later desire re-admission, a re-admission fee will be charged. The re-admission fee will be one half of the monthly fees in the case of all colleges other than the Presidency College. In the case of the Presidency College the re-admission fee will be Rs. 5. Such students will also be required to pay arrear fees, if any, according to rules 2 (a) and (b) as well as any other dues.

(Vide Government of Bengal, Education Department, letter No. 5027 Edn., dated the 19th December, 1930.)

Transfer Certificates.

Transfer fee is Rs. 12 only.

Transfer certificates are issued under Rules 11, 15 and 16, Chapter XXIII of the University Regulations.

Rule 11.—Application for a transfer certificate must be made by letter to the Principal of the college. It must be signed by the applicant and countersigned by the applicant's parent or guardian.

Rule 15.—Transfer certificates shall only be issued once a month except in cases of urgency. The ordinary date of issue shall be the last day of the month, or if this day falls within a vacation or on a holiday, the next preceding working day.

Rule 16.—A student desiring a transfer certificate under Regulation 14 shall submit his application not less than 10 days before the authorised date of issue. Not less than three days before the latter date he shall be informed whether his application has been granted, and in that case he shall be furnished with a statement of all the sums due by him to the college. If these dues are paid by him on or before the authorised date of issue, he shall receive the transfer certificate on that date.

Muhammadan Students.

A definite proportion of seats is reserved for Muhammadan candidates desirous of admission to Presidency College, and the minimum has been fixed at 25 per cent. for the present *provided* the candidates conform to the standard of educational fitness prescribed for the purpose. Further privileges in the shape of special part-free studentships and Mohsin stipends are enjoyed by a large number of Muhammadan students admitted to the college.

There are 100 special part-free studentships of the value of Rs. 7 per mensem reserved for Muhammadan students of the Under-Graduate Classes. Besides there are 39 Mohsin stipends of Rs. 7 each for Muhammadan Under-Graduate students, and 5 of Rs. 8 each for Post-Graduate students.

The Mohsin stipends may be given to students holding Government or other scholarships or stipends or free or part-free studentships, but only in cases where, in the opinion of the Governing Body of the college, circumstances justify the concession, and only on condition that the total emoluments, direct or indirect, by scholarship, stipend, free or part-free studentships do not exceed Rs. 20 per mensem in the case of Intermediate students or Rs. 25 per mensem in the case of Post-Intermediate students. (*Vide* Government order No. 982 Edn., dated the 18th March, 1931.)

Muhammadan students are also eligible for the award of general part-free studentships, which also may, in special cases, be combined with Mohsin stipends.

Muhammadan students, who do not receive these concessions pay the usual tuition fees, and there are no restrictions on their admission other than those applicable to all classes of students. The Athletic, Magazine and College Union subscriptions and the Periodical Examination fee are the same for all classes of students.

College Examinations.

Examinations are held twice a year, in December (or January) and March (or April) for members of the First and Third-year Classes. Absence without satisfactory cause involves loss of promotion.

Members of the Second and Fourth-year Classes are required to pass a Terminal Examination before the Puja Vacation and a Test Examination in December or January before they are sent up for the University Examination.

Tutorial Work.

Tutorial classes are held, so far as practicable, in all Arts classes. Regular attendance at these classes is required, and wilful absence may involve loss of promotion or detention from the University Examinations.

Casual Students.

1. By the word "casual student" is meant a student of any of the following types :—

- (a) A student who after completing his course cannot appear in a University Examination and then attends lectures, practical classes, tutorials or Test Examination in one or more subjects before he sits for his examination, for which he is not required by the rules to attend the regular classes.
- (b) A student belonging to a different college who attends lectures in one or more subjects as an external student.
- (c) A student not attached to any college, who wants to study one or more subjects with a view to qualify himself for a vocational course.

2. Casual students may be admitted at the discretion of the Principal of the college, only when there is surplus accommodation.

3. They shall pay a caution fee of Rs. 10 if they take out books from the College Library for use at home, but they will be allowed to read books free in the Library.

4. They shall pay fees at the rates noted below :—

I.S. and I.Sc.—Rs. 4 per mensem for one subject and Rs. 8 per mensem for two subjects.

B.A. Pass—Rs. 5 a month for one subject, and Rs. 10 a month for two subjects.

B.A. Honours—Rs. 6 a month for one (*i.e.*, Honours) subject.

B.Sc. Pass—Rs. 6 a month for one subject and Rs. 12 a month for two subjects.

B.Sc. Honours—Rs. 7 a month for one (*i.e.*, Honours) subject.

M.A.—Rs. 6 a month.

M.Sc. Mathematics—Rs. 6 a month.

M.Sc. Practical—Rs. 10 a month.

For attending the tutorials—Rs. 2 a month for 6 months.

For appearing at the Test Examination Rs. 10 only.

5. The total fee payable by a casual student shall not exceed the ordinary fee of the class to which he is admitted.

6. Ex-students of the college shall pay fees for 6 months, and others for the full session. Pupils not attached to any college shall be required to pay the usual *admission fee* of Rs. 16 only.

7. Caution fee at the existing rates should be paid for the use of apparatus and chemicals by Science students.

8. Casual students shall be subject to all the rules and regulations of the college like regular students.

(N.B.—Whether a casual student of class 1 (a) will have to attend any lectures or tutorials, or will have to appear at the Test Examination only is determined by the Principal on an application being made to him early in July, after the ordinary admissions are over.)

Part-free Studentships, Scholarships and Prizes.

There are 70 part-free studentships attached to the college. Of these, 60 of the value of Rs. 7 per monsem are awarded to Under-Graduate students and 10 of the value of Rs. 8 per mensem to Post-Graduate students.

Applications for these part-free studentships are received from poor and meritorious students about the end of July after the admissions are over. The award is made about the middle of August, with retrospective effect from the beginning of the session for one year in the first instance, subject to the usual conditions of satisfactory progress and good conduct.

Three part-free studentships are provided out of the endowment of the late Maharaja Doorga Charan Law, C.I.E. These are at the disposal of the Founder's heir, subject to the conditions recognised as qualifying for admission to the college.

A number of scholarships paid out of the income of the Presidency College Graduate Scholarship Fund are attached to the college. The fund originated with the subscriptions contributed in 1816 for the Hindu College; in 1863 it was amalgamated with three hitherto separate funds, which commemorated men eminent for their services to the cause of education. The scholarships are tenable by graduates of the Presidency College in Arts or Science for two years after taking the B.A. or B.Sc. degree.

The Burdwan and Gopimohun Tagore Scholarships commemorate two of the original subscribers to the Hindu College Fund. The Bird, Ryan and Dwarkanath Tagore Scholarships were founded later in honour of Mr. W. Bird and Dr. Ryan (1845-46) and Babu Dwarkanath Tagore (1849).

Two scholarships of the value of Rs. 12 a month each, tenable for two years, are awarded annually to Hindu candidates on the results of the Intermediate Examination in Science and the Bachelor of Science Examination. A prize of the approximate value of Rs. 54 is also awarded annually to the Hindu student of the 2nd-year Inter. Science Class, who produces best

laboratory notes on experimental work in Physics. They were founded in 1912 by the executors to the estate of Srimati Nistarini Dasi, deceased, widow of late Balyehand Dutt of Calcutta.

Two gold medals, called the Scindhia medals, and two prizes, called the Gwalior Prizes, are awarded annually on the results of the Intermediate Examination in Arts and Science. They were the gift of His Highness the Maharaja Scindhia of Gwalior in 1870.

A gold medal, called the Chandranarain gold medal, founded in the year 1915 by Srimati Ramkumari Debi, widow of Rai Chandranarain Singh, M.A., in memory of her husband, is awarded to the student of the college who stands first among the Presidency College candidates in History at the M.A. Examination.

A silver medal, called the Kunjabehari Bysak Medal, founded by Batu Gangagobinda Bysak, in memory of his father, is awarded to the student of the 3rd-year B.Sc. Class who shows the greatest proficiency in Chemistry in the practical part of the annual examination.

A silver medal, called J. C. Nag Memorial Medal of the value of Rs. 15, is annually awarded to a student who heads the list of Honours men in Botany from the Presidency College.

A silver medal, called Arun Sarkar Memorial Medal of the value of Rs. 9, is annually awarded to a student who stands first in Bengali in the I.A. and I.Sc. Examinations of the Calcutta University from the Presidency College.

A prize for Sanskrit, called the Harischandra Kaviratna Prize, is also awarded on the results of the Intermediate Examination. It was founded in 1908 by subscriptions from pupils, in memory of Babu Harischandra Kaviratna, for many years Professor of Sanskrit at the Presidency College.

A prize of the approximate value of Rs. 35, called the Astronomical Society's Stipend, is awarded annually to a commencing 6th-year student of Mathematics who shows special aptitude for Astronomy in the 5th-year Class.

Two prizes of the approximate value of Rs. 25 each, founded in memory of Sir Asutosh Mookerjee and Sir Asutosh Chaudhuri, both distinguished old students of the college, called "Sir Asutosh Mookerjee Prize" and "Sir Asutosh Chaudhuri Prize," are awarded annually to 2nd-year Science and Arts students, respectively, who obtain the highest aggregate marks in the annual examination of the 1st-year Classes.

Two prizes of books, called the Cunningham Memorial Prizes, founded in memory of the late John Arthur Cunningham of the Indian Education Service and Professor of Chemistry at Presidency College, are awarded annually to the best students in Chemistry in the B.Sc. and M.Sc. Examinations, respectively, from Presidency College.

Two prizes in books of value of Rs. 28 each, every year, are awarded out of the unclaimed Library and Laboratory deposits of the students of this college to two students, *viz.*, one who does best in Chemistry Honours and joins the Post-Graduate Class in this college and the other who obtains the highest marks in Geography in the Intermediate Examination and joins the 3rd-year Class of the college. In the event of more than one candidate securing the highest marks in either case, the prize is equally divided among them.

Vacations.

The recognised vacations are—the long vacation, approximately 9 weeks, between the end of April and the end of June, and Durga Puja vacation approximately six weeks, between the rains and the cold weather.

Building and Accommodation.

The Presidency College comprises two large buildings and two smaller ones with two corrugated iron structures in the quadrangle of the main building. This main building contains the Arts Classes, the Library, the Students' Common Room, the Professors' Common Room, the Principal's Office and the Chemical Laboratory. The Baker Laboratory which was built in 1912, houses the Physics, the Physiology, the Geology and the Botany Departments as well as the Science Library. Of the two smaller buildings, one is the Physical-Chemical Laboratory and on the top floor of the other is situated the Astronomical Observatory; the lower floor comprises garages, menials' quarters, offices of the Physical Instructor, and of the Hare School Boy Scouts.

There is total accommodation for 1,200 students in the college of whom 960 are under-graduates; of these 460 are Arts and 500 Science students. There are 18 class-rooms for Arts lectures in the main building besides 8 tutorial class rooms in the ground floor adjoining the Library. There is one lecture room in the Astronomical Observatory.

The Science Departments have separate lecture theatres and Paactical class rooms of their own which have been described under the head Laboratories.

Students' Residence.

Students not living with parents or guardians are required by the University Rules (Chapter XXIV, 1-3 of the Regulations) to reside in the college hostel.

The Eden Hindu Hostel (Peary Churn Sircar Street) admits to a limit of 244. The principle adopted in regulating admission is that junior students, and especially students who are strangers to Calcutta, have the prior claim. Consequently, preference is ordinarily given to under-graduates. Post-graduate students are also allowed to reside in the Hostel.

Rules relating to admission, management and discipline in the Eden Hindu Hostel, are obtainable on application to the Superintendent.

Muhammadan students of the Presidency College will, up to the limits of room available, have a preferential claim to be admitted to the Taylor Hostel (Wellington Street) and the Islamia College Hostel at 30, College Street. Fifty students of the Presidency College are also allowed for the present to reside in the Baker Hostel attached to the Islamia College.

The Library.

The Presidency College Library contains about 51,000 volumes. The books in the Library are arranged on the principles of the Dewey system of classifica-

tion, adapted to the special requirements of the Presidency College. Books and periodicals in Science and Mathematics are stored in the Peake Science Library, situated in the Baker Laboratory Building.

The catalogue of the Library is divided into four parts : Part I contains books on Philosophy, Religion, Sociology and Philology; Part II, books on Science and Mathematics including Science, Reference books and periodicals; Part III, books on Arts and English Literature; Part IV, books on other Literature, Biography and History, and Reference books and periodicals. Some of the parts are sub-divided into further volumes for the sake of convenience.

The Library rules are framed with a view to giving the utmost facility practicable for reading in the Library. Books are issued to readers in the Library on their filling up a form and handing it to one of the Assistant Librarians after signature. These receipts are given up when the books are returned.

Books may also be borrowed, and taken away, under conditions defined by the rules. The attention of students is especially called to rules 10 and 25, which require the return of books borrowed, on the sixteenth day on penalty of a fine of one anna a day for every day's delay. It is often overlooked by readers that, if a book is wanted for a longer period, all that the borrower has to do is to bring it back to the Librarian and ask for a re-issue. If the book is not wanted by any other reader, it can be re-issued on the same day. Special attention is also invited to rule 20.

The rule of silence in the Library is absolute. No good work can be done in a Library if noise is allowed there. All talking is therefore forbidden, except what is absolutely necessary for the transaction of Library business. The Librarian has strict orders to see that the rule of silence is observed and to report any wilful breach of the rule. Professors are also expected to use their authority to promote the observance of the rule whenever they are in the Library.

The Library is controlled by a Committee of three—the Principal and two Professors—one Professor representing the Arts side and the other the Science side of the Library.

Current numbers of periodicals are placed for reference on the table in each Library; other numbers of the current year are kept in a rack.

Rules of the College Library.

1. The Library is open daily during term time from 10 A.M. to 4-30 P.M., Sundays and authorised holidays excepted. On Saturdays the Library closes at 2 P.M.

2. The Library is managed by a Committee of three—the Principal and two Professors.

3. The books of the Library are for the use of (1) students of the college, (2) the teaching staff, (3) other persons engaged in studies of an advanced character especially, if they are old students of the Presidency College. In the last case permission must be obtained from the Principal on the recommendation of a member of the staff and *the privilege is confined to the use of books in the Library.*

4. All under-graduate and graduate students of the college should deposit a Library Caution-money of Rs. 5 and Rs. 10 respectively. (Government order No. 1276, Education, dated the 5th April, 1932.)

5. Books of reference and other books confined for special reasons to the Library, can only be used by readers in the Library itself.

6. *No periodicals of the current year may, on any account, be taken out of the Library.*

7. Back numbers of the periodicals can be consulted in the Library on the same conditions as books. They can be lent out to the members of the staff; but in the case of Science periodicals they must be returned the next day before 12 A.M. If, however, the latter are required for the preparation of lectures permission may be obtained on application to take them out for a limited period under a special order of the Principal.

Use of the Library for Study.

8. This should be regarded as the primary purpose of the Library. All facilities possible are given for the free use of books in the Library itself.

A limited number of the most useful reference books in every subject are placed on open shelves. Books placed on these shelves may be freely taken by readers for use in the Library, on condition that they are replaced in their right position on the shelves when done with.

9 Other books may be borrowed for reading in the Library on the reader filling in and signing a form and handing it to one of the Assistant Librarians. The form will be given back when the book is returned.

Lending out Books.

10. Students will be provided, on written application being made to the Librarian at the beginning of the session, with two kinds of Cards or Tickets. The "Reader's Tickets" will entitle them to admission into the Library and to borrow books for reading in the Library itself; the "Borrower's Card" will enable them to take out from the Library, books on loan. *Both the Reader's Ticket and the Borrower's Card are returnable at the end of the session; they are strictly non-transferable.* In case of loss, the matter should be immediately notified to the Librarian. A fee of one Rupee will be payable for a fresh Reader's Ticket, or for a fresh Borrower's Card.

11. Casual students shall deposit a caution fee of Rs. 10 if they take out books from the College Library for use at home. Research Scholars attached to the College Library are allowed to read in the Library on the recommendation of the Professors under whom they carry on the research.

12. Students going up for the University Examinations should surrender their Reader's Tickets and Borrower's Cards and obtain a clearance certificate from the Librarian before they are allowed to take away their University 'Admit Cards.' Detained students as well as those who, failing to appear at the University Examinations of one year, will offer themselves for examination in the next year, are all expected to close their Library account by the end of March.

13. Books will be issued twice daily at stated hours. Application slips may be filled up at any time during Library hours. The slips will be deposited in a basket placed for the purpose on the Library counter. These will be subsequently sorted by the Library staff, and books will be issued to borrowers between 11-30 and 12-30, and again between 2-45 and 4-15. Books for which requisition is made after 2 P.M. will be issued the next day at 11-30.

14. Under-Graduate students of the College are entitled to take out only one volume at a time from the library; Honours students of the 3rd and 4th-year Classes and Graduate students may take out two but not more than two, unless by special permission. Members of the teaching staff are free to take out books to a limit of fifteen volumes. The borrowing privilege of the non-teaching Assistants of the Science Departments and of the Librarian is limited to six volumes at a time, and that of the office staff, the Assistant Librarian and the other members of the Science Departments to two volumes.

15. Students must hand over their Library Cards to one of the Assistant Librarians on receipt of the book asked for. This card joined to the original slip of application submitted by the student will be kept by the Librarian as the student's receipt for the book issued to him.

16. The borrower will be held responsible for the book so long as the receipt remains with the Librarian. The receipt will be given back when the book is returned.

17. Borrowers must examine the condition of the books when they take them out; otherwise, in case of mutilation being discovered later, the presumption will be against them.

18. Books must not be passed on to another reader. When done with they should, in the interests of other readers, be at once restored to the Library.

19. Books may be retained by students for fifteen days. They may be re-issued for a further period of fifteen days, provided that there has been no other requisition for them. The retention of books beyond this extended period should not be permitted (Government order No. 1652, Education, dated the 19th May, 1932). Members of the teaching staff can retain them for a month. All text-books prescribed by the Calcutta University for the Under-Graduate courses must be returned within a week of the date of issue. When required for a longer time, they may, on return, be re-issued if not wanted by another reader.

20. Any book lost, damaged or defaced must be replaced by the reader responsible for it. If the book is one of a set or series, and the volume cannot be obtained singly, the whole set or series must be replaced at the reader's cost. Should the book lost be rare or irreplaceable, the borrower must pay a fine in addition to the published price of the book. *In any case until the damage is made good, the reader has no right to any further use of the Library.* The wrongfulness of writing in the margin of Library books, underlining sentences, marking passages and in other ways defacing books with annotations cannot be too strongly condemned. Should any such case come to notice and the author be discovered, such defacement of Library books will entail the full penalties of this rule.

21. The Head of a department may form a Seminar Library for the session by borrowing books on his own subject from the General Library.

22. Books of general interest as well as those which are likely to be useful to Intermediate students of the B.A. and B.Sc. Pass classes should not be removed to any Seminar.

23. In case the President of a Seminar wishes to borrow books intended for other Departments or placed in sections of the Library catalogue other than his own, the consent of the Head of the particular Department should be obtained and forwarded to the Librarian along with the requisition.

24. For books borrowed for the use of Seminars the President of the Seminar, who signs for the books, must be prepared to hold himself responsible in case of loss or damage. Presidents of Seminars should hold a periodical stock-taking of books borrowed by them.

25. Any Under-Graduate or Graduate student of the College retaining a book beyond the time allowed shall pay a fine of one anna a day until the book is returned, and *will not be allowed to take out any more books until the fine is paid.*

26. Books required by Professors or Lecturers of the College, if in the possession of the other persons, must be returned at once on receipt of notice from the Librarian.

27. Books can be borrowed for use at home during the Puja vacation, when the dates for their return fall during the vacation, they must be returned on the day the College re-opens.

28. At the end of the collegiate year all books must be returned to the Library. Notice for the return of books may be issued by the Librarian

about the end of March. If books are not returned within a week of such notice a fine of one anna a day will be incurred as under rule 25.

29. Members of the teaching staff may keep any books they require during the long vacation *provided that these books are specially issued for the purpose during the week preceding the beginning of the vacation.*

30. The Librarian will take stock of the Library during the long vacation, and the Library will be closed to readers.

31. Books newly acquired for the Library may not be issued out on loan for a week,

Athletics, [Magazine and Union.

The College Athletic Club provides for football, cricket, tennis, hockey, basketball, volley-ball, badminton and gymnastics. Representatives usually enter for Inter-collegiate Leagues in football, cricket, sports and hockey and the college holds its own sports annually. The ground is a part of the Calcutta Maidan where only matches in football, cricket and hockey are played, but a field inside the college premises is now available containing one football field, one cricket practice pitch, one hockey field, one patent-stone and three grass tennis courts, and several basket-ball, volley-ball and badminton courts. There is gymnasium equipped with up-to-date requirements. The college is affiliated to the C. U. Rowing Club.

The management of the club is largely in the hands of the students. The Principal who is the *ex-officio* President of the club nominates from among the members of the staff 5 Treasurers who guide the students in matters of policy, and sanctions, supervises and controls all expenditure. There is a Physical Instructor of the College who holds compulsory physical training classes for the First-year students, supervises games in the field and coaches the students in matters connected with the technique of games.

The Principal acts as the Chairman and the Treasurers as the Vice-Chairmen of the Executive Committee. This in addition consists of the Captains and Secretaries of the football, cricket, hockey, tennis and basket-ball. The Captains of different sections are nominated by the President of the club. From among the elected Secretaries, the Treasurer may, if necessary, nominate two Joint General Secretaries for helping him in financial matters only. Immediately after its formation the Executive Committee makes a budget of probable expenditure for the session and submits the same to the President for sanction. The Secretaries are to see that all expenditure is limited to sanctioned budget items and estimates.

In tennis, two prizes are given each year, one to the winner and the other to the runner-up in singles, and also four prizes, two to the winners and the other two to the runners-up are given in doubles in tournaments confined to the existing members of the club. There is a silver challenge cup—Sir Asutosh Chaudhuri Memorial Cup—for tennis tournaments open to past and present members of the club.

The Treasurer nominates Secretaries for conducting the Annual Sports. In sports there are two challenge cups, one for the Relay race and the other for the Tug of War. Colours are also awarded in each game, but for particular merit only.

No student who makes use of the athletic facilities afforded by the College in any particular branch of sport is allowed to decline an invitation to represent the College in that branch without showing sufficient reason. Save in the latter case, refusal to pay when invited, involves suspension from the club.

The selection of the teams is made by a Committee consisting of the Treasurer, the Physical Instructor and the Captain. An expert may be nominated by the Principal, if necessary.

The *College Magazine* is published thrice a year, in September, December and March. The controlling authority is the Principal. He nominates a

Treasurer from among the members of the staff, who supervises the expenditure, chooses the Editor and the Secretary of the Magazine (subject to the approval of the Principal) and guides them in matters of detail. The Editor is mainly responsible for the selection of articles. The Secretary sees the manuscripts through the press, arranges for the distribution of copies to his fellow-students, maintains the free distribution and exchange registers and presents all bills to the Treasurer.

The *College Union* is also under the ultimate authority of the Principal. He nominates a member of the staff to act as the Treasurer of the Union and the latter administers the Union funds under the guidance of the Principal. Its functions are mainly dramatic and social.

The accounts of the Athletic, Magazine and Union funds are kept with the Bursar, and the expenditures audited by Government Auditors.

Laboratories.

Laboratories are attached to each of the Science Departments, *viz.*, Physics, Chemistry, Botany, Physiology, Geology and the Observatory.

Physics Laboratory.

The Physics Department has two lecture theatres (the larger of which is usually used as the College Hall) and one lecture room with an attached museum and preparation room for lecture demonstration work, a workshop and carpentry, a storage-cell installation, 3 dark-rooms, and 2 stores. For practical work there are separate laboratories for the I. Sc., B.Sc. (Pass), B.Sc. (Hons.) and M.Sc., classes. The normal accommodation is 240 in the 1st and 2nd-year, 180 in the 3rd and 4th-year Pass B.Sc., 60 in the 3rd and 4th-year Hons. B.Sc., and 30 in the 5th and 6th-year M.Sc. Classes. A few rooms are also set apart for research work.

Chemical Laboratory.

The Chemical Laboratories are formed (a) five branch Laboratories for the students' practical work, (b) three lecture theatres, (c) one general store, (d) a seminar, (e) a museum, (f) a workshop, (g) a compounding room and (h) a plant for distilling water.

Each of these laboratories has a separate Balance-room and sub-store under the charge of a demonstrator and an assistant. The laboratories for Physical Chemistry and Technology are located in separate building to the north of the college quadrangle, while the B.Sc. Hons. Laboratory occupies a corrugated shed, just behind the main staircase. A little over hundred students can work at a time in the B.Sc. Hons. Laboratory; similarly the B.Sc. Pass laboratory provides accommodation for 125 students and the junior laboratory for I.Sc. students for 100 students.

The whole of the ground floor of the eastern block of the main building is occupied by the Post-Graduate laboratory where as many as 50 students can work with ease. All these laboratories are equipped with up-to-date fitting and facilities for independent research work are afforded to the deserving students. The 3 lecture theatres can accommodate 200, 150, and 100 students.

Botanical Laboratory.

The Botanical Laboratory is situated on the western end of the 1st floor of the Baker Laboratory Buildings. It has a lecture theatre with ample accommodation for 120 students, and equipment for epidiascopic and microscopic projections. There are 4 rooms for practical work: (1) the Plant Histology room has accommodation for 32 students at a time and this room is used for I.Sc.

and B.Sc. Pass Practical Work in different periods, (2) the Plant Physiology room has accommodation for 16 students and 12 seats in addition to the accommodation to the Histology room, (3) the Plant Chemistry room has 12 seats and these two rooms are used for B.Sc. Honours and Post-Graduates practical work, and (4) the Herbarium room measuring 29' 4" by 21' 3½" (inside), this room is used for B.Sc. Hons. and Post-Graduate work. Besides this, there is a Preparation room which is utilised for Research work. The department is well equipped for research work in (i) systematic Phanerogamic Botany, (ii) Cytology and (iii) Bacteriology. There is a dark room equipped for microphotographic research work and a small gram house at the north-west corner of the department.

Physiological Laboratory.

The Physiological Laboratory covers an area (including verandah) 160 by 60 ft., i.e., 10,880 sq. ft. It contains (a) a lecture theatre (40' 4" by 28') properly fitted with black board, diagram board, lecture table, gallery for students, electric lights, gas, water taps and magic lantern arrangements. It has accommodation for 100 students. (b) Histology room, 60' by 36'. It has a big hall with accommodation for 40 students. Tables are fitted up with gas, water taps and re-agent racks. The room is well-lighted with North light, (c) Chemical Physiology room, 36' by 28'. It has accommodation for 27 students and is fitted with fume cupboards. (d) Experimental room (30' by 26') has accommodation for 16 students.

Besides this the laboratory is provided with photographic room, dark room (for polarimeter and galvanometer work), the research room for advanced work, preparation room and professor's rooms.

The laboratory is well-equipped with microscopes, microtomes, polarimeter, calorimeter, potentiometer and other physiological appliances. There is also a good collection of diagrams, models, microscopic and magic lantern slides.

Geological Laboratory.

There are two rooms for lecture purposes accommodating 24 and 8 students respectively, three rooms for Practical work accommodating 12, 12 and 24 students respectively. Portions of these rooms are utilised as Museum and practical class for Post-Graduate students. Two rooms can be used in Geology for lecture purposes at one and the same time. We may accommodate 24 students in the First-year Geography Class (I.A. and I.Sc.), 24 in the 3rd-year B.Sc. and 24 in the 4th-year B.Sc. Classes.

Astronomical Observatory.

The observatory is equipped with up-to-date instruments such as globes, transit instruments, equatorial telescopes (visual and photographic), spectrographs, chronograph, chronometers, etc., and also with a small dark room for photographic work. There is a whole-time assistant (an M.Sc. in Mathematics) and three student assistants to carry on demonstration classes with the students and to make other necessary observations in connection with clock correction and such celestial phenomena as eclipses, sun-spots, occultation, etc. The Transit Room is big enough for 10 students to work at a time.

HUGHLI MOHSIN COLLEGE

(Chinsurah, Hughli.)

FIRST AFFILIATION, 1857.

The institution was founded in 1836, and was originally supported from funds bequeathed by Muhammad Mohsin, a wealthy Mahomedan gentleman, who dying without heirs in the year 1812, left his large property, yielding an annual income of Rs. 45,000 to Mahomedan Trustees "for the service of God." Owing to the misappropriation of the funds Government assumed the office of the Trustees. The right of assumption was opposed by the original Trustees but upheld by the Courts. The period of litigation extended over many years, during which the annual income accumulated forming a surplus of Rs. 8,61,100. The surplus was devoted to the foundation and endowment of the Hughli College, and was further increased by a portion of the original zemindaree that became available on the death of one of the Mootwalles of the Hughli Imambarah, an institution which also derives its support from Muhammad Mohsin's legacy. The college endowments were further increased by the accumulation of unexpended revenue until the income amounted to Rs. 51,000 per annum in 1873, when the Government of India resolved to transfer the whole of the Mohsin endowment to the purpose of Mahomedan education throughout Bengal and accordingly increased the provincial assignment of education in Bengal by Rs. 50,000 a year in order to meet the expenses of the Hughli College which has now become an institution maintained by Government.

The college is affiliated in the following subjects :—

KRISHNAGAR COLLEGE

(Krishnagar, District Nadia.)

FIRST AFFILIATION, 1857.

This College was founded by Government in 1845 and is under the control of the Director of Public Instruction, Bengal. There were no B.A. Classes for four years from 1871. In 1875 the public having raised a sum of Rs. 40,000 the "B Course" B.A. Classes were re-opened. The "A Course" B.A. Classes were re-opened in 1888.

Affiliation.

It is at present affiliated up to the B.A. and B.Sc. Honours standard in English, Sanskrit and Mathematics; up to the B.A. and B.Sc. Pass standard in Bengali, Persian, History, Economics, Philosophy, Physics and Chemistry and up to the I.A. standard in Logic and Civics.

All the subjects in which there is affiliation are regularly taught and all possible combinations of the subjects taught are allowed except that I.A. students may not take up Physics and Chemistry.

Fees.

The monthly tuition fee in I.A. Classes is Rs. 6; in the I.Sc. and B.A. Classes Rs. 7; and in the B.Sc. Classes Rs. 8. The admission fee and the transfer fee are each equal to the tuition fee. The annual printing fee of Re. 1 and a consolidated annual subscription of Rs. 5 to the College Union (including Athletic Club, and Common Room, Magazine, Study Circle and Social Departments) and a contribution of one rupee (Re. 1) to the Students' Aid Fund of the College are paid by each student in July.

Free-Studentships, Prizes and Stipends.

There are several free studentships, prizes, and stipends attached to the College, viz. ;—

(a) Six Government free studentships for poor meritorious students; two Government free studentships for Moslem Students; and two Government free studentships for students of the scheduled castes.

(b) Thirteen free-studentships at the disposal of benefactors of the College, namely, 5 at the disposal of the Nadia Raj, Krishnagar; 5 at the disposal of the Mukherji family of Ula (present address Goari, Krishnagar); 1 at the disposal of the Pal Chowdhury family of Ranaghat, Nadia; 1 at the disposal of the De Chaudhuri family of Ranaghat, Nadia; and 1 at the disposal of the Sinharay family of Nakashipara, Nadia. These were created on account of benefactions made by members of the above-mentioned families in 1816 soon after the College was founded (*vide* Govt. Resolution No. 670, dated the 9th February, 1915).

(c) The Mohinimohan Ray Prize of Rs. 80 is awarded to the best Honours Graduate of the College.

(d) The Smith and Macdonell Prize of Rs. 8 founded by Babu Shyamacharan Maitra is awarded to the student who after most successfully passing the I.A. or I.Sc. Examination from this College studies here in the 3rd-year Class.

(e) The Livingstone Memorial Prize of Rs. 8 is awarded to one who having passed in all the subjects secures the highest aggregate mark in the annual Examination of the 3rd-year B.A. and B.Sc. Classes.

(f) A Gold-centred Silver Medal named "Anderson Medal" is awarded annually to the student admitted into this College who secures the highest number of marks at the Matriculation Examination.

(g) A Silver Medal called "Sombhucharan Medal" is awarded to the student who stands first in the aggregate among successful candidates from this College at the I.A. and I.Sc. Examinations and prosecutes his further studies here.

(h) Two stipends of Rs. 4 and Rs. 3 per month, created out of the accumulated balance of the Mohinimohan Ray Fund, are awarded to two poor students who judged by the previous session's work in the College have proved worthy of help towards payment of their tuition and boarding fees respectively.

(i) Two stipends of Rs. 5 per month, created out of the Hindu Hostel Fund, are awarded to two boarders of the Hindu Hostel to meet the Hostel charges (*vide* Govt. Order No. 4098. T. Edn., dated the 19th October, 1927).

(j) Two stipends of the value of Rs. 3 each per month, created out of the Hostel Building Fund donated by the Public, are awarded to two boarders, viz., one of the Hindu Hostel and one of the Muslim Hostel, in terms of G. O. No. 3354 Edn., dated the 17th December, 1934 and G. O. No. 941 Edn., dated the 8th March, 1935.

(k) A stipend of Rs. 5 per quarter is awarded to a boarder of the Muslim Hostel from a fund called "Anderson Fund—Muslim Hostel."

(l) Four College (Conversion) Mohsin stipends, each of the value of Rs. 5 per month are awarded to poor but deserving Muslim students of this college.

(m) There are also three stipends of Rs. 5 each to meet the tuition fee and one stipend of Rs. 7-12-0 to meet the boarding charges, at the disposal of Babu Sibendranath Sinharay of Nakashipara. These four stipends are awarded from a fund called "Debendranath Sinharay Fund," in terms of G. O. No. 601, dated the 10th March, 1916.

Buildings and Accommodation.

The College at present stands upon a compound of upwards of 100 bighas. It occupies 3 buildings, one big and two small. The big one which is the main college building is a handsome structure standing upon 3 bighas of land, erected in 1856. Part of the land was purchased by Government from money raised by public subscription, and for the remainder the College is indebted to the munificence of the Maharajas of Nadia and Cossimbazar. More than a quarter of the cost of the building was met by private subscriptions.

The College can at present accommodate 100 students in each of the I.A. classes, 60 students in each of the B.A. Classes, 50 students in each of the I.Sc. Classes and 15 students in each of the B.Sc. Classes.

There are 17 lady students and the total number of students is at present 360. They are distributed as follows:—

4th-year B.A. 44, 4th-year B.Sc. 17, 3rd-year B.A. 46, 3rd-year B.Sc. 15, 2nd-year I.A. 68, 2nd-year I.Sc. 46, 1st-year I.A. 81, 1st-year I.Sc. 43.

Hostels.

There are two hostels under the direct control of the Principal, one for Hindus and the other for Muhammadans. The Hindu Hostel is located in a handsome two-storied building constructed in 1927 in the college compound and managed by a member of the teaching staff as Superintendent; a new Muhammadan Hostel was constructed in 1935 within the college compound and managed by a Superintendent. The former can accommodate 64 boarders and the latter 16. The monthly charges including seat-rent and medical cost are about Rs. 13 and Rs. 10 respectively.

Library and College Union.

The Library contains about 15,773 volumes. The annual Library grant is Rs. 960. The Common Room is open during the college hours and in the evening.

The College Union has five sections, viz., the Athletic Section (including the Gymnasium), the Common Room Section, the Study Circle Section (for debates and for literary discussions), the Magazine Section and the Social Section. The Students' Aid Fund is managed by a Special Committee consisting of four teachers and two students of the College.

Besides a good gymnasium, there are excellent grounds for football, volleyball, basket-ball, cricket, hockey and tennis. There is provision for several kinds of country games.

Laboratories.

The Physical Laboratory occupies six big rooms of the main building; the Chemical Laboratory is located in a separate building. The equipment and the stock of apparatus, and chemicals, etc., are sufficient for teaching Physics and Chemistry up to the B.Sc. Pass standard.

Last Year's (1938) Examination Results.

KRISHNATH COLLEGE, BERHAMPUR

(Late Berhampur College.)

FIRST AFFILIATION, 1857.

The older Gazetteers are unanimous in recording that a "British" College was opened in Berhampur in 1826 but the college, as we know it, was opened in 1853. The foundation stone of the building, one moiety of the cost of which was paid by the community, was laid in 1853 and the building came into use in 1869, when the institution became a first grade college in Arts. A Law Department was added in 1864. The status was, however, reduced in 1872 to that of a second grade college and the Law Department was abolished in 1875. The institution again became a first grade college with a Law Department attached in 1888. The Law Department was abolished on the establishment of the University Law College. The Maharaja of Cossimbazar however donated a sum of Rs. 50,000 for the establishment of Scholarships to be awarded in preference to K. N. College graduates. It is open to all classes of the community.

In pursuance of the policy recommended by the Education Commission and adopted by the Government of India, the Bengal Government decided in 1886 to transfer the Berhampur College to private management. The magnificent offer of the late Maharani Swarnamayi, C.I., of Cossimbazar to maintain the college for five years was accepted. Accordingly by a Bengal Government Resolution, dated the 14th May, 1887, the control of the college, administrative and financial, was vested in a Board of Trustees. Since the Maharani's death in 1898, the college has been financed by her nephew and successor, the Hon'ble Maharaja Sir Manindrachandra Nandi, K.C.I.E., of Cossimbazar. In 1905 the college was handed over by a deed of transfer to the Hon'ble Maharaja Sir Manindrachandra Nandi, K.C.I.E., of Cossimbazar with a Board of Management consisting of the Maharaja as *President*, the District Judge, the District Magistrate and the Inspector of Schools, Presidency Division, as *ex-officio* Members, and Rai Baikunthanath Sen, Bahadur, C.I.E. In accordance with the terms of the Trust Deed of 1904 Maharaja Srischandra Nandi, M.A., M.L.C., has assumed the Presidentship of the Board of Management on the death of his father, Maharaja Sir Manindrachandra Nandi, K.C.I.E., on the 12th November, 1929. The President has nominated Kumar Kamalakaran Ray, B.A., of Cossimbazar, in place of Bai Baikunthanath Sen, Bahadur, C.I.E.

For the management of the college there is a Committee of Management consisting of

1. Hon'ble Maharaja Srischandra Nandi, M.A., M.L.A., of Cossimbazar, *President*.
2. The District Magistrate.
3. The District Judge.
4. Raja Kamalakaran Ray, B.A., nominated by the Maharaja.
5. Inspector of Schools, Presidency Division, *Ex-officio*.
6. Principal J. C. Mitra, M.A., *Secretary*.
7. Two members of the Teaching Staff of the college elected by the teaching staff, and one Moslem member of staff nominated by the President.

All measures relating to the management are to be initiated by the Committee of Management. The decisions of the Governing Body are referred to the Board of Trustees for confirmation and in case of the latter body either vetoing or modifying any decision of the Governing Body the fact is to be at once notified to the Syndicate. The decision of the Syndicate will be final.

Scholarships.

Scholarships.—(1) Scholarships numbering two and three in alternate years called the Berhampur College Scholarships, of the monthly value of Rs. 8 each tenable for two years in the Degree Classes of the institution, are

awarded on the results of the Intermediate Examination, to students taking up Honours Course for the Degree Examination (2) The "Kennedy Scholarship" of Rs. 4 a month founded by public subscription in honour of J. Kennedy, Esq., formerly a Collector of the District, is awarded to the successful Intermediate candidate from the college, who stands next to those obtaining Berhampur College or Government Scholarships. It is tenable for two years in the Degree Classes of the institution. (3) Five "Rajib Scholarships" of Rs. 4 a month each founded in commemoration of the donor, the late Rai Rajiblochan Ray, Bahadur, the benevolent Dewan of the late Maharani Swarnamayee are awarded to the first five successful Matriculation candidates from the Berhampur centre. They are tenable for two years of the Intermediate Classes of the institution. (4) The "Harasankar Studentship" of Rs 4 a month is awarded for one year only to a student securing highest marks in Sanskrit at the I.A. Examination from the college, and taking Sanskrit in the B.A. It was established in the year 1908 by the late Babu Nilmani Bhattacharyya of Berhampur in deference to the last wishes of his father, the late Babu Harasankar Bhattacharyya. (5) Four Scholarships named "Rani Dintarini Scholarships" founded by Raja Jogendranarain Ray of Lalgola in memory of his late wife, Rani Dintarini, were established in the year 1908. Out of the four scholarships, two of the value of Rs. 6 per mensem are to be enjoyed by two First-year students who pass the Matriculation Examination from the Berhampur Krishnath Collegiate School and secure highest number of marks without obtaining any Government Scholarship and two of the value of Rs. 8 per mensem, are to be enjoyed by two Third-year students who pass the Intermediate Examination from the Berhampur Krishnath College, and secure the highest number of marks without obtaining any Government Scholarship. (6) Twenty-four scholarships of Rs. 6 a month tenable for one year chiefly open to competition among students, graduating from this college are awarded from the endowment established by the Maharaja of Cossimbazar—the University Law College. Eight of these are to be competed for in each year of study there.

Medals.—Two gold medals named after their donors, Rai Baikunthnath Sen, Bahadur, and Rai Srinath Pal, Bahadur, are awarded to the students of the college passing the Degree Examination with Honours in English and Science, respectively. A silver medal, named the Mackenzie Medal founded by the late Rai Mukundalal Barman, Bahadur, in commemoration of His Honour Sir Alexander Mackenzie's visit to this district in February, 1898, is awarded to the student who stands highest from this college in the B.A. Examination with Honours. A silver medal named the 'Harasankar Medal' founded by the late Babu Nilmani Bhattacharyya, is awarded to a student securing highest marks in Bengali at the Intermediate Examination from this college. Sreemati Basanta Kumari Mitra has endowed a silver medal named Kadambini Medal which will be awarded to the student who does best in Sanskrit in the B.A. Examination from this college.

Free Studentships and Stipends—Students holding Government Scholarships open to all and students holding "Berhampur College" and "Kennedy" Scholarships "receive tuition free. A limited number of free and half-free studentships is also awarded to poor and deserving students by the Maharaja of Cossimbazar. Through the liberality of the late Raja Asutoshnath Ray of Cossimbazar, a few stipends to the extent of Rs. 27-8 a month are also provided. Four free studentships are awarded on the results of the annual examinations. In commemoration of the Silver Jubilee, four half-free Studentships are awarded on the results of the Annual Examination. Poor and deserving students are granted stipends from the Students' Helping Fund.

The college is located in a fine building on the side of the river Bhagirathi. The building is Saraceno-Gothic in style and is a unique example of this type of architecture in this country. It has got a spacious compound with lawns in front of the main building. It can accommodate 1,200 students.

Hostels.

Two hostels for Hindu students and one for Moslem students. One M.B. Doctor attends daily in the hostels.

Hostel Fee.

In all the hostels a fee of Rs. 2 per month only, from July to April (Rs. 20 per annum), is charged to cover servants' wages, establishment charges, etc. Students will be divided into messes and will pay for their own food and fuel and make all necessary arrangements independently of the Hostel office.

Every boarder will be required to pay an admission fee of Rs. 4. To save trouble, utensils are provided by the Superintendent and are kept in his custody. Utensils used at times other than at meals must be provided separately by the students and kept in the custody of the owners.

Seat rent is charged in all Hostels at from Re. 1 to Rs. 2 per month for twelve months. The amount of seat-rent varies in hostels according to the accommodation provided.

Main Hostel boarders have to pay electric light charge, As. 12 per month, for nine months.

Hostel students will also be charged a medical fee of Re. 1 per annum. Every student seeking admission to the college must state in his application form whether or not he desires accommodation in a college hostel.

The College Library is one of the oldest and biggest in the Mofussil. It contained 11,858 volumes on the 31st May, 1937.

For the Common Room 35 periodicals are taken and there is also provision for indoor games. In connection with the Common Room, Annual Competitions are held in general knowledge and extempore speech-making for which prizes are awarded to the value of about Rs. 100.

There is a College Union which meets regularly with a member of the staff as President to discuss matters of general interest.

The Laboratories have been re-modelled since the inauguration of the New Regulations, and equipped with a Power House and Gas Plant of their own; the laboratories are not only well furnished to perform the experiment required for the B.Sc. Honours syllabus but also are stocked with apparatus for ordinary research work. The three Laboratories for Physics, Chemistry and Botany respectively are located in finely built rooms and a Botanical garden and Herbarium are provided for Botany students.

College Athletic Club—Students play cricket, hockey, football, volley-ball, etc. The college participates in Inter-college matches and all local competition games. Besides these provisions for the college in general each hostel has its own athletic organisation in which almost all the students are associated.

Collegiate School.—Connected with the college is a School Department teaching up to the Matriculation standard. The tuition fee in the school ranges from Re. 1-8 to Rs. 3-8 a month.

Hostel.—There are Boarding Establishments attached to the college school for the accommodation of Hindu and Muhammadan students.

SCOTTISH CHURCH COLLEGE, CALCUTTA

[In which are incorporated the General Assembly's Institution and Duff College.]

(4, Cornwallis Square.)

FIRST AFFILIATION, 1857.

Short History of its Foundation.

In 1830 the Reverend Alexander Duff founded in Calcutta an institution for the propagation of the Gospel through education at once liberal and religious on Western principles and with English as the medium of instruction in the higher classes. This he named the General Assembly's Institution, because it was founded under the direction of the General Assembly of the Church of Scotland, whose first missionary he was. Its success was immediate and great. Again, in 1843, when Dr. Duff and his colleagues cast in their lot with that party in the Church which separated itself and formed the Free Church of Scotland they founded another college under the name of the Free Church of Scotland Institution, on the same principles and with similar success. To the name of this second institution the title of Duff College was added after the death of that illustrious man.

For some years previous to 1908 the separated branches of the Church in Scotland had been desiring and aiming at co-operation and even re-union. Thus the demand for increased efficiency in Indian education and the evident wisdom of concentrating their efforts in one institution found them ready to take the decisive step of uniting their separate colleges in Calcutta. Accordingly from the first day of June, 1908, the General Assembly's Institution and the Duff College ceased to maintain a separate existence, and were united as the Scottish Churches College, working under the Scottish Churches Mission with a Mission Council in Calcutta and a Board in Edinburgh.

In October, 1929, the two main branches of the Scottish Church were re-united in Scotland, and, in consequence of this, by a decision of the General Assembly of the Church of Scotland, the college in Calcutta is known as the Scottish Church College.

The aims and principles of Duff and Ogilvie, and their colleagues and successors, remain essentially unaltered. The Scottish Church College continues to provide, for all who enter it as students, the same sort of education, based upon and pervaded by Christian teaching, which has done so much for Scotland and which is Scotland's best gift to India.

Students may read for Honours in any one of these subjects, except Bengali, but will not be permitted to continue reading for Honours unless they show special ability.

Applicants are reminded that under the regulations of the University no student will be permitted to appear in the B.A. Examination in Mathematics, unless he has passed the Intermediate Examination in Mathematics or in Philosophy unless he has passed the Intermediate Examination in Logic.

Intermediate Science Course.

Mathematics, Physics and Chemistry (with English and a Vernacular or Alternative English) is the only group offered in Intermediate Science. Zoology may be taken as an additional subject only.

Bachelor of Science Course.

Only Mathematics, Physics and Chemistry, Pass and Honours Courses, are offered in the B.Sc. Course.

Applicants are reminded that they must have taken these subjects in the Intermediate Course.

Students may read for Honours in any one of these subjects but will not be permitted to continue reading for Honours unless they show special ability.

Bachelor of Teaching Course.

Classes in preparation for the B.T. Degree are held at the Lady Jane Dundas Hostel buildings, and arrangements for teaching practice are made in adjoining schools, chiefly those under the control of the Church of Scotland Mission. Not more than 30 women students can be admitted. Enrolment in the B.T. classes will be made at the College office, Cornwallis Square, and each application should be accompanied by a retaining fee of Rs. 8, returnable if admission is not granted, but not returnable if admission is granted and then not accepted by the applicant. If admission is granted and accepted, the retaining fee will be treated as equivalent to admission fee.

Applications from students of the B.T. Class for admission to the B.T. Examination will be forwarded to the University only if their attendance at Lectures is satisfactory.

As the course is short (lasting only from July to April), it is necessary that students should give their whole time to the work. Stipends will be assigned only to those who give an undertaking to this effect and the retention of these stipends will be conditional on the continuance of satisfactory work throughout the session.

Master of Arts and Master of Science Courses.

M.A. and M.Sc. students may enrol for the University classes through the Scottish Church College. The fees for former students of the college will be Rs. 11 per mensem—Rs. 10 to the University, Re 1 to the college. Any student from other colleges who may be admitted must pay an admission fee of Re. 1, in addition to the above. Students who enrol through the college will have the benefit of supervision of studies and, on payment of a returnable deposit of Rs. 5, the use of the Library, and may be admitted to Hostels or Messes.

Classes in Spoken English.

Special classes in Spoken English will be held throughout the session. Admission to these classes will be decided by the Principal. A special fee of Rs. 2 per mensem will be charged. Enrolment must be for the whole session.

Classes in General Knowledge.

Classes in General Knowledge will be held from February to April, provided a sufficient number of students enrol. A special fee of Rs 5 is charged and is payable in advance.

Intermediate Arts and Science.

1. Two College Scholarships of value of Rs. 11 and Rs. 9 per month respectively, tenable for two years in the college, will ordinarily be awarded to the boys standing first and second in the Matriculation Class of the Scottish Church Collegiate School. These Scholarships will be awarded on the results of the School Examinations for the year. The winners must have been pupils of the school for at least two years.

2. The Stephanos Nirmalendu Ghosh Scholarship of value of Rs. 9 per month tenable for two years in the College, will be awarded to a non-Christian pupil from the Collegiate School who is in indigent circumstances and who shows special ability in Bengali. In the event of there being no eligible candidate from the School in any particular year, the Principal of the College may select a student from another School who produces satisfactory evidence of satisfying the other conditions indicated above.

3. One Fyfe Scholarship of Rs. 12 per month, three London and Edinburgh Scholarships, one Allan Bequest Scholarship and several College Scholarships, each of Rs. 9 per month in Arts and Rs. 11 in Science, will be awarded to students of merit, who are in real need of pecuniary help.

These Scholarships cannot be held, except in very special circumstances, along with any other Scholarship. They are tenable for two years at the Scottish Church College.

At the close of the Intermediate Course the Pranabanath Mukherjee Memorial Prize of Rs. 34 will be awarded to the student who obtains the highest marks in the aggregate at the Intermediate Arts Examination. The Hasle Memorial Prize, of Rs. 30, will be awarded to the student who stands highest in Logic, the Keonjhar Prize of Rs. 25 to the student who stands highest in Sanskrit, and the Aparnacharan Ganguli Prize of Rs. 20 to the student who stands highest in Mathematics; and prizes of Rs. 20 each will be awarded to the students who stand highest in the other subjects, the University examination results and class work both being considered. The prize in History is the Kalidas Mukherjee Prize. The Miller Prizes of Rs. 20 each will be awarded to the students who stand highest in the College Scripture Examinations in the Arts and Science Classes. The Nilmony De Silver Medal (Rs. 12) will be awarded to the successful student from the Scottish Church College who obtains the highest number of marks in English at the University Examinations.

Bachelor of Arts.

One London and Edinburgh Scholarship of Rs. 12 per month, two London and Edinburgh Scholarships and two Fyfe Scholarships of Rs. 10 per month (or Rs. 11 for Honours students), will be awarded to the five students of the College who stand highest in the Intermediate Arts Examination, provided they are placed in the First Division and are in necessitous circumstances. Of this the Principal must be satisfied.

The Ajitkumar Mitra Memorial Scholarship of Rs. 5 per month will be awarded to the best Intermediate Arts student who continues his studies in this college.

Certain open Scholarships will be awarded to students of merit who are in real need of pecuniary help. One Scholarship will be awarded on considerations of merit only.

These Scholarships are tenable for two years at the Scottish Church College.

At the close of the B.A. Course the following prizes will be awarded to the students who stand highest in the various subjects at the University Examination, provided they pass with Honours :—

English	...	Rs. 75 (Miller Medal).
Do.	...	35 (Morrison Medal or Prize).
Philosophy	...	70 (W. Smith University Prize).
*I. o.	...	21 (Stephen Memorial Medal or Book Prize).

The Hawkins Medal (Rs. 80) and Macfarlane Book Prize (Rs. 50) will be awarded to the Arts student, amongst the regular students, who, in the opinion of the Principal, is the most distinguished student of the year.

The Urquhart Prize or Medal (Rs. 35) will be awarded to the student who, in the opinion of the Principal, is the most distinguished amongst the women students, or, in any year, when the Hawkins Medal goes to a woman student, amongst the men students.

Bachelor of Science.

One Fyfe Scholarship of Rs. 12 per month, and one Wilson and Ogilvie Scholarship of Rs. 12 per month (or Rs. 13 for Honours students) will be awarded to the two students of the College who stand highest in the Intermediate Science Examination, provided they are placed in the First Division and are in necessitous circumstances. Of this the Principal must be satisfied. One Scholarship will be awarded on considerations of merit only.

These Scholarships are tenable for two years at the Scottish Church College.

* The prizes marked with an asterisk may be awarded on college results instead of on University results.

At the close of the B.Sc., Course, the Watt Memorial Prize of Rs. 35 will be awarded to the student who stands highest in Chemistry, and the Rajanikanta De Gold medal (Rs. 35) to the student who stands highest in Physics, University Examination results and college work both being considered.

The Miller Prize of Rs. 30 will be awarded to the student who stands highest in the College Scripture Examination.

The Krishna Lal Dey Gold Medal (Rs. 55) will be awarded to the regular B.Sc. student, who passes with Honours in one of the subjects offered and is judged by the Principal, from the record of his work in the college during his course and from the result of the University Examination, to be the best student in his class.

The Santosh Kumar Bhattacharyya Medal (Rs. 12) will be awarded to the Regular B.Sc. student standing first with Distinction. The Kunja Behari Basak Medal will be awarded to the woman student standing first in the B.Sc., a student with Honours in Chemistry to have the preference.

Class Prizes.

At the end of each session book prizes are awarded in each subject on the results of work done in the First and Third-year Classes. Prizes are also given for vacation essays prescribed in Honours Classes. The Vacation essay prize in English is the Scrimgeour Prize.

The Jnan Chandra Ghosh Prize (Rs. 9) will be awarded to the student in the Third-year B.Sc. Class and the Bhagyadhar Mallick Prize to the student in the First-year I. Sc. Class who keeps the best Laboratory Note-book.

Other Scholarships.

The Dr. George Smith C.I.E. Divinity Degree Prize is intended for an Indian Christian student who proceeds from the Scottish Church College to the Serampore College to take his B.D. Degree there under the Serampore College Charter. The value of the Scholarship is approximately Rs. 10 per month.

The Chalmers Testimonial Scholarship is derived from a fund held by the Senior Chaplain Church of Scotland, and is presented by him on every alternate vacancy to a Christian student who has passed the Intermediate Examination from the Scottish Church College and has entered as a student at the Medical College. The alternate presentation is made by the Incumbent of the Old Mission Church. The value of the Scholarship is approximately Rs. 20 per month.

Residence (details of arrangement—special arrangements, for different communities—general rules—medical aid—scale of charges, etc.).

There are residences for ten members of the European and Indian staff and five hostels within easy distance of the college—Duff Hostel, Tennyson Memorial Hostel, Wann Hostel, Ogilvie Hostel, and Lady Jane Dundas Hostel for women students. Each hostel has a resident Superintendent and an Assistant Resident Superintendent and a Medical Officer, a practising physician and Surgeon, who pays a visit daily. Each student residing in a hostel or mess has to pay 8 *as.* as the monthly medical fee, except in the Women's Hostel where the arrangement is different. The Superintendents of the hostels and the mess keep gate-books, leave-books and attendance registers. Football, hockey, cricket and other games are played in the college field. Badminton, basket-ball, volley-ball and gymnastics are common in all the hostels. The student managers in charge of messing have been instructed to introduce the diet recommended by the Students' Welfare Committee and, more or less, in all the hostels that system has been introduced. The Duff Hostel is primarily for Christian students but other students may be admitted, and this is the case also in the Women's Hostel. Other hostels are at present for Hindu students of the Scottish Church College. The general rules and the scale of charges are as follows:—

Fees.

Admissions are understood to be for a complete session, and boarders are liable for all charges from the time of admission to the end of the session.

Fees will be charged monthly at the following rates:—

Rooms on the ground floor.

Rs. 8-8 General fees.

Rs. 13-8 Messing fees.

Rooms on the first and second floors.

Rs. 9-8 General fees.

Rs. 13-8 Messing fees.

Seats in either of the double-seated rooms on the second floor.

Rs. 8-8 General fees.

Rs. 13-8 Messing fees.

General fees include:—Seat-rent, Light, Library, Games Fee and Doctor's Fee.

The wages of the two lowest-paid cooks are met from the Mess Fund.

No remission of fees will be made for Puja or Christmas holidays, except such as may be determined by the Hostels Committee. Boarders remaining in the Hostel during the holidays may be required to pay an additional fee for messing.

The Hostels will be closed during the summer vacation and no charge will be made during May and June.

Each boarder shall pay an admission fee of Rs. 7 and a Caution fee of Rs. 10. The Caution fee will be refunded at the end of the session if there is no liability.

Each boarder shall contribute Re. 1 annually for the expenses of the Hostel Games Club, and is expected to join in Hostel games.

All fees are payable in advance and not later than the 10th of the month. Failure to observe this rule will make boarders liable to a fine of As. 4 per day.

Boarders who are members of the 2nd-year class are required to pay the March and April fees along with the February fees and those who are members of the 4th-year class are required to pay the April fees along with the March fees. They are required to leave the Hostel within three days of completing their University Examinations.

The General Fees paid by each boarder entitle him to the following :—

(1) Lodging, (2) Use of furniture, (3) Use of house servants, (4) Supervision, (5) Medical attendance, (6) Use of electric light, (7) Use of Library.

They do not include (1) Food, (2) Private servants, (3) Washing, (4) Oil for bathing, (5) Chalk, etc., (6) Medicine, (7) Bath-room and Latrine articles.

Any damage done to the property of the Hostel will be made good at the expense of the boarder or boarders concerned, or by a general fine upon the boarders if the culprit or culprits cannot be detected.

Conduct.

The Hostel gates will be closed at 9 P.M. and open at 6 A.M.

Any boarder absenting himself from a Hostel between 9 P.M. and 6 A.M. without permission of the Superintendent, will be liable to expulsion from the Hostel.

Applications for leave from a Hostel must, except in special circumstances, be submitted at least six hours previous to the commencement of the leave desired. Such applications should state in full the cause and period for which leave is desired. *Applications for leave overnight must be authenticated by a letter from the father or guardian.*

All boarders must be in their rooms by 9-30 P.M. The roll will be called at that hour and also in the morning.

The following offences on the part of the boarders will be punished by fine, and if persisted in, by expulsion :—

- (1) Continued neglect of study.
- (2) Disobeying or showing disrespect to the authorities.
- (3) Beating or otherwise ill-treating the servants.
- (4) Defacing the Hostel building or other property.
- (5) Want of cleanliness in their rooms or elsewhere in the premises.
- (6) Disorderly or noisy behaviour.
- (7) Use of improper or abusive language.
- (8) Remaining in the Hostel during lecture hours without good or sufficient cause.
- (9) Keeping the electric light switched on when absent from their rooms, or tampering with the mechanism.
- (10) Any other misconduct.

The water closets on the first, second and third floors are intended for night use only, and shall not be used between 6 A.M. and 9-30 P.M.

Punctuality at meals is regarded as an important part of the Hostel discipline. Meals will not be served after an hour to be fixed by the Superintendent.

Regular religious instruction will be given on Sundays in the Hostel and all the boarders are expected to attend unless prevented by some urgent reason, in which case leave of absence must be obtained from the Superintendent.

Visiting hours on Sundays are between 12 noon and 7 P.M. and on other days between 4 P.M. and 7 P.M. Friends or guardians wishing to visit any boarder before or after visiting hours must get the permission of the Superintendent, and boarders will be held responsible for any breach of this rule.

No guests are allowed without written permission from the Superintendent.

Boarders are not allowed to receive female visitors in a Hostel.

Library and Reading Room.

The Library of over 21,000 volumes is open free of charge and without deposit, to students of the college, who may borrow books either to read at home or in college; a large Reading Room with accommodation for 148 students and a small Reading Room for the use of the staff form part of the Library.

Corporate Life.

Literary Societies and a Students' Union give opportunities for corporate life in the College. The names of the Societies are:—Bengali Literary Society; English Literary Society; Philosophical Society; Economics Society; Hindi Literary Society; Sanskrit Literary Society; Historical Society; Fine Arts Society; Guild of Welfare; College Union; Science Union; Athletic Society; and Mathematical Society.

The Scottish Church College Magazine is published three times a session.

Laboratories.

Physics and Chemistry are taught up to the Honours B.Sc. standard. The Physics and Chemistry laboratories are housed in a separate two-storied building, Physics occupying the ground floor and a room in the first floor, and Chemistry the remainder of the first floor. There are three lecture theatres in this building, one for I.Sc. Physics and Chemistry which can accommodate 160 students, one for B.Sc. Physics, and the third for B.Sc. Chemistry, each of which can accommodate about 85 students. As the subjects are taught up to the B.Sc. Honours standard, there are separate arrangements for Honours Practical work and there is a workshop with a qualified mechanic, attached to the laboratories. There is ample room for 45 students in Physics and 96 students in Chemistry working at the same time. The Physical laboratory contains one room devoted entirely to electrical experiments, one room is used as a dark room, one room is used only for Honours work, two rooms are used for general Physics, Heat and Sound, and a room on the first floor is used for I.Sc. work. The Chemistry department has four rooms for practical work equipped with cupboards, besides three small balance rooms. The apparatus provided is ample and up to-date and a sufficient stock is kept for contingencies. There is also a small well-equipped laboratory for Zoology.

Physical Education.

Students are encouraged to attend the playing field at Canal East Road. It is 12 bighas in area. The games played in the field are:—Football, Hockey, Cricket, Tennis, Basket-ball, Volley-ball, Kho Kho and Playground-ball. For

First-year students physical exercise is compulsory. Medical examination of students is carried on by the Students' Welfare Committee.

The College Swimming Club uses the Cornwallis Square tank by arrangement with the Corporation. The subscription is Re. 1 per season and the club is open to all men students of the college. Novices can be trained at an additional charge of Rs. 2 per season.

Each year the Hector Centenary Shield is awarded to the best all-round athlete, the Carmichael Cup to the best Hostel, the Ewan Memorial Cup for Inter-Hostel Football, the Keonjhar Cup for the individual championship in athletics, the Pranabanath Mukherjee Cup for proficiency in Tennis, the Bruce Cup for Inter-class Hockey and the Sanjoy Memorial Cup for Inter-class Football.

Track and Field Athletics Meeting is held in January every year at the Playing Field.

Miscellaneous.

Rev. A. Cameron, Principal, Messrs. N. C. Bhattacharyya and A. Mowat, and Dr. D. P. Raychaudhuri, members of the teaching staff, are engaged in Post-Graduate work.

The results of the last examinations are as follows :—

	No. sent up.	Pass.			Total.	Percentage of Pass.
		I Dn.	II Dn.	III Dn.

SANSKRIT COLLEGE, CALCUTTA

(1, College Square.)

FIRST AFFILIATION, 1860.

This is a Government Institution.

It was founded in 1824 for the encouragement of the study of the Sanskrit language and literature, and the cultivation of European literature and science. At present English, Philosophy and History are taught here up to the B.A. standard and Sanskrit to the standard prescribed for the B.A. Hons. Examination. Students taking up Hons. in Philosophy and History are allowed to attend lectures in these subjects in the Presidency College without any extra charge. The classes in the Oriental Department of the college prepare pupils for the First, Second and Title Examinations of the Bengal Sanskrit Association. A special class has been opened for teaching the Vedas and the salary of the Professor is met from the Dwarkanath Pal and Madhabchandra Giri Vedic Funds.

Standard of affiliation.

I.A.—English, History, Sanskrit, Logic, Mathematics, Bengali and Civics.

B.A.—English, Bengali, Sanskrit (Pass and Honours), History (Pass and Honours), Philosophy (Pass and Honours).

The college is open to Hindus occupying a respectable position in Hindu society irrespective of caste. The tuition fee is Rs. 6 per month in the College Department, and Rs. 3 and Rs. 2 in the School Department. The privilege of the lower fee, Rs. 2, is conceded to 60 students of the College Department, who must be descendants of *bona fide* Pandits. The fee of one of the students is partly paid out of the endowment fund of Srimati Sati Devi, of Chandernagore. In the Oriental Department of the college no tuition fees are charged from students. Six Government free-studentships are available in the college classes for deserving poor students.

The privilege of the lower fee of Re. 1 is conceded to 200 students of the school Department, 100 descendants of *bona fide* Pandits are allowed by Government to read in the school at the reduced rate and the fee of Rs. 50 is paid by Babu Pramathanath Mallik of Pathuriaghata and his two other co-trustees, Babu Harendrakrishna Seal and Gopeswar Mallik out of the estate left by the late Rani Rajkumari Dassi though the payment was withheld by the Trustees for sometime past pending a final settlement of the terms of the trust deed. Three more concession fees of Re. 1 a month

are paid, one out of Nemaicharen Free-Studentship Fund recently created by Babu Ramanath Mitra, of Naibati, in memory of his son and the remaining two out of Hiralal Mukherjee Free-Studentship Fund. There is one graduate Scholarship of Rs. 30 a month tenable for two years and there are nine senior Scholarships, varying from Rs. 10 to Rs. 20 per month and one Scholarship of Rs. 4 called after its founder, Professor E. B. Cowell. There is also an annual medal or prize of Rs. 10 founded by His Highness the Maharaja Scindhia, to be awarded to a student of the college, who on passing the Intermediate Examination from this college, stands next to those who obtain scholarships or any other prizes. There are also eight junior Scholarships of Rs. 8 each, competed for by pupils of the Second class of the School Department and there are besides two scholarships of Rs. 5 each, two of Rs. 4 each and eight of Rs. 3 each, called the Maheswari Dasi Scholarships, founded by the late Rai Rajiblochan Ray, Bahadur, of Cossimbazar, to commemorate the name of his mother. They are awarded annually to the pupils of the third, fourth and fifth classes of the School Department for proficiency in Sanskrit Literature and Grammar. There are two scholarships of Rs. 5 and Rs. 3 a month called the "Abhaycharan Mallik Scholarships." The former is tenable in the college and the latter in the School Department. And there are also two scholarships of Rs. 7 a month called "Karalicharan Sarkar's Scholarship" awarded to the students of the Oriental Department studying any one of the six systems of Hindu Philosophy and a sum of Rs. 24 a month is awarded, out of the annual interest of the Dwarkanath Pal Vedic Fund to deserving students of the Vedas.

A research department has been organised where advanced students from Indian and Foreign Universities are enrolled on payment of a monthly fee of Rs. 5. They are attached to the Principal or to some of the Pandits of the Oriental Department. They work generally on Indian Philosophical and Indological subjects. Students of the Research Department who remain attached to this college for at least two years, become eligible for submitting a thesis which, if approved, leads to the conferment of the title of 'Shastri.'

ST. XAVIER'S COLLEGE, CALCUTTA

(30, Park Street.)

FIRST AFFILIATION, 1862.

Short History of its Foundation.

St. Xavier's College which is under the direction of the Society of Jesus was established in 1860 at No. 10, Park Street, in the building which had been St. John's College in the time of Dr. Carew. In 1861, No. 11, Park Street, was acquired and after being enlarged and improved was made part of the college. Both these premises are now known as No. 30, Park Street. The object of this institution is to give Catholic youths a full course of liberal education. Students of other religious persuasions are also admitted.

As learning without education properly so-called would not answer the wishes of parents for the happiness of their children special care is taken to form the character of the pupils ; to inspire them with a love of religion and morality, to train them to gentlemanly manners and to habits of methodical work, in short to fit them for their various duties in after-life.

Library and Common Room.

Total number of books in the Library in various subjects on the 31st of August, 1938=20,768.

Students are permitted to take books from the library under the following rules :—

Rules of the Library.

1. The Library is open on class days from 10 to 10-30 A.M. and at 2 P.M.
2. Certain books, chiefly on science and philosophy, will be lent only under the senior Professor's control.
3. Books are issued under the following conditions :—
 - (a) Students are provided with library cards which are to be filled in and dropped in the library box.
 - (b) Next day the students on presentation of their identity-card will receive the books at the office.
 - (c) Only one book at a time will be issued to Intermediate students. B.A. and B.Sc. students will be given greater facilities under the direction of their senior Professors.
 - (d) Books may not be passed on to anybody.
4. Books must always be returned within a fortnight, they may however be re-issued. A fine of one anna a day will be imposed on defaulters.

5. Books must be returned to the clerk to be checked at the office.
6. Students are responsible for the books they use; any book defaced, damaged or lost must be replaced; if of a series the whole series must be replaced.
7. Books may be called in at the Librarian's discretion.
8. All books must be returned to the library before the Summer and Autumn vacations.

The college spends about Rs. 3,000 every year on the Library.

Common Room.

There is a spacious room and a big hall in the college, which are provided with tables and benches. The students can take out books, periodicals, etc. from the library and read them there during their leisure periods. The college contributes about Rs. 200 for the upkeep of the Common Room. All the best Bengali and English Magazines, weeklies and dailies are subscribed to.

Corporate Life.

There is a debating club, where the students meet every Saturday afternoon to discuss various subjects. The debating club is entirely in charge of the students with a Professor at their head.

There is a Science Students' Association, an Economic Seminar and a Bengali, an Urdu and a Hindi Literary Association.

Twice in the year, the College Magazine is published. Professors and students both contribute articles for publication.

The students are given every facility to meet the Professors in their leisure periods and cordial relations exist between the teachers and the taught.

Laboratories.

The college is well equipped with Physics and Chemistry laboratories, to teach up to the Honours standards of the University of Calcutta.

Physical Education.

The college has a gymnasium. Physical training is compulsory to the first-year students. Students are encouraged to participate in healthy games, e.g., football, hockey and cricket. The college has a ground of its own in the college compound where students play the games.

The college has one platoon of the Calcutta University Training Corps. There is a great demand for the students to undergo military training. One of the members of the teaching staff is an officer of the corps and he takes keen interest in the training of the students. The parades are held twice a week on the college grounds, and once a week at the Fort.

CHITTAGONG COLLEGE

(Chittagong, Bengal.)

FIRST AFFILIATION, 1869.

Short History of its foundation.

This college is supported by Government, and is under the control of the Director of Public Instruction, Bengal.

It was originally opened as a Zila School in 1836 by the General Committee of Public Instruction. In January, 1869, it was raised to a Second Grade College teaching up to the F.A. (now Intermediate) standard. The Collegiate School was separated from the college in 1910 and the college was made a 1st grade college teaching up to the degree examination.

Standard of Affiliation.

The college is affiliated up to the Intermediate standard in Arts and Science—in English, Vernacular (Bengali or Urdu), Sanskrit, Pali, Persian, Arabic, Logic, History, Mathematics, Physics and Chemistry; up to the B.A. standard—in English (Honours), Vernacular (Bengali or Urdu), Sanskrit, Persian (Honours), Arabic (Honours), Bengali as Second Language, Mathematics (Honours), History (Honours), Philosophy, Pali (Honours) and Political Economy; and up to the B.Sc. standard—in Mathematics (Honours), Physics and Chemistry.

Rules for Admission.

Admissions are made at the discretion of the Principal according to accommodation available in the various classes. Thirty per cent. of seats are reserved for the Muhammadans. Applications from candidates belonging to backward communities receive special consideration.

The monthly tuition fee in the College Department :—I.A.—Rs. 6, I.Sc.—Rs. 7, B.A.—Rs. 7, B.Sc.—Rs. 8. Casual Student—Rs. 2 per each subject in Arts and Rs. 3 in each Science subject.

Prizes, Scholarships and Free Studentships.

Four Mohsin Stipends of Rs. 5 each tenable for two years and available annually for the Moslem students of the First-year and Third-year Classes. The stipends are sanctioned by the Principal of the College.

The Governing Body is authorised to grant free studentships up to two per cent. of the total number of students on the rolls.

There is an endowment scholarship, called the "Ray Golokchandra Chaudhury Bahadur's Scholarship" of Rs. 6 a month, tenable at this college for two years and awardable every year to the successful candidates at the Matriculation Examination, who stands next below the Government Junior Scholars from the District of Chittagong.

There is another endowment scholarship, called the "Kisori Mohini Scholarship" of Rs. 5-8 per month, tenable at the College (except when the recipient is a female) for two years and awardable every alternate years to the most deserving of the poor students of the Chittagong District, who may pass the Matriculation Examination of the Calcutta University but fail to secure any other scholarship.

A Silver Medal called the "Nityananda Medal" to the value of the interest of Rs. 400 given by Babu Rameschandra Das, Deputy Magistrate in memory of his father, the late Babu Nityananda Das of Alampur, District Chittagong, is awarded annually to the best among the successful candidates from the Chittagong College in the B.A. or B.Sc. Examination.

Building and Accommodation.

There are at present four buildings for the accommodation of this college. There is also a *kutch*a building where the Students' Common Room is housed.

The main building of the College is a big one-storied structure. The Principal's room, the College office, the Library and the Professors' Rooms are in this building which also contains four class rooms.

The Science classes for Physics and Chemistry including classes for practical work in those subjects are held in a separate block provided for the purpose.

There is a small block with two rooms for the 3rd and 4th-year Arts Classes and the Old Hindu Hostel Building is utilized for Class rooms.

The accommodation is still insufficient for the needs of the college.

Numerical Strength.

The College provides accommodation for 680 students as follows :—

First-year I.A. Class	221
First-year I Sc. Class	61
Second-year I.A. Class	130
Second-year I Sc. Class	56
Third-year B.A. Class	91
Third-year B.Sc. Class	16
Fourth-year B.A. Class	90
Fourth-year B.Sc. Class	15
Total			680

Arrangements exist for the admission of a few lady students. At present there are 21 lady students in the college.

Residence.

Attached to the college there is a Mahomedan Hostel. Buddhist boarders are temporarily accommodated in a rented house.

The accommodation available in these hostels is as follows :—

Muslim Hostel—60 seats.

Buddhist Hostel—25 „

The bulk of the students reside with their parents or guardians. Properly constructed Hostels for Hindu and Buddhist students are imperatively needed.

Library and Common Room.

The College Library contains 12,747 volumes. There is a Reading Room for periodicals in the Library itself.

Corporate Life.

There is a College Union with elected office-bearers and Committee which manages the students' club, such as athletic club, dramatic club, literary and debating societies, social service organization, etc.

The Laboratories for the Department of Physics and Chemistry are accommodated in a separate building specially constructed for the purpose. They are equipped for the teaching of Physics and Chemistry up to the B.Sc. (Pass) standard.

Physical Education.

There is a covered gymnasium with a suitable open field for small-area games within the compound of the college. Drill and Gymnastic classes are held and small area games of various kinds are played by the students under the supervision of the gymnastic master who is a whole-time officer of the college. Besides the students play football, cricket and hockey forming regular teams under the control of the College Union. The college has no proper playing fields of its own.

There is no arrangement for the medical examination of the students.

Miscellaneous.

The results of the last University Examinations were uniformly satisfactory.

VIDYASAGAR COLLEGE (FORMERLY METROPOLITAN
INSTITUTION), CALCUTTA

(39, Sankar Ghosh Lane.)

FIRST AFFILIATION, 1872.

Foundation and Development.

This institution was originally founded in 1859, under the name of Calcutta Training School, by Babus Thakurdas Chakravarti, Madhabchandra Dhar, Patitpavana Sen, Gangacharan Sen, Jadavchandra Palit and Baistava-charan Addy with the late Babu Syamacharan Mullik as its patron. It continued up to 1861 under the management of a Committee of Indian gentlemen consisting of the founders and a few other additional members. In 1864 the management devolved entirely on Pandit Iswarchandra Vidyasagar, and the name "The Metropolitan Institution, Calcutta" was substituted for the Calcutta Training School. In 1872 it was affiliated to the standard of the First Examination in Arts of the Calcutta University and was thus raised to the status of a Second-grade College. In 1879 it was affiliated to the B.A. standard and was thus raised to the status of a First-grade College. In 1882 it was affiliated to the B.L. standard, in 1907 to the I.Sc. standard, in 1910 to the B.Sc. standard and in 1928 to the B.Com standard. B.L. Classes have been discontinued since 1909. A department exclusively for women students has been opened since July, 1931. The classes—I.A., I.Sc., B.A. and B.Sc.—for women students are held in a separate building close to the main building.

The institution, in its present form at any rate, was the handiwork of Pandit Iswarchandra Vidyasagar. It was the first attempt to impart higher education to middle class Hindus at a small cost through a purely indigenous agency and was conducted in a way that was characteristic. He gave it a costly local habitation and endowed it with a valuable Library and Laboratory. The College building has been extended at a considerable cost and all the laboratories—Physical, Chemical, Botanical and Zoological have been considerably improved in recent years.

The name of the College was changed by the Vidyasagar Institute (the Board of Trustees of the College) to "Vidyasagar College," in 1917.

Standard of Affiliation.

The College is affiliated to the I.A., I.Sc., B.A., B.Sc., and B.Com. standards. It has also attached M.A. and M.Sc. students.

Residence.

The Vidyasagar Hostel, located at 17, Cornwallis Street, is a splendid four-storied house, capable of accommodating 210 boarders. It is reserved for the male students of the Vidyasagar College.

The Resident Superintendent is at present Prof. S. L. Mukherjee, B.Sc. There is at present one Assistant Resident Superintendent, S. Sebananda Bose, B.A. Clerk-typist of the College.

It is daily visited by a Medical Officer. Dr. Kumudnath Ghosh, M.B., is at present the Medical Officer. No fees are charged for medical attendance if the Medical Officer of the Hostel sees the boarder while visiting it or he is called in. Any other medical man, may, however, be called in at the boarder's cost and with the Resident Superintendent's permission.

The following are the rules of the Vidyasagar Hostel :—

Admission and Withdrawal.—Application for admission to the Hostel is to be made to the Resident Superintendent in a prescribed form. Every admission is subject to the approval of the Principal of the college. Admissions are understood to be for a complete session of ten months (July to April) and boarders are liable for all charges for the whole session. Exemptions may however be granted in special cases.

Withdrawal from the Hostel requires at least 10 days' notice in writing and of the candidate's finding a suitable substitute who shall be a student of Vidyasagar College and shall undertake to pay all charges for the rest of the session. The withdrawal of the candidate and the admission of substitute, are both subject to the sanction of the Principal.

Fees.—Every student has to pay an admission fee of Rs.2 and a utensil fee of Re. 1 on admission to the Hostel. If a student withdraws and seeks re-admission or comes as a substitute the usual fee must again be paid. If a student withdraws and later on seeks re-admission, the fee must be paid again.

Deposit and Refund.—A sum equivalent to one month's seat-rent and light charge has to be deposited as caution-money by each boarder at the time of admission. These sums will be refunded after deduction of all dues when he finally leaves the Hostel. An application for refund must be made at least two days before leaving the Hostel.

The following are the Hostel fees payable by every boarder in addition to the above :—

Seat-rent (ground floor)	...	Rs. 5	per mensem
Seat-rent (first, second and third floor)	...	Rs. 6	„ „
Electric lighting	...	Re. 1	„ „
Establishment and contingency charges	...	Re. 1-4	„ „

Boarders are liable to be fined at the discretion of the Resident Superintendent for infringement of rules. Boarders must pay month by month the boarding charges as determined by the Secretary and approved by the President of the Mess Committee.

Hostel fees are payable by the 15th of the month for which they are due. Fine is levied for delay in payment and the names also may be struck off the Rolls of the college at the discretion of the Principal.

Discipline.—The Resident Superintendent will maintain discipline and good order in the Hostel. The Assistant Superintendent, the Steward and the Prefects will always help the Superintendent in all matters of discipline in every possible way. In each ward the roll is called every morning at 5-30 A.M. and every evening at 9 P.M. during the term before Puja Vacation and at 7 A.M. and 9 P.M., during the rest of the session. Absence at roll-call is punishable by fine.

The Hostel gates are closed precisely at 9 P.M. and opened at 6-30 A.M. Boarders returning to the Hostel after 9 P.M., unless they have the previous written permission of the Resident Superintendent, are liable to pay fines.

At 11 P. M. the gates are locked for the night. Any boarder staying out later than 11 P. M. is reported to the Principal.

Boarding Management.—The messing arrangements are supervised by the Superintendent, Assistant Superintendent or Superintendents and the Medical officer of the Hostel. Arrangements for meals (not including tiffin) are made by the boarders themselves with the help of a Mess Committee of ten members elected by the boarders themselves, each floor being properly represented) under the guidance of the Assistant Superintendent who is the Chairman of the Committee. The Steward of the Hostel is an *ex-officio* member of the Committee. Two Mess Committees work—one for the term ending with the Puja holidays and the other for the term ending with the Summer vacation. The Committee elect a Secretary for one month from amongst the members. The Secretary makes arrangements for meals, keeps proper account and is responsible for efficient management of the messing. The boarding charge per boarder does not ordinarily exceed Rs. 11 per month. Meals provided do not include tiffin which is arranged by the boarders separately for themselves. The recognised time for meals is from 9-15 to 11 (morning) and 8-30 to 10-30 (evening).

Visitors.—The visiting hours on week days are between 5 A. M. and 7 P. M. and on Sundays between 7 A. M. and 10 A. M. and between 5 P. M. and 7 P. M.

Physical Culture.—There is a well equipped gymnasium in the Hostel compound. Daily physical exercise in some form is compulsory for each boarder, unless one is exempted by the Medical Officer of the Hostel on the ground of physical disability. The Physical Instructor is Mr. Kesabchandra Sengupta, B.A.

Library and Common Room.

The College Library and Common Room remains open from 10-15 A. M. to 9 P. M. on all working days. There are 14 005 volumes in the Library. Additions are being constantly made to it. Students can read books and papers (dailies, high class magazines and periodicals—literary, philosophical, scientific economic, and commercial and relating to physical culture—in English, Bengali or Hindi) during the leisure hours. They may also take home

one book, or if Honours students, two books at a time without any deposit. The Common Room is provided with the high class periodicals mentioned above, also with some magazines containing what may be called light literature. Students are distinctly given to understand that the Common Room is an integral part of the College. It is a place for rest or study.

Corporate Life.

(a) There is a College Union and Debating Society the object of which is—

(1) To develop powers of speaking, debating and writing; (2) to foster a spirit of fellowship among the teachers and the taught; and (3) to enlarge the outlook of life. Each meeting of the Society is presided over by a Professor. Literary, scientific, social and other questions of general interest are discussed

(b) There are seminars for Honours students in almost all subjects.

(c) There are Bengali Literary Society ("Bani Tirtha"), Hindi Literary Society, Sanskrit Literary Society, Science Society and Shakespeare Society in the College.

(d) The College sends a thoroughly efficient platoon to the University Corps. It is at present under the command of Major D. Bhattacharyya, a Professor of the College, assisted by non-commissioned student officers.

(e) In order to keep students in touch with the various departments of the College and to encourage original thought and expression, the College has an organ of its own, three issues of which are published every session. Students are encouraged to run the Magazine themselves.

Laboratories.

There are large and well-equipped laboratories for practical work in Physics, Chemistry and Botany. A laboratory for Zoology is recently added. There is a workshop in connection with the Physics Department.

For practical work in the laboratory every Science student has to deposit a sum as caution fee at the following rates :—

For I.A. and I.Sc.	... Chemistry	Rs. 8
	Physics	" 3
	Botany	" 8
	Biology	" 3
	Zoology	" 3
For B.Sc.	... Chemistry	" 5
	Physics	" 5
	Botany	" 5
	Honours subjects	" 10

The caution money is refunded at the end of the course after deducting the charge for breakage, if any.

Physical Education.

There is a well-equipped open-air Gymnasium in the Hostel compound used by students of the College, whether they are boarders of the Hostel or not. There are arrangements for football, cricket, hockey, tennis, basketball, swimming and rowing.

Medical examination of students is conducted by the Students' Welfare Committee of the University.

MIDNAPUR COLLEGE (MIDNAPUR)

FIRST AFFILIATION, 1878.

Short History of its Foundation.

The institution was started in 1834 as a private school. In 1836, it was made over to Government with an accumulated Fund of Rs. 2,000 and in 1840, it was converted to a Zila School. In 1873 an endowment of Rs. 60,000 (sixty thousand) was founded by the people of the district and handed over to Government and in consideration of this, Government raised it to the status of a Second Grade College. After it had remained under Government control for about half a century, the management of the College with its attached School was under a deed of agreement transferred in 1887 to the local Municipality, "not as a measure of economy but as a measure promising useful political results." It continued under the management of the Municipality till the 27th March, 1923 when it was taken back by Government and placed under the control of a Governing Body, with the District Magistrate as *ex-officio* President.

In 1916, the College was affiliated in Science up to the Intermediate standard. In July, 1922, it was raised to the status of a First Grade College with affiliation up to the B.Sc. standard, in view of the growing demand for scientific education, and in accordance with the suggestions of the University Inspectors. Further extension of affiliation was obtained in 1926 in two Honours subjects, viz., Physics and Mathematics.

Standard of Affiliation.

I.A.—English, Sanskrit, Bengali, Persian, Urdu, History, Logic, Civics, Chemistry and Mathematics.

I.Sc.—English, Bengali, Urdu, Physics, Chemistry and Mathematics.

At the time of new admission, students must pay (1) admission fee, (2) Fees for June and July, (3) Subscription (i.e., charges for Sports, etc.), (4) Library deposit, (5) Laboratory Deposit (from students taking one or more Science subjects), (5) University Registration fee of Rs. 2 (from 1st-year students only).

Scholarships, etc.

Two Scholarships, one of Rs. 5 and the other of Rs. 3-8 per mensem, tenable for two years in the College, are awarded annually to two first-year students of the College, who pass the Matriculation Examination from the Collegiate School, and stand first and second, in order of merit, next to those obtaining Government Scholarships.

The first Scholarship of Rs. 5 named the Ayodhyaram Scholarship, was founded by Raja Mahendra Lal Khan, Zemindar of Midnapur, to perpetuate the memory of his father, and the second named Lachman Prasad Garga Scholarship, of Rs. 3-8 by the Zemindar of Mahisadal in his name.

Medals.

1. One Lachman Prasad Garga Gold Medal of the value of Rs. 20 named after the founder, the late Raja Lachman Prasad Garga, Zemindar of Mahisadal, is awarded annually to the student who stands first from this College among the successful I.A. and I.Sc. candidates.

2. One Ishan Chandra Ghosh Silver Medal of the value of Rs. 10 founded by the pupils of Babu Ishan Chandra Ghosh, Lecturer in English, on his retirement is awarded annually to the student of this College obtaining the highest number of marks in English at the I.A. and I.Sc. Examinations.

Building and Accommodation.

The college is located in a big fine two-storied building of imposing structure, with ample accommodation, facing an extensive open land belonging to it. The College is situated in the healthiest part of the town.

Residence.

There is a Hindu Hostel within easy distance of the College under a Resident Superintendent. It is a fine two-storied, south-facing building situated in the healthiest part of the town. The seat-rent varies from Rs 30 to Rs. 40 per annum.

Messing is arranged by students under the supervision of the Superintendent. Average expenditure per month does not exceed Rs. 13.

There is a visiting Medical Officer and boarders get free medical advice.

Library and Common Room.

The College Library is fairly stocked with up-to-date books of various descriptions. There are over 4,898 volumes in the Library. Students are given every facility to borrow books or read them in the Library Hall subject to rules of the College. Books of reference, text-books and such other books as are deemed unfit for the perusal of the students are not issued.

In the Common Room the students are provided with a number of magazines and dailies. There are also arrangements for indoor games such as ping-pong, carrom, etc. Students are given to understand that the Common Room is an integral part of the College. It is a place for rest or study. The Library deposit is returned at the end of the course after deductions, if any, on account of loss or damage.

Corporate Life.

The Debating Club of the College, which has a member of the teaching staff as its permanent President, holds regular meetings under the presidency of one of the Professors to give facilities to the students to acquire the art of public-speaking and debating on topics of literary and general interest. Social functions are organized by the students and the boarders in which the members of the staff take part.

Laboratories.

The important feature of the College is its splendid laboratories, which are housed in almost the whole of the ground-floor of the big College building. They are commodious, well-equipped and stocked with most up-to-date and precision apparatus, and sufficient for the teaching of students up to the Honours standard in B.Sc. and highly spoken of by experts and distinguished visitors as one of the finest laboratories in the province. There is a well-fitted workshop attached to the laboratories.

The laboratory deposits are refunded at the end of the course after deducting amounts due for breakage and wastage.

Physical Education.

There are sufficient facilities for a variety of out-door games (foot-ball, basket-ball, volley-ball, badminton, tennis, hockey and some indigenous games) in which the majority of students take active part. Physical exercise has been made compulsory. There is also an open-air Gymnasium equipped with up-to-date apparatus (Indian clubs, dumb-bells, bar-bells, chest-weight apparatus, expanders, developers, parallel bars, accessories of ground exercises). To encourage students medals and prizes are awarded to boys for their proficiency in swimming, walking, and other sports, and gymnasium exercises. In addition to this there are challenge-cups for football, basket-ball, Hadududu, and walking. The College participates in inter-collegiate sports and all local competition games.

Some helpful books on health and exercise by distinguished authors have been added to the Library. There is no arrangement for the medical examination of the students.

Besides these provisions for the college in general, the hostel has its own athletic arrangements, in which almost all the boarders take part.

Governing Body.

It consists of 9 members. The District Magistrate is the *ex-officio* President of the Governing Body and the Principal its *ex-officio* Secretary. There are, besides the Principal, two members of the teaching staff on it.

RAJSHAHI COLLEGE (RAJSHAHI).

FIRST AFFILIATION, 1878.

Short History of its Foundation.

Rajshahi College was originally a private English school founded in 1828 and subsequently taken over by Government and turned into a Zila School in 1836. In 1872 Raja Haranath Ray of Dubalhati made a gift of a Zamindari estate yielding an annual income of Rs. 5,000 and Government at once raised the school to the status of a second grade College in 1873. A further gift came from Maharani Sarat-undari Devi who bore the full cost of erecting a *pucca* building for the College. In 1875 it was proposed to turn it into a first grade College and with the timely gift of Rs. 1,50,000 made by Raja Pramathanath Ray of Dighapatia through the Rajshahi Association it became possible for Government to carry out the proposal and raise the institution to a first grade College in 1878 when B.A. Classes were opened for the first time with Mr. F. T. Dowding as Principal. The Rajshahi Association was able to raise a further subscription of Rs. 60,703 with which a new building was erected wherein the College classes were shifted. In 1881, M.A. Classes were added and in 1883 B.L. Classes too. These classes continued for 29 years, when in 1909 owing to the New Regulations of the Calcutta University the B.L. and M.A. affiliation was withdrawn. The College now teaches up to the B.A. and B.Sc. Honours standards. In 1924 it had 1,000 students on the rolls and a separate two-storied block of six rooms has been recently built at a cost of Rs. 87,000. The monthly tuition fee is Rs. 6 only in I.A. and B.A. (Pass and Honours), Rs. 7 in I.Sc. and Rs. 8 in the B.Sc. (Pass and Honours) Classes.

University from the Rajshahi College and who stands highest among those who do not get any other scholarship or stipend.

Two prizes of Rs. 80 and Rs. 25 called the Mohini Mohan Ray Prizes are awarded annually to the two students who most successfully pass the B.A. Examination from the Rajshahi College with Honours.

Two prizes of Rs. 80 and Rs. 25 called the Mohini Mohan Ray Prizes are awarded annually to the two students who most successfully pass the B.Sc. Examination from the Rajshahi College with Honours.

Building and Accommodation.

The College consists of a group of buildings spread in a large compound. (1) The Main Arts Building—wherein are housed the Library, the College Office, the Principal's room, seminar classes and Professor's Common Room. (2) the Old Madrasa—which provides lecture and tutorial rooms, (3) the New Building—consisting of four large rooms each capable of seating about 150 students and two halls accommodating the Botanical Laboratory and a part of the Chemical Laboratory, (4) Physical Laboratory, (5) Chemical Laboratory and (6) some smaller buildings used as class rooms.

Residence.

The students reside in :—

Six blocks of the College Hostel, on two of which Moslem students have a prior claim. The accommodation in each block is about 35 and certain rooms are set apart as the Superintendent's offices and students' Common Room and a Prayer Room in the case of Muslim Boarders.

The charges for seat-rents are Rs. 2-4 per mensem. The boarders arrange their own messing and the charges on this account come to about Rs. 9 per month. Ten poor Muslim students are allowed to reside in the College Hostel on payment of the seat-rent at half the usual rate.

There is a College Medical Officer who supervises the medical arrangements for the hostels. Medicines are supplied to boarders; a charge of Re. 1 per annum is made to meet this expense.

Library and Common Room.

There is a good Library containing over 22,065 books and 56 periodicals with a big Reading Room attached to it. There is also a Common Room attached to the College wherein the students can read newspapers, periodicals, magazines, etc., and indulge in indoor games, e.g., carrom, table-tennis etc., for which there are permanent arrangements. Literary meetings and debates are held there in the hall.

Corporate Life.

Sufficient facilities are given to the students to have debates and discussions in literary matters for the development of corporate life. The Rajshahi College Magazine is published by them.

Laboratories.

The College has three Laboratories—one for the teaching of Chemistry, one for Physics and one for Botany. The Chemical Laboratory is a one-storied building, and the Physical Laboratory is a two-storied building. All of them are well-equipped for the teaching of Physics and Chemistry up to the Honours and Botany up to the Intermediate standard.

Physical Education.

Attached to the College is an open gymnasium which is attended by many students. There are also different sections of sports, viz., football, cricket, tennis, rowing, hockey, water-polo and swimming. There are arrangements for the medical examination of the students twice a year by the College Medical Officer.

CITY COLLEGE, CALCUTTA

(102-1, Amherst Street.)

FIRST AFFILIATION, 1881.

Short History of its Foundation.

City School was founded on January 6, 1879. The F.A. Classes were opened in 1881, and the B.A. Classes in 1884. Thus within five years of the establishment of the school the institution developed into a first grade college. A building was erected at 13, Mirzapur Street, and was opened by Lord Ripon in December, 1884. Mr. A. M. Bose, proprietor of the institution, made over the building to a Body of Trustees in 1888. In January, 1905, the college was placed under the control of a Society registered under Act XXI of 1860 and called "The City College Institution," which is now known as the "Brahmo Samaj Education Society." It is the object of the Society "to promote the cause of education in the highest and widest sense, to make the education comprehending the mind, heart and body, and founded on a Theistic basis, conducive to the good of man and the glory of God."

The Institution is open to all students without distinction of race, creed or caste.

BURDWAN RAJ COLLEGE.

(Established, 1881.)

FIRST AFFILIATION, 1882.

Short History.

The history of this institution since its first establishment in 1817 has been one of slow but steady growth. True to its mission of supplying the demands of the public of Burdwan for education in the modern acceptation of the term, has always kept pace with the real wants of the place. Started as an anglo-Vernacular school imparting rudimentary education which satisfied the intellectual cravings of the Burdwan people during the early days of the British rule in India, it passed through different stages of improvement, developed various phases of usefulness and attained a recognised position as a second grade College in 1881. In the year 1927 it was raised to the status of a first grade College in Arts to commemorate the graduation of the Maharajadhiraj Kumar Sahab. I.Sc. Classes in Physics and Chemistry were opened in 1936 and were formally inaugurated by the then Vice-Chancellor of the Calcutta University, Dr. Syamaprasad Mookerjee, D.Litt., M.A., B.L., M.L.C., Barrister-at-Law.

Governing Body.

The management of the college is vested in a Committee called the College Council constituted as follows :—

President.

Maharajadhiraj Bahadur Sir Bijaychand Mahtab, G.C.I.E., K.C.S.I., I.O.M., of Burdwan.

Vice-President.

Maharajadhiraj Kumar Udaychand Mahtab, B.A., M.L.A., of Burdwan.

Secretary.

Principal Chandi C. Mitra, M.A., B.L. (*Ex-officio*).

Members.

Babu Nalinimohan Banerjee, B.L., Retired Sub-Judge.

Dr. Sailendranath Mukherjee, M.B., B.M.S.

Babu Nareschandra Mitra, B.L., Pleader.

Babu Jyotilal Mukherjee, B.L., Junior Asst. Manager, Burdwan Raj Estate.

Prof. Gopalkinkar Mukherjee, M.A., B.L.,

Health Examination fee ... " 1 " "

Laboratory deposit ... " 5 (for each Science subject, refunded at the end of the session after deductions for breakages).

Scholarships and Free-studentships.

Numerous free-studentships and half-pay-studentships are awarded to poor and meritorious students. Several boys in consideration of their extreme indigence are provided with other helps and concessions besides receiving free tuition. Government scholars are exempted from the payment of tuition fees.

Three scholarships, each of the value of Rs. 10 per mensem and tenable for two years at the Burdwan Raj College, are awarded on the results of the I.A. Examination—two to those students who occupy the topmost places among students passing from this College and the third to a deserving poor student passing from this College. Government scholars are not ordinarily entitled to these scholarships.

Besides, there are several other special scholarships.

Residence of Students.

There are two unattached College Messes for Hindu students and one unattached College Mess for Muhammadan students who do not reside with their parents or guardians housed in three nice and commodious buildings, the seat rent being Re. 1 for a ground-floor seat and Rs. 2 for a first-floor seat. The allowances of the Superintendents are paid by the Raj. Free medical help is provided.

Library and Common Room.

Students are allowed to take from the Library one volume at a time without any deposit. They are also allowed to take out books during the day.

The Common Room is well provided with periodicals (both English and Bengali) and the students are encouraged to spend their leisure either in the Common Room or in the Library.

English Seminar.

There is a seminar for students in the 3rd and 4th-year Classes who have taken up Honours in English. They are asked to work in the Seminar during their leisure periods and are required to make a note of what they read in the book kept there for the purpose. Their reading is supervised and checked from time to time by the Professors of English including the Principal.

Besides, at regular intervals (usually of a week), a paper prepared under the guidance of a teacher is read by a student and this is followed by a general discussion on the subject-matter of the paper in which the other students take part.

Magazine.

There is a College Magazine of which there are ordinarily three issues a year. Efforts are made to get contributions from the students and these are supplemented by articles from Professors, ex-students and others interested in the College.

Physical Exercise.

Drill continues to be compulsory for 1st-year students. There is also a good gymnasium furnished with all the necessary appliances in charge of a whole-time Physical Instructor which the boys of the 1st and 3rd-year Classes are required to attend at least once a week. In addition, the boys play the usual games of football, hockey, tennis, volley-ball and basket-ball.

Scouting is another special feature of this College and this is under the charge of a member of the teaching staff who received a special training in Scouting methods at the headquarters in Calcutta.

Tutorials and Examinations.

In the 2nd and 4th-year Classes there is regular tutorial work in all the subjects. In the 1st and 3rd-year Classes tutorial work commences after the students have made some progress. Each batch consists of 10 to 15 students so that each boy can receive individual attention. Mistakes are corrected and marks and remarks are entered in separate tutorial registers against the name of each student.

The students have to take the following examinations :—

Periodical examinations from time to time (4 examinations in the 1st and 3rd-year Classes, 2 in the 2nd-year Class and 3 in the 4th-year Class).

Annual Examination before the Summer Vacation (for 1st and 3rd-years).
Test Examination (for 2nd and 4th-years) in December.

The results of all these examinations and of tutorial exercises are taken into consideration before deciding questions of promotion or of sending up boys for the University Examinations.

Students' Activities.

The College has the following different departments :—

(1) Debating section (for discussions of questions of a non-literary and non-political type, mainly by students).

(2) Public lecture section (to organise speeches by prominent educationists and Public men) Among others the following gentlemen have delivered lectures in this college—Rai Bahadur Dr. Dineschandra Sen, Dr. Srikumar Banerjee, Prof. Jaygopal Banerjee, Rai Bahadur Khagendranath Mitra, Mm. Dr. Bhagabatkumar Sastri, Prof. Charuchandra Bhattacharyya, Prof. Priyaranjan Sen.

(3) Extension lecture section (to arrange lectures by the College teachers on subjects connected with their special departments).

(4) The Burdwan Raj College Literary Association for the discussion of purely literary topics.

(5) Burdwan Raj College Sat-Prasagana Sabha which arranges moral and religious discourses in which the students and teachers take part. At present religious classes are held every week on Fridays during the Jumma period.

(6) The Burdwan Raj College Social Service League, the object of which is to practically train students for service to humanity.

(7) The Burdwan Raj College Dramatic Society which makes arrangements for the periodical performance of dramas and other entertainments.

Medical Examination.

A qualified medical officer has been appointed who will arrange for the periodical examination of the health of the students and will issue defect cards to their respective guardians. He will also act as an after-care officer keeping watch upon the students concerned and prescribing remedies for the removal of their defects.

VICTORIA COLLEGE, NARAIL

(Ratanganj P.O., District Jessore.)

FIRST AFFILIATION, 1886.

Short History of its Foundation.

This College was originally founded as an H. E. School by the late Babu Ramratan Ray, the local zamindar. It was raised to the status of a second grade College in 1896 and to that of a first grade College in 1890. There are however, at present no B.A. Classes in the institution. When the new Regulations came into force its affiliation was restricted to I.A. In 1924, Physics and Chemistry Classes were opened when affiliation was extended to I.Sc. in these subjects. The whole institution—the College and the attached Collegiate School in all the departments—is under the control and supervision of the Principal.

Standard of Affiliation.

I.Sc.	English, Bengali, Mathematics, Physics and Chemistry.
I.A.	English, Bengali, Mathematics, Sanskrit, Logic, History and Chemistry.

Subjects taught—All combinations are allowed with the exception of History and Mathematics.

Rules for Admission.

All students who have passed the Matriculation Examination are eligible for admission. There is no restriction against any class of students. The rate of fee is Rs. 5 8 for the I.A. Classes and Rs. 6-8 for the I.Sc.

Scholarships, Prizes, etc

Two scholarships, one of the value of Rs. 15 and one of Rs. 10, are awarded to deserving students. These scholarships are tenable for two years provided the conduct and progress of the scholars appear satisfactory to the College Council.

Building and Accommodation.

The College building is a large *pucca* one situated in the midst of a vast lawn, which affords good space for all sorts of manly exercises. It provides accommodation for 150 students in each class.

The boarding house attached to the College is also a *pucca* one which from its position and facilities for athletic sports must prove an attractive residence to the students. There is no Hostel for Muhammadan students.

General rules :—The boarders receive free medical help.

Scale of charges :—(i) Admission fee Rs. 3; (ii) Caution money, Rs. 10; (iii) Monthly boarding charges, about Rs. 8 a month.

Library and Common Room.

The Library of the College is well-furnished with all the necessary or important works—English literature and the subjects taught in this College. It is also provided with important English and Bengali magazines.

Laboratories.

The laboratories are well-equipped with all the necessary instruments and are provided with gas and water. Special attention is paid to practical work.

Physical Education.

There is a Physical Instructor in charge of the athletic department. There are extensive playgrounds attached to the College providing facilities for all sorts of outdoor games.

Governing Body.

The Governing Body consists of the members of the different branches of Narail Zemindar family paying regular monthly contribution for the maintenance of this College. It includes besides the Principal and the representatives of the teaching staff, members of the public of high academical distinction, or official position.

UTTARPARA COLLEGE.

(Uttarpara, District Hughli.)

FIRST AFFILIATION, 1887.

Short History.

The College is the final outcome of the long continued efforts of the late Babu Jaykissen Mukherjee in furtherance of the cause of English education in Bengal. In 1846 he had a Government School opened at Uttarpara on the basis of an endowment by him and his brother, the late babu Rajkissen Mukherjee, of Rs. 1,200 a year and a Government assignment of equal value. The school prospered and won its way to the front rank among the schools in Bengal.

Babu Jaykissen Mukherjee's wish was that his school should ultimately expand into a College and to this end, so long ago as the year 1853, he asked Government to raise the school to a first grade College offering to contribute an equal sum with Government towards the maintenance of the College. In 1883 he submitted a proposal for the conversion of the school into a second grade College, offering to make an endowment for its support so that it might cost the Government nothing. The recently initiated educational policy of Government stood, however, in the way of his proposal being accepted and it was accordingly not accepted.

He finally went up to Government in April, 1887, with a proposal for the establishment of an aided College in connection with the old Government school. Government accorded him permission to open such a College but on the condition that he took the school off the hands of the Government. He agreed to do so provided Government left the school the material advantage it derived from its connection with the Government. It took some time to settle the terms of the transfer which was formally effected in March, 1889. The College and the Collegiate School were then under the management of a Board consisting of the Collector of Hughli as President, of Raja Pearymohan Mukherjee, C.S.I. and Babu Rashbihari Mukherjee as representatives of the late Babu Jaykissen Mukherjee, and of Babu Manohar Mukherjee, as a representative of the late Babu Rajkissen Mukherjee. But the Uttarpara school having been resumed by Government on 1st April, 1897, the college came to be maintained by Raja Pearymohan Mukherjee, who in 1914 made a permanent endowment to the College. After the death of the Raja in 1923 his son Kumar Bhupendranath Mukherjee continued to maintain the College. The College is at present maintained mainly by contributions from the Kumar.

Affiliation.

The College is affiliated to the University in the following subjects :—

I.A.—English, Vernacular, Mathematics, Sanskrit, Logic, History, Chemistry and Civics.

I.Sc.—English, Vernacular, Mathematics, Physics and Chemistry.

All combinations are allowed except History with Chemistry and Civics with Chemistry in I.A.

Fees.

Tuition fee Rs. 5 per month for I.A.

„ 5-8 for I.A. with Chemistry.

„ 6 for I.Sc.

Admission fee and transfer fee amount to Rs. 5 each. Students have also to make the following contributions every session—Athletics—Re. 1, Hot weather charge—Re. 1, Common Room—Re. 1, Reunion fee—Re. 1.

A large number of free and half-free studentships is awarded annually to poor and deserving students. Government Scholarship-holders are given full free-studentships.

Buildings, Laboratories, etc.

The College is housed in a building of its own on the Grand Trunk Road, about 6 miles from Calcutta, just beyond Bally Khal. It occupies an excellent position on the River Hughli. The neighbourhood is healthy and free from Malaria.

The class rooms are large, well-ventilated and fitted with electric fans. The Laboratories are well-equipped. The College has its own arrangement for generating gas for practical work of students and is supplied with filtered water from the Municipal mains. A special feature of the College is the Hygiene class.

Residence.

The College has attached to it a hostel under the charge of a Resident Superintendent who is a member of the staff. It is a newly erected two-storied building with electric fittings commanding a fine view of Dakshineswar Temple across the river and having accommodation for about sixty students.

Messing is managed by students under the supervision of the Superintendent : average expense per month does not exceed Rs. 9. Every boarder of the hostel has to pay the following monthly charges :—

Light charge—Rs. 1, Establishment charge—Rs. 2, Seat-rent—Rs. 2 (ground floor) and Rs. 3 (first floor).

Library and Reading Room.

The College Library is under the charge of a member of the Teaching Staff. The Library contains about 3,000 books. Constant additions are made to it. Students are encouraged to use the Reading Room where all text-books are kept for the use of poor students.

Common Room.

There is a spacious Common Room. A good number of English and Bengali magazines and leading Calcutta newspapers are supplied to the Common Room.

Athletics, etc.

The College Athletic Club provides for football, basket-ball, volley-ball and badminton. The College has arrangements for the following indoor games—Table-tennis, carom and chess.

Corporate life.

There is a Debating Society under the charge of a Professor of the college. Meetings are held regularly and students are encouraged to practise public speaking both in English and in Bengali. The students are given every facility to meet the Professors in their leisure periods and cordial relation exists between the teachers and the taught.

Gymnasium.

There is a covered gymnasium with approved and up-to-date apparatuses. The gymnasium is popular with the students.

Tutorial work.

Tutorial classes are held in all the important subjects. The batches are small and individual attention is given to the students. Regular attendance at these classes is required, and wilful absence may involve detention from the University Examination.

College Examinations.

Three examinations are held in the First year class and two in the 2nd-year class.

Governing Body.

The College is managed by a council of 11 members constituted as follows :—

1. Kumar Bhupendranath Mukerjee, *President*.
2. The Sub-divisional Officer, Serampore (*Ex-officio*).
3. Dr. Radhakumud Mukherjee, M.A., Ph.D., M.L.A.

BANGABASI COLLEGE, CALCUTTA

(25-1, Scott Lane.)

FIRST AFFILIATION, 1837.

Short History of its Foundation.

This institution was founded under the name of Bangabasi School in May, 1885 by late Mr. G. C. Bose of revered memory. The success of the school in the first-year of its existence led the proprietor to add to it a College Department, which was affiliated to the F.A. standard in June, 1897, and to the B.A. and B.L. standards in March, 1898. The College also prepared students and sent them up for the M.A. Examination for which separate affiliation was not required under Act II of 1857.

Standard of Affiliation and Subjects taught.

Under the Universities Act of 1904, affiliation in the Intermediate standard in Arts was restricted to the subjects of English, Bengali, Sanskrit, Mathematics, Civics, History, Logic, Physics, Chemistry and Botany and in Science to the subjects of English, Bengali, Mathematics, Physics, Chemistry, Botany, Biology and Anthropology; in the B.A. standard restricted to the subjects of English (Pass and Honours), Bengali, Sanskrit (Pass and Honours), History (Pass), Mathematics (Pass and Honours), Political Economy and Political Philosophy (Pass and Honours), Philosophy (Pass and Honours), Physics, Chemistry and Botany and in the B.Sc. standard to the subjects of Physics (Pass), Chemistry (Pass), Botany (Pass), and Mathematics (Pass and Honours).

Combinations allowed.

I.A.—(1) English, (2) Bengali, and any three of the following—(a) Mathematics, (b) History, (c) Sanskrit, (d) Logic, (e) Civics, and (f) Botany, Chemistry or Anthropology.

I.Sc.—(1) English, (2) Bengali, (3) Chemistry, and any two of the following :—(a) Physics, (b) Mathematics, and (c) Botany or Biology or Anthropology.

N.B.—Students are allowed to take an *additional subject* (both in I.A. and I.Sc.) provided that—(i) they secure high marks in the Matriculation Examination, and (ii) pay an additional admission fee and monthly tuition fee of Re. 1 each.

B.A.—(1) English (Pass and Honours), (2) Bengali and any two of the following :—(a) Mathematics (Pass and Honours), (b) Sanskrit (Pass and Honours), (c) History, (d) Economics (Pass and Honours), (e) Philosophy (Pass and Honours) and (f) Botany.

B.Sc.—Any three of the following :—(1) Mathematics (Pass and Honours), (2) Chemistry, (3) Physics and (4) Botany.

Laboratory and Teaching Arrangements.

The Arts Department of the College has in addition to lecture works, provision for regular tutorial help and exercise work conducted by the Professors in charge of the respective subjects. The Science Department consists of two lecture-galleries fitted up with the modern requirements of Science teaching, a

Physics Laboratory, a Chemistry Laboratory, a Botanical Laboratory an Anthropological Laboratory and a Biological Laboratory for the Intermediate students ; four Physics Laboratories, two Chemistry Laboratories, two balance rooms, one furnace room and two Botanical Laboratories for the B.A. and B.Sc. students. Gas, water and electric connections have been so laid out that the students working at the Laboratories may have plentiful supply of these necessary adjuncts of practical work. The Laboratory rooms are lighted up with powerful electric lamps so that practical work when necessary is continued right into the early part of the night. The Laboratory work is conducted by the Professors and Demonstrators.

Periodical exercises besides the Annual and Test Examinations, are given in rotation in all subjects once a month, and the answer-books returned regularly after being corrected and the marks entered in a record-book kept for the purpose. Promotions and selections for the University Examinations are regulated mainly on the basis of the records of marks.

Library.

There is a printed catalogue of books contained in the Library and each student is supplied with a copy. Besides the books prescribed and recommended by the University, the library possesses many other useful books of reference. To keep the Science students posted in facts of the latest developments of the subjects of their study, the Chemical Society's Journal, Journal of Indian Botany, Philosophical Magazine and Journal of Botany, British and Foreign are subscribed. In the spacious library, tables and seats have been arranged, for the boys to consult books, journals and other particulars during intervals of rest. Excepting the prescribed text-books and books of reference, all other books are lent out to students, one volume at a time on production of Library cards which are issued free of charge. Books taken home are to be returned after a week.

Residence.

The College Hostel is close to the College. The Hostel is under a General Superintendent who is a Professor of Physics of the College. There are two wards in the Hostel under two Assistant Superintendents who are also Professors of the College. There is a visiting committee consisting of five teachers of the College to look after the welfare of the resident students. There is one qualified medical officer who visits the Hostel daily and gives prompt medical aid whenever necessary.

Corporate Life.

The College has been publishing, since January, 1903, a magazine styled the *Bangabasi College Magazine*, which used to be issued once a month excepting during the vacation months but is now issued thrice a year. Educational matters and news mainly connected with the University form the contents of the news column of the magazine. The magazine further affords an exercise ground for the students to try their powers of composition in English, Bengali and Sanskrit; above all it tends to promote an *esprit de corps* to which is attached great importance and which is one of the most potent factors in creating and upholding a genuine *College life* and *College atmosphere*. In pursuance of this object a *Sporting Club* has been organised under whose auspices the College enters for the Elliot Shield and other prizes open to College sporting clubs. It thus enables the boys to spend their afternoons in manly open-air games wherein is developed that spirit of co-operation and healthy rivalry which is essential to the growth of a sturdy manhood. Further there are three Associations, *viz.*, the *Literary Board*, the *Economic Association* and a *Students Association* conducted by the students. There is also a *gymnasium* in the attached

Hostel under the charge of a Physical Director where students of the College get facilities for physical training.

Governing Body.

The administrative control of the institution is entirely in the hands of a Governing Body consisting of twelve Members with the Principal as Secretary. The financial control is also vested in the Governing Body, subject, however to the approval of the Trustees of the College consisting of Sir Manmathanath Mukherjee, Kt., Mr. G. C. Bose and three other Members.

Free-Studentships.

Government Junior and Senior Scholars receive instruction free of tuition fees. Besides there are some free and half-free studentships and stipends for meritorious poor students of the College.

College Scholarships, Prizes, etc.

There are two Graduate Scholarships of Rs. 10 each. The Harendranath Mitra Prize in Botany is awarded to that student who passes the I.A. or the I.Sc. Examination from this College securing the highest number of marks in Botany. The Nalinikanta Sen Prize in Mathematics is awarded to that student who passes the B.A. or B.Sc. Examination standing first in Mathematics (Honours) out of the successful candidates of the College. The Lalitkumar Banerjee Gold Medal is awarded to the student who passes in the first class at the Honours Examination in English and stands first among the successful candidates from this College in that subject.

Religious Instruction.

The main object of true education being the formation of character upon a religious basis so that the students may learn how to live a pure, strong, saintly, moral and manly life—classes of religious instruction are held daily as a regular part of the work of the College.

Admission.

Bangabasi College, since its foundation, has been kept open to all classes of people irrespective of religion or nationality; the only condition of eligibility being compliance with the rules of the college and requirements of the University.

Monthly Tuition Fees.

- I.A. (Pure)—admission fee, Rs. 6, tuition fee, Rs. 6.

BETHUNE COLLEGE

(Cornwallis Street.)

FIRST AFFILIATION, 1888.

Short History of the Origin of the College.

This Institution was founded by the Hon'ble Mr. J. E. Drinkwater Bethune, member of the Executive Council of His Excellency the Governor of India on the 7th May, 1849. It was intended for education of Indian girls and was first held in the residence of Raja Dakshinananjan Mukherjee, Bahadur, Talukdar of Oudh and Zamindar of Bengal in Sukea Street. The education imparted at the beginning was of an elementary nature and the intention of the founder was to attract girls of the upper classes. Raja Dakshinananjan made a gift of a plot of land in Cornwallis Square on which the foundation of the School Building was laid by Sir John Little, the Deputy Governor of Bengal on the 6th November, 1850. But before the building could be completed Mr. Bethune passed away after a short illness on the 12th August, 1851. All the expenses of the school were met by Mr. Bethune out of his own pocket and at his death he made over the building, then in course of construction, to Government for the purpose of the School.

After the death of Mr. Bethune the School was maintained by the generosity of Lord and Lady Dalhousie who felt a great interest in its cause. After the retirement of Lord Dalhousie from India the financial responsibility of the School devolved upon the Government of the East India Company. It passed through many vicissitudes until its amalgamation with the Banga Mahila Vidyalaya in 1878. The number of pupils on the roll was the highest in 1866 being 118 and lowest in 1869 when it was only 15.

Through the earnest endeavour of Sir Alfred Croft the then Director of Public Instruction, Bengal, the School was amalgamated in 1878 with the Banga Mahila Vidyalaya which had been founded by some prominent members of the Brahmo Samaj for teaching girls up to the Entrance standard of the Calcutta University. This may be taken as the starting point of the present School, when it had only one student—Miss Kadambini Bose in the highest class who passed the Entrance Examination in 1878. Her success led to the opening of the College classes which owe their inception to Sir Alfred Croft but for whose sympathy and interest, the idea of the College for girls might not have materialised. When Miss Bose passed her F.A. Examination in 1880, B.A. Classes were opened with two students, the other being Miss Chandramukhi Bose who later became the Principal of the College. Both of them graduated in 1888 and after that the College classes which had been begun as an experimental measure, were made permanent.

With the introduction of the New Regulations of the Calcutta University the College classes had to be expanded considerably. From the modest beginning with one Principal and two Professors, there are now 17 Professors and Lecturers.

Standard of Affiliation and Subjects taught.

The College is affiliated to the B.A. Pass Standard in English, Philosophy, Sanskrit, Economics, History, Mathematics and Botany, and to Honours standard in English, Sanskrit, Mathematics, Philosophy and Economics.

is affiliated to the I.A. and I.Sc. standards in English, Sanskrit, Logic, Botany, History, Civics, Bengali, Mathematics, Physics and Chemistry.

The following is at present the list of inadmissible combinations :—

B.A.

History and Mathematics
Economics and Philosophy

Building and Accommodation.

The accommodation of the College is not at all sufficient. The matter is under the consideration of Government. The scheme for the new College building has not yet materialised although plans and estimates have been approved.

Numerical Strength.

The number of students on the rolls of the College on 31st July, 1938, was as follows :—

First-year I.A.	117
Second-year I.A.	87
First-year I.Sc.	25
Second-year I.Sc.	17
Third-year B.A.	18
Third-year B.A. (Hons.)	29
Fourth-year B.A.	35
Fourth-year B.A. (Hons.)	10
Total				338

Residence of Students.

The present accommodation in the Bethune Hostel is very limited. A new Hostel (Non-Collegiate) has been started adjoining the College premises at No. 8 Bethune Row known as the College Women's Hostel under the management of a duly constituted Managing Committee, the Director of Public Instruction, Bengal, being the President and the Principal, Bethune College, being its Secretary, where nearly 68 of the College students reside. This Hostel has been opened from 1st January, 1936.

Admission to the College Hostel is for one session (June to May). Any College boarder desiring to reside in the Hostel during the next session shall have to apply for admission and such applications will be considered along with the applications of new candidates. Admission in all cases implies an undertaking to abide by the rules and discipline of the Hostel.

The following general rules have to be observed by the boarders of the Bethune College :—

1. Silence has to be observed at all times in the Dressing rooms and Bath rooms and in the Dormitories before 6-30 A.M. and after 10 P.M.
2. No student is to enter the Dressing rooms except at bathing hours without permission from the Senior Matron.
3. Each student is to rest on her bed for half an hour daily at a convenient time between the hours of 2 and 4 P.M.
4. Letters may be written on Saturdays up till 8 P.M.
5. All letters received, except those from parents or guardians, will be opened by the Principal or her representative.
6. All sickness must be at once reported to the Principal. In case of infectious illness, the patient must be removed from the Hostel.
7. Visiting hours, Sunday 2-5 P.M.
8. Exeats every other week-end. After exeat students must return in time for classes on Monday.
9. Private tutors are admitted to the College premises with the permission of the Principal.
10. Bells for rising, meals, period of study, resting and recreation and retiring are to be rung at the direction of the Senior Matron, who is also to be present during the recreation periods. All residents in the Hostel must pay prompt obedience to bells.
11. The Hostel is closed during the vacations of the College. No resident may return before the prescribed date without permission of the Principal.

The Hostel is in charge of Mrs. Dr. Subarna Mitra, M.B., for purpose of medical supervision and advice. The Hostel fee is Rs. 16-8 per month.

Library.

The College is occupied with a well-organised Library under the charge of a Librarian. The following magazines are supplied to the common room :—

VICTORIA COLLEGE, COOCH-BEHAR.

FIRST AFFILIATION, 1888.

Short History of its Foundation.

The College was founded to commemorate the Jubilee of Her Majesty the late Queen Empress Victoria and formally opened by His Highness the late Maharaja Sir Nripendra Narayan Bhup, Bahadur, G. C. I. E., C. B., of Cooch-Behar, on June 15, 1888. For 19 years the College was maintained entirely at the expense of the State charging no fees from the students, irrespective of caste, creed or colour. A tuition fee of Rs. 3 per month was introduced from the 1st June, 1907. This was increased to Rs. 4 and then to Rs. 5 from the 1st June, 1923 from which year the College was newly affiliated in B.Sc. for which a special scale of fee of Rs. 6 per month was fixed. The College enjoyed affiliation up to M.A. standard in English and Philosophy ever since its foundation as well as for the B.L. Degree. With the promulgation of the new Regulations the affiliation was restricted to the Honours standard in English and Philosophy only in the B.A. Examination. Affiliation for Honours in B.A. and B.Sc. Mathematics was granted in the year 1927.

Standard of Affiliation.

- I.A. ... (1) English, (2) Sanskrit, (3) Bengali, (4) History, (5) Logic (6) Mathematics and (7) Chemistry.
 B.A. ... (1) English (Pass and Honours), (2) Bengali, (3) Sanskrit, (4) History, (5) Political Economy and Philosophy, (6) Mental and Moral Science (Pass and Honours) and (7) Mathematics (Pass and Honours).
 B.Sc. ... Mathematics (Pass and Honours), Physics and Chemistry (Classes held in abeyance since January, 1933).
 I.Sc. ... English, Bengali, Mathematics, Physics and Chemistry.

Subjects taught (with combination of subjects available).

All combinations except History with Mathematics and Philosophy with Economics are allowed.

Rules of Admission.

No special restrictions.

Scholarships, Prizes, etc.

One Gold Medal worth Rs. 50 and Rs. 50 in cash or books are awarded each year to the student who occupies the first place from this college in the B.A. Honours Examinations.

One Gold Medal worth Rs. 50 is awarded annually to the student who stands first in the I.A. and I.Sc. Examinations from this college.

Two Post-Graduate Scholarships of Rs. 40 each tenable for two years are granted each year to the best native student of the State who passes the B.A. and B.Sc. Examinations from this college. Two Scholarships of the value of Rs. 20 and 15 per month tenable for two years at the college, are awarded on the results of the Intermediate Examinations.

One Junior Scholarship of the value of Rs. 15, and eleven of Rs. 10 each are tenable in this college by students passing the Matriculation Examination from the State schools.

BRAJAMOHAN COLLEGE, BARISAL.

FIRST AFFILIATION, 1889.

Short History.

The institution was founded as a High English School on the 27th June, 1884, by the late Babu Brajamohan Dutt, Judge, Court of Small Causes, Nadia. Babu Brajamohan Dutt expressed a wish to raise the institution to the status of a second grade college, but it could not be fulfilled on account of his sudden death. His sons, Babus Aswinikumar Dutt, Kaminikumar Dutt and Jaminikumar Dutt, out of respect for the wishes of their deceased father, opened the F.A. Classes in June, 1889. The B.A. Classes were opened later on in 1898.

Babu Aswinikumar Dutt gave up an extensive practice at the Bar to work as an Honorary Professor and served the college from its foundation up to 1906.

In March, 1912, the Proprietors by a Trust Deed made over their rights and the management of the college to a Council in which the Government, the Proprietors and local interest were represented. It was agreed that the School Department should continue as before. The Rev. E. L. Strong, M.A. (Oxon.), was the first President of the Council. The Government by an indenture generously agreed to pay to the institution three quarters of a lakh of rupees for the construction of a college building and a suitable monthly grant for the maintenance of the college, and also acquired and made over a plot of land measuring 40 bighas for the purposes of the college. The Government is paying Rs. 1,200 a month towards the maintenance of the college.

Rules for Admission.

There are no particular rules except that students who have passed in the Third Division are not admitted as a rule into the I.Sc. and B.Sc. Classes.

Girl students are admitted to the I.A. and B.A. Classes. There is arrangement for teaching the girl students of the I.A. Classes separately.

Fees.

I.A. Classes, Rs. 5-8 with an additional fee of Re. 1 for Chemistry; I.Sc. Classes, Rs. 7, B.A. Classes, Rs. 6-8 and B.Sc. Classes, Rs. 8-8; Magazine fee of As. 8 and Sports fee of Rs. 2-4 each and a Common Room fee of As. 12 and a general contribution of Rs. 3 are levied from all students.

Scholarships.

A Scholarship of Rs. 8 per month, called the "Bell Scholarship" after the Hon'ble Mr. N. D. Beatson Bell, I.C.S., tenable for two years in the B.Sc. Classes of this college, is awarded annually to the best student of the Third-year B.Sc. Class.

The following Aswinikumar and Nitya Lal Memorial Scholarships and stipends have been founded in memory of the late Babu Aswinikumar Dutt and Principal Nitya Lal Mookerjee :—

(1) A senior Scholarship of Rs. 10 per month tenable at the college for two years is awarded annually to the best student of the Third-year B.A. Class.

(2) Two Junior Scholarships of Rs. 6 per month tenable for 2 years is awarded annually to two students of the First-year I.A. and I.Sc. Classes.

(3) Four senior Stipends of Rs. 5 per month tenable for one year are awarded on the results of the college periodical examinations of the Third-year Class.

(4) Four Junior Stipends of Rs. 4 per month tenable for one year, are awarded on the results of the college periodical examinations of the First-year Class.

Building and Accommodation.

The college is situated on an extensive ground measuring about 60 bighas of land. There are six blocks of buildings containing 16 lecture rooms with accommodation for about 1,600 students and two blocks for practical Physics and Chemistry and one room for workshop and electric installation and one big lecture hall measuring 40 feet by 60 feet. There are two hostels in the college compound with accommodation for about 135 students.

Numerical Strength.

On the 31st August, 1938, there were 1,529 students on the rolls, including lady students, distributed as under—

	I	II	III	IV
Lady Students	27	26	11	2
Male Students				
I—I.A.		374	III—B.A.	166

II—I.A.		343	IV—B.A.	197
II—I.Sc.		140	IV—B.Sc.	55

Residence.

There are two Collegiate Hostels, each under a Superintendent, one for the Hindus and the other for the Muslims, capable of accommodating about 135 boarders.

A medical officer attends the Collegiate Hostels daily. Seat-rent is Rs. 2 per month. Boarding charges including establishment charges are approximately Rs. 9 and Rs. 8 per month in the Hindu Hostel and Muslim Hostel respectively.

Library and Common Room.

There are over 7,000 books in the library. Students contribute As. 12 per head annually for the up-keep of the Common Room which is provided with 40 periodicals. There is a college magazine with two issues in the year, for which students contribute annas 8 per head annually.

Corporate Life.

The aim of the college is to impart moral and religious instruction on non-sectarian lines along with intellectual and physical training, and the following institutions founded by late Babu Aswinikumar Dutt may be mentioned among the special features of the college :—

(1) The Teachers' and Students' Friendly Union for presenting to students, by means of hymns, readings, sermons and discourses on the lives of great men, unsectarian cardinal principles of religion and morality. This has been virtually replaced by Gita and Upanishad classes on Friday.

(2) "The Little Brothers of the Poor" consisting of a band of students for attending on the sick and helpless.

(3) Excursion parties of Teachers and Students.

Laboratories.

There are four Science Laboratories in two separate buildings, having accommodation for practical work at a time for 70 in Physics and for 80 in Chemistry. There are two dark rooms, two balance rooms and a galvanometer room.

Physical Education.

The college gives facilities for games and sports which are participated in by about 40 per cent. of the students. There are playing fields and three tennis courts within the college compound. There is also a covered gymnasium measuring 40 feet by 80 feet where instructions are given by a competent gymnastic teacher. Physical examination of students is made occasionally by the Hostel Medical Officer. Physical exercise has been made compulsory for students of the first year class and a graduate trained Physical Instructor has been appointed for the purpose. First year class students pay Rs. 2-8 per annum as athletic fee, while the rate for other students is Rs. 2-4.

Governing Body.

The college is managed by a Council of 11 members constituted as follows :—

MURARICHAND COLLEGE, SYLHET (ASSAM).

FIRST AFFILIATION, 1891.

A Short History of the Foundation of the College.

The institution was founded in 1886 as a higher grade English school by the late Raja Girischandra Roy, Zemindar of Sylhet, who after long-continued efforts in the cause of higher education raised it to the status of a second grade college in 1891. The institution was named by the proprietor after his grand-father Babu Murarichand Roy.

The college was provincialised from April, 1912, and raised to the status of a first grade college in 1916. The name "Murarichand College" was retained by agreement between the proprietor and the Government. The enrolment at this time was 100 students and classes met in the rooms in Girischandra High School. After provincialisation the development of the college was rapid. In 1906 affiliation was restricted to English, Vernacular, Mathematics, Logic, Chemistry, Sanskrit, Arabic and Persian to the Intermediate stage. By 1916 affiliation had been extended to I.Sc. and B.A. courses and in 1919 affiliation to the B.A. Honours standard was introduced in Sanskrit. In 1922 provision was made for preparation of students for Honours examinations in all Arts subjects, and in 1926 extension of affiliation to the B.Sc. courses in both Pass and Honours was granted.

The college for this period was housed in very inadequate and temporary buildings in the town of Sylhet in the main street. From 1912 plans were under consideration for the construction of permanent buildings and after much deliberation and conflict of public opinion as to the most suitable site, land was acquired near Thackery Tila, extending to nearly 120 acres some $2\frac{1}{2}$ miles from Sylhet, for the accommodation of the projected new buildings and attached hostels.

The foundation stone was laid by His Excellency Sir William Marris, Governor of Assam, on the 19th August, 1921, and the existing new college building was formally opened by His Excellency Sir William Reid, acting Governor of Assam, on the 27th July, 1925.

The buildings which cost approximately about nine lakhs of rupees comprise : (1) Double-storied B.A. block with 4 lecture halls (50 ft. by 30 ft.), 3 lecture rooms and a fine students' common room, (2) A library and examination hall measuring 90 ft. by 42 ft. with 8 seminar rooms and one common room for lady students, (3) Chemistry block, (4) Physics block, (5) Workshop and Gas factory, (6) administration block containing the college office, Principal's office and Professors' common room, (7) Four blocks of hostels with residential quarters for superintendents and a hospital and dispensary, and (8) Principal's residence. The college has also its own water supply and extensive playing fields are provided. From 13th August, 1934, electric fans and lights have been provided for B.A. block, library and administration block. These have since been provided for the Chemistry and Physics blocks as well.

Affiliation.

The college is affiliated in the following subjects :—

I.A.—English, Vernacular, Mathematics, Classics (Arabic, Persian, Sanskrit), History, Logic and Civics.

I.Sc.—English, Vernacular, Physics, Chemistry and Mathematics.

B.A.—English, Vernacular, Mathematics, Sanskrit, Persian, Arabic, History, Philosophy and Economics.

B.Sc.—Mathematics, Physics and Chemistry.

Affiliation in all subjects extends to the Honours standard except Vernaculars.

In the I.A. and I.Sc. courses all combinations are allowed and in the I.A. course the time-table routine is so arranged that any student may take one additional optional subject.

In the B.A. course all combinations are permissible except that Mathematics and History cannot be taken together.

Rules for Admission.

Admission to the college is open to all but preference is shown to natives of Assam, the distribution of seats being made by the Principal under Rules sanctioned by the Local Government. Lady students are admitted to all classes.

Enrolment.

The number of students on the various courses during the present session 1938-39, is as follows :—

KRISHNACHANDRA COLLEGE

(Hetampur, Dt. Birbhum.)

FIRST AFFILIATION, 1897

Short History of its Foundation

This institution was founded in the name of her father-in-law by the late Maharani Padma Sundari Devi of Hetampur and opened in 1897 with the object of promoting the growth and spread of higher education in the village areas of the district of Birbhum. Regarding this illustrious lady, Mr. Cunningham in his report on this college to the University says: "It is very charming to hear of the foundress Maharani to whom the idea and the endowment of the college are entirely due. It is difficult to comprehend how a conception of the value of education that was worthy of the nation-builders of Germany and Japan could have penetrated behind the purdah of a remote Rajbari in a corner of Bengal before it had come to be dreamt of by a few of the most enlightened of the Bengali men as a distant ideal to be aspired after but never materialised. This subjected woman actually invested her whole property in that education which was to bring about the salvation of her country." It is gratifying to note that the college has already realised to a certain extent the noble ideal of the foundress by turning out successive batches of well-trained citizens who have attained ability in various walks of life.

The college is situated at Hetampur in the district of Birbhum within 2½ miles of the railway station Dubrajpur on the Ondal-Sainthia Chord of the E. I. Railway—just 5 hours' run from Calcutta. The place is healthy and having a relatively dry climate has the reputation of a sanitarium. It has none of the distractions of a large town and is free from malaria and other epidemics.

Standard of Affiliation.

The institution was originally opened as a second grade college teaching up to the F.A. (now I.A.) standard. It was raised to the status of a first grade college in 1923.

Subjects taught.

I.A. standard—English, Vernacular, Sanskrit, Logic, History and Mathematics. B.A. standard—English, Vernacular, Sanskrit, Philosophy, History and Mathematics. Of the subjects taught all combinations are allowed.

Rules of Admission.

The institution is open to all *bona fide* students without any distinction of caste or creed. Students seeking admission to the college must apply on admission forms obtainable from the college office. The tuition fee is Rs. 4-8 for I.A. and Rs. 6-8 for B.A. classes per month. Admission fee is equivalent to one month's tuition fee.

Scholarships, Prizes, etc.

A scholarship of Rs. 5-8 per month tenable for two years and endowed by the late Maharaja Ramranjan Chakravarty Bahadur of Hetampur, is awarded to the boy who does best in the Matriculation Examination from the Hetampur Raj H. E. School.

Free studentships and half-free studentships are awarded to deserving students and the patrons of the college are prepared to take up the entire cost of education of students who have distinguished themselves as scholars but are in indigent circumstances.

Accommodation.

The college building is a handsome two-storied structure formerly used for the worship of the goddess Saraswati and is sufficient for accommodating 250 students.

Numerical Strength.

The number of students in the college varies from 180 to 200. There are no lady students.

Residence.

The college has extensive boarding houses of its own under the supervision of a resident medical officer and under the direct care of some of the senior Professors of the college. The hostel buildings stand on spacious and attractive sites and are exceptionally healthy. Boarding charges including cost of light and tiffin come up to about Rs. 8 to Rs. 10 per month. Boarding admission is Rs. 2. No seat rent is charged. Thus it will be seen that education at the Hetampur College is one of the best arranged and cheapest possible in Bengal.

Library and Common Room.

The college library has recently been overhauled and brought up to date. Students are encouraged to make extensive use of it to supplement their college studies and reading is carefully guided by the Professor-in-Charge. A big room, well-lighted and airy, has been set apart to be used by the students as their Common Room in leisure hours where magazines and newspapers are kept for the use of the students.

Corporate Life.

The college literary society and the debating union hold regular meetings to give facilities to the students to acquire the art of public speaking and debating on topics of literary and general interest.

Physical Education.

Hostel students are required to spend their evening in the playground in the Hostel Gymnasium fitted up with different kinds of physical culture apparatus. The entire education of the students is imparted in an atmosphere of perfect freedom consistent with discipline.

Results of Examinations.

Results of the University Examinations are uniformly satisfactory.

EDWARD COLLEGE, PABNA

FIRST AFFILIATION, 1898

The college was originally founded by Babu Gopalchandra Lahiri who in 1898 added the F.A. Classes to his school teaching up to the Entrance standard, known as the Pabna Institution. In 1903 the management of the college was made over by the Proprietor to a committee elected by the public. In 1911, with a view to perpetuating the loving memory of the King Emperor Edward VII, the college was named after His Late Imperial Majesty. New buildings for the college and its Hostels were erected in 1915-16 on a precious site on the river Ichamati at a cost of over a lakh of rupees—a substantial portion of which (Rs. 50,000) was contributed by the late Rai Banamali Ray, Bahadur, Zamindar of Tarash.

The college is affiliated in the following standards and subjects :—

I.A.—English, Vernacular, Sanskrit, Persian, Mathematics, Logic, Chemistry, Physics and Civics.

I.Sc.—English, Vernacular, Mathematics, Physics and Chemistry.

B.Sc.—Mathematics (Pass and Honours), Physics (Pass) and Chemistry (Pass).

All possible combinations of subjects for the I.A. course are allowed except History with Mathematics and Civics with Chemistry. The rates of tuition fees are as follows :—

I.A. (Pure) Rs. 5-8, I.A. (with a Science subject) Rs. 6, I.Sc. Rs. 6-8, and B.Sc. Rs. 8 a month. Besides the usual tuition fee, every student is required to pay annually Re. 1 as Common Room fee, Rs. 2-8 as Game Fee, Magazine fee Rs. 8, Re. 1-8 on account of hot weather charges and Re. 1 as College Union fee.

Free and half-free studentships are awarded to poor and meritorious students up to a limit of two per cent. of the number on the rolls, besides the nominees of the benefactors. Holders of general Government scholarships are always admitted as free students.

There are two scholarships called the "Banamali Jubilee Scholarship" after their donor, the late Rai Banamali Ray, Bahadur of Tarash, Pabna, of the value of Rs. 8 a month and originally tenable for two years at the Rajshahi College which have been made tenable at this college also from the year 1906-07. They are awarded to the two best students who pass the Matriculation Examination one from the Pabna Zilla School and the other from the Seraiganj H. E. School, and who fail to obtain Government Scholarship.

A prize of the value of Rs. 50 named the "Bulwer Lytton Prize" is awarded annually on the results of the I.A. and I.Sc. Examinations to the student of the college securing the highest number of marks in the aggregate.

The college buildings consist of three handsome one-storied structures with spacious, airy, well-lighted rooms for the different classes besides ample accommodation for Science laboratories.

The numerical strength of the college during the current session is as follows :—

I.A. 1st-year	124
I.A. 2nd-year	103
I.Sc. 1st-year	82
I.Sc. 2nd-year	88
B.Sc. 3rd-year	24
B.Sc. 4th-year	24
					445

About 70 per cent. of the students come from this district, and about 17 per cent. are Moslems.

Attached to the college, there are Hostels for Hindus as well as for Mubarradans. The monthly charges (including seat-rent) vary from Rs. 12 to Rs. 13. A qualified medical practitioner visits the hostels daily and attends to sick boarders.

The Library is furnished with about 4,753 useful books in the different subjects of study to which the students have free access. A large number of leading English and Bengali periodicals are provided for use of the students in their Common Room.

There is a Debating Club in the college which meets periodically under the presidency of one of the Professors for the discussion of various topics of interest.

The Science Laboratories are equipped with a large stock of apparatus required for Intermediate and B.Sc. Teaching, and the working benches for the students are provided with gas and water fittings. They have been spoken of as among the finest laboratories in private mofussil colleges.

The college has an extensive playground as well as a *pucca* tennis court. Football, cricket, hockey, volley-ball and tennis are usually played by the students. There is at present a small open gymnasium, provided with parallel bars, ladder, trapeze, etc. The building up of a well-equipped gymnasium and the appointment of a qualified whole-time physical instructor are in the contemplation of the college authorities. A troop of Rover Scouts has recently been formed under the leadership of a Professor of the college who is a trained Scoutmaster.

The management of the college is vested in a Governing Body constituted with the approval of Government. It consists of :—

1. The District Magistrate of Pabna, *President (Ex-officio)*.
2. } Three nominees of Government.
3. }
4. }
5. One nominee of the eldest male-descendant of the late Rai Banamali Ray, Bahadur.
6. One member elected by the other donors and subscribers of the college.
7. The Chairman of the Pabna Municipality (*Ex-officio*).
8. The Principal, Edward College, *Secretary (Ex-officio)*.
9. } Two members elected by the retiring Governing Body.
10. }
11. } Two members elected by the Professors of the college from among themselves, one from the Arts and the other from the Science Department.

VICTORIA COLLEGE, COMILLA

(Tipperah)

FIRST AFFILIATION, 1899

A Short History of the College

This college is the outcome of the long-continued efforts of the late Rai Anandachandra Ray, Bahadur, in furtherance of the cause of higher education in the Division of Chittagong. In 1886, he founded a high school at Comilla, known as Roys' Entrance School and in 1889 he changed the name of the Institution to Victoria School in commemoration of the Jubilee of Her Most Gracious Majesty the Queen-Empress Victoria of hallowed memory. The college grew out of this school in 1899 and was affiliated up to the F.A. standard at the time. The Institution was completely destroyed by fire in 1902, but through the strenuous efforts, untiring enthusiasm and unflinching munificence of the founder, it revived within a short time. The founder alone maintained both the school and the college till 1904 when the management of the college was separated from that of the school and was made over to a Board of Trustees consisting of His Highness the Maharaja of Tripura State, the Magistrate and Collector of Tipperah and the founder himself. The Maharaja made a free gift of the college site. His Highness and the founder agreed to make annual contributions and to meet the deficit, if any. In 1908, it was found necessary to take Government aid, for which the Trust Deed of 1904 had to be replaced by a new one, the personnel of the Board of Trustees remaining the same as before. After the execution of the new Trust Deed, His Highness and the Government made capital grants; the Government further agreed to make annual grants when necessary and desirable. His Highness and the founder too increased their annual grants. Though under separate managements, the school and the college continued to be situated in the same compound till 1909, when the college was removed to a spacious *pucca* building on its present site, which also was a free gift of His Highness. When the new Regulations of the University came into force, the affiliation of the college was restricted to the I.A. standard. In 1918, a second spacious building was constructed partly with public subscriptions and partly with aid from His Highness, and the status of the college was raised to the B.A. standard. I.Sc. Classes were opened in 1924 with a spacious lecture gallery and two spacious halls for practical classes.

Under the terms of the Trust Deed of 1903, the management of the college was made over to a Governing Body consisting of the three trustees and the Principal of the college. In November, 1919, Nawab Syed Hossam Hyder Chowdhury, Khan Bahadur, was taken in as a member of the Governing Body and on his death, Nawab Sir K. G. M. Farouqi, Khan Bahadur, was put in his place in April, 1921. The founder was the Secretary of the college since its foundation and on his death on the 8th November, 1920, his brother Rai Satischandra Ray, Bahadur, was appointed a trustee and Secretary of the college on the 18th April, 1921. It is entirely to this gentleman that the credit of opening the science classes in 1924, is due. On 6th July, 1932, the Principal was appointed *ex-officio* Secretary to the Governing Body in place of Rai Satischandra Ray, Bahadur, resigned.

*Standard of Affiliation.**I.A.*

(D) Caution Money

Rs. 3 for students who take up science subjects.

Stipends, Scholarships, Prizes, etc.

Maharaja's Scholarship of Rs. 15 a month, tenable for two years in the Comilla Victoria College, is awarded annually to the student who stands first in Intermediate Examinations from this college and takes his admission here, excepting the Government scholarship-holders.

College Stipends—Several stipends of different values (maximum value being equal to the tuition fee) are awarded to the students of the college in consideration of their merits and poverty on the results of a competitive

examination in the case of first-year students and on the results of the Intermediate Examination in the case of the 3rd-year students. Government scholarship-holders are awarded stipends equivalent in value to their tuition fees.

Two gold medals called Lytton Medals are awarded to the students who stand first among the successful I Sc. and B A. candidates. Lord Lytton, a former Governor of Bengal, visited the Comilla Victoria College and was very much pleased with what he saw. As a mark of his appreciation of the good work done by the college and in order to encourage the students His Excellency was pleased to make a donation of Rs. 1,000. Out of this sum a capital fund of Rs. 700 was created—the interest to cover the expenses of an annual prize of two gold medals called the Lytton Medals—to associate His Excellency's name with the college.

Sudhir Prize.—A prize of books worth Rs. 10 is awarded to the student of the 1st-year Class who stands first in the annual examination. Sriman Sudhirkumar Mukherjee, a very promising student of the college, died while he was in the 2nd-year I.Sc. Class, deeply mourned by all his teachers and fellow students. He had secured a junior Divisional scholarship of Rs. 15 a month and had become universally popular by his merit and character. His afflicted father, Rai Saheb Jyotischandra Mukherjee, M.A., himself once a Professor of this college, offered a sum of Rs. 125 to be utilised as a capital fund, the interest on which has to be spent in awarding an annual prize of books to commemorate the name of his only son.

The practice of awarding prizes to meritorious students on the results of annual examination and to some students for physical feats has also been introduced.

Building and Accommodation.

There are four almost separate blocks :—

(a) *Science Block.*—There is a gallery which can accommodate 150 students; two preparation rooms are attached to it. There are also two big rooms for practical classes, one balance room, one dark room and two private rooms for the professors in charge.

(b) *The Tile Buildings*—consist of 4 big lecture rooms, 1 lecture room for small classes and 1 Professors' common room.

(c) *Main Central Buildings*—consist of 4 lecture rooms, 1 Library room, 1 private room for the Principal, 1 office room, 1 waiting room for lady students and 1 reading room.

(d) *Gymnasium and Students' Common Room* (two separate buildings in the same compound).

(e) An additional Common Room.

Residence of Students.

One Hindu Hostel consisting of three blocks with accommodation for about 150 students and with family quarters for Superintendent and Assistant Superintendent. One Muhammadan Hostel with accommodation for 36 students and with family quarters for Superintendent.

One unattached mess for Hindu students.

Free medical aid is provided for Hostels

Admission fee—Rs. 3 for Hostels.

Library, Common-room and Reading-room.

There were about 8,022 books in the College Library on the 31st March, 1939. Students and Professors are allowed to borrow books from the Library.

There is a Reading Room for students connected with the Library.

Some daily, weekly and monthly English and Bengali papers are provided for the students' common room.

Corporate Life.

There is a College Assembly consisting of the representatives of the teaching staff and of the students from different classes for carrying out the business of the college activities in which students participate. There are four departments of such activities; viz.: (1) Sports, Games and Gymnasium Department, (2) Entertainment Department, (3) Literary Department and (4) Common Room Department. The Literary Department has three branches—Debating, Reading Room and Magazine. One member of the teaching staff is (and in some cases two are) in charge of each department with student secretaries to assist him. There is a Working Committee consisting of some members of the Assembly and appointed by the Assembly for carrying out the business of each department. Generally the student members of the committee do the actual work under the supervision of the members in charge.

Under the auspices of the Literary Committee, the Literary Club or the Debating Society meets on Saturdays when Debates are held or papers are read by the students and occasionally by the members of the staff.

Under the supervision of the same committee, a College Magazine, named "The College Chronicle," is published twice or thrice a year.

Under the auspices of the Entertainment Committee, dramatic performance and periodical social functions are held.

A large number of teachers attend the playground whenever a game is played by the students of the college.

These arrangements are calculated to afford facilities for social intercourse between the teachers and the taught and among the students of the college.

Laboratories.

The laboratory consists of one lecture theatre to accommodate 150 students and two practical classes sufficiently big for 40 students to work at a time in each. There is a dark room attached to the Physics Laboratory and a balance room for the Chemical Department. The Practical classes are fitted with up-to-date working tables and cupboards. There are apparatus more than sufficient for the I.Sc. classes both in Physics and in the Chemistry Department. There is a gas plant after Munsfield connected with the Laboratory. The gallery and the Practical classes are supplied with water-taps and sinks.

Physical Education.

There is a gymnasium in charge of a Physical Instructor. It is adequately equipped. Facilities for cricket, football, hockey, badminton, volley-ball, basketball, tennis and some sorts of country games and sports as well as swimming and rowing under proper guidance are afforded to students. There is a small committee consisting of some members of the teaching staff and of some students to look after games and physical education.

N.B.—The receipt for Caution Money should be carefully kept, as it must be produced before this money can be refunded.

After the Caution Money has been drawn the Entrance Fee must be paid with other fees before re-admission.

Fees once paid cannot be refunded.

Admission.

Students desiring admission to this college must obtain from the college office an application form, which should be duly filled up, and countersigned by the parent or home guardian.

During the Summer Vacation, applications will not be considered until after the publication of the University Examination results (Matriculation results in the case of I.A. or I.Sc. students and I.A. results in the case of B.A. students). As soon as these are published, applicants must bring their Application Forms to the Principal at the college office, together with two certificates of character (one of which should be from the Head Master of the student's old school), and the full fees payable on admission. The college year begins in June and the monthly fees are payable from June to the date of admission together with Entrance Fees, etc.

Students whose homes are outside Calcutta must give the name of a responsible person *resident in Calcutta* who is authorised to act as their "Calcutta guardian" by letter from the parent or home guardian, and has consented to do so.

Women students may be admitted in the B.A. Classes.

After admission the monthly dues must be paid on the dates notified on the college notice-board. Those who are late in payment will be fined according to the scale prescribed by the college rules; and at the end of each term, the names of defaulters will be struck off the college rolls.

Fines.

If a student has not paid his fees and other dues by the end of the term, his name will be struck off the Roll and he will have to pay the admission fee before readmittance. Students who leave the college without notice or without payment of college fees up to the date of giving notice of withdrawal, will be reported to the University.

The following fines are imposed for unauthorised absence :—

Absence from Tutorial Period	As. 4
" " Weekly Examination	" 8
" " Annual or Test Examination	Rs. 1
" " Review	Rs. 2

Scholarships.

The following scholarships are tenable at the college and are granted on the recommendation of the Governing Body of the college :—

(A) One or more special scholarships of Rs. 15 per month may be awarded to students entering the Third-year Honours Class who have obtained a sufficiently high place in the Intermediate Examination.

(B) Two scholarships of Rs. 4 each tenable for two years by students who take Mathematics in the B.A. Course.

(C) *Other Scholarships.*—(i) *Tenable by Christians.* : Cathedral Mission Scholarships of the gross value of Rs. 60 per mensem, tenable by students from Bengal and adjacent districts.

The Stephanos Nirmalendu Ghosh Scholarships of about Rs. 7 per mensem, awarded for proficiency in Bengali Composition.

(ii) *Tenable by Muhammadan converts or Muhammadans :*

One major Jani Ali Scholarship of the value of Rs. 10 per mensem.

Two minor Jani Ali Scholarships of the value of Rs. 5 per mensem.

(iii) A variable number of scholarships are awarded to deserving students out of the Fines Fund.

All scholarships are tenable for two years, except that a scholar dropping a class in the Annual Examination below the class obtained in the previous University Examination forfeits half the scholarship, and a scholar failing in the Annual Examination forfeits the whole. In awarding scholarships account will be taken of the student's industry, character and financial circumstances, as well as of his intellectual capacity.

The Stephanos Nirmalendu Ghosh Medals presented by Rai G. C. Ghosh, Bahadur, C.I.E., are awarded each year for English, and in alternate years for Sanskrit and Mathematics.

The Nirmalranjan Ghosh Medal, presented by the relatives of the late Nirmalranjan Ghosh, is awarded annually to the Fourth-year student who does best in Economics.

The Sulekha Medal, presented by Prof. N. N. Banerjee, is awarded annually to the student who does best in Bengali in the Annual or Test Examination.

Exhibitions.

(Tenable for one year, following the University or College Examination on the basis of which the Exhibitions are awarded.)

*For Christian Students.**For Non-Christian Students.*

Marks secured in the additional subject in University Examinations will not be counted.

Not more than 6 'Full' Exhibitions and 6 'Half' Exhibitions will be awarded in any one of the above three courses (I.A., I.Sc. and B.A.).

Scholarships and Exhibitions may be divided between two or more persons.

The college is unable to allow any reduction of fees, or to grant any 'free' or 'half-free' studentships, other than the scholarships and exhibitions above.

Leaving Scholarship.

The Dorothea Crabtree Scholarship of the value of Rs. 12-8 per mensem, together with a rent-free room in the College Hostel, is awarded annually after an examination conducted by the college. It is open to the competition of Fourth-year Honours students of the college, subject to their fulfilling certain other conditions. The scholarship is tenable for two years; the holder is required to undertake one of the courses of study for the M.A. Degree in the University of Calcutta, and to join the University through St. Paul's College.

Terms.

The Session is divided into three terms :—Summer term (July-October), Winter term (November-December), Easter term (January-April).

Tuition.

Every student will attend a tutorial class in each subject about once a fortnight.

Promotion and permission to appear at the University Examinations are dependent on satisfactory tutorial reports, regular attendance at lectures and successful passing of the weekly, annual and test examinations.

A Review of the students is held in September, January and April; and all students concerned are required to present themselves.

Buildings and Accommodation.

The college stands in spacious grounds. The buildings are large, airy, and thoroughly up-to-date in equipment of every kind and are lighted throughout by electricity. There is a spacious and well-equipped library and common room.

Numerical Strength.

The aim of the college is to be a largely residential college of moderate size. About 400 students are admitted, and the classes are small enough to admit of individual attention.

Hostels.

There are three hostels attached to the college, standing in spacious grounds. The Jani Ali Hostel is one of the most imposing Hostels in India. There is accommodation for about 150 students. Nearly all the rooms are single-seated.

The hostels are under the direct supervision of members of the staff.

St. David's Hostel—Joint Wardens : D. N. Mandal, M.A.; B. D. Chella Raj, M.A.

Jani Ali Hostel—Joint Wardens : H. K. Dasgupta, M.A.; N. K. Guin M.A., B.Sc. (Econ.) (London); P. C. Thomas, M.A.

Herbert Stark Hostel—Rev. C. S. Milford, M.C., M.A. (Oxon.).

The college year begins in June and therefore the hostel monthly fees are payable from June. The Hostel fee is payable for a calendar month during any part of which a student is in residence or reserves a room. Students leaving

the hostel before Christmas pay two months' fees in addition to those for the current month; those leaving after Christmas pay three months' fees in addition to those for the current month.

Rent—Single rooms: upper floors—Rs. 10; lower floor—Rs. 9; Joint rooms—Rs. 8 per month; Central Block ground-floor rooms of Jani Ali Hostel at Rs. 7 per month.

Admission fee—Rs. 5.

Mess—Rs. 10 per month (subject to revision), together with an Establishment Fee of Re. 1 per month.

Hostel Caution Money—Rs. 5 repayable, less any sums due to the Hostel, in July following the session in which the student completes his course.

Medical Attendance—Rs. 2 per annum (payable in advance).

Change of room in Hostel—Re. 1.

The receipt for caution money should be carefully kept as it must be produced before this money can be refunded. After the caution money has been drawn, the entrance fee must be paid with other fees before re-admission.

Waiting List—If the hostels are full, names may be entered after the commencement of the term, on a Waiting List, at a charge of Re. 1 each; but no guarantee can be given that accommodation will be available within any specified time.

Fees once paid cannot be refunded.

Allotment of Seats.

The Principal has entire discretion as to the refusal and acceptance of applications, and the allotment of seats. Priority of claim will generally be given to (1) Christian students, (2) those who have no home in Calcutta, (3) those who reside in the districts of Bengal and Assam and which are primarily intended to be served by the Calcutta University.

Library and Common Room.

The College Library is situated in the Nirmalendu Hall of Learning, presented to the college in 1919 by Rai G. C. Ghosh, Bahadur, C.I.E., in memory of his son Nirmalendu. The upper storey contains the Library, while the lower floor is used as a Common Room for the students, and is furnished with newspapers, games, etc. The Library has been improved considerably during recent years and is one of the best college libraries in Calcutta.

Corporate Life.

There is a College Union Society which organises social meetings, debates, etc.

There are also an Economics Society, Literary Societies, Historical Society Science Union and a College Magazine.

Physical Education.

Though in the heart of the city, the college grounds provide a field for football, cricket and hockey, two tennis courts, one basket-ball court, one volley-ball court, three five courts, a gymnasium, and a swimming bath. The college awards sports colours to students proficient in games. Only such students are entitled to wear them.

Arrangements are made for periodical medical examination of the students through the University Students' Welfare Committee.

Religious Life and Teaching.

There are services for Christian students in the College Chapel at 8.15 A.M. daily (except Sundays) and at 8.15 P.M. on Tuesdays and Thursdays; and on Sundays there is an Administration of Holy Communion in the Chapel at 7 A.M. Non-Christian students are welcome at the services. There are voluntary meetings for prayer in the hostels on certain evenings, which all students are invited to attend.

All college students receive Christian teaching twice a week in college hours. Members of the staff are glad to arrange times for private instruction with any student who may so desire.

Full liberty of conscience in the matter of personal devotions is given to all students; but no acts of corporate worship which are contrary to Christian principles are allowed in the college or hostels.

Special Features.

The Principal and several Professors reside in the college with the students. In many of its characteristics, tuitional, residential, etc., the college is alone of its kind in Calcutta.

Constitution and Powers of the Governing Body.

(a) The Governing Body shall consist of not less than 10 and not more than 13 members. The following shall be *ex-officio members* :—

- (1) The Principal or Officiating Principal of St. Paul's College.
- (2) The Vice-Principal of St. Paul's College.
- (3) The Principal of St. Paul's School.

- (5) The incumbent of Holy Trinity Church, Amherst Street.
- (6) & (7) Two members of the Teaching Staff of the college (of whom one shall be a Christian), elected by the Teaching Staff.

The remaining members shall be co-opted by the Governing Body, care being taken as far as possible to secure representation of the following interests :—

- (1) The University of Calcutta.
- (2) The Education Department of Bengal.
- (3) The Diocese of Calcutta.
- (4) The Bengal Christian Community.

Any member of the Governing Body who is absent from Bengal for a period of more than six months shall be accounted to have resigned his membership of the Governing Body.

(b) The Convener of the Governing Body shall be the Principal of the college, who shall call a meeting of the Governing Body at least once in every two months (except during the Summer Vacation) and shall send notice thereof to all the members. The Metropolitan of India, Burma and Ceylon shall be Chairman of the Governing Body.

COTTON COLLEGE, GAUHATI

(Assam)

FIRST AFFILIATION, 1901

Short History of its Foundation

The college was established in 1901 as a purely Government institution during the administration of Sir Henry Cotton, after whom it has been named. The college continues to be maintained and controlled by the Government of Assam.

Originally started as a second-grade institution reaching up to the F.A. standard it was housed in a building created by Government, at a cost of over half a lakh of rupees. The short history of the college is one of steady growth since its establishment due chiefly to the keen interest taken by Sir Lancelot Hare and Sir Archdale Earle in extending its sphere of usefulness. In 1909 when Assam formed part of Eastern Bengal, B.A. and B.Sc. Classes were first opened and a new Science block was added to the main building. Since 1912, when Assam was reconstituted into a separate administration, the college has undergone further expansion. Honours classes in different branches of study were opened in 1914 and numerous additions have been made to meet increasing demands, two new blocks having been added for the exclusive accommodation of the Arts Section. The college has large Science Theatres with well-equipped Chemical and Physical Laboratories, a good Library and a Common Room for students provided with leading periodicals and newspapers. At a distance of half a mile from the college there is a spacious playground entirely belonging to the college and the collegiate school.

Standard of Affiliation.

The college is affiliated to the University up to the B.A. and B.Sc. Honours standards in English, Economics, Mathematics, Philosophy, Sanskrit, Persian, Physics, Chemistry and History and to the B.A. Pass standard in Arabic. In Intermediate Arts and Science it is affiliated in English, Mathematics, History, Sanskrit, Persian, Arabic, Logic, Civics, Physics, Chemistry, Botany and Vernacular.

All combinations permissible within University regulations and the limits of affiliation are allowed except those combining Mathematics and History. Botany is allowed within limits to Intermediate Science and Arts students but no other science subject can be taken by Arts students. Applications for affiliation in Assamese as Second Language for B.A. candidates and in Biology up to the I.Sc. standard are pending before the University.

Students may take Honours in any one of the following subjects :—

English, Sanskrit, Persian, Mathematics, History, Philosophy, Economics, Physics and Chemistry.

Scholarships, Prizes, etc.

The Rai Bahadur Rajanikanta Barat Memorial Medal founded by the widow is awarded annually by the University to the students taking the highest place in Mathematics in the University Degree Examinations. The College Memorial Fund raised to the memory of the same Professor awards an annual prize of books to the student taking the highest place in the Intermediate Examination.

College certificates are awarded to students taking a distinguished place in college examinations.

The Sudmersen Gold Medal founded by F. W. Sudmersen, Esq., C.I.E., the first Principal of this college is awarded annually to the student who is considered to be the best of all the college certificate holders of that year.

Building and Accommodation.

There are at present six buildings all equipped with electric lights and fans, providing accommodation for about 600 Arts and 160 Science students.

1934-35 includes 27 women students.

1936-37 includes 51 lady students.

1937-38 includes 64 lady students.

1938-39 includes 67 lady students.

Residence, Library, etc.

Connected with the college and under the control of the Principal, there are six separate hostels for Hindus and Mahomedans under the supervision and management of six resident superintendents. The college hostels have now accommodation for 483 boarders. The cost of living in the hostel ranges from Rs. 10 to Rs. 11 according to market fluctuations. There is a medical officer in charge of the hostels who looks after the health of the boarders. One hostel is reserved for students, Christian, Hill Races, Mahomedan and Hindu, with a common "Mess."

The American Baptist Mission have opened one hostel for the male students on the Strand Road and another in the Satrihari compound for girls. One hostel for the college girls has been opened this year at Panbazar under the supervision of Mrs. R. Das, B.A., member of the Standing Committee, All India Women's Conference.

Library and Common Room—There is a small but well-chosen library consisting of 14,554 volumes (1933-34). The Common Room measures 32' x 30' and is amply provided with games and magazines. A room measuring 30' x 15' has been added to the library as a Reading Room.

Corporate Life—The college magazine is at present published only thrice annually. There is a healthy students' Union and excellent facilities for games.

Laboratories—There are well-equipped laboratories in Chemistry, Physics and Botany giving accommodation for ninety-six Intermediate and twenty B.Sc. students in each of the I.Sc. and of the B.Sc. Classes. The Botany Classes at present meet in a section of the Physics laboratory; but a new Botany laboratory is expected. The college is only affiliated to the I.Sc. standard in Botany and Biology.

The Botany laboratory has been shifted to I. E. S. quarters where also the Botany Classes are held. Biology Classes are held in the I. E. S. quarters No. III.

Physical Education.—At present the college shares with the collegiate school a spacious playground measuring some 8½ acres, where cricket, football and hockey are regularly played. Within the hostel compound there

are three *pucca* and four grass tennis courts, besides facilities for badminton, volley-ball and daria. Each hostel has also a set of parallel bars. Games are not compulsory, but almost all students play some game. There is no gymnasium at present and no gymnastic instructor but some apparatus has been obtained and is used in the open air by students. Many members of the staff play regularly with the students. There is a medical officer in charge of all Government hostels in the town. All students are regularly examined by him. There is a college hospital with six beds.

Research work is being done in most departments.

The Laboratory Assistant of the Botany Department was deputed for training in swimming in Calcutta during the last four months and a Swimming Club is going to be started this year.

The college building is a solid well-built structure with good ventilation affording accommodation for as many students as have hitherto applied for admission.

Numerical Strength.

The number of students is restricted only in the B.Sc. Classes to 45 and 60 respectively.

Residence.

There are two large two-storied hostels in the college grounds. The college hostel has accommodation for 94 students, mostly in rooms with three students in each room. The Ronaldshay Hostel has accommodation for 132 students all in single rooms. Electric light is provided in both hostels and the charge for rent with lights is:—

Ground floor—Rs. 3-8 in 3-seated and Rs. 5 in single rooms.

Upper floor—Rs. 4 in 3-seated and Rs. 6 in single rooms.

N.B.—Rent is charged to 2nd-year students for 9 months only.

The arrangements for board are on the messing system and the monthly charge is about Rs. 11 including tiffin. A deposit of Rs. 10 is required from each boarder as caution money, which is returned when he leaves if all other dues have been cleared.

The services of a fully qualified medical practitioner are available for all students residing in the hostels and a charge of Rs. 2-8 is made per annum towards his salary.

Library and Common Room.

There is a separate block consisting of the Library, Reading Room and Common Room. The library is well stocked with books which are available for the students either to take home or to read in the adjoining reading room.

The Common Room is well supplied with dailies, weeklies and monthlies.

Laboratories

The laboratories are up-to-date and very well-equipped for the various courses taken. Gas and electricity are manufactured on the premises and there is a workshop and an astronomical observatory.

Physical Education.

The college grounds extend over nearly 120 bighas and include a large tank in which swimming is available. There are three full-sized football grounds for the use of the college students and hockey and cricket are also played in season. There are 4 tennis-courts and ample provision for badminton, volley-ball, etc.

There is also a gymnasium shed, and there are 3 rowing boats on the tank. Physical exercise is now compulsory for all First-year students.

Miscellaneous.

Special stress is laid upon tutorial work, and special attention is given to individual students. The results in the University examination have been uniformly good and high places have regularly been gained in all the examinations.

Governing Body.

The Governing Body consists of three members of the staff elected from amongst themselves, three representatives of the local public nominated by the mission, five other members also nominated, the Principal being *ex-officio* Secretary.

HINDU ACADEMY, DAULATPUR

(P. O. Daulatpur, District Khulna)

FIRST AFFILIATION, 1907

Short History of its Foundation.

This institution is mainly residential and was founded in 1902 amidst beautiful rural surroundings on a magnificent bend of the river Bhairab, principally with the object of giving Hindu boys a training in their religion and reviving ancient Hindu learning; it has in view also the furtherance of the cause of general education. It constitutes a religious trust under the management of a Board of Trustees. It has two departments, the college and the Chatuspathi. The Chatuspathi was started in 1903 for teaching various branches of ancient Sanskrit learning and for training up boys as far as practicable, according to the directions embodied in the Hindu religious code. For the first five years the students of the college department were allowed to sit for the F.A. Examination as private students. In 1907 the college was affiliated up to the Intermediate Course in English, Bengali, Sanskrit, History, Logic and Mathematics. The affiliation was extended up to the Intermediate course in Physics and Chemistry in 1909 and Botany was added in 1911. In 1914 the affiliation was extended to the B.A. Pass standard in English, Bengali, Sanskrit, Mathematics, History and Philosophy. Further extensions of affiliation were secured in 1923 in Physics (Pass), Chemistry (Pass), and Mathematics (Pass and Honours), up to the B.Sc. standard and in Physics (Pass), Chemistry (Pass), Sanskrit (Honours), and Mathematics (Honours), up to the B.A. standard; in 1924 in English and Philosophy up to the B.A. Honours standard, in 1927-28 in Economics (Pass) up to the B.A. standard, and in 1931 in Civics up to the Intermediate standard. This year, Classical Bengali has been added to the B.A. curriculum.

Residence.

The Hindu and the Mahomedan Hostels have accommodation for about 200 students of the college. The Mahomedan Hostel has *pucca* building. The Hindu Hostel comprises one big two-storied building (built out of Government Grant), one one-storied building which is set apart for the residence of poor and meritorious students who live free of charge according to the desire of the Maharaja of Cossimbazar who bore its cost, six blocks with tiled roofs, each containing 8 single-seated rooms and a large number of thatched cottages and two corrugated iron bungalows where students live at a nominal cost in conditions of rural simplicity.

The hostel is divided into a number of convenient groups, each under the charge of a Professor-Superintendent who acts as the mentor and the guide of the students, the whole being under the co-ordinating influence of a General Superintendent.

There is a medical officer, a graduate of the Calcutta Medical College, who renders free medical aid to all boarders. The boarders make their own messing arrangements. They have to pay Rs. 2 each per month as establishment charge to meet the expenses of methars, sweepers, cooks, servants, etc., supplied by the college. An establishment charge of As. 8 is realised from the Mahomedan and the Namasudra students. They themselves pay their own cooks and servants. The seat-rent varies from Rs. 3 to As. 8 according to the nature of the seat occupied by the boarder.

Library and Common Room.

The college has an excellent Library, containing more than 12,000 volumes which is constantly receiving additions. It is accommodated in a spacious hall and provides special facilities for study and reference. The Common Room is provided with newspapers and periodicals.

Corporate Life.

The college being mainly a residential one the teachers and the students live together and get endless opportunities of mixing with one another and developing a strong corporate life among themselves.

The College Union is our most useful institution in this respect. It has got a number of branches—namely, the Nürshing Brotherhood, the Athletic Club, the Literary Association and the Poor Fund Organisation. The practice of organising Sankirtan parties at the college temple and arranging religious lectures and ceremonies and social gathering from time to time also contributes to the growth of a healthy corporate life.

The college has a magazine which is issued thrice a year under the name "Devayatan."

Laboratories.

The Chemical, Physical and Botanical departments with their commodious and well-ventilated laboratory and lecture theatres have been provided with necessary and up-to-date apparatus. The supply of water and gas is regular. A workshop is attached to the laboratory, where many delicate instruments have been turned out by skilled workmen under the direction of Professors and Demonstrators.

Physical Education.

The college has a big playing field for outdoor games measuring 500 sq. ft. in the very centre of the college compound where football, cricket, hockey and tennis are regularly played. There are also smaller areas for minor games. The college runs open tournaments in football, hockey and tennis for encouragement of their games.

There is a covered well-equipped gymnasium which is attended by many students under the guidance of a qualified Resident Physical Instructor. Arrangements have been made for the occasional medical examination of the students, specially of the boarders in the hostels, by the Medical Officer of the college.

Miscellaneous.

There is a "Professors' Board" composed of all the members of the teaching staff for considering matters relating to studies, instructions and examinations and for helping the college Council with its deliberations.

Methods of Instruction.

Apart from lectures and practical and tutorial classes, students of the college have, at all times, free access to their teachers who all reside within the college compound in quarters provided by the college for the purpose. The tutorial assistance thus received is one of the most valuable features of the institution.

Religious and Moral Training.

The college being a Hindu religious foundation, special attention is directed to the religious instruction of students. Students and teachers are encouraged to assemble in the spacious courtyard of the temple in time of worship. Kirtans, kathakatas and religious lectures are also arranged from time to time with the object of fostering a respect for Hindu religion. Moral classes are regularly taken in the First and Third-year Classes. This year a recess of 45 minutes has been allowed on Fridays for the prayer of Muhammadan Students.

Governing Body.

The Board of Trustees and College Governing Body are the two formally constituted bodies for governing the affairs of the institution. The general supervision is vested in a Board of five Trustees while the internal management of the college and the financial control are in the hands of the College Governing Body. The Governing Bodies of the college as at present constituted consist of the following members :—

Concluding Remarks.

The Hindu Academy is differentiated from other institutions of its kind by a distinctive ideal, which may be briefly explained as aiming at the harmonious combination of the Religion and Philosophy of the East with the Arts and Science of the West—"of secular education with moral and religious training based on the highest ideal of life as expounded by the Hindu Acharyyas of old." Though much remains to be done, that a successful beginning has been made, will be clear from the following lines from the pen of Lord Ronaldshay, late Chancellor, Calcutta University, setting forth his impressions on the college, derived from a personal inspection and embodied in his work, "The Heart of Aryavarta :—" "As one passed from its class-rooms to its simple hostels one became aware of a distinctive atmosphere and standing in converse with the earnest band of workers in the shadow of the Temple portico the hush of the tropic noon scarcely broken by the soft murmur of the Bhairab river pursuing its eternal journey, from the mountain to the sea, with the restful features of the Acharyya and his fellow-pandits outlined against the gloom which brooded like a softly draped figure of night behind the open door of the inner shrine, it was easy to believe that the hope of the founder had been realised—that the college had, indeed, 'grown under the Shade of the Temple,' and that the teachers and the students had found in their pursuit of knowledge the worship of God."

ANANDAMOHAN COLLEGE, MYMENSINGH

FIRST AFFILIATION, JUNE, 1908.

Short History of its Foundation.

FIRST AFFILIATION, 1857 : RE-AFFILIATED, 1910.

Short History of its Foundation.

Serampore College was founded in 1818, under the patronage of the Marquis of Hastings, the Governor-General of India, by the Revs. Dr. Carey, Dr. Marshman and William Ward who together with Colonel Kresting, the Danish Governor of Serampore, and J. C. Marshman, Esq., formed the first College Council.

The object of the college was the instruction of Indian youth, both Christian and non-Christian, in literature and Science, and the training of selected Indian and Anglo-Indian young men for the work of the Christian ministry.

In 1821 the college received a donation from King Frederick VI of Denmark of certain premises to the north-west of the college building and this act of liberality was followed in 1827 by the grant of a Royal Charter, giving perpetuity to the institution and its endowments and empowering it to grant Degrees. At the cession of Serampore to the East India Company in 1845, this Charter was confirmed at the special request of the Danish Sovereign and a special clause was inserted in the treaty providing that "the rights and immunities granted to Serampore College, shall not be interfered with but continue in force in the same manner as if they had been obtained by a Charter from the British Government."

The ground on which the college stands was purchased chiefly by subscription; the entire expense of the original buildings amounting to about £15 000, was met out of the private funds of the Serampore Missionaries, who were the first promoters of the undertaking. The institution was crippled at the outset by the loss of the greater part of its invested funds through a series of bank failures only a few years after the granting of the Charter. It was enabled to continue its work through the liberality of J. C. Marshman, Esq., but not on the scale originally contemplated. The right of conferring degrees was, therefore, not exercised.

On Mr. Marshman's departure from India in 1856, the college, though still legally under the control of its own Council, was placed under the general direction of the Baptist Missionary Society which contributed the greater amount of the funds needed for its support. In the following year, 1857, Serampore was one of the first eight colleges to be affiliated to the newly formed Calcutta University. This connection continued till 1882, when it was decided to close the Arts Department converting the college into a purely Theological Institution.

Twenty years later the decision of the Universities Commission that it was neither practical nor expedient to make provision for a Faculty of Theology in connection with any of the existing State Universities, led the Decennial Missionary Conference, representing all Protestant Missions in India, to ask the Serampore College Council whether it would not be possible to make the Serampore Charter available for the granting of degrees in Divinity. The Council, advised by Dr. Howells (Principal 1907-1929) resolved to accede to this request and also to reorganise the college on the lines planned by its founders making it capable of imparting instruction in Theology of a standard equal to that obtainable in Europe and America. With a view to providing a preliminary training in Arts for students intending to proceed the B. D. Degree and for the benefit of the Christian community and of Hindu and Musalman youths generally it was also resolved to re-open the Arts classes.

Through the generosity of the Arthington Trustees the Council was enabled in 1910 to renovate the college and to build a new hostel, including extra quarters for the professorial staff, at a cost of about two and a half lakhs of rupees.

Scholarships, Prizes, etc.

Besides some free and half-free studentships there are a few Council Scholarships just enough to meet the full or half of the college tuition fee. There is also a 'Khirodamoyee Scholarship' of Rs. 5 for the best local Hindu student joining the 1st-year Class of Serampore College. One 'Kedernath Daa Gold Medal' of the value of Rs. 60 awarded annually to the student who stands first in University Intermediate Examination in Mathematics, and another 'Imam Masih Gold Medal' awarded to a Christian student in alternate years. About Rs. 150 worth of Books are given as prizes annually to successful students on the result of their college examinations.

Building and Accommodation.

The college building, erected in 1818 by Dr. Carey and his colleagues, still remains one of the finest college buildings in India. It is situated in ample grounds, on the bank of the river Hooghly, about a mile from the Serampur Railway Station and on the outskirts of the town. It is a two-storied building about 130 feet square, containing a large Assembly Hall, 72' by 64', a Library and Students' Reading Room, 72' by 45', 4 Class Rooms, 84' by 27', 4 Class Rooms, 27' by 22', students' and Staff Common Rooms, each 27' by 22', an Entrance Hall, 89' by 27', and a room at present used

as a corridor, 72' by 16'. All the rooms are lofty, none of them being less than 22' high, and are lighted by an ample number of large windows, 12' by 6'. A separate two-storied building for the accommodation of Chemistry and Physics classes, including laboratories and lecture theatres with accessory rooms, is also attached to the college. In addition to the college building there are also in the college compound two other large buildings: (1) The College House, at one time occupied by Dr. Carey, now provides accommodation for two married European Professors. (2) The Hostel Quadrangle.—This building is about 170 feet square, with outhouses attached. It accommodates 108 students and two Indian members of the staff. As part of the quadrangle there is also a house for a married European Professor which is occupied by the Principal. In connection with the hostel there are two Common Rooms, 30' by 20', a Common Dining Hall, 30' by 20', and a separate Hindu dining room and a separate sick room. Special attention has been paid to the drainage of the whole college compound and a large sum of money has been spent for the purpose. To the east of the college compound there was a Bungalow known as 'Mack House' situated on an extensive compound; This old Bungalow has been demolished and in its place two ground-floor flats have been built for the accommodation of staff members. There are also three Tennis Courts for our students.

Residence

Special attention is paid to residential arrangements. Attached to the college is a well-equipped hostel. Almost all the rooms are single-seated. The hostel establishment fee is Rs. 6 (ground floor) or Rs. 7 (first floor). The charge for a seat in a double room is Rs. 5 (ground floor) and Rs. 6 (first floor). This charge covers seat-rent, use of furniture, servants, light and medical attendance. The admission fee to the hostel is Rs. 3, there is also a caution deposit of Rs. 5. The normal cost of food is Rs. 14 including tiffin. Students seeking admission to the hostel must pay the admission fee, caution deposit and establishment fee from June up to and including the month of the application. Before admission they must also sign the Hostel Rules.

(N.B.—If they wish for any special exemption they should make the request before signing. They must also produce a guardian's letter stating the names and addresses of relatives whom they may receive periodical leave to visit.)

Library and Common Room.

There is a large and valuable Library and considerable additions are made annually to keep it up to date. The Common Room is provided with a number of Indian and English periodicals and magazines and one daily paper.

Corporate Life.

Special efforts are made to foster the corporate life of the college. The College Union Society provides opportunities for the discussion of topics of

general interest and serves to promote a corporate feeling among the students of the college. There is also a Christian Students' Brotherhood. The college publishes a quarterly magazine, "The Students' Chronicle."

Laboratories.

There is a two-storied building for the housing of the Chemistry and Physics Departments including laboratories, lecture-theatres with accessory rooms.

Physical Education.

Every facility for various games is provided by the college in the way of cricket, football, tennis, hockey, badminton and volley-ball. A well-equipped gymnasium has been erected with the help of the University grant. Attached to it are two Fires' Courts. Medical Examination of the students is periodically carried out by the University Students' Welfare Committee.

LORETO HOUSE, CALCUTTA

(7, Middleton Row)

FIRST AFFILIATION, 1913

The institution was established under the direction of the Loreto Sisters in 1842, with the object of imparting to Catholic youths a sound religious and moral training combined with instruction in every branch of secular knowledge suited to their position.

Children of other religions are also admitted and their religion is not interfered with.

The institution includes four Departments, *viz.*, a College Department, a Teachers' Training Department, a School Department and Kindergarten Department conducted according to the principles laid down by the National Froebel Union for Kindergarten Teachers.

The College Department has been connected with the Calcutta University since 1889. It was affiliated up to the I.A. standard and L.T. standard in 1913, B.A. in 1921 and B.A. English Honours in 1925.

The following courses of study are open to students :—

Intermediate Arts.

English, Alternative English, French, Latin, History, Botany, Mathematics and Civics.

Geography is also taught and the students appear as non-collegiates.

B.A.

English, Alternative English, French, Latin, History, Botany and Economics.

The B.T. and L.T. Classes follow the courses prescribed by the University and the B.T. students appear as non-collegiates.

An I.Sc. Class has been opened.

Terms of Admission.

Entrance Fee	...	Rs. 10.
Day Scholars	...	„ 22 per month (including Electricity charge of Rs. 2 per month).
Boarders	...	„ 62 per month.

For the Library Fee of Re. 1 per month is optional.

The building No. 7-1, Middleton Row, is completely given up to the students. On the ground floor each class has its own room and each can accommodate a larger number of students than we have.

On the first floor are the Study, the Library and the Common Room. On the second floor there is accommodation for 18 boarders, preference being given to Catholics.

Library.

The students are at liberty to use the Library when free during class hours—9-30 to 3-30—but books of reference are not taken home except in special cases.

Other books have to be returned within a fortnight.

There are Debating, Social and Games Clubs.

All the students join these clubs, except in one or two exceptional cases where games are concerned.

The girls have a tennis court, hockey and basket-ball fields where they play daily except during the rains.

Some of them follow the Teachers' Course in Drill at the Y. W. C. A.

The work done by these clubs is chronicled in "Palm Leaves" the Magazine of Loreto in India.

There are 107 students in the college.

ASUTOSH COLLEGE, BHOWANIPUR

(9, Russa Road, Kalighat P.O., Calcutta)

FIRST AFFILIATION, 1916

Short History of the College

This college was started at the instance of the authorities of the South Suburban School, founded in 1874 by the local public with the object of promoting the growth and spread of higher education in the south suburban areas of Calcutta. The immediate occasion which led to the opening of the college was the abolition of the University Departments, both on the Arts and Science sides, by two colleges in and near Bhowanipur, namely, the L.M.S. Institution and the Bishop's College. That there was room for a first grade college here was abundantly clear from the very beginning, but partly from financial and partly from other considerations, the authorities were anxious to move cautiously and they, therefore, applied in the first instance for affiliation up to the Intermediate standard only. They had great difficulty, however, in persuading the Government of India that second grade colleges did fulfil a definite function in the educational machinery of the country, and that it was a mistake to suppose that the view of the Indian Universities Commission of 1904 condemning the affiliation of such colleges had been endorsed in its entirety by the Government of India at the time. The result of the protracted correspondence on the subject was to delay the affiliation of the college which was obtained with effect from the commencement of the session 1916-1917 although application for it had been made early in 1915. Affiliation was granted up to the Intermediate standard in Arts and Science in the following subjects, as asked for—English, Vernacular, Sanskrit, Logic, History, Mathematics and Botany.

The college was started with the name, "South Suburban College" in a fine two-storied building at 26, Lansdowne Road, in one of the best quarters of Bhowanipur with over 250 students on the rolls, but the very next year it became necessary to remove it to more spacious and more conveniently situated premises at 147, Russa Road, where it was located till September, 1936, and where there was accommodation for nearly 800 students. It is now in its own building at 9, Russa Road, just in front of its old site with accommodation for over 1,500 students. In October, 1917, the college authorities applied for extension of the affiliation up to the B.A. Pass standard in a few selected subjects, namely, in English, Vernacular, Sanskrit, Mental and Moral Philosophy, History, Political Economy and Political Philosophy and Mathematics and this was granted with effect from the commencement of the session 1918-19. During session 1919-20 accommodation was enlarged to suit the requirements of about 825 students. During session 1920-21 the authorities applied for and obtained extension of affiliation up to B.A. Honours standard in English, Philosophy and in Geography up to Intermediate standard. During session 1922-23 the college applied for and obtained affiliation in Chemistry and Physics up to the Intermediate standard and I.Sc. classes were opened from the beginning of that session. The college applied for and obtained affiliation up to B.A. Honours standard in Mathematics with effect from the beginning of the session 1923-24. The college applied for and obtained affiliation up to B.Sc. Pass standard in Botany and Chemistry, and B.Sc. Honours standard in Mathematics with effect from the commencement of session 1925-26. It applied for and obtained affiliation up to B.Sc. Pass standard in Physics, B.A. Pass standard

in Botany and in Second Language Bengali with effect from the commencement of session 1929-30. It applied for and obtained affiliation in I.A. Civics with effect from the beginning of session 1930-31. It applied for and obtained affiliation in Economics Honours from the commencement of the session 1932-33. It applied for and obtained affiliation in History Honours and in Intermediate Bengali for female candidates with effect from the commencement of the session 1933-34. It applied for and obtained affiliation in Sanskrit Honours with effect from the commencement of the session 1936-37. It applied for and obtained affiliation in Zoology and Biology up to the Intermediate standard with effect from the commencement of the session 1938-39.

In July, 1924, after the death of Sir Asutosh Mookerjee, its Founder-President, the college was renamed Asutosh College in perpetuation of his memory. The steady development and ever-increasing activities of the college, academic and extra-academic, led to public appreciation culminating in a request from the local public for the opening of Women's Department which was formally inaugurated in June, 1932. Naturally, the accommodation provided in the rented house proved insufficient for the growing needs of the college, and so the construction of a commodious building of its own was undertaken in August, 1934, on one of the most attractive sites of South Calcutta. The College has been housed in its new building from the beginning of the session 1935-36.

The college was registered as a society under Act XXI of 1860 in March, 1927.

Women's Department.

The classes in this department are held in the morning usually from 6-30 A.M. to 10-30 A.M. The day classes for boys start at 11 A.M. The teaching staff is the same as for boys, except that there are also three Lady Professors, one of whom, in addition to lecture work, looks after the general welfare of the girl students. Honours classes are held separately, but combined classes which are held from 11 A.M. to 11-50 A.M. are also allowed. It has not yet been practicable to provide for B.Sc. teaching in this department. The college bus is available on payment of usual fees.

Affiliation.

The college is affiliated in

- (a) I.A.—in English, Bengali as a Vernacular, Sanskrit, Bengali for female candidates, Logic, History, Civics, Mathematics, Chemistry, Botany, Geography, Zoology and Biology.

(e) Special scholarships of Rs. 10 to Rs. 15 per month, are awarded to specially meritorious students who secure at least 80 per cent. and 75 per cent. marks in the Matriculation and Intermediate Examinations, respectively.

(f) Four scholarships are awarded to women students of the same value and for the same period as for boys, according to the discretion of the Principal.

(g) Government Scholarship-holders are granted free-studentships on application, provided they secure at least 75 per cent. of marks in the aggregate.

(h) Two gold-centred silver medals are awarded annually by Prof. Abaninath Basu to two students who secure the highest marks in History in the I.A. and B.A. Examinations from this college and continue their studies here.

(i) One prize of Rs. 25 (in cash or in books) by Professor Mohinimohan Mukherjee is awarded to the girl student securing the highest marks in English in the First-year Annual Examination.

(j) One prize of Rs. 10 (in cash or in books) is awarded by Prof. Bibbuti-bhusan Ghosal to the girl student securing the highest marks in Bengali in the First-year Annual Examination.

Concessions in Fees.

Concessions, in the form of full free-studentships, half free-studentships and part free-studentships, allowed by the college every year to poor and meritorious students, amount to full free-studentships to the extent of about fifteen per cent. of the total number of students on the rolls.

*Building and Accommodation.*⁷

The college is located in a spacious fine three-storied building at the northern end of the Hazra Park, commanding the entire Park to its south, and consists of two (Arts and Science) blocks, with accommodation for over 1,500 students. The eastern block contains 8 large and 5 smaller Lecture Rooms, besides the College Office Room, Waiting Room, Library, Students' Reading Room, Professors' Reading Room, Students' Common Room, Visitors' Room, Principal's Room, Professors' Common Room, Lady Professors' Room, and Office Room for the University Corps Platoon. The western block contains two Lecture Theatres provided with adjacent Preparation Rooms and fitted up with modern requirements of Science teaching, and two Lecture Rooms, for holding classes; seven Laboratories thoroughly up-to-date in equipment of every kind for conducting practical work and ex-

periments in Physics, Chemistry, Botany and Geography, and Store Rooms and Balance Rooms. The Workshop and the College Gymnasium are situated in the court-yard between the eastern and western blocks. Besides a large Assembly Hall on the second floor, the college enjoys the privilege of using the Asutosh Memorial Hall, attached by gangways to the College Building, for academic and other purposes. This elegant Hall, with its permanent dais and upper floor balcony, provides accommodation for nearly 1,500 persons.

Numerical Strength.

The number of students on the rolls in different classes on the 31st August, 1938, were as follows :—

Men's Department.

Residence.

A large percentage of students reading in the college live in the locality with their parents or guardians. For those who do not do so, suitable provision is made in the College Hostel which is located in a spacious four-storied building quite adjacent to the college. The Hostel is under the personal supervision of a Professor-Superintendent. Seat rents are charged at Rs. 6 per month per seat on the ground floor and Rs. 7 per month per seat on the upper floor for ten months in the year. A medical fee of annas eight per month for the same period is also charged from each student and an M.B. passed Doctor attends the students when required. Students pay the cost of medicine supplied to them.

A limited number of seats for women students of this college is available at 5, Greek Church Row, under the direct care of the Sisters of the Epiphany (Oxford Mission).

Library and Reading Room.

The College Library is fairly stocked with up-to-date books. There are at present 7,561 volumes. Besides these, a large number of periodicals, both foreign and inland, are subscribed and their files are kept. Students are allowed to borrow books without any deposit for reading either at home or in the college. The working hours are from 6-30 A.M. to 10-30 A.M. for women students, and from 11 A.M. to 7 P.M. for men students. Arrangements have been made for a commodious Reading Room and also for seminar works in different subjects. There is a Reference Section attached to the library. Special facilities are also given to poor students for reading text-books.

The Library is controlled by a Committee of four—the Principal and three professors and is managed by two assistants working under the direction of a Professor-in-charge. A trained Librarian (Diploma-holder in Librarianship) has recently been appointed and remodelling works, such as classification, cataloguing, etc., on modern lines are nearing completion.

Additions are being constantly made to the stock of books, and the college spends about Rs. 2,000 every year on the Library.

Common Room.

The Common Room, wherein students wait during leisure periods, is abundantly supplied with Indian and Foreign magazines, newspapers and other light reading. There is a clerk to look after the Common Room and to issue books and papers. It is managed by the College Union and controlled by a Committee of four—the Principal and three professors. The Common Room contains a fairly large collection of light literature, to which addition is made every session.

Corporate Life.

1. There is a professors' body, known as the *Professors' Club* of which the Principal is the president. Every evening the professors meet and discuss topics, academic and extra-academic, with a view to helping the College Council with its deliberations.

There are arrangements for light refreshments and indoor games. Members of the Governing Body are invited from time to time to exchange views with the staff. Eminent persons are also invited at times to speak on various subjects of special interest.

2. There is a *College Council* with the Principal as the President. Usually once a month the Council meets to discuss plans to move and pass resolutions concerning matters of internal administration of the college, such as discipline, examinations, method of instruction, routine of work, consideration of the report of the various committees, etc.

The Council also elects every year two representatives of the staff on the Governing Body.

3. There is a *College Union* which is a students' body. In every meeting a professor takes the Chair. Organization of dramatic performances, variety shows, social gatherings, relief work, poor fund, etc., under the guidance of professors, are among its varied functions.

4. The *College Magazine* is bilingual and is ordinarily published three times a session. The editors work under the direct control of a committee of six—the Principal and five Professors. Prizes are awarded for contributions of special merit.

5. The *Debating Club* of the college works regularly under the direct guidance of Professors. Besides there are the "Sahitya Sammilan" and the "Hindi Literary Society."

6. Excursions and parties are sometimes arranged for fostering the growth of a strong feeling of fellowship and a healthy corporate life among the teachers and the taught.

7. The last, though not the least, of the activities of the college in this sphere is the hearty co-operation of the staff and the students in organising every year the following social functions :—

- (i) Sir Asutosh Birthday Celebration.
- (ii) The College Foundation Day Celebration.
- (iii) The Puja Social.
- (iv) The Ex-students' Reunion.

Laboratories.

There are seven well-equipped and commodious laboratories with up-to-date apparatus and a fairly large stock of contingencies for conducting experiments and practical work in Physics (I.Sc. and B.Sc.), Chemistry (I.Sc. and B.Sc.), Botany (I.A. and I.Sc., B.A. and B.Sc.), Geography (I.A. and I.Sc.) and Zoology and Biology (I.Sc.). There are a dark room and a workshop in connection with the Physics Department, and two balance rooms in connection with the Chemistry and Physics Departments.

Physical and Military Education.

The Physical and Military Training and Athletic Departments of the college are controlled by a committee of the Principal and five professors. The general questions of policy and apportionment of the grant made by the Governing Body are settled in the meetings of the committee, while each department is placed under the direct control of a professor, who is assisted by an expert Instructor specially appointed for the purpose.

The *Gymnasium* of the college is a well-equipped one, and has acquired a unique reputation on account of the fact that it has turned out some well-known athletes. It is looked after by a Gymnastic Instructor.

Physical Drill has been made compulsory for the 1st and 3rd-year students. Regular classes are held under a Drill Master recognised by the University. Light Refreshments are supplied at the time of the drill classes.

Football and Hockey are regularly played by those students of the college who are interested in games. An inter-class football competition is run in the college and a trophy—The Beharilal Bose Challenge Cup—and a number of medals, are presented to the winners every year.

In *Rowing* the college has shown immense improvement, and the college team takes part in the Rowing Competition organised by the University every year.

A *Basket-ball* team has also been formed and students have evinced considerable interest in the game.

A *Bratachari* centre has been established in the college. Regular Bratachari classes are held under a Bratachari Instructor in the college premises, and the Bratachari Society of the college has, this year, been recognised by the Central Bratachari Society of Bengal.

There is a regular class in *Boxing* for the benefit of the students of the college.

There is an *Ambulance Division* (The 3rd Asutosh College Division) in the college for the Boy students and First Aid classes are held under a qualified lecturer. The division has done excellent work at Puri and other places.

There is a *Scout Group* controlled by this college (The 4th-IIIrd Calcutta Group), consisting of a Crew, a Troop and a Pack.

The *Military Training* of the college is its most notable feature in this direction. The college supplies two efficient and thoroughly well disciplined Platoons to the Calcutta University Training Corps. These are, at present, under the control of three Under-Officers, who are on the staff of the college and assisted by a number of non-commissioned officers. The officers and cadets attached to this college have given a good account of themselves in rifle and revolver shooting, in camps and tactics, in parades and military

sports, and won the majority of the prizes and trophies. In recognition of all this the military authorities have sanctioned this college to be a parade centre.

Medical examination of students is carried on by the Students' Welfare Committee.

Special Features

To ensure individual attention, it is provided that no section shall contain more than 100 students. Provision has been made to hold weekly examinations, discussions in English and monthly examinations in all other subjects. To facilitate the work of examination, additional tutors have been appointed to correct and to discuss the answers written by the students. Arrangements are generally made for special coaching free of charge, during the summer vacation, to make up deficiencies of backward students.

Miscellaneous

(I) The following members of the teaching staff are also engaged in Post-Graduate work :—

- (1) The Principal.
- (2) Mr. S. N. Banerjee—(Department of History).
- (3) Mr. K. N. Sen—(Department of Economics).
- (4) Mr. H. M. Bhattacharyya—(Department of Philosophy).

Management

(II) Four additional appointments (two in Physics, one in Chemistry and one in Botany) have been made from August, 1937, with a view to imparting practical training in the Science subjects from the beginning of the First-year Class.

Both the school and college are under a General Committee composed of 50 representatives of the local public, who constitute the ultimate controlling authority over the whole institution in financial matters. Actual management of the college is vested in a Governing Body, which is quite distinct from the Managing Committee of the school, and consists of 9 members, annually elected by the General Committee, 2 representatives of the teaching staff and the Principal who is an *ex-officio* member.

CARMICHAEL COLLEGE, RANGPUR

(P. O. Alamnagar, Rangpur.)

FIRST AFFILIATION, 1917 .

The college was started in July, 1917, and is the result of the earnest efforts of the residents of this district to remove a long-felt want. A scheme for the establishment of a college had originated as early as 1913, but it was not till 1914 that active steps were taken to carry it out. A committee of the local representative gentlemen met under the presidency of Mr. J. N. Gupta, M.A., I. C. S., the then District Magistrate, and the scheme took definite shape. By March, 1917, donations to the extent of about Rs. 7½ lacs had been raised. An application to the University was then made for affiliation of the proposed college up to the B.A. standard, which was subsequently obtained.

The college occupied the new building in July, 1918. It is situated on a plot of ground measuring over 900 bighas of land, on the outskirts of the town and away from all contaminating influences. There are two boarding houses for Hindu and two for Mahomedan, students accommodating 250 boarders, and the Principal and staff of the college have been provided with quarters in the college compound, the idea being to develop it eventually into an entirely residential institution.

The college buildings are amongst the finest in Bengal. From the funds subscribed over two lacs were invested in War Loan. Among the principal single donors may be mentioned the name of Raja Bahadur Gopal Lal Ray of Tajhat (Rs. 1,00,000), Rai Annadamohan Raychaudhuri, Bahadur, of Tapa (Rs. 1,00,000), and the Hon'ble Maharaja Sir Manindrachandra Nandi, Bahadur, K.C.I.E. (Rs. 50,000).

In February, 1918, His Excellency the Earl of Ronaldshay, Governor of Bengal, declared the new buildings open, spoke of the college scheme with the warmest approval, and announced a Government grant of 50,000 rupees towards land acquisition and capital expenditure on buildings to which another 40,000 rupees was afterwards added. H. E. Lord Lytton in his visit expressing his very great pleasure in visiting the institution hoped that it might obtain its B.Sc. Classes during his tenure of office. This kind wish of His Excellency has since been fulfilled and the college has opened B.Sc. Classes.

The college is under the management of a Governing body with the District Magistrate, Khan Bahadur Abdul Majid, M. A., as the elected President, Mr. J. N. Gupta, the late Collector—to whose strenuous efforts the college owes its existence—as well as Raja Bahadur Gopal Lal Ray of Tajhat in consideration of his generous contribution, are life-members of the Governing Body.

The college is affiliated to the University up to the B.A. standard in English (Pass and Honours), Vernacular (Bengali and Urdu), Sanskrit (Pass and Honours), Arabic, Persian, Mathematics (Pass and Honours), Political Economy and Political Philosophy, and Mental and Moral Philosophy (Pass and Honours). In Intermediate Arts, it is affiliated in English, Vernacular (Bengali and Urdu), Sanskrit, Arabic, Persian, Mathematics, History, Logic, Chemistry, Civics and Commercial Arithmetic and Book-keeping. I.Sc. Classes were added in 1922 in Physics and Chemistry besides the usual Arts subjects. Botany classes up to the Intermediate standard were opened from the beginning of the session 1932-33. The B.Sc. Classes were opened in 1925 with Mathematics and Physics (Pass and Honours) and Chemistry. All combinations are allowed except History with Mathematics.

The tuition fee is Rs. 5-8 per mensem for Arts, and Rs. 6-8 for Science students. An extra Re. 1 per month is charged from students who take up an additional subject for the I. Sc. Examination; the seat-rent charged from the hostel students is Rs. 4-4 for the upper storey and Rs. 3-4 for the lower storey including lighting charges. The tuition fee for the B.Sc. students is Rs. 8 per month, and that for the B.A. is Rs. 6-8 per month only. An additional Hindu hostel to the Government hostel has been constructed this year for 20 students.

Scholarships, etc.

Government Scholarship-holders are awarded College Scholarships of Rs. 15, Rs. 10 or Rs. 6 per month, as the case may be. Two gold medals, Lytton and Sir Asutosh Medals, are awarded to I.Sc. and I.A. students standing first from the college and prosecuting further studies here with Honours. A number of college stipends are also awarded to deserving students.

Hostels.

There are four Residence Hostels in the college compound, two for Hindus and two for Mahomedans. One additional Hindu hostel is opened in August, 1938.

Library and Common Room.

The Library is well-equipped with over 7,507 volumes and provided with a Reading room for students and Professors.

The Common Room occupies a separate building and is very well provided with current newspapers and periodicals including popular scientific and physical culture magazines. It is in the special charge of a Professor of the college, who is assisted by a Students' Committee.

Corporate Life.

Special efforts are made to develop the corporate life of the college through the Professors' and Students' Union and the various Sports Committees, whose work is carried on jointly by the students and Professors. The Carmichael College Magazine published quarterly also contributes to the healthy growth of college life. There is also a College Literary Society functioning under the guidance of professors. There is a Committee of Students' Representatives to advise the Principal on matters, specially concerning the general interests of the students.

Laboratories.

The Science Laboratories (Physics and Chemistry) opened in 1922-23 are spacious and fully equipped with two lecture theatres with an accommodation for practical work for 150 I.Sc. and 45 B.Sc. students. A separate laboratory for Botany with an attached lecture room has been opened from the beginning of the session 1932-33. It provides for 20 Intermediate students in Botany.

Physical Education.

There are splendid facilities for all outdoor games and gymnastics are always encouraged. Inter-class competition in games as well as athletic sports are held every year and Physical Exercise for all boarders with drill during college hours is compulsory for all students. A covered gymnasium has been constructed and arrangements have been made for medical examination of students.

PRAPHULLACHANDRA COLLEGE, BAGERHAT

(Khulna.)

FIRST AFFILIATION, 1918

This College, which formerly went by the name of Bagerhat College, owes its origin to the energetic efforts of the promoters of the *Haveli Pargana Social Re-union*, an organisation for the advancement of education, sanitation and social reforms in the Pargana which includes the town of Bagerhat and its neighbourhood. It is backed by the entire Sub-division of Bagerhat and supported by a Board of Trustees numbering fifty-four, all influential and representative men of the Sub-division.

The present name of the college after its great patron Acharyya Sir Praphullachandra Ray, Kt., dates from April 28, 1933, on which a resolution in favour of the change was adopted by the Governing Body of the college in response to the unanimous wishes of the people of Bagerhat Sub-division as expressed on the occasion of the *Prafulla-Jayanti* celebrations held on the college ground on the 27th April, 1933, on the completion of the great savant's seventieth year of life.

It is situated on a healthy rural site consisting of a big maidan (over 55 bighas in extent) facing the Khulna-Bagerhat Railway line with a streamlet flowing close by. The *Bagerhat College Railway Station* is close to the college compound.

It has got an *Electric Power House* of its own, so that all the class rooms, offices and the Library are provided with electric lights and fans and the hostels and the roads within the College compound and the quarters of the Principal and the Professors living therein are provided with electric lights. There is also a park known as the *Ramnarayan Park* round the college Reserve Tank with a pavilion facing the college play-ground. It is illuminated with electric lights every evening and is traversed by a *pucca* pathway all round. The *Suk Sarobar*, the bathing tank of the College, provides an excellent swimming bath. The staff of the college has got a *Co-operative Credit Society* with the S. D. O. of Bagerhat as its *ex-officio* Chairman and the Principal as the Vice-Chairman.

It is affiliated to the following standards and in the following subjects :—

B.A. Honours—English, Sanskrit, Mathematics and History.

B.A. Pass—English, Vernacular (Bengali and Urdu), Sanskrit, Persian, Arabic, Mental and Moral Science, Political Economy and Political Philosophy, History and Mathematics.

I.A.—English, Vernacular (Bengali and Urdu), Sanskrit, Persian, Arabic, Logic, Civics, History, Mathematics, Physics and Chemistry.

I.Sc.—English, Vernacular (Bengali and Urdu), Mathematics, Chemistry and Physics.

All combinations are available except History with Mathematics and Philosophy with Economics.

It has got *pucca* Hostel accommodation for both Hindu and Muhammadan students with a block specially meant for Namasudra boarders. Seat-rent—Rs. 3 in the Jubilee and Dt. Board Hostels, Rs. 2 in the old buildings, and Re. 1-3 in the Namasudra Hostel. There is no separate charge for electric lights. Messing charges—about Rs. 8 a month. Medical aid free.

The college fee is Rs. 5-8 a month for the I.A. students not studying Physics or Chemistry and Rs. 6-8 for the B.A. and I.Sc. students and I.A. students studying Physics or Chemistry. Admission and transfer fees are equal to a month's tuition fee. Besides, students have to pay Rs. 5 every

year at the beginning of the session for sports, Common Room, College Magazine, the industrial departments and hot weather charge, and Rs. 3 more for sports alone in three instalments and Rs. 2 more for hot weather charge in two instalments of Re. 1 each during the session. There is accommodation for about 500 students in the college and some 70 students in the hostels.

There are in the college two scholarships of Rs. 5 and Rs. 4 a month, named "Haramani Biswas Scholarship" and "Chandrakanta Das Scholarship," respectively, available for two years to two of the best students of the college who after passing the I.A. or I.Sc. Examination from it join its Third-year B.A. Class. Besides there are some stipends of Rs. 2 a month available to deserving poor students and one free studentship—known as *Gunamoni Datta free studentship* available to a First-year Class student who stands first at the first periodical examination of the college. Holders of General, Divisional and District scholarships for which all students can compete as also *starred* students are admitted free.

There are in the college a Running Shield and Runners-up Cup known as the "*Chandranath Sashinath Memorial Shield and Runners-up Cup*," for which a football tournament is held on the college ground at the commencement of the college session. This is preceded by the *Inter-Class League Cup Tournament of the College* to which no team from outside is admitted,

There is a well-equipped *Gymnasium* in the college under a properly trained Physical Instructor, while facilities are provided for *water polo, hockey, cricket, badminton, volley ball and basket-ball* games in their seasons. The College Library known as the *Sorojini Ghosh Library* and *Reading Room* is open to all the students and teachers of the college. Books are issued on the card system and no money is required to be deposited for the purpose. The *Laboratory* of the college provides facilities for practical work in *Physics and Chemistry* up to the I.Sc. standard. It is open for research work too, and the *Dyeing, Weaving and Agricultural* Departments of the college are attached to it. The *Gita Class*, the *Sarkar Literary Association*, the *College Sporting Association*, the *Kumud Memorial Poor Fund*, the *Moslem Students' Association*, the *College Social Service Association* are other features of the college. The college magazine—"*Prajna*"—is ordinarily issued three times a year with interesting article in English, Bengali and Sanskrit from the Professors and students of the college.

RAJENDRA COLLEGE, FARIDPUR.

FIRST AFFILIATION, 1918.

The college, the full name of which is the Rajendra College, is situated in the best part of the town of Faridpur, the headquarters of the district of the same name in East Bengal. The ground on which it stands is open on all sides and commands a beautiful view. It was first established as a second grade college in July, 1918, and was affiliated up to the I.A. standard in English, Bengali, Sanskrit, Mathematics, Logic and History. The college was named after the late Babu Rajendrachandra Raychaudhuri, the zemindar of Baisrasi in the district of Faridpur whose public-spirited son and heir, Babu Rameschandra Raychaudhuri, at the instance of the late Babu Ambikacharan Majumdar, an all-India leader and the first President of the Governing Body of the college, by his munificent donation of Rs. 50,000 made the institution an accomplished fact. A sum of about Rs. 30,000 more was raised from the public mainly through the endeavour of the late Babu Ambikacharan Majumdar who was not only the founder but the very life and soul of the college. Babu Rameschandra Raychaudhuri made a further donation of Rs. 2,000 at the time of opening the I.Sc. Classes in 1923. Among the chief minor donors the following names may be mentioned :—

Maharaja Sir Manindrachandra Nundi, Bahadur, who paid Rs. 2,000;

Babu Prafullanath Tagore, who paid Rs. 2,500 and

Kumar Arunchandra Sinha, who paid Rs. 2,000.

The history of the college has been a history of steady expansion. It has been a first grade college since 1921.

Land for the erection of the college building and college hostels both for Hindu and Muhammadan students was obtained from the Government in permanent lease at a nominal rent. The area of the land at first was about 17 bighas. This area has been extended since 1926, so that the total area at present is 9'24 acres or about 35 bighas.

Standard of Affiliation.

Subjects taught (with combination of subjects available).

All the subjects in which the college is affiliated are taught except B.A. Honours in Mathematics and all combinations of subjects are available except History with Mathematics, Physics with any other subjects for the I.A. students and Chemistry with Civics in the I.A. course.

Rules for Admission.

Rules for admission are same as those prescribed in the University Regulations. There are no special privileges or restrictions for any class of students. The rates of fees are as follows :—

Rs. 5-8 per month for the pure I.A. students;

Rs. 6-8 per month for (1) the I.Sc. students; (2) for the I.A. students with a Science subject; (3) for the B.A. Pass students; and Rs. 7 for the B.A. Honours students.

Scholarships, Prizes, etc.

Two scholarships of the value of Rs. 10 a month are awarded by the college to those Matriculates of the First-year Class who obtain first-grade and second-grade junior scholarships; one scholarship of Rs. 10 a month is awarded to a first-grade junior scholar. Besides there are two endowed free-studentships, known as Swarnamoyee and Mahendranarayan free-studentship, established respectively by Babu Surendrakumar Dasgupta, B.L., a pleader of the District Court and by Babu Mahendranarayan Ravchaudhuri, an enlightened zemindar of Baisrasi in the district of Faridpur. Each of the gentlemen has paid Rs. 800 for the purpose. Over and above these endowed free-studentships the college itself grants four or five free-studentships to those students of the different classes who are considered deserving by reason of their poverty and merit. The free-studentships of the last class are sometimes split up into half free-studentships. There are also three other scholarships, viz., Morshed, Lytton and Ishan Scholarships.

Building and Accommodation.

The college building is two-storied, spacious and substantial, with accommodation for over 500 students. There are four big class-rooms and three small rooms in this building. The Principal's room and his office are located on one part of it. In the upper storey are located the library, the reading room and the Professors' waiting room. A few yards off there is the Laboratory of which a description is given separately. The class-rooms, the Library and the Reading Room are as well-ventilated and well-lighted as possible.

Numerical Strength.

The number of students in the different classes is given below :—

I.A. (Pure and Mixed)	275

Residence of Students.

There is a *pucca* Hindu Hostel and a *pucca* tiled Mahomedan Hostel in the college compound. The Hindu Hostel consists of three blocks or buildings with accommodation for 33 students and the Mahomedan Hostel, which consists of one block, has accommodation for 12 students. The college hostels are under the direct supervision of a Superintendent who is a Professor of the college. There is a qualified paid doctor who daily visits the Hostels and messes and renders medical aid whenever necessary. The boarders make their own arrangements for their meals. There is a sick-room attached to the college hostels. The seat-rent charged by the college in each case is given below :—

	Rs.	
Seat-rent for the Hindu Hostel	... 3	per month per head.
„ „ „ Mahomedan Hostel	... 2-8	„ „
„ „ „ New Hindu Hostel	... 1-8	„ „
„ „ „ New Mahomedan Hostel	... 1-8	„ „

Library and Reading Room.

The Library is a spacious hall in the upper storey of the main building. It measures about 50 feet in length and 24 feet in breadth. The centre of the hall is used by the students as their reading room. The Library is steadily expanding. It contains 5,040 volumes at present and it is in charge of a wholtime Librarian. Mr. S. K. Niyogi is the Librarian.

The following organisations make up the corporate life of the college : (a) a debating club of the students, which meets regularly, (b) an athletic club for games and sports. (c) a Social Service League. (d) a Student's Mutual Aid Society. The students also publish a quarterly magazine known as the Rajendra College Magazine.

Laboratory

The Laboratories are housed in a spacious building which stands very close to the main building of the College and fulfil all the requirements of the students. They are well-equipped laboratories. The lecture-gallery can accommodate about 150 students. There is one store-room for Chemistry and one for Physics. Each of the departments has got a separate preparation room and a separate practical class. There are two fume chambers, one for the lecture theatre and the other for the Chemistry practical class. Besides there is one Dark room and one Balance room. There is also a complete arrangement for the supply of gas and pipe-water. A radio set has been installed in the Physical Laboratory.

Physical Education.

The college affords liberal facilities for games and sports. There are two play-grounds attached to the college—one measuring 5 bighas and the other 2 bighas. The students play football, cricket, hockey, volley-ball, tennis, deck tennis and basket-ball. Besides there is a fenced and covered gymnasium measuring 43' x 23' where the students take parallel bar, stall-bar, dumb-bell, bar-bell, ladder-club, horizontal bars and rings, and ground exercises under the supervision of a trained graduate Physical Instructor. The weight and measurement of the students are regularly recorded in a register, and there is an arrangement for their medical examination. Mr. S. Chakravarti is the Physical Instructor.

Governing Body.

The Governing Body of the college has been reconstituted.

The names of the members are given below :—

FENI COLLEGE.

(Feni, District Noakhali.)

FIRST AFFILIATION, 1922.

Short History of its Foundation.

The Feni College was started in 1922 with affiliations up to the I.A. standard. For some years past the people of Noakhali and particularly of the Feni Sub-division have been trying to start a college with a view to removing their long-felt grievance regarding higher education. Their efforts were crowned with success even at a time when non-co-operation movement was in the fullest swing. They raised subscriptions locally to the extent of about Rs. 20,000 and the District Board of Noakhali came forward with a donation of Rs. 50,000 for construction of two magnificent hostels, one for the Hindu students and another equally big for the Mahomedan students. There is just behind the former Hindu Hostel extension, a corrugated-iron-roofed house with pucca plinth, accommodating twenty Hindu boarders. Another corrugated-iron-roofed house, where the now defunct Moslem High English School was located, accommodates about thirty Mahomedans. The Raipur family belonging to the rich Saha community of this district has let on lease a fine two-storied building for residence of forty Hindu boarders. There is an extensive playing ground prepared at an enormous expenditure of Rs. 5,000. It has already become an attractive feature of the institution and has supplied a keenly-felt want of this locality.

The college from its very inception has shown remarkably steady progress, so much so that after two years of its beginning, i.e., in 1924, the Government and the University thought its outlook was most hopeful and thus raised its status to that of a First Grade College with affiliation in all the Arts subjects including Mathematics and Honours in History. The classes are now held in a spacious two-storied building with twenty rooms—big and small, constructed at an approximate cost of Rs. 81,000. His Excellency Sir Hugh Landsdown Stephenson, K.C.I.E., C.S.I., I.C.S., the acting Governor of Bengal, visited the college on the 10th of August, 1926, and was very much impressed by the progress that the college had made in an incredibly short time and formally opened the upper storey of the main college building, which was nearing completion. His Excellency signalled his visit to the college by a capital grant of Rs. 20,000, towards the cost of extension and Rs. 5,000 out of his "Discretionary Fund" just to enable the college to wipe off its old debts. The special feature of the institution is a large percentage of Mahomedan students as compared with neighbouring colleges. Concessions and stipends are awarded to deserving but poor students according to the grant-in-aid rules. The authorities of this college are particularly grateful to His Highness the Maharaja of Tripura for the recurring grant of Rs. 50 per mensem and to Babu Chandicharan Law of Calcutta and Kumar Arun Chandra Sinha Bahadur of Paikpara, two of the premier Zamindars of this district, for their donation of Rs. 4,000 and Rs. 2,000 respectively. Lieut. Satyendrachandra Ghoshmaulik, M.Sc., B.L., another prominent landlord of this district, has paid Rs. 1,000 and Rai Pyarilal Ray chaudhury, Bahadur, Zemindar of Saistanagar, has paid Rs. 500 for the improvement of the college. Babu Chandra Kumar Chaudhury, Zemindar of Banaspara family, in the district of Noakhali, has donated a sum of Rs. 1,000 (one thousand) on condition that a nominee of this family will be entitled to a full-free concession annually in this college. Babu Haripada Guha—a local gentleman has awarded a monthly stipend of Rs. 5 to be called "Govindachandra Memorial Stipend" to a Divisional Scholar in the Matriculation Examination, that takes his admission into this college.

Standard of Affiliation.

I.A.—English, Vernacular (Bengali), Logic, History, Mathematics, Civics, Sanskrit, Arabic, Persian, Pali and Urdu.

B.A.—English, Vernacular (Bengali), Philosophy, Mathematics, Economics, Sanskrit, Arabic, Persian, Pali and Urdu and Honours in History, Arabic, English and Sanskrit.

Subjects taught.

All the subjects in which the college had got affiliation are taught. In I.A. all combinations are possible except History with Mathematics and in B.A. History with Mathematics is not allowed.

Rules for Admission.

There is no restriction for admission of students of any community provided accommodation permits.

Fee Rates.

In I.A.—Rs. 6 per mensem and in B.A.—Rs. 7 per mensem.

Building and Accommodation.

The college now possesses a two-storied building with about twenty-one rooms, big and small, in which college classes are held.

Numerical Strength in 1938-39.

Total strength on the roll is 544 only. First-year Class 171. Second-year Class 237. Third-year Class 61. Fourth-year Class 72. There is arrangement for lady students in this college.

Residence.

There are two big hostels in brick-built houses, one for 48 Hindus and another for 48 Mahomedan boarders. These are the gifts of the Noakhali District Board. Besides, there is the Hindu Hostel extension a corrugated-iron-roofed house with metalled plinth, accommodating 15 boarders; one Ramnath Mess is meant for 40 Hindu boarders. It is a fine brick-built two-storied house with pucca latrine, dining hall and kitchen. The Islamia Mess—the now defunct Moslem High School building—accommodates 23 members. There are Superintendents in residence in all these Hostels and Messes and they draw their honorarium in addition to their salary as members of the teaching staff. There are separate establishments for (Weaver) and Buddhist students.

Library.

Equipments and purchase of books for the Library have cost the authorities of this college about Rs. 25,000. The Library is located in the upper storey of the main college building. There are about 5,009 volumes in the Library. It is frequently used by the students. Card-cataloguing will be introduced soon. The Common Room attached to the Library serves as a rendezvous of students from 11 A.M. to 5 P.M. Various indoor games are encouraged there and dailies and monthlies to the extent of 23 are placed, on working days, in the Common Room for the use of the students.

Corporate Life.

There is a Literary and Debating Society attached to this college. It has frequent sittings, where attendance of all the students on the Roll is compulsory. One of the Professors of English is in charge of the same. The Feni College Magazine is a quarterly. It is a record of the activities of the college. It is edited by the Senior Professors of English Literature. There is an Economics Seminar of which the Senior Professor of Economics is the President and the Principal is the patron.

Physical Education.

A huge Gymnasium erected at a cost of Rs. 5,000 is ready for use. A fully trained Gymnastic Inspector has been taking his classes regularly. Attendance of First-year students at the Physical training class is compulsory.

Governing Body.

The Governing Body consists of 12 members of whom the District Magistrate of Noakhali is the *ex officio* President and the Sub-divisional Officer, Feni, the *ex-officio* Vice-President and the Principal, *ex-officio* Secretary. The Chairman of the Noakhali District Board is also an *ex-officio* member. There are two other members of the Governing Body, one Hindu and another Mahomedan—two representatives of the Hindu and Mahomedan guardians respectively. There are also one Hindu and another Mahomedan as two representatives of the Board of Trustees and representatives of the staff—a Mahomedan and two representatives of the General Committee—one Hindu and another Mahomedan. The Governing Body is recently reconstituted where the members of the teaching staff are represented by two of them—one Hindu and another Mahomedan.

NARASINHA DUTT COLLEGE, HOWRAH.

FIRST AFFILIATION, 1923.

History of its Foundation.

The want of a college at Howrah was for a long time keenly felt both by the people of the town and of the district. With the growing educational demands of the people, the difficulty which the students of the district had to experience in securing admission for prosecuting their studies in Calcutta colleges had been increasing from year to year. To remove their long felt want the late Rai Narasinha Dutt, Bahadur, resolved, so far back as 1908, to establish a Second Grade College at Howrah, but before any definite step could be taken in that direction the Rai Bahadur fell ill and breathed his last.

Babu Suranjan Dutt, the son of the late Rai Bahadur, was the sole trustee for premises No. 129, Belilios Road, Howrah, which consisted of about 100 bighas of land and a palatial building, formerly the residence of the late Mr. I. R. Belilios with several out-houses. With a view to a park being laid out in the said premises he transferred the management of the same to the Municipal Commissioners of Howrah.

In 1922, Babu Suranjan Dutt, in order to give effect to the pious wishes of his father, the late Rai Narasinha Dutt, Bahadur, and to perpetuate his memory, formed a provisional Committee of which he agreed to act as Secretary and applied to and got sanction of the University in 1923, to locate a Second Grade College called the "Narasinha Dutt College" in the aforesaid mansion for teaching English, Vernacular, Mathematics, History, Logic and Sanskrit, giving a guarantee to maintain the college out of his own money if there would be any deficit. He personally supplied the whole of the money for the purchase of furniture and books for the Library. Since 1932 the college has obtained affiliation in Civics to the I.A. standard and classes have been opened forthwith.

It was found that there was a general tendency in towns towards learning Science and Babu Suranjan Dutt, the founder of the college, lost no time in getting the college affiliated in addition in Physics, Chemistry and Botany to the Intermediate Science standard, in 1924, and supplied the entire fund for the equipment of the different laboratories and for lecture apparatus from his own pocket.

The members of the Park Committee, of which he was during his lifetime one, have been pleased to let out the said mansion with out-houses and a portion of the garden to the college on a nominal rent.

He was also the sole Trustee with regard to 223, Belilios Road, Howrah. He set apart a portion of the income of the said premises towards the maintenance of the college. The Commissioners of the Howrah Municipality have been very kindly helping this institution since its foundation with a monthly grant of Rs. 300 towards its maintenance. It is expected that they will continue the help.

The special features of the College are that the Chemical Laboratory and the Common Room have been located in separate buildings in the Park. It has a football ground of its own and a rowing club has been started. The gymnasium which is a covered one is well stocked with appliances for physical exercise and the College athletic club has made provision for various outdoor games. It has an association for the advancement of Science called the "Scientific Association, Narasinha Dutt College." The Common Room is well provided with magazines and newspapers, both English and Indian and appliances for indoor games.

The noticeable feature is that Srimati Kamala Dutt, the widow of the late Babu Suranjan Dutt, has recently supplied the University with funds for the establishment of a scholarship tenable in this college.

The college has well-equipped laboratories fitted with up-to-date gas and electric appliances. The Library is available to the students without any deposit or fee. Scholarship-holders and deserving students up to 10 per cent. are granted half-free studentships. Recipients of Government scholarships are granted free-studentships and other special privileges in case of exceptional merit. Two scholarships of the value of Rs. 7 and 5 per month respectively have been provided out of college funds. Besides, several stipends are granted to poor and deserving students. The hostel has been located in a fine two-storied building within a minute's walk from the college and is under the supervision of a member of the teaching staff residing therein. The residents of the hostel get free medical help and no seat-rent is charged. They are provided with utensils and furniture free of cost. They may use the college gymnasium.

ST. EDMUND'S COLLEGE, SHILLONG

FIRST AFFILIATION, 1924.

St. Edmund's College was founded by Sir Archdale Earle, Commissioner of Assam, and was opened in 1916 with a roll of 39 boys. The present roll number is 250. The institute is designed for the education of youths according to the principles and doctrine of the Catholic Church.

Up to 1924 the college had confined its attention to the Cambridge Senior and Higher Local Examinations. During those eight years and, indeed, up to the present day most of the candidates presented for the Cambridge Examinations were successful.

Commencing with the year 1936-37, the college has been affiliated up to B.A. and B.T. standards. A large block of buildings has been constructed and provision has been made for Library, up-to-date class rooms, professors' and students' common rooms and a hostel for Christian students. A large Physics' Laboratory has been erected but, for the present, practical work in both Chemistry and Physics is carried on in the older laboratories.

For the first time students were presented for the B.T. Examination in 1937. Two distinctions were obtained in Practice of Teaching and a substantial majority passed the Examination.

In 1938, nine candidates passed the B.T. Examination in First Division one of whom secured second place in the University and another obtained a Distinction. Thirty-one students passed in the Second Division.

Of the twelve candidates presented for B.A. Examination, 1938, all passed, four with Honours, and one student secured Second place in the University in Honours' English.

81% passed the Intermediate Examinations, 1938. The College has been affiliated in Logic up to I.A. standard and application for affiliation up to B.Sc. pass standard in Mathematics, Physics, Chemistry and Botany has been made.

The library is being enlarged year by year, special facilities have been provided for B.A. Honours English and for the B.T. course. Large playing fields are in course of preparation and students are provided with opportunities of practising all out-door games.

ST. JOSEPH'S COLLEGE, CALCUTTA

FIRST AFFILIATION, 1924

Short History of its Foundation.

This college is one of the oldest educational institutions in the city. It was established about 82 years ago, and was then known as St. Xavier's Day School. In 1871 the name of the establishment was changed to St. Joseph's Boarding and Day School. An Entrance Class for the Calcutta University was taught for a short time, but it was closed in 1882. Thereafter the curriculum followed was that of the Seven Standards of the European Code. With the advent of the Irish Christian Brothers, the building of the new St. Joseph's School was commenced. A magnificent three-storied building, with electric installation for lights and fans and all other necessary internal arrangements, was completed in 1895.

In 1890 the Irish Christian Brothers reopened the Entrance Class and the institution was affiliated to the Calcutta University. For the six years they continued presenting boys for this examination, they achieved remarkable results.

In 1894 they opened a High School Class under the European Code, which eventually superseded the Entrance Examination; and in this they were equally successful.

Within the last few years several important additions have been made. These are (1) a well furnished Art Hall, (2) an up-to-date Laboratory, (3) a well-equipped Geographical Hall, and (4) an efficient workshop (Manual Hall) for wood and metal work.

Subjects in which affiliated.

ISLAMIA COLLEGE

(8, Wellesley Street, Calcutta.)

FIRST AFFILIATION, 1926.

In 1881 the Government of Bengal had under consideration the establishment of a Second Grade College to provide the Moslem community with facilities for obtaining a liberal education. In 1884, F.A. Classes were started in the Madrassah, but from July, 1888, the department was amalgamated with Presidency College for teaching purposes, the students attending the lectures there. Renewed efforts to open Arts Classes were made, but until 1923 plans did not materialise chiefly owing to lack of funds. In that year the proposal was placed before the Legislative Council and money sanctioned for the erection of an Arts College. The foundation stone of the building was laid by His Excellency Lord Lytton, the Governor of Bengal, on 9th December, 1924, and the construction of the building completed in June, 1926. It was formally open for the admission of students on 2nd July, 1926. The institution is under the direct control of the Director of Public Instruction, Bengal.

The college is affiliated to the I.A. and I.Sc. standards in the following subjects—

I.A.	I.Sc.
History.	Chemistry.
Logic.	Physics.
Mathematics.	Mathematics.
Arabic.	Geography.
Persian.	
Elements of Civics	
Commercial Geography.	
Commercial Arithmetic and	
Book-keeping.	
Geography.	

English and Vernacular (Urdu or Bengali) are compulsory in both Arts and Science Classes.

The college is affiliated up to B.A. standard in the following subjects :—

B.A.

(With Pass and Honours)

English.	Mathematics.
History.	Arabic.
Political Economy.	Persian.
Philosophy.	
Vernacular (Urdu or Bengali) is compulsory.	

Accommodation.

The College is open to Moslem students only. The maximum number of students is 400, distributed as follows :—

1st and 2nd Year Arts	... 85 in each.
1st and 2nd Year Science	... 40 in each.
3rd and 4th Year Arts	... 75 in each.

Fees.

The rates of tuition fees are Rs. 6 for I.A., Rs. 7 for I.Sc., and Rs. 8 for B.A.

The admission and transfer fees equal a months' tuition fee. In addition, the fee for the Athletic Club is Rs. 4, for the College Union and Magazine Rs. 2-8, for the Common Room 8 annas a year. There is also an examination fee of Re. 1. All students have to pay a deposit of Rs. 5 for the use of the Library and science students pay a Laboratory deposit of Rs. 10.

Free studentship and stipends.

A considerable number of free and half-free studentships are granted by the Governing Body every year. The College also awards twenty Mohsin Stipends of Rs. 7 each and stipends are given to poor students from the College Duty Fund.

Library.

The Library includes about 8,000 books, and some manuscripts in Arabic, Persian and Urdu, arranged on the Dewey system. There is ample reading accommodation in the Library.

Games.

The College has its own playground at Park Circus. There are facilities for all the major games and for many small-area games as well as for swimming and water sports. There is a trained Physical Instructor and physical exercise is compulsory for 1st year students.

Miscellaneous.

The College Union, which has an elected Cabinet, arranges regular debates, meetings and socials and plays an important part in College life. There is a well-equipped Common Room. A Magazine is issued twice a year. The College also supplies a platoon to the University Training Corps.

Hostel.

There is room for about 140 Islamia College students in the Baker Hostel, which is under the control of the Principal and a member of the staff who acts as Superintendent. Nearly all the rooms are single-seated cubicles. A considerable number of free seats are given each year. The rent varies from Rs. 4-2 to Rs. 4-11 per month and there is an admission fee of Rs. 4. The Hostel is situated near the College. A medical officer is attached to the Hostel.

The percentage of passes of students of the college in the various University Examinations is as follows :—

1937-38.

PRABHATKUMAR COLLEGE, CONTAI

(Contai P.O., Dist. Midnapur.)

FIRST AFFILIATION, 1926.

History of its Foundation.

The growing needs for higher education amongst the people and the increased educational expenses at Calcutta or elsewhere coupled with the pernicious evil effects of the din and bustle and plaguy atmosphere of the big towns specially during recent years made the people of Contai conscious of the situation and they thought of removing the want of a college under their own supervision and at their own place which is at once healthy and cheap. This idea of a college at the very doors of the people originated in their minds as early as 1919 and a Committee with the then Sub-divisional Officer as President was formed to raise subscriptions from the public which were promised to the extent of more than a lac of rupees and partly realised too. But the scheme had ultimately to be dropped owing to the political troubles in the country at that time. In 1926, however, Mr. Biswambhar Dinda, a benevolent Zamindar of the locality, came forward with a promise of a princely donation of Rs. 50,000 to make the scheme of a college at Contai an accomplished fact. A provisional Governing Body with Mr. A. F. M. Rahman, I.C.S., the then Sub-divisional Officer, as President, Mr. Dinda himself as Secretary, Mr. Bishnupada Chatterjee, as Assistant Secretary and Treasurer, and Mr. Bipinbehari Sasmal and others as members was formed. The organisers got the support of Mr. Gangadhar Nanda, another benevolent Zamindar, who readily paid his munificent gift of Rs. 10,000 and also obtained promise of subscriptions to the extent of Rs. 20,000 from other substantial gentlemen of the Sub-division. Special mention may be made in this connection of the subscribers, Basudebpur Wards' Estate, and Chaudhury Jadobendranandan Dasmahapatra, B.A., who have paid up their quota of Rs. 1,000 each. Besides this pecuniary help they secured in no time a plot of land, a little over an acre, as gift from Mohanta Badrinarayan Das.

The Governing Body accepted the donation of Mr. Biswambhar Dinda on twofold express conditions, viz., (a) the college should be named after his late lamented only son, Master Prabhatkumar Dinda, who died while a student studying for the B.A. degree, and (b) there should be two members of his family on the Governing Body (*vide* constitution of the Governing Body). The college was accordingly named the Contai Prabhatkumar College, and formally opened by Mr. R. N. Reid, I.C.S., the then Collector of Midnapur, on the 15th July, 1926.

It is with much regret noted that Mr. Biswambhar Dinda, the founder of the college, met a lamentable death at Calcutta on the 5th day of May, 1937 whose generosity and substantial donations brought into existence of and supplied sustenance to, this infant institution. Mr. Dinda paid about Rs. 43,000 as donation and advance, and Rs. 1,700 as interest on the unpaid balance of his promised donations. Besides, he has bequeathed a large estate for the benefit of the college provided the institution is raised to the status of a first grade college.

The college has a Reserve Fund of Rs. 30,000 (rupees thirty thousand) placed in trust with the University of Calcutta and invested in 3½ per cent. G. P. Notes (*vide* Registrar's letter No. A. 1225, dated the 14th March, 1939).

Scholarships and Free-Studentships, etc.

- (1) Government scholarship-holders are usually admitted free.
- (2) Free-studentships and stipends are given to deserving students.
- (3) Students are also helped from the College Poor Fund.

Building and Accommodation.

The college was for a little over 9 years housed in some of the buildings belonging to the Contai High School authorities who lent them on a monthly rental of Rs. 20 for the use of the college. To permanently locate the college outside the din and bustle of the town, the organisers of the institution obtained as gift a plot of land measuring about an acre as stated before. Three acres more were gradually added to this by purchase. The local Government was later on moved to acquire for the college about 11 acres of land inclusive of the four acres mentioned above. Besides this, 5.66 acres of land with a commodious one-storied building and an outhouse were purchased in May, 1934, at a very modest price of Rs. 3,500 from the American Baptist Bengal-Orissa Mission.

This building could not, however, be utilised forthwith for college classes as it was previously taken over by Government on a temporary lease for the occupation of the Military detachment stationed at Contai. It was,

however, made over to the college authorities towards the end of July, 1935, and the college was shifted there on the 26th August following. This building consisting of 3 rooms and three verandahs and the outhouse cannot obviously meet all the requirements of the college. It has, however, formed a nucleus of the college building; and the hostel building, quarters for the staff, etc., may be erected on the acquired land which is close to the Mission land. When erected the college indeed possess a very beautiful site situated in the midst of the sand hill characteristic of the Sub-division. The sea is only 5 miles off from the town and the sea breeze which is no doubt very pleasant and healthy is available throughout the greater part of the year.

Residence of Students.

There was so long a rented building for the accommodation of resident students. A fine one-storied building with a foundation strong enough for the upper story was built in 1936 at a cost of about Rs. 9,000 to provide accommodation for 16 boarders. It is situated very close to the college on an open field endowed abundantly with nature's treasures. This has indeed removed one of the crying needs of the college. It is under the supervision of a resident Superintendent. The seat-rent is fixed at Rs. 2 per month.

Rules of the Mess.

1. The mess is meant for the students and staff of the college.
2. The boarders will have to pay Rs. 2 as admission fee and the actual cost of messing in each month, for which each boarder shall have to advance Rs. 10 in two equal instalments on the 1st and 15th of every month.
3. They shall have to provide themselves with their own bedding, utensils for the kitchen such as plates, cups, tumblers, etc.

Medical Aid.

The boarders are given free medical attendance.

Scale of Charges.

There is no fixed charge payable to the mess. It is run on the mess system—only actual cost is charged from the boarders. The monthly cost does not exceed Rs. 8-0-0.

Articles of food are comparatively cheap and are available in abundance.

Library and Common Room.

The College Library with a little over 2,225 copies of books only is no doubt in its very infancy and admits of development in every branch of it. There are, however, valuable collections such as Oxford New English

Dictionary, Encyclopaedia Britannica (13th edition), etc. Students are allowed to borrow books from the Library free of any charge.

There is a Common Room for students which is provided with some dailies and periodicals. Re. 1 only is charged from each student as Common Room fee for the whole year.

Corporate Life.

The following institutions have been started to ensure a closer association of the staff and students and to promote the growth of the physical and intellectual sides of the corporate life amongst the students of the college :—

- (1) The Athletic Club.
- (2) The Debating Club.
- (3) The Annual Saradiya Sammilani.
- (4) The Poor Fund.

The students are also encouraged, whenever necessary, to undertake works conducive to the relief of the suffering humanity.

Physical Education.

There is an Athletic Club usually under the supervision of a Professor. The club ordinarily organises football, badminton, volley-ball and some indigenous games. For this purpose a play-ground measuring 400' × 200' was laid out on the college site. It being out of order another play-ground just to the west of the Hostel Building is being laid out.

For the indoor exercise there is a suitable gymnasium provided with Indian clubs, dumb-bells, chest weight apparatus, etc., and physical exercise is compulsory for those who do not take part in sports.

There is an arrangement for physical examination of the students once a year and the reports of such examination are forwarded to guardians for their information.

DUPLÉIX COLLEGE, CHANDERNAGORE

(Section d'Etudes Supérieures Franco-Anglaises.)

FIRST AFFILIATION, 1931.

History of its Foundation.

College Duplex formerly known as "St. Mary's Institution," was founded in the year 1862. It obtained the privilege of sending up candidates to the F.A. Examination of the Calcutta University in 1891. The First Arts classes functioned up to the year 1908 when they were abolished by the French Administration. The Intermediate classes in Arts and Science were reopened in July, 1931, after being duly affiliated by the Senate of the Calcutta University.

The college is affiliated up to I.A. and I.Sc. standards in History, Logic, Civics, Sanskrit, French, Mathematics, Chemistry and Physics. Any combination except Physics without Mathematics, Mathematics with History and Chemistry with Logic is allowed.

Fees.

Tuition fee for I.A. is Rs. 6 and for I.Sc. Rs. 7. No admission fee is charged. At the time of admission (cases of late admission excepted) a student will have to pay one month's tuition fee only that is for July and not for June. Games fee Re. 1 per session. Common Room fee Re. 1 per session. The college building is fitted with electric light and fans for which no fee is charged from students.

Numerical Strength.

There are 187 students. The number of seats for Science students is limited.

Library.

There are about 2,200 books in the Library. The students are allowed to use the library every day. The College authorities have already received as gifts from a generous public a full set of the Encyclopaedia Britannica and some excellent collections of English and Sanskrit books and historical works.

Common Room.

There is a spacious Common Room furnished with benches and tables.

The following magazines and papers are subscribed to :—

1. *The Calcutta Review*, 2. *The Modern Review*, 3. *The Indian Review*, 4. *The Scientific American*, 5. *Industry*, 6. *Prabasi*, 7. *Bichitra*, 8. *Bangasri*, 9. *Bharatvarsha*, 10. *Parichaya*, 11. *Prakriti*, 12. *Desh*, 13. *The Statesman*, 14. *The Amrita Bazar Patrika*.

Laboratories.

They are fully equipped with the apparatus prescribed by the Calcutta University.

Residence.

Almost all the students are local. The few who come from outside put up at their guardians, and therefore there is no residential arrangement at present, but a proposal for the setting up of a hostel attached to the college is under consideration for the benefit of the outsiders.

Games.

There is a Football field of maximum area which offers ample facilities for games. A Professor is entrusted with the organisation of games. Every student is charged a game fee of Re. 1 per session.

College Union, etc.

There is a college union which has organised a Debating Club.

The college has been placed under the strict and regular supervision of the Government Medical Officer commissioned for the station.

JORHAT COLLEGE, ASSAM

FIRST AFFILIATION, 1931.

Short History of its Foundation.

The initiation of the college was made possible by the munificent gift of a commodious building and site measuring 15 bighas by Mr. Muralidhar Barooah B.A., one of the leading Planters of Upper Assam. The property is valued at Rupees one lakh and fifteen thousand.

A second grade college at Jorhat had long been a hope of the educated people, and the quick realisation of the project was due to the munificence of Mr. Barooah and the willingness of some local M.A.'s to serve the college, without any remuneration in the initial stages. Mr. K. K. Haudiqui, M.A. (Cal. and Oxon.), who belongs to the Planting community, accepted the office of the Principal. It is noteworthy that the college is the only private institution of the kind in the Assam Valley. It will be henceforth known as Jagaunath Barooah College.

Standard of Affiliation.

The college is affiliated in English, Assamese, Civics, French, Commercial Geography, History, Logic, Mathematics and Sanskrit up to the I.A. standard. and in English, Assamese, Sanskrit, Philosophy, History and Economics up to the B.A. standard. B.A. Classes will be started from July, 1939.

The present number of students in the Intermediate Classes is 176. Tuition fees Rs. 6. Common Room fees Rs. 2. Game fees Rs. 2. Transfer fees Rs. 6.

The College Library is making good progress, there being an annual allotment of Rs. 500 for the purchase of books. The number of journals provided in the Common Room is 21.

The college building which has recently been extended is situated in the best quarter of the town in an extensive compound. The building has a large portico and well-protected verandahs suitable for holding small classes. A spacious new building has been constructed for the proposed B.A. classes.

The Municipality has provided a large playing field while the ample space in front of the college building is utilised for tennis, volley-ball, etc.

There is a Hostel attached to the college, providing accommodation for 36 students. It is a newly built *pucca* building in the college compound. Mess dues including establishment charges do not exceed Rs. 10-8 per month. The hostel is regularly visited by Mr. Jatindraram Khauad, B.Sc., M.B., who is the medical officer.

There is a College Union with a musical section.

THE VICTORIA INSTITUTION

(78, UPPER CIRCULAR ROAD, CALCUTTA.)

First Affiliation, 18th July, 1932.

The Victoria Institution was founded on the 1st of February, 1871, by the late Brahmanand Keshubchandra Sen under the auspices of the Indian Reform Association of which he was the President. The aim of the founder was to organize "a scheme of education specially adapted to the requirements of the female mind and calculated to fit woman for her position in Society." With the rapid spread of girls' education in Bengal from the beginning of the 20th Century the roll-strength of the Institution increased apace; and so successful and attractive was the education imparted here that there soon grew up an urgent demand for facilities and provision of their higher education. To meet such demand it was decided in July, 1932, to attach a College Section to the existing Institution. Affiliation up to the Intermediate standard of the University was applied for and granted. In July, 1935, further expansion was found necessary and the college was elevated to the status of a First-grade College and its affiliation to the University was extended to the B.A. standard. Modest young women find here opportunities for self-expression which would perhaps be less available to them in crowded co-educational associations with men students. The object of the Institution has been not only to qualify young women for University honours but also to provide an all-round general education of body and mind and to develop a womanhood that is healthy, disciplined and cultured, ready and even eager to take its share of moral and social obligations of the community.

Conveyance.

Proper arrangements for conveyance of Day Scholars to and from the college by motor buses have been made. The bus fee for Calcutta proper is Rs. 4 and for Ballygunge, Tollygunge and Bhowanipur areas, Rs. 6 per month.

Building and accommodation.

The college is situated at 78-B, Upper Circular Road. A two-storied Building has been constructed for the college with accommodation for 250 students and classes are being held in it since January, 1937. The halls and class rooms of the college building as well as the Library, the Laboratory and the Common Rooms are all well-lit, well-ventilated and spacious.

Residence of Students.

The Hostel is situated within the college compound and is under the strict supervision of the Lady Principal and the Lady Resident Superintendent. Since January, 1938, an additional building has been rented for giving further accommodation to boarders.

There is a visiting Medical Officer and the boarders get free medical attendance. In case of serious illness Dr. B. C. Roy very kindly makes his services available free of charge.

Boarders are given facilities for playing outdoor games in the spacious playgrounds attached to the Hostel.

The Hostel fee is Rs. 15 per month for which 5 meals including tiffin are supplied every day. No separate seat-rent is charged.

Hostel Admission fee is Rs. 5. Hostel caution money is Rs. 30 which is repayable less any sums due to the college or Hostel at the end of the session.

Library and Common Room.

There is a good Library for the use of the students and the staff. The issue of books is subject to the Library rules.

The Common Room is well provided with periodicals (both English and Bengali) and is used by the students during their leisure periods.

Laboratory.

The only science subject now taught is Botany up to B.A. standard and the college has a splendid Botanical Laboratory well-equipped and stocked with up-to-date apparatus.

Tutorials and Examinations.

An important feature of the institution is the regular tutorial work in all the subjects. Examinations are held in rotation in all subjects once a month. Half-yearly and annual examinations for the First and Third-year Classes are held in December and April. Test examinations are held in December when students are selected and sent up for the University Examinations.

All answer-papers are corrected, assessed and returned to the students after recording the marks allotted to them in a book kept for the purpose. Special care is taken that each student may get individual attention from the teachers.

Corporate Life.

Great care is taken to stimulate the corporate life of the institution through varied activities of the students. There is a College Union which has its Debating, Literary, Magazine, Sporting and Social Sections and a fuller life has been made possible for the students because of these activities.

The Principal is the President of the College Union and each section has a member of the teaching staff as its permanent President.

Physical Education.

Adequate arrangements are made for Physical Education on recognised lines. The college has its own play-grounds where students play badminton, tennis, basket-ball, volley-ball and tenni-quoit.

GURUCHARAN COLLEGE, SILCHAR (ASSAM)

FIRST AFFILIATION—JULY 1935

History of the College.

1. Although the increasing demand for Higher Education in the District of Cachar and the want of a college at Silchar had long been agitating the public mind it was not until Srimati Kiransasi Nag, a Hindu widow, announced a donation of Rs. 10,000 (Rupees Ten thousand) last year that public opinion began to crystallise in favour of a college. It is only fitting to acknowledge that Srijiut Bisnu C. De, B.A., a member of the Governing Body of the college, worked ceaselessly to shape local opinion to that end. And it was also principally due to his efforts that the interest of the benavolent lady was evoked in the scheme for a college at Silchar, to be named after her husband, the late Babu Gurucharan Nag in perpetuation of his memory.

2. The question of a suitable site and ready-made building in a town like Silchar constituted a grave problem. But the generous offer of Srijiut Pramod M. Datta of Lakhai, Sylhet, the owner of a magnificent riverside bungalow, one of the biggest of its kind in this part of the country, to part with it for a nominal price for the purpose of the college, provided a ready solution of the problem. It is gratifying to note in this connection that the whole process of affiliation despite great anxiety and difficulty in its various stages did not involve even a year's time—a remarkable tribute to the unrelenting efforts on the part of the promoters of the college.

3. The quick realization of such an ambitious scheme is in no small measure due also to the willing co-operation of a few distinguished scholars of the town who volunteered their services to the college without any remuneration and have actually undertaken lecture-work in different subjects at considerable inconvenience to themselves. The teaching staff of the college has been further reinforced by fresh appointments and the college has now its full complement of teachers of recognised merit. Mr. A. K. Chanda, Barrister-at-Law, M.L.A. (Assam), has accepted the Principalship of the college in an honorary capacity.

4. The popularity that the college achieved in the very first year of its existence is being more than maintained which naturally raises great expectations about its future expansion.

5. Government have been pleased to grant the college an annual aid in appreciation of the commendable selfhelp shown by this institution and particularly its endeavour to foster the growth of female education by opening a girls' section in the college.

Standard of Affiliation.

6. The college is affiliated up to the Intermediate Arts standard in the following subjects :—

(A) Compulsory—

(I) English, (II) Bengali.

(B) Optional—

(I) San-krit, (II) Persian, (III) History, (IV) Logic, (V) Civics and (VI) Mathematics.

Subjects taught.

7. Instruction is regularly given in the subjects in which there is affiliation. All possible combinations of optional subjects are allowed except that students may not take up History with Mathematics.

Rules for Admission.

1. Application for admission is to be made personally on printed forms, to be had at the college office, free of charge.

Women are also eligible for admission.

Rates of fees are as follows :—

			Rs.
2. Admission fee	6
Monthly Tuition fee	6
Transfer fee	6
Game fee (Annual)	2
Library fee	2
Common Room fee	2

Scholarships, Free-Studentships, etc.

3. Free-studentships and half-free studentships are awarded to a limited number of poor and meritorious students on the results of an examination, held soon after admission is closed.

The Director of Public Instruction has been pleased to make Government scholarships tenable in the college.

A Poor Fund has also been opened to render help in deserving cases.

Building and Accommodation.

4. The college bungalow is an imposing structure, standing on extensive grounds of its own covering an area of 15 bighas or thereabout. It is situated in the midst of picturesque sylvan surroundings on a magnificent curve of the River Barak, on the opposite bank of Silchar and commands a splendid view of the Government High School, the Kutcherri compound and the water-works among the prominent landmarks of the town. It stands away from the congestion and distractions of town-life and yet it is easy of access. There is a regular ferry service and a motor has been fitted to a marboat by the les-see of the ferry ghat. This has greatly facilitated the crossing, particularly in the rainy season.

There were large halls, in the college bungalow with a covered portico and a verandah of ample proportions. There is no dearth of air or light. A gentle breeze from the river rendered artificial cooling arrangements a superfluity.

The accommodation is not only adequate for existing needs but will in all probability be able to cope with the requirements of the future expansion of the college.

Unfortunately severe erosion of the river has rendered the removal of the college to a site of greater security, an absolute necessity, the college has invested in a beautiful "Tilla on the outskirts of the town and arrangements for the construction of a new building are well in hand.

Numerical Strength.

5. There are 185 students on the rolls of the college of whom girls number 12. Under the present arrangement, boys and girls are receiving instruction together.

Residence.

6. As most of the students are local, residential arrangements have not been called for yet. The few that have come from outside have been permitted to take up residence with approved guardians, under the supervision of the Instructive Staff.

Result of University Examination.

1. In February, 1937, the college sent up its first contingent of 44 students for the Intermediate Examination in Arts. Approximately 65 per cent. came out successful, in the First Division and Sixteen in the Second. The student who topped the list from this college stood first among successful students from Private Colleges in the Province. In February, 1938, the percentage of pass rose to 81 per cent. the number of students sent up being 47. In February last, 81 students went up for the final Examination.

Library and Common Room

2. There is a well-equipped Library with a Reading-room attached to it. Presentations are being received and new books invested in from time to time. It is earnestly hoped that the college will ere long possess a high-class library. Particular attention is being paid to the choice of books in different subjects. The Cachar Native Joint-Stock Company have kindly announced another donation of Rs. 2,000 (Rupees Two Thousand) for the expansion of the Library.

3. The students' common room has been quite adequately furnished. As it is very much in demand, efforts are being made to render it an attractive feature of the college. It is kept well-provided with a variety of indoor games as also interesting and instructive periodicals "Punch," "New Statesman and Nation," "Listener," "Health," "Orient," "Overseas," "Amrita Bazar Patrika," "Modern Student," "Sri Harsa," "Calcutta Review," "Viswa-Bharati Quarterly," "Modern Review," "Prabashi," "Bharatbarsha," "Muezzin," and a few more daily and weekly journals, both Bengali and English, are regularly placed on the Reading Tables.

Corporate Life.

4. "Mejliss" is the name of the College Union around which may grow up the corporate life of the college. Its main object is to foster a spirit of fellowship and good-will between the teachers and the taught and among the students themselves. It aims at enlarging the outlook of the students by initiating discussions on literary, social and other matters of common interest.

"Mejliss" controls the various branches of student activities in the college, such as the Debating Club, Reading Club, Dramatic Club, Swimming Club, Athletic Club, etc. Social gatherings are also held from time to time under the auspices of the "Mejliss." A particularly gratifying feature of the corporate life of the college is that students always receive the active co-operation of their teachers in all their wholesome activities.

Physical Education.

5. The Municipal Board have provided a large play-ground which is utilized for football, basket-ball, etc. There is ample space in the college compound for such games as tennis, badminton, volley ball, etc.

The nucleus of gymnasium has also been formed. The Director of Public Instruction has been pleased to permit the Physical Instructor of the Normal School to supervise the physical instruction of the students of the college. The college possesses a rowing boat. The river affords ample facilities for rowing, swimming and other aquatic sports.

A Medical Board consisting of four M.B.'s undertake the medical examination of those connected with the college and offer free medical advice whenever needed.

Miscellaneous.

6. Muhammadan students are afforded facilities for attending Jumma prayers. Moral instruction is imparted to others when Muhammadans are at prayer.

1. The college arranges for Extension Lectures by distinguished visitors to town and also eminent persons of the locality.
2. Arrangements have been made for an Ambulance Class conducted by a medical Graduate.

ST. ANTHONY'S COLLEGE.

(Don Bosco Square, Shillong.)

FIRST AFFILIATION, 1935.

Short History of its Foundation.

St. Anthony's College was founded and inaugurated in the year 1911 with the object of providing the youth of Assam with a sound mental, moral and physical education. It was then designated as a Middle English School, recognised by the University of Calcutta, on the 19th June, 1931 and affiliated up to the I.A. standard on the 8th July, 1935. A college had been a long-felt need in the beautiful town of Shillong, important not only as the head-quarters of a province but also as a sanatorium for the eastern part of India. It was therefore, with a view to placing the benefits of collegiate education within easy reach of all classes and communities, that the Salesian Fathers of Don Bosco started the St. Anthony's College which is situated in a healthy locality at Laitumkhrak, with well-built, well-ventilated buildings and spacious compounds.

SALESIAN COLLEGE, SONADA
(D. H. Ry).

FIRST AFFILIATION 1935.

Short History of its Foundation.

The college was founded by the Salesian Order in 1925 for the training of Ecclesiastical Students both from India and from Europe who will dedicate their lives to Educational Work in India. Along with educational training and Ecclesiastical Instruction the students have been through a course of Liberal studies and some have taken degrees of the Calcutta University. On due consideration it was deemed advisable to apply for affiliation up to the I.A. standard for the time being, so that more of the students might take Indian degrees.

Building and Accommodation.

The fine building which housed the college till April 10, 1936, was destroyed by fire on that date. After a year's stay at 'Woodcot,' Tung (D. H. Ry), the College was transferred to the Convent of Bandel Church (Hooghly P.O.). Finally in April, 1938 the Salesian College settled definitively at Sonada (D. H. Ry.).

Numerical Strength.

1st-year Intermediate Arts—6. 2nd-year Intermediate Arts—12.

Residence.

All the students reside in the college. The Principal and the Teaching Staff are accommodated in the college itself throughout the year.

Library.

Every effort is directed towards re-organizing a new modern library to replace the one lately destroyed by fire. The Governing Body intends to bring it up to the former standard at least, in a short time. The work of re-organization is going on apace and the part already reconstructed is at the complete disposal of the students. About 5,000 books have been procured during 1937. A new consignment of about 3,000 books is expected this year from Europe.

Corporate Life.

The Academy of Mary Immaculate meets every Sunday. Lectures are delivered and discussions take place on subjects of general interest, especially Religions, History, Economics, Special Problems, etc.

There is also an efficient Dramatic Society, a Choir and a Brass-Band.

Physical Education.

Physical Education is taught both in theory and practice. Games are played regularly by all the students. Volley-ball, basket-ball and foot-ball are usually played.

ST. PAUL'S COLLEGE, DARJEELING.

(Jalapahar, Darjeeling.)

FIRST AFFILIATION, 1936.

Short History of its Foundation.

This school was founded in Calcutta in the year 1845, for European and Anglo-Indian boys. It is therefore one of the oldest schools of its type in India. In 1853 it was transferred by Bishop Cotton to Darjeeling, since when its history has been one of steady growth and progress.

Standard of Affiliation.

I.A.

Subjects in which affiliated—1. English, 2. Alternative English, 3. Latin, 4. History, 5. Mathematics, 6. Chemistry and 7. Geography.

I.Sc.

Subjects in which affiliated—1. English, 2. Alternative English, 3. Mathematics, 4. Chemistry, 5. Physics and 6. Geography.

Subjects Taught.

At present only one-year I.Sc. Course is provided for those boys who have already passed their Cambridge School Certificate examinations. All possible combinations are allowed except Physics without Mathematics.

Rules for Admission.

Boys are admitted after passing their School Certificate examination. The percentage of Indians in the school is limited to 25 per cent. The boarding Tuition Fee for college students is Rs. 80 per mensem. This includes the cost of text-books, stationery, apparatus, etc. Concessions of Rs. 10 per mensem are allowed in the case of Brothers.

Bursaries, Prizes, etc.

A few stipends are awarded to meritorious students needing assistance. Form Prizes are awarded annually on the results of the year's work. Other prizes competed for, and awarded, annually are as follows:—the "Moore Classics and Divinity Prize;" the "Tower History Prize;" the "Majumdar Science Prize;" the "Anil Chaudhuri Drawing Prize;" the "Clarke Geography Prize;" and the Gregory Mathematics Prize."

Building and Accommodation.

The school is situated at a higher altitude than any other European school or college in the world. Part of the compound is over 7,600 ft. above sea-level. The stone buildings, with their beautiful lawns and cloisters, and the extensive playing fields comprise something like 40 acres. "The view," writes Sir Joseph Hooker, "is one quite unparalleled for the scenery it embraces, com-

manding, confessedly, the grandest known landscape of snowy mountains in the Himalayas, and hence in the world." "The school stands about 1,000 ft. above Darjeeling, and to the south of it. The college classes are held in the Central Building, in which are also situated the Science and Geography Laboratories, the Library, the Reading Room, and the Rector's Office.

Numerical Strength.

1936—I.A. Classes—Nil. 1937—I.A.—Nil. 1938—I.A.—Nil.
I.Sc. Classes—5. I.Sc.—7. I.Sc.—4.

Residence.

All the students are resident. The college boys live in a dormitory under the care of the Professor of Geography. The dietary is approved by the Civil Surgeon, and managed by a specially appointed steward under the supervision of the Rector. English Matrons look after the domestic needs of the students.

Medical attention is free, and when sick boys go to the School Hospital, where they are attended by a trained nurse under the direct supervision of the Civil Surgeon, who is the Medical Officer to the school.

Library and Common Room.

The college students have free access to the School Library, which contains a fair selection of useful books and an abundant supply of novels, newspapers, periodicals and magazines. This Library is also used by the college students, as a Reading Room.

Corporate Life.

The school is run on the familiar lines of the English Public Schools. The competitive spirit is encouraged by dividing the boys into four houses.

The Debating Society meets regularly every fortnight. Other Societies which function regularly are, the History Society, the Geographical Society, the Newspaper Club, the Poetry Club and the Amateur Dramatic Society and the Photographic Society. Several lectures by eminent persons are arranged by the Rector every year.

The School Chronicle is published annually and students are encouraged to contribute articles for publication.

Students give their own musical entertainments in the Big Hall from time to time.

The college boys come under the same discipline and organisation as the rest of the school.

Laboratories.

The school possesses two very well-equipped science laboratories, one for Physics and one for Chemistry. Both are fitted with gas, water and electric lighting; both have sufficient accommodation for 30 boys. A New De Laitte gas plant has brought both laboratories completely up-to-date. The time table for the college boys has been so arranged as to allow them every facility for practical work in both Physics and Chemistry. An up-to-date Geography Laboratory is also provided for the use of students.

Physical Education.

Special attention is given to games and to physical exercise. Association football, hockey and cricket are played by all boys unless medically unfit. Each boy has four games a week, superintended by a master. Athletic sports are

held annually. Gymnastics, Swedish drill and boxing are taught by a qualified instructor, whilst the whole school does physical training every morning under house Captains, superintended by a fully trained master. The school possesses its own Cadet Corps, attached to the Northern Bengal Mounted Rifles (A.F.I.). Every college boy is a member of this platoon. Boys are examined regularly by the Medical Officer.

GOKHALE MEMORIAL GIRLS' COLLEGE

(1-1, Harish Mukherjee Road, Calcutta.)

FIRST AFFILIATION, 1938

Short History of its Foundation.

The Gokhale Memorial Girls' School was established under the auspices of the Mahila Samity, an Indian Ladies Association in Calcutta, and was formally opened by the Right Hon'ble Lord Sinha of Raipur in 1920.

It was organised somewhat on new lines, with the object of working out a scheme of school-life, which meant development of thought and culture, and aimed at the formation of character.

The ideals on which the institution is based are to create a taste and desire for knowledge and not merely to cram and pass its pupils for public examination.

Courses of Instruction.

(i) Kindergarten Section (3 years' course)—Bengali and English compulsory.

(ii) Junior School Section (3 years' course)—Medium of instruction Bengali, and Hindi for a minor group. English is compulsory.

(iii) Senior School Section (3 years' course)—English is the medium of instruction. Sanskrit is compulsory.

(iv) School Final Forms—Matriculation Class Course extends over a period of 1 year and 1½ terms.

Cambridge School Certificate Examination—Course extends over a period of 2 years.

(v) Intermediate in Arts (2 years)—Attendance in classes on Comparative Religion, Physical Culture & Games and Domestic Science is compulsory.

The school can provide accommodation for 250 pupils only, including the students in the I.A. Class. Each Class can admit 25 pupils only.

Extra Curricular Activities.

Literary Society—The members are recruited from the staff and pupils, and the school edits a Magazine annually—debates are also held when the school is in session.

Games Section.

There are Tennis, Badminton and Basket-ball clubs in addition to the indoor games organised by the pupils under the direction of the Gym. Mistress. The games section is divided into 4 houses—named after its early patrons.

Social Service League.

The Gokhale Social Service League is organised by the pupils of the school, members of the staff serve on the Committee as advisors. Contribution from its funds is made regularly for the tuition of one to two indigent deserving pupils, and also for other charitable purposes.

Excursions.

School excursions are arranged from time to time, and children are taken out on visits to places of interest.

Social Gathering.

Such as the celebration of the Bengali New Year, annual exhibition and sale of work, Mothers' Day, Sports Prize Distribution also form part of the school activities.

Old Gokhalites.

In order to be in touch with the former students, a club has been organised, and termed the "Old Gokhalites." The club meets twice a month, for Literary, Musical and Social evenings.

Library.

The institution possesses a Library containing Bengali, English, Hindi, Sanskrit literature for the senior pupils. There are Form Libraries for each of the Junior School Forms, which contain Bengali, Hindi and English books. Books are issued to the pupils by the Form Mistress each week.

Affiliation.

The school is affiliated to the Cambridge University for the Junior and Senior School Certificate Examinations.

Affiliation to the University of Calcutta has been granted for the Matriculation and Intermediate in Arts Examinations in 1938. The object of extending the curriculum of studies to the I.A. was to retain our own girls, and to keep them in the same environment, and to organise a course of instruction on subjects, which would be helpful for them to build their homes, and to be good citizens.

The following courses of studies are open to students :—

Intermediate of Arts.

English, Vernacular (Bengali and Hindi), Sanskrit, History, Geography, Commercial Geography, Mathematics, and Elements of Civics and Economics.

Terms of admission for the I.A. Class.

Entrance Fee Rs. 15. Tuition Rs. 15, Board and Lodging Rs. 30, Games and Hand-work Re. 1, Electricity Re. 1.

School Building.

The school has its own building situated in a good locality, with a large compound to it. The building is a two storied one.

Tiffin.

It is compulsory for each pupil to take some refreshment at midday, which is generally sent from the homes of the pupils, or can be provided by the Boarding Department of the Institution.

Discipline.

Discipline in the school is maintained in general by the staff in co-operation with the Senior student in the College Department and the School Captain, who is assisted by the Form Captains.

Governing Body.

1. Sir M. N. Mukherjee, *President*.
2. Sir B. L. Mitter, *Vice-President*.

LADY KEANE GIRLS' COLLEGE

(Shillong, Assam.)

FIRST AFFILIATION, 1938.

Short History of its Foundation.

A High English School for girls was started by the Shillong public in 1932, which was named after the wife of the then Provincial Governor late Sir Michael Keane. The Department of Education and the Shillong Municipality also encouraged the venture by granting aid to the growing institution. The active sympathy and solicitude of Lady Keane who took a keen personal interest in the institution proved a great asset and augury for its success. Doubts as to its stability were set at rest, money flowed in from unexpected sources, enrolment increased and the institution became increasingly popular.

Encouraged by these happy results, the Managing Committee of the School took in 1935 another forward step and developed the school to the status of an Intermediate College.

The grant of a magnificent piece of land extending over 9 acres and centrally situated was obtained from the Government of India through the good offices of Lady Keane. The buildings for the accommodation of the college and attached hostel for 30 inmates have been constructed through public munificence at a cost of about Rs. 45,000, of which Rs. 20,000 was contributed by Rai Bahadur Rameswar Lal Saharia for a hostel, and Rs. 10,000 by Rai Bahadur Nopat Rai Kedia for the college building. A trust deed is being executed with the Director of Public Instruction, Assam and the Deputy Commissioner, Khasi and Jainti Hills, as *ex-officio* Trustees.

This college for girls is the pioneer institution for girls in the province of Assam.

Standard of Affiliation.

I.A. in the following subjects :—English, Bengali, Sanskrit, Assamese, History, Civics and Logic.

Subjects taught.

The following subjects are taught and all possible combinations are allowed : English, Bengali, Sanskrit, Assamese, History, Civics and Logic. Steps are also being taken to obtain affiliation in Mathematics.

Rules for Admission.

The institution, as the name implies, is meant exclusively for females :—Female students of all castes, creeds and nationalities are admitted without any distinction. The monthly tuition fee is Rs. 8 and admission fee is Rs. 10, Rs. 2 as game fee, Rs. 2 as common room fee and Re. 1 as Examination fee are charged annually.

Scholarships, Prizes, etc.

A medal named after his mother is awarded annually by Mr. A. Das, the first Secretary, to whose efforts the institution is largely indebted, to the student who stands first in the I.A. Examination. Annual prizes were also given to the students on the result of the first year's examination.

Building and Accommodation.

The College is accommodated in a newly erected building centrally situate with pleasant surroundings. Excluding the rooms for the Principal, Library

and Office there are 9 spacious rooms for holding classes. There is also a big hall.

Numerical Strength.

In the urrent session there are 35 girls in the College; 21 in the 1st year and 14 in the 2nd year class.

Residence.

There is a beautiful Hostel attached to the College made possible by the munificence of Rai Bahadur Rameswar Lal Saharia who gave a donation of Rs. 20,000 and the hostel was named in memory of his late mother Chand Sahariani. It accommodates about 30 boarders. A Lady professor is the Superintendent and another lady, the Matron, looks after the boarders. Captain K. K. Banerjee, M.B., the Medical Officer of the Local Government Hospital, is a member of the College Managing Committee and treats the boarders free of charge and takes every possible care. There are also two other doctors—Dr. S. Bhattacharyya, M.B. and Dr. N. G. Kar, M.B. who give their service free.

A liberal attitude characterises the boarders in this Hostel, so that Hindu, Mahomedan and Christian girls as well as Bengalis, Assamese and others reside together.

The seat rent is Rs. 3 and establishment charge Rs. 3 per month, Rs. 12 is the usual monthly messing charge. Rs. 2 is charged as admission fee. Instead of the Summer vacation, the college remains closed during January and February on account of extreme cold.

Library and Common Room.

There are about 1,000 volumes in the library, which is being constantly added to. The library is used as the students' Common Room, where English, Bengali and Assamese magazines are kept.

Corporate Life.

There is a Students' Union organised by the students with one of the professors as President, who meet from time to time and carry on debate on literary and other subjects under the supervision and guidance of the professors. The students have started a magazine named the Lady Keane College Magazine edited by a student. It is bilingual, being written in Bengali and English. Assamese articles also may be published, if any is contributed.

Laboratories.

As no arrangement for teaching any Science has been made, there is no laboratory attached to the College.

Physical Education.

Some of the students are members of the local Girl Guide. Arrangements have been made for providing the students with appliances for playing tennis, badminton, ping-pong and volley-ball.

Miscellaneous.

In 1937-38, 9 girls passed out of 13 sent up for the I.A. Examination, 3 being placed in the 1st, 4 in the 2nd and 2 in the 3rd division.

The Governing Body.

The institution is under the management of a regularly constituted Governing Body on which the teaching staff is represented. The Governing Body of the College as at present constituted consist of the following members :—

DAVID HARE TRAINING COLLEGE, CALCUTTA.

FIRST AFFILIATION, 1908.

The David Hare Training College was opened on the 1st July, 1908, by the Government of Bengal to train teachers of secondary schools as well as inspecting officers of the province.

The college is affiliated to the University of Calcutta up to the Bachelor of Teaching standard and prepares students for the B. T. Degree.

The Government of Bengal opened an L.T. class in this college in 1918-19. The class continued up to 1926-27, since when it has been held in abeyance in view of the fact that large numbers of B. T. candidates are available.

Prior to the year 1925, the college was held in rented buildings in the central quarter of the city. Since 1925, the college with the attached hostel has been located in its own premises at 25-3, Ballygunge Circular Road, Calcutta. In 1927 Government opened the Demonstration High School, called the Ballygunge Government High School, and it is attached to the college.

All graduates are eligible for admission to the college. The college is, however, mainly intended to cater for the needs of West Bengal, the Dacca Teachers' Training College being meant to serve the needs of East Bengal.

Students are recruited from the staff of aided, privately managed schools and graduates who intend to be teachers. Twenty-five places are reserved for the aided-school teachers. The number on the rolls has ranged between 80 and 100 since 1934. Government has, as a temporary measure, stopped the deputation of Government officers since 1931-32.

There has, also, been a reduction both in the number and value of stipends—the number has been reduced from 30 to 20 and the value from Rs. 20 to Rs. 15 each per month. The Government contribution towards the maximum allowance of Rs. 50 which was admissible to a teacher from an aided school has been reduced from a maximum of Rs. 37½ a month to a maximum of Rs. 30 per month for the 25 aided-school teachers.

There are no admission nor tuition fees.

The course is of 10 months' duration, i.e., from July to April. It includes both the theory and practice of teaching and instruction in drawing and physical training. The practical teaching work is carried on in the Demonstration High School, Ballygunge, and also in nine other selected schools.

There are a library, a reading room with open shelves, a Geography room and a Science room.

A hostel with sixty rent-free seats is attached to the college and it is under the direct control of the Principal. One of the Professors holds the post of Superintendent and resides in the building.

There is a ground attached where students get ample facilities for physical exercise. A medical officer attends to the health of the students.

RIPON LAW COLLEGE, CALCUTTA

(24, Harrison Road, Calcutta,)

FIRST AFFILIATION, 1885.

The Ripon Law College was affiliated in the year 1885 up to the B.L. standard of the Calcutta University. Formerly owned by the late Sir Surendranath Banerjee it was converted into a public institution by a trust deed executed by the proprietor. The college is housed in a spacious three-storied building of which the foundation stone was laid by Sir Edward Norman Baker, Lieutenant-Governor of Bengal, in August, 1910.

Attached to the college is the 'Sir Surendranath Non-Collegiate Hostel' in which accommodation is provided for students who do not live with their parents or guardians in town.

The college is furnished with an excellent and up-to-date library which was enriched by Sir Edward Baker, the then Rector of the Calcutta University.

Apart from law books there are sections in the library dealing with sports, athletics, adventure, travel and modern thought and culture. High Class magazines are also made available to the students.

There is a Common Room where gatherings of the College Union take place and which provides students with opportunities to meet one another and to organise such debates or lectures as may appeal to them. Scholarships are awarded to students on the results of the University and class examinations.

Of recent years the sporting activities of the students have increased. Members take part in many games and pastimes, like football, hockey, cricket, tennis, basket-ball and cycling. A properly equipped gymnasium is available to students who prefer to exercise therein to participation in outdoor games and sports. Members of the teaching staff encourage the students by taking part in some of the activities of the Union and the Athletic Club. The Secretary of the Athletic Club, the Captains and Vice-Captains of the various teams and the office-bearers of the Union are selected from among the students themselves by election so that they may get a training in the management of their own affairs and thereby in preparing themselves for assuming the larger responsibilities of life. The aim of these institutions is to provide that corporate life which is obtained in the old-established Universities of Europe by so-called 'residential' system.

THE MEDICAL COLLEGE OF BENGAL.

(Established, 1835.)

(88, College Street, Calcutta.)

FIRST AFFILIATION, 1857.

The college was established as a result of the recommendations made by the Medical Board drawing the attention of the Government of India in the Military Department to the desirability and necessity for the establishment of a medical institution in the Presidency to meet the demands of the various Station Hospitals and treatment of the people which at that time entirely depended upon Kavirajas and Hekims. The recommendations were very favourably received and early in 1835 the foundation of the Medical College of Bengal was laid by abolishing the native institutions attached to the Sanskrit College, the Madrasa and the native medical institution where medical instruction used to be imparted more or less on indigenous lines without any proper equipment. The Medical College of Bengal can claim to be the first medical institution which combined instruction in preliminary sciences with clinical training in all the medical subjects, viz., Medicine, Surgery and Midwifery, superseding the practice of training students in special subjects according to their choice after their having passed the preliminary scientific subjects. In this respect the Medical College of Bengal may very appropriately be termed as the pioneer institution giving all-round instruction to all candidates joining it.

The college was affiliated to the Calcutta University in 1857 and it was in 1861 that students graduated for the first time. At present the college is affiliated to the M. B. Degree of the Calcutta University.

The following is the curriculum of the college :—

Civil Students.

The first-year (one summer and one winter term)—

Lectures on Physics, Chemistry (Inorganic and Organic), Botany and Zoology and practical classes in all these subjects.

Test examinations in each of these subjects will be held during the course of the First-year Class and students who fail in these examinations will not be sent up for the Preliminary Scientific M. B. Examination. Those students who are sent up for the Preliminary Scientific M. B. Examination but fail four times within two years in the said examination will be transferred to the membership course of the State Medical Faculty of Bengal. [Such students shall be allowed to appear at the Primary Membership Examination of the State Medical Faculty at the first two available examinations after their transfer to the membership course and they will be permanently removed from the rolls of the college in case of their failure to pass the Primary Membership Examination in the second chance.]

N.B.—First-year course also includes Anatomy. In the summer term there will be demonstration in which 75 per cent. of attendance is compulsory. In the winter term the superior extremity is to be dissected by the 15th of January.

Second-year (one summer and one winter term)—

Lectures on Anatomy, Physiology, Practical Classes in Physiology and Dissections to be followed by test examinations in these subjects during the course. Students failing to pass the test examinations in Anatomy and Physiology will not be eligible for any scholarship and will not be promoted to the Third-year Class.

Third-year (one summer and one winter term)—

Lectures on Anatomy, Physiology, Dissections and Practical Classes in Anatomy and Physiology followed by test examinations in Anatomy and Physiology. Students who fail in these test examinations will not be sent up for the First M.B. Examination. Students who fail four times in two years at the First M.B. Examination will not be allowed to go on with the M.B. course but will be transferred to the Membership course of the State Medical Faculty, Bengal. [Such students will be allowed to appear at the Intermediate Membership Examination of the State Medical Faculty at the first two available examinations after their transfer to the Membership Course and they will be permanently removed from the Rolls of the College in case of their failure to pass the Intermediate Membership Examination in the second chance.]

Fourth-year (one summer and one winter term)—

Lectures on Pharmacology and Materia Medica, Elementary Bacteriology and General Pathology, Medicine, Surgery, and Practical Classes in Elementary Bacteriology and Pathology. Test examinations in Elementary Bacteriology and General Pathology, Pharmacology and Materia Medica will be held during the course. Students who fail in these test examinations will not be sent up for the Second M.B. Examination. This year's curriculum also includes Hospital Practice for 12 months and 20 practical classes in Clinical Methods and 30 Demonstrations in Practical Surgery and Bandaging. Students who fail four times to pass the Second M.B. Examination will not be allowed to continue in the M.B. course, but will be transferred to the Membership course of the State Medical Faculty of Bengal.

Fifth-year (one summer and one winter term)—

Lectures on Forensic Medicine and attendance at twelve Medico-legal Post-mortem Examinations and Lectures on Hygiene and Public Health with Practical Demonstrations. Test examinations in these subjects will be held during the course. Students who fail in these test examinations will not be sent up for the Third M.B. Examination. This year's curriculum also includes lectures on Medicine, Clinical Medicine, Surgery, Ophthalmic Surgery, Dental Surgery (Optional), Midwifery, 20 Demonstrations in Practical Midwifery and Hospital Practice for 12 months. Students who fail four times to pass the Third M.B. Examination will not be allowed to continue in the M.B. course, but will be transferred to the Membership course of the State Medical Faculty of Bengal.

Sixth-year (one summer and one winter term)—

Lectures on Advanced Midwifery, Clinical and Operative Surgery, Mental Diseases, Hospital Practice for 9 months, including attendance in the special department for diseases of the eye, ear, nose and throat and venereal diseases, elementary instruction in Radiology and classes in special Pathology and in Surgical Anatomy, and also a course of 6 lectures on Leprosy.

Any student failing to pass the Final M.B. Examination of the Calcutta University within the limit of 19 months calculated from the date of candidate's passing in a subject or subjects of the said examination, will be transferred to the Membership course of the State Medical Faculty of Bengal.

In order to qualify for signature for lectures for practical classes and attendance at hospital 75 per cent. of possible attendance at lectures, demonstrations, practical classes and working days in the wards of the hospital is compulsory. Absence with or without leave is calculated as non-attendance.

A student in his hospital years shall be detailed for hospital duties indoor and outdoor and shall in these circumstances be required to attend even during vacation or holidays.

A student detailed for such duties must on no account relinquish his post without the sanction of the proper authority. He must realise that on such duties he is an integral part of the Hospital and has responsibilities that cannot be lightly put aside. Offences against this rule are liable to have very serious consequences. A student detailed for hospital duty who overstays the leave granted during the Puja or other holidays, without the permission of the Principal shall be fined Rs. 2 for each day of overstay.

*Rules for the guidance of students seeking admission into the
Medical College, Calcutta.*

1. Two classes of students are admitted to the college :—

(1) Civil Pupils' class.—Admission to this class is restricted to students, male or female, who were born within or whose parents are domiciled within the territorial jurisdiction of the Calcutta University. Three students are also eligible for admission from the Dacca University area and three from the Dacca Intermediate Board. Students from other provinces and from Indian States for whom places have been reserved are also eligible for admission to the college.

Only students who intend to take the M.B. Examination of the Calcutta University are admitted to this class.

(2) Military Pupils' class.—Only European or Anglo-Indian students are admitted to this class (see separate prospectus for military pupils whose admission is regulated by the Director General, Indian Medical Service).

Note.—Casual students are not admitted. No students are admitted other than those in one or other of the above classes.

2. The minimum preliminary qualification for admission is the First Class Pass Certificate of the I.Sc. Examination of the Calcutta University with Physics, Chemistry and Mathematics or an examination recognised as equivalent to it. This rule may be relaxed in favour of Muhammadan students and such candidates having passed the said examinations in the Second Division may be admitted provided they are otherwise considered suitable to make up the number allotted for the Muhammadan students. In assessing the claims of those eligible for admission special weight will be attached to proficiency in English.

3. (a) Female students qualified under rules 1 and 2 will be admitted to the college, provided there is a vacancy in the Swarnamoyee Hostel in which all female students must reside.

For special reason to be recorded in writing the Principal may allow any female student to reside outside this hostel.

(b) Female students studying in the college but belonging to Provinces other than Bengal and not domiciled in Bengal will pay rents for accommodation in the Swarnamoyee Hostel.

(c) All male students (civil) other than those who are living with their parents or their guardians must reside in one of the attached messes of the college unless permitted in writing by the Principal to reside elsewhere.

4. The session commences with the summer term, which begins on the 16th June and ends on the day before the commencement of the Durga Puja holidays. The winter term commences on the day after the close of the Durga Puja holidays and ends on the 31st March.

5. All applications direct from new students in Bengal for admission to the college should be accompanied by a fee of Rs. 4 which will not be refunded.

All new students must apply for admission to the Principal, Medical College, Calcutta, in the prescribed form, available in his office before the 25th May, except in the following cases :—

(a) Students from other provinces for which places are reserved should apply to the Inspector General, Civil Hospitals, or Director of Public Instruction, as the case may be, of the provinces for admission within such dates as those officers may prescribe.

(b) The candidates from Indian States will be nominated by the States themselves.

(c) Students from the Dacca University area will be selected as follows :—

- (i) Three students will be selected by the Dacca University, and
- (ii) Three students by the Chairman of the Dacca Intermediate and Secondary Education Board.

* All applications from new students for admission into the Medical College must be accompanied by a certificate from the head of the Institution in which the candidate last studied and another from a responsible and trustworthy person.

6. The number of civil students to be admitted each year is 105. Vacancies are allotted as follows :—

Other Provinces and Indian States including one from Nepal State	8
Dacca	6
Surgeon-General's nominees	5
Women	5
Muhammadans	21
Others	60

Preference for admission will usually be given to candidates who have superior qualifications, but the final selection lies entirely with the Selection Committee appointed by Government.

(a) Besides the students nominated by the Indian States under rule 5(b) one student will be nominated by the Inspector-General of Civil Hospitals, Central Provinces, six students (including one female student) by the Inspector-General, Civil Hospitals, Assam, and six by the authorities mentioned in rule 5(c).

These students must possess the qualifications mentioned in rule 2 and the nomination must reach the Principal, Medical College, Calcutta, before the 10th June, each year, failing which the vacancies will be filled up with local candidates. Vacancies arising by resignation or otherwise in places filled by reservation for the authorities in paragraph (a) cannot be filled again by those authorities during the year.

(b) Five seats shall be reserved annually for nomination by the Surgeon-General, provided the candidates fulfil the necessary educational and physical qualifications. These nominations shall ordinarily be made after the Selection Committee have made their choice under clause (c).

(c) The remaining vacancies shall be filled up by the Selection Committee specially appointed by the Government from year to year. This Selection Committee will be the authority to select candidates belonging to Bengal.

(d) Every student selected by the Selection Committee for admission shall be examined medically in the Medical College, have his health card filled up and be passed fit before his fees are accepted, provided that if it is proposed to reject any student on the ground of his being medically unfit as a result of such examination, such decision shall not take effect unless it is sanctioned by a majority of votes of the members of the medical profession on the Selection Committee.

(e) Any candidate who has—

- (i) endeavoured to enlist for his candidature the support of persons of influence or of Government officials,
- (ii) personally canvassed any member of the Selection Committee or on whose behalf any one else has canvassed any such member,
- (iii) produced any letter of recommendation other than certificates from teachers or testimonials from persons under whom he has actually been employed,

shall be held to be disqualified for admission into the Medical College.

7. Of the total number of candidates nominated by the Selection Committee at least one-fourth should be Muhammadans, if a suitable number of qualified candidates belonging to that community can be obtained.

8. Selected candidates must pay the following fees within the time prescribed by the Principal, failing which their names will be struck off the rolls :—

				Rs.
Admission fee	25
Fees for summer term	100
Athletic Club fees	4
Caution money	10
			Total	139

Fees other than caution money once paid cannot be refunded except to those whose claim for refund is tenable under rule 17. Caution money will be refunded on completion of the course less any amount to be deducted on account of breakage or loss.

Rules laying down the principles to govern deduction from library and laboratory deposits for loss and breakage, etc., in medical institutions in Bengal:

(1) Students admitted into Medical College, Calcutta, or Medical Schools are required to make a deposit of money called "the caution money deposit," to guarantee the college or school against the loss of, or damage to, books issued to them from the college or school library and the breakage or loss of apparatus entrusted to them for their use in the laboratories.

(2) The amount of the caution money deposit, to be made by every individual student should be in accordance with the scale laid down below :—

Library Rs. 10. Laboratories Rs. 10.

(3) Every student borrowing books from the library shall deposit the amount fixed in rule 2 above with the accountant in the college or school office before books can be issued to him. No caution money will, however, be required for the use of the library as a reading room.

(4) Students attending practical classes shall deposit caution money according to the scale laid down in rule 2 above before he can be admitted to any of the laboratories.

(5) Caution money will be collected at the time of admission of students, and the amount received on this account will be recorded in the fee receipt granted by the accountant of the institution.

(6) At the commencement of each session a register called "caution money register" will be opened for each class or group of students in the following form :—

Caution Money Register for Apparatus, etc., for the Session.

Name as per attendance register.	Date of receipt.	Amount.	Date of remittance to treasury of bank.	Number of chalan.	Details of Forfeitures.				Total amount forfeited.	Balance.	Date of refund of the balance.	REMARKS.
					Name and number of the article lost or damaged.	Amount to be forfeited.	Name and number of article.	Amount.	As many columns as possible.			

The column for the name of students will be filled in from the attendance register, so that no student from whom a deposit is required may be omitted. Any name against which the deposit does not appear should be reported to the head of the institution by the clerk in charge of the register.

(7) As soon as any loss or damage to a Government article occurs, the officer in charge of the article will report to the head of the institution the name of the student, the number and cost of the article lost or damaged and the amount to be forfeited. The head of the institution will direct the clerk in charge of the caution money register to fill in the columns of the caution money register accordingly.

(8) In assessing the amount of forfeiture the latest catalogue price of the article should be considered.

(9) At the end of the session or when a student leaves the college, whichever is earlier, the clerk will add up all the forfeitures and deduct the total from the total deposit, and shall, from time to time as directed by the head of the institution bring to his notice all cases of sums due but not realised from students. If the student is leaving the institution the balance must be refunded to the student :

Provided, however, that it will be open to the Head of the institution (subject to a maximum limit of Rs. 100 in any one case) in suitable cases to write off the whole or a part of the price of articles lost or damaged. In such a case he may order realisation of the cost of repairs only.

(10) As soon as the amount of caution money deposit at the credit of any student falls below the amount shown in paragraph 2 of these rules on account of any deductions or forfeitures the head of the institution shall call upon the student to deposit the deficiency and he shall not be permitted to use the libraries or laboratories so long as such deficiency continues.

(11) In order to get a refund of caution money deposited, each student must produce a no-demand certificate from the librarian of the institution and from the officers in charge of the laboratories showing that all books borrowed and all apparatus entrusted to his care have been returned in good condition and that no dues are outstanding against him in the library and laboratories.

(12) On receipt of a requisition for refund supported by the certificate mentioned in rule 11 the Accountant will arrange for refund of the amount after obtaining orders from the head of the institution.

(13) Every refund will be recorded in the ledger accounts of students over the signature of the head of the institution.

(14) The total deductions according to the caution money register at the end of the year will be verified with the stock registers so that any omission to report the loss of articles may be detected.

(15) All realisations on account of loss or breakages be credited to Government by transfer, the article being replaced or repaired at the cost of Government.

(16) The amount received on account of caution money from students shall be kept in a deposit account at the Treasury, a personal ledger account being opened for the purpose by the head of the institution. In the case of a Calcutta institution, a similar account shall be opened with the Imperial Bank of India.

9. Forms of application for admission will be issued from the 15th April, and received up to the 25th May every year.

10. Failed students must apply for admission and pay the fees within the date prescribed by the Principal, otherwise their claim will lapse.

11. All civil students admitted after 1925-26 will pay Rs. 200 in two instalments, viz., Rs. 100 for the summer term and Rs. 100 for the winter term. They must also pay the annual Athletic Club fee of Rs. 4 (with the exception of female students) and any caution money due for attendance at practical classes along with the fees for their summer term. Fees once paid cannot be refunded except those whose claim for the refund is tenable under rule 17.

12. The fees for each term are to be paid in one instalment. The fees for the summer term are due (except from new students) on the 16th June and those for the winter term on the 1st November and must be paid together with athletic fee, on those dates or on such later dates as the Principal may direct, after which a daily fine of annas four will be levied along with the fees on each defaulter. The names of students whose fees are more than 30 days overdue will be removed from the rolls of the college.

13. A student kept back in or referred back to the classes in which he was previously studying on account of his failure to appear at or pass any examination prescribed for promotion to the next higher class will pay Rs. 50 each term until he passes the examination in question, after which he will pay fees on the full scales laid down in rule 11.

14. The fee for certificates issued to civil students leaving the college before completing their study shall be Rs. 40 for each course of lectures and practical classes and Rs. 30 for every three months of hospital practice.

[In calculating the sum to be paid under this rule the amount of college fees paid by the student (in the case of the student enjoying a stipendiary scholarship and free tuition the amount which would have been paid by him had he been a paying student) shall be deducted.]

15. Students who fail to appear at or to pass the Final M.B. Examination shall immediately on re-admission after failure, pay fees each term at the rate of Rs. 25 for each of the subjects in which they are to appear at the subsequent examination.

16. The fee for post-graduate students undergoing a course of training in the Pathological, Bacteriological, Physiological or Chemical Laboratory is Rs. 90 for a period not exceeding six months.

17. Students who hold scholarships awarded by the Government of Bengal and Government scholarships awarded by the Board of Intermediate and Secondary Education, Dacca, and holders of the Mohsin scholarships, are not required to pay the annual fee of Rs. 200 for the year in which they hold such scholarships, if they are natives of Bengal or if their parents are domiciled in Bengal. All holders of other scholarships, whether granted by other Local Governments, Local Bodies or the Dufferin Fund, shall pay the same fees as civil students.

18. The following is the form of Application for enrolment :—

General discipline in the wards and out-patients Departments.

If a student of the college so conducts himself or herself at any public meeting so as to bring undesirable notoriety upon the institution or engages in political agitation in such a way as to interfere with the corporate life and educational work of the institution, or indulges in picketing or upon violence, such action shall be deemed a breach of discipline and be dealt with suitably by the Principal.

Dress.—Students should be careful in their dress. Neatness, tidiness and cleanliness are essentials in medical students. One of the following styles of dress must be worn by male students :—

Dhoty, Shirt, Coat, Properly laced shoes, (2) Pajamas, Achkan, Properly laced shoes or (3) European style dress.

Buildings and Accommodation.

The College Classes and laboratories are now located in four building including the administrative block where also there is a Lecture Theatre for the purpose of Lectures on subjects for the senior courses of study. The Anatomical and the Chemical Departments of the College are located in separate buildings. The departments of Physics, Biology, Pathology and Physiology are located in a three storied building, each department being self-contained and independent of the others.

Hostel Accommodation.

There is a hostel called the Swarnamoyee Hostel in the college compound for the residence of female students studying in the college.

The civil students are accommodated in hired houses which are attached messes of the college under the direct control of the Principal with a Resident Superintendent in each of them.

Rules for Guidance of Boarders of attached Messes.

1. Only students of the Medical College, Calcutta, are allowed to live in the attached messes of the college.

There is an attached mess for the Mahomedan students where only Mahomedan students are admitted.

2. Any student intending to join an attached mess should apply to the Superintendent of the mess where he intends to join. The Superintendent must forward his application to the Principal for sanction with such notes as he thinks necessary to make. If there be no vacancy the Superintendent can refuse the applicant at once and need not make any reference to the Principal.

3. All admissions are subject to the sanction of the Principal. Students should on no account be permitted to leave an attached mess before obtaining any orders from the Principal.

4. The tenancy of boarders in the attached messes of the college runs from the 1st of July of one year to the 30th June of the next year. Any student intending to leave any attached mess during the period of tenancy must pay the seat-rent up to the 30th June following or provide a substitute. A substitute will be accepted only if the total number of seats available in the mess where the outgoing members reside is occupied.

(a) Students who will appear at the Final M.B. Examination held in November and pass will have to pay their seat-rents only up to the end of December following after which date they will not be allowed to reside in the mess.

(b) Students appearing at the Final M.B. Examination held in April must pay their seat-rents up to the end of the term of tenancy specified above even though the results are gazetted earlier.

(c) Permission to leave the attached mess in the middle of the session will be granted only in case of withdrawal of the students from the college but he must pay the seat-rent up to the end of the month in which his name is withdrawn.

5. Boarders shall pay their seat-rents on or before the 20th of the month for which they are due. Any boarder failing to do so shall be fined at one anna per diem up to the last date of the next month. If the arrear seat-rent with the fines for the whole period at one anna per diem is not paid within this period the boarders shall be liable to removal from the college and will be allowed to rejoin only on payment of the usual re-admission fee with arrear seat-rents. No delay fine shall be levied in the second month in respect for the period for which any fine has already been paid on account of default in the previous month.

All students proceeding on vacation shall clear their dues for the whole period of the same before leaving the mess. Any student failing to do so shall pay a fine of one anna for each day of the non-payment. If he does not pay up the arrears within ten days from the date of his rejoining the mess his name shall be removed from the college and he will not be readmitted unless he pays the re admission fees and the arrear seat-rents.

6. Superintendents are not authorised to retain in their custody any sum exceeding a specified limit.

7. Superintendents should issue printed receipts to the students for the money they pay and preserve the counterfoils.

8. Printed receipt books will be supplied on their requisition.

9. For the purpose of accounts the Superintendents should keep one Cash Book and one 'Register of Demand' beside the Receipt Book.

10. All account books, including the counterfoil receipts and the remittance receipt issued, should be submitted to the office at the end of each session and new books should be opened.

11. Seat-rents raised from the students should be remitted to the office as soon as the collection amounts to a specified sum.

In case of messes where the total monthly collection is below the specified sum the remittance should be made on the 12th on the month along with the reports of the defaulters. Any sum collected after the date should be remitted by the 2nd of the succeeding month.

12. All orders relating to students' admission into, or withdrawal from the mess should be submitted to the office along with the remittance of seat-rents of the students concerned.

13. On the 3rd of every month the Superintendent should submit a return on the working of his mess in the previous month in the prescribed form to be supplied by the office.

14. They should also submit their account books and 'Register of Students' attending every month and have their books checked in their presence to avoid unnecessary correspondence.

15. (a) Roll will be called twice a day—once in the morning at 6 A.M. in summer and 7 A.M. in winter and 9 P.M. at night.

(b) Any student who requires to be absent from the mess after 9 o'clock or is not likely to return before 9 o'clock must obtain written permission from the Superintendent who will give such permission if the grounds of leave appear to him to be satisfactory.

If any student leaves the mess premises without the permission of the Superintendent he should be reported to the Principal within 24 hours.

(c) Any student arriving after 9 o'clock should be marked 'late present' and the time of arrival should be noted by the student himself in the Gate Book which is kept by the Superintendent. The Superintendent should enter his remark, if any, in the Gate Book. The name of any student who is habitually late should be reported to the Principal. A Conduct Register will be kept by the Superintendent in which names of members will be entered in all cases of misconduct. These documents should be presented to the Principal on the first working day every month.

(d) Students requiring to be away from the mess premises for one whole day or more to the extent of one week must obtain leave from the Superintendent in writing. Applications for leave for a longer period should be referred to the Principal.

(e) Senior students requiring permission to be absent from the mess premises for night duty at the hostel should produce slips from the officer on duty for the night. The Superintendent will grant leave only on production of such slips. The slips should at once be forwarded to the office for record.

16. Friends or relations as a rule should not be allowed to pass even a single night in hostel or mess, both attached or unattached. In emergent circumstances, such as illness of boarders when friends or relatives are admitted in order to nurse them with previous permission of Principals of colleges, the names, addresses and period of stay of such persons should be entered in a register kept for the purpose and the entries initialled by Superintendents.

17. During the study hours members are expected to remain in their respective rooms and not to disturb others by walking about in the verandah or talking, singing, etc.

18. Any members, if ill, should be removed to the Hospital.

19. Members are expected to be considerate to the servants, and not to use any abusive language towards them or fine or dismiss them.

The appointment or dismissal or punishment of servants, and of cooks, etc., lies entirely with the Superintendent.

20. Any dispute arising in the mess should be referred to the Superintendent who will deal with the matter and his decision will be final. If necessary the matter may be referred to the Principal. All references should be made by the Superintendent. No reference made direct by students will be entertained.

21. All complaints should be made to the Superintendent, for proper discipline in the mess. Grievances should be reported to the Superintendent who will take steps for the removal thereof in the way he thinks right.

22. In the absence of the Superintendent, the Assistant Superintendents will carry on the duties of the Superintendent. The Superintendent will nominate one of the members to act as assistant. The Assistant Superintendent will however get no remuneration in any form.

23. Members may not make their own messing arrangement without the special permission of the Superintendent, which will only be granted in exceptional circumstances.

24. Political discussion is strictly prohibited.

25. Any violation of the above rules on the part of the members will be severely dealt with. Any measure adopted by the Superintendent for discipline in cases of emergency should be obeyed. The Superintendent must report to the Principal within 24 hours the circumstances under which he had to take emergency measures.

N.B.—The rates of seat-rents payable by students are ordinarily Rs. 8 and Rs. 7 and Rs. 6, in certain special cases.

Attached Messes Rules and Regulations.

The following rules and regulations are issued for information and necessary action :—

1. The messing in the attached messes shall be run by a Mess Committee which shall consist of

(a) A President to be elected at a general meeting.

(b) Four elected members.

(c) The Manager if he so desire may appoint his own assistant provided that it is approved by the Pre-ident.

(d) A Secretary, who will be one of the four elected members elected from amongst themselves.

(e) Superintendent as an ex-officio member.

(f) Tenure of office will be one session except in the case of the Manager the term of whose office will rest with the Mess Committee.

Duties of the Superintendent.

He will see that all functions of the Mess Committee are properly carried out and see that all accounts are properly kept.

Any non-compliance with the rules on the part of the Mess Committee will be at once reported to the Principal of the College. He will particularly see that all accounts are audited and that no dues are outstanding to contractors or suppliers.

Duties of the Secretary.

1. He shall take charge of the reserve fund which consists of the balance from the receipts left after meeting the charges for the month concerned.

2. He shall see that all moneys to the servants, suppliers and contractors are promptly paid and receipts taken and entered in an approximate book by the Manager.

3. He will call meetings, arrange agenda and keep proceedings of the meetings.

Duties of the Manager.

1. He will be responsible for the catering.

2. He will be responsible for the accounts for the term of his office and will hand over the reserve money to the Secretary after settling the accounts.

Mess Charges.

Members of the mess must pay in advance the account of mess dues as fixed by the Mess Committee for every month in the following manner, any excess to be refunded or carried over to next month :—

(a) Half the amount must be paid on or before the 7th of the month.

(b) The other half must be paid on or before the 17th of the month.

Fines.

If the first instalment be not paid by the 7th of the month the member's name will be posted on the notice board as a defaulter pointing out that a fine of one anna per day shall be added to the charges. If the first instalment is not paid by the 17th of the month the Manager will send the name of the defaulter to the President who will enquire into the reason and warn the member that a fine of two annas per day should thenceforth be levied.

If the second instalment be not paid by the 17th of the month a fine of one anna per day shall be levied from him from the 18th of the month. If the mess dues are not paid by the 25th of the month the defaulter will be reported to the Principal.

The President is empowered to remit fines up to the 17th of the month only but where this power is exercised he shall record his reasons in writing for his action. This will be recorded in the mess day-book.

Guest.

(a) No member shall be allowed to take meals paying guest charges only in his own mess.

(b) Guests will not be entertained in the mess unless some member undertakes responsibility for him.

(c) Guest charges are fixed at annas five or as decided by the Mess Committee for each ordinary meal. The Manager may increase the charge on special occasion whenever he thinks fit.

(d) Guest charges must be cleared in full when they exceed Rs. 2-8. No guest can be entertained where a member's bill exceed Rs. 2-8 under this head.

Caution Money.

A Deposit of Rs. 10 only will be realised from each member when he joins the mess. This will be refunded unless charges are outstanding against the member when he leaves the mess. This money will be kept in the custody of the Superintendent. Any loans taken by the Manager against this deposit must be settled before the 25th of each month.

Accounts.

1 The Messing account for each tenure of office of the Manager must be placed on the notice board signed by the Manager and the President or in his absence by a member of the Mess Committee within a week of the last date of the Management. In default the Manager will be reported to the Principal.

2. Dues must be paid by the members within a week of publishing the accounts. In default the defaulters will be reported to the Principal.

3. Any back refund to the members should be made by the Manager on or before the 20th of the next month.

4. Full deductions for messing charges will be given only when 14 consecutive meals are not taken, ordinary deductions being one anna per meal.

5. Establishment charges are fixed at Rs. 3-8 only per month.

Establishment.

The establishment charges for the vacation months must be paid in advance before leaving the mess, in default the member will have to pay the fines as laid down previously before joining the mess.

Every new member shall pay Re. 1-12 only as his utensil fees. If more money is required after the new members have paid up this amount this will be distributed among all members of the mess.

Contributions to any fund (other than the Puja Fund in the Hindu Messes), if passed by the President and Mess Committee, shall be forwarded to the Principal for his sanction.

Miscellaneous.

No student will be selected as Manager within three months of the time for appearing at an University or State Medical Faculty of Examination.

One Member of the Mess Committee should see that the condition of the mess, the mess kitchens, the lavatories is sanitary and that no mosquitoes are breeding in the neighbourhood specially in old tin cisterns, etc. It is hardly necessary to point out to a medical mess the dangers of *Stegomyia* (*Aedes Aegypti*) and *Stephensi*.

The Library.

The library of the college contains about 15,000 volumes of books and periodicals, etc., classified according to subject.

It is kept up to date being provided from time to time with the latest publications of medical literature on various subjects.

The library is intended for the use of the Professors and students of the college only, but books are also issued to the medical officers of Government and other approved persons by the Principal or on the requisition from the Surgeon General, Bengal.

It is also used as a day reading room by the students to whom books are also issued for home study with the permission of the Principal.

*Laboratories and Museums.**Pathological Departments :*

B. A second large laboratory in which the bacteriological examinations for the Hospital are carried out by the clinical Pathologists.

C. A third rather smaller laboratory for Medical Histology in which the Demonstrators and Assistants work, and in which they prepare material for the classes in Practical Pathology.

The museum is a particularly fine feature of the Department. It contains 3,000 mounted and over 1,000 unmounted specimens. In it are also some 500 drawings and diagrams, 84 models and numerous lantern slides.

Lastly, in the Department there is a small Reference Library which belongs to the bacteriologist to the Government of Bengal.

Physiological Department :

The physiological Laboratories consist of—

(a) Histological Section, (b) Experimental Physiology Section, (c) Physiological Chemistry Section, (d) Bio-Chemical Section.

*Anatomical Department :**Dissection Hall :*

The Dissection Hall is adjoined to the lecture theatre. The ground floor measures 100 feet \times 50 feet and is divided into three segments of 20 feet each and are provided with marble-topped tables. At the north-east corner of the Hall there is another room measuring 16 feet \times 16 feet where the staff and the Prosecutors do special dissections for the lecture and museum. Round about the Dissection Hall there is a balcony projecting 15 feet from the walls, which is accessible from the ground floor by special staircase. In the North-east corner of the Dissection Hall there is a small room, 21 feet \times 15 feet, for female students. The rest of the balcony is used by the male students for dissection. 300 students can dissect at a time.

The central segment of the Dissection Hall receives the top light. The flanks of the ground floor and the balcony are provided with the side lights in addition.

On the walls of the Dissection Hall are suspended framed Anatomical plates for reference by students.

The museum is located in an adjoining three-storied building situated to the north and at right angles to the west sides of the Dissecting Hall. The floor of the museum is in continuity with that of the Dissecting Hall so that while the students dissect they have an easy access to the museum for reference.

In the flanks of the ground floor are accommodated large show-cases containing wax plaster and papiermache models of different dissected parts and organs. At the south-west corner of the ground floor is a show-case containing skulls and bones of higher vertebrata. There is a good collection of different types of skulls (human) and other vertebrata in plaster for the students of Anthropology. The west wing of the balcony on the second floor contains actual dissected specimens of the various parts of the body with the vessels and nerves painted in different colours; the drawings of these dissections are placed side by side. One of the show-cases of these series

contains fetuses of various ages with their description. There is also a collection of abnormalities met with in Dissecting Hall. The east wing of the second floor contain wax, plaster, papiermache models of central nervous system and the special senses.

The central block of the ground floor of the museum is the Osteological section in which bones painted in different colours for muscular and ligamentous attachments are kept in small cases and chained on wooden tables. The students while dissecting in the adjoining hall make frequent use of these painted bones for reference.

Chemistry Department :

1. A lecture theatre in the first floor which can accommodate about 200 students. It is used (a) by the Professor of Chemistry, (b) by the Professor of Physics, (c) by the Teacher of Chemistry, Campbell Medical School.

2. A lecture preparation room for Chemistry where chemicals and apparatus are kept in almirahs and shelves.

3. A practical class room in the second floor which can accommodate about 108 students. There are two almirahs in the room, one for inorganic specimens and the other for organic specimens.

4. Two store rooms in the second floor, one for inorganic and the other for organic chemicals and such apparatus that are chiefly used by the students in the practical class.

5. A room in the second floor is also used as a tutorial class. A small room attached to this room is used as a balance room in which there are only three chemical balances.

Physics Department :

The practical class is situated in a wide hall measuring 50 feet \times 50 feet provided with working tables on which students carry on their experiments. There are also two dark rooms provided with working tables. One of these is used for optical experiments.

Apparatus necessary for practical classes are kept in almirahs and show cases except those for daily use which are kept arranged on the working tables.

All the apparatus for lecture are kept in a room in the Chemistry department where the lectures on physics are given.

By the side of the practical class there are two rooms for the use of the Professors and Demonstrators.

Biological Department :

The Biological laboratory is situated on the second floor of the Pathological Block and consists of (1) a large hall for holding the practical classes (2) the Southern verandah enclosed and divided into three compartments—(a) Professors' room, (b) Office room with Departmental Library, and (c) Demonstrators' room, and (3) the Western verandah enclosed and utilised as the departmental museum.

The hall for practical class can accommodate 96 students at a time. It also accommodates two demonstration microscope stages, three show-cases for botanical models and zoological specimens and almirahs for preserved specimens glass articles and chemicals and reagents.

The Department Library consists of the text-books, a set of diagrams and six periodicals all of which has been discontinued.

The museum comprises models, entire and dissected specimens of animals and models of plants covering the syllabus.

The Professor and the Senior Hospital staff undertake post-graduate work.

There is a College Council with the Principal as the President.

CARMICHAEL MEDICAL COLLEGE

(1, Belgachia Road, Calcutta)

FIRST AFFILIATION, 1916

The college, the first non-official recognised Medical College, in India came into existence in 1916. The affiliation to the University of Calcutta in the Preliminary Scientific M. B. standard was obtained in April, 1916. The institution that developed into this college was at the time of affiliation known as the Calcutta Medical School and College of Physicians and Surgeons of Bengal. It has its origin in the year 1886 when some independent medical practitioners met and thought that there was a great demand for medical education and that the Government medical Schools were unable either to cope with it or to supply a sufficient number of trained medical men for the people. It was decided to start the first private medical school under the name of Calcutta School of Medicine to supplement the efforts of the Government. The school continued in rented house for seventeen years. The bulk of the present site was bought in 1896 and the School was removed to Belgachia in 1903. The curriculum was modified in 1887 and framed according to that of the Government medical schools. The name was also changed to "Calcutta Medical School." For clinical instruction the students used to attend the Mayo Hospital from the year 1888. The Albert Victor Hospital (one-storied building) was formally opened with 40 beds in 1902. The upper story was built and then new wards were opened in 1909, the total number of beds being thus increased to 100. The institution flourished, numerous students wanted admission every year and many trained men of the Hospital Assistant standard were passed out. The College of Physicians and Surgeons of Bengal, another private institution started in 1895 aiming at medical education of the collegiate standard, amalgamated with it in 1903. The combined institution was now called the Calcutta Medical School and College of Physicians and Surgeons of Bengal, and continued to do useful work till session 1917-18. During thirty years hundreds of trained medical men passed out who are doing useful work under Government, Municipalities, in the various industries (cane, tea, ship-ping, etc.) or as country practitioners. This was rendered possible, mainly by the voluntary ungrudging, and unpaid work done both in the school and in the Hospital by the independent medical profession.

In 1911 before the introduction of the Medical Registration Bill, the Government asked the private medical institutions in Calcutta to unite and form one good and efficient teaching institution with a view to help its recognition by the University or the Bengal Council of Medical Registration. Attempt at this union continued for nearly two years but failed. The Government of India then decided to render financial help to the present institution at Belgachia with a view to its ultimate affiliation to the University of Calcutta. Negotiations were opened between the Government and the representatives of the institution in May, 1913. Ultimately a scheme was framed, the main conditions of which were that the Government offered to give a capital grant of 5 lakhs, provided the Committee raised 2 lakhs from the public and a recurring grant of Rs. 50,000 provided they got Rs. 30,000 a year from the Calcutta Corporation and Rs. 10,000 annually from the University. The authorities had great difficulties in fulfilling the conditions of the Secretary of State and in obtaining affiliation of the University. However, at last these struggles were over and the difficulties overcome and the first affiliation to the University of Calcutta was obtained in April, 1916. The college was formally opened at Belgachia Medical College by Lord Carmichael, Governor of Bengal, on the 5th July, 1916.

In July, 1917, the college was affiliated up to the standard of the First M. B. Examination. The affiliation of the college was extended to the Final M. B. Examination in July, 1919. Students of the college appeared for the Final M. B. Examination for the first time in April, 1922.

The college curricula are in accordance with the M. B. Examination rules in the Regulations of the Calcutta University.

The College was named after Lord Carmichael on 7th April, 1919, in appreciation of his services in connection with its affiliation. In May, 1918, the name of the Society was altered to Medical Education Society of Bengal. New Rules and Bye-laws were framed and the government of the college is now vested in a Council consisting of 14 members of whom 3 are nominated by Government and 3 by the Corporation of Calcutta. The Principal is a member *ex-officio*. Of the remaining 7, 4 are elected by the college and the Hospital staff, and 3 by the members of the Society. The tenure of membership is one year or till the next Annual General Meeting of the Society.

The Students.

1. Students ordinarily enter for a complete course of study but a few go in selected courses in one or more subjects.
2. The maximum number of students admitted every year is determined by the Council subject to the approval of the Syndicate of the University.
3. Application for admission should be made to the Principal of the College. Forms of applications are to be obtained from the Principal's office.

Library.

The Library contains 9,931 volumes and includes many works of reference and valuable complete set of journals, and it is of great use to the teaching staff, students and research workers. About 100 students daily attended the reading room for consulting books and journals.

Museum.

A very large number of specimens, models, instruments, etc., has been collected for the Museum and grouped under the following heads of subjects, *viz.*, Pathology (Medicine, Surgery, Obstetrics and Gynaecology), Hygiene, Anatomy, Materia Medica, Botany and Zoology. The Pathological collection is fairly completed and a catalogue has been prepared.

Laboratory.

There are well fitted laboratories for the Practical instruction of students and for research work by the staff attached to the departments of Chemistry, Physics, Botany, Zoology, Pharmacy, Pathology, Bacteriology and Bio-Chemistry; the dimensions of the laboratories are given under "Building and Accommodation."

6. A student, who fails in any University Examination must apply to the Principal for enrolment of his name within a week from the date of publication of the result and shall pay fees of students of the class and batch (April or November) to which he will belong plus As. 4 for his Cross List. (No admission fee is payable.)

A student, who after having completed his course of study, fails to appear at a University Examination (or a student who has not been sent up, shall pay fees of students of the class and batch (April or November) to which he will belong. Such students shall pay their college fees within the 15th June or 15th December as the case may be.

7. Fees (College, Practical and Union) for students studying for the membership of the State Medical Faculty shall be Rs. 88-4-0 for each term. Practical Midwifery fee and Dissection fee will be the same as for the M.B. students.

8. Any student taking up a special or selected course of lectures including practical classes, shall pay a fee of Rs. 50 for each subject

9. Medical graduates desirous of undergoing a course of training for 3 months in one of the laboratories or departments of the Hospitals shall have to pay a fee of Rs. 50. The fee for a Post-Graduate course of 4 months' training in Experimental Pharmacology will be Rs. 100.

10. Fees for granting certificate of attendance of a student shall be Rs. 25 each time such certificate is granted.

11. The fee for a Transfer Certificate shall be Rs. 10.

12. Fees once paid cannot be refunded.

13. Every student shall deposit Rs. 20 as Caution Money, which shall be refunded to him when he finally leaves the college, after deducting any amount that may be charged against him for damage or loss caused by him. If the Caution Money so deposited by any student is at any time fully used up for this purpose, he shall be called upon to make a fresh deposit of Rs. 20 as often as may be necessary. Any Caution Money not claimed within 5 years from the time when a student leaves the college shall lapse to the college and the student making the deposit or his representative will not be entitled to a refund thereof.

14. Students not residing with parents or approved guardians shall be required to reside in the College Hostel. Residence with guardians must be with the approval of the Principal, and any change of residence must immediately be intimated to the Principal in writing.

15. Students living in the College Hostels shall pay seat-rents at the following rates for the ensuing session, and they shall conform to the Hostel rules:—

Seats in the ground-floor rooms, Rs. 18 quarterly.

Seats in the upper-floor rooms, Rs. 21 quarterly.

Light charge, Rs. 4-8-0 quarterly.

Payable within the first week of each quarter.

16. Minimum percentage of attendance in the College and Hospital as required by the University must be kept by all students, even if they absent themselves with leave.

17. Test Examinations are compulsory for all students and shall be held at the end of each session. Class Examinations will be held from time to time. Promotion to the next higher class or sending up for the University Examinations will depend on the results of these examinations. Honours Examinations will be held after completion of the course of study in a subject.

18. Scholarships will be ordinarily awarded on the result of the Test Examinations.

19. A medal will be awarded to the best student in each subject on the result of the Honours Examination, provided he obtains not less than 75 per cent. of marks

20. Certificates of Honours, not exceeding two in number in each subject, will be awarded to students in order of merit, provided they obtain not less than 66 per cent of marks at the Honours Examination.

21. All students shall be required to conform to the College rules which may be revised from time to time.

Council for 1938-39.

THE ALL-INDIA INSTITUTE OF HYGIENE AND PUBLIC HEALTH

(110, Chittaranjan Avenue, Calcutta.)

(Founded on the 30th December, 1932.)

FIRST AFFILIATION, 1935.

History of the Foundation of the Institute.)

Public health policy in India started with the taking over of the administration of British India by the Crown in 1857. The high mortalities among British and Indian troops and in the Civil population attracted the attention of Parliament and in 1860 a Royal Commission visited India and made recommendations for the improvement of the health and sanitary conditions in India. This Commission recommended that Sanitary Commissions should be appointed in the major provinces of Madras, Bengal and Bombay. These commissions were established and for some years did good work. Departmental jealousies and other causes however led to their gradual emasculation and by 1900 they had been reduced to one officer, the Sanitary Commissioner, who had little or no staff and whose duties were largely confined to inspecting vaccinations. The advent of plague in 1896 led to a general awakening of every one's responsibilities in the matter of health and prevention of disease, and in 1912 the Government of India formulated an important declaration of sanitary policy, establishing research on a sound basis, and giving grants to Local Governments for the augmentation of their sanitary staff both central and provincial. The Government of India in a resolution insisted that candidates for Assistant Directorships of Public Health should have a British Diploma of Public Health. Health Officers of first class towns were required to have a registrable qualification and a British Diploma of Public Health. In this resolution it was stated, "The necessity for a British Diploma of Public Health will however only be temporary, as the Government of India trust that it may be possible to waive the second restriction as soon as arrangements can be made in India which will enable Indians trained in this country to become Health Officers of the first class."

Provincial Governments took up the question of providing such training, and qualifications in public health and higher diplomas and degrees demanding specific courses of training were initiated by the Universities of Bombay, Madras, Calcutta and Lucknow. These however, naturally retained a provincial outlook. The conception of providing courses in hygiene on a wider basis originated with Sir Leonard Rogers who in 1914 conceived the idea of establishing institutes in India for Post-Graduate Study in Tropical Medicine and Hygiene. Sir Leonard's first proposal was that there should be a School of Tropical Medicine in Calcutta, and an institute of Hygiene in Bombay, and that both of these might be on an All-India basis. Various circumstances and considerations prevented these views from coming to fruition but it was chiefly owing to Sir Leonard Rogers' perseverance and enthusiasm and to the generosity of the Governments of India and Bengal and various private benefactions, that in 1920 the Calcutta School of Tropical Medicine and Hygiene which combined teaching and research in both Tropical Medicine and Hygiene was opened. A Professorship in Hygiene was established and a course of instruction arranged in the School for the Diploma of Public Health of the Calcutta University. There were obvious limitations to the scope and outlook of this arrangement. However enthusiastic one man may

be, there are now so many aspects of Public Health both of temperate and tropical climates, each of which is rapidly developing and requires the full attention of a single worker and teacher, that it is impossible for a single person to combine the qualities or to find the time necessary to assimilate, digest and teach the diverse subjects comprising the entity known as modern Public Health. Workers highly trained in general hygiene and specialists in some particular branch are needed in India, and as time goes on and Public Health policy broadens and expands in all Indian provinces such workers trained in Indian needs and with Indian experience will be more and more required. Major General Sir J. D. Graham, C.I.E., I.M.S., the then Public Health Commissioner with the Government of India, said in his Annual Report for 1925 (Section VIII) :—

"The need of providing training for public health workers.—Certain conclusions have been forced upon me after careful study of the position over the last few years. It is becoming increasingly evident that a considerable section of the Indian community is thinking seriously on these public health problems."

"This is a work which has to be done for the benefit of Indians. To be effective it must carry conviction and establish its position against immemorial conservatism and tradition, it must therefore be done by Indians. It presents a grand and unlimited field for public health workers, but it is well to recognize that the improvement cannot be achieved when the expert labourers are too few in number that these cannot be increased to the requisite number without a careful system of specialized training in institutes or schools devoted to public health teaching and research, and that cannot be done without adequate financial support. The need for such training of Indian personnel has been advocated for the last two decades by our expert hygienists and research workers in India. It has often been represented, and not without justice, that scientific knowledge in regard to the prevention of certain communicable diseases has far outstripped its application in the field. It is with such a personnel that the practical application must finally rest." As head of the Calcutta School of Tropical Medicine and Hygiene Major-General Sir John Megaw arrived at similar views which were expressed from time to time in the Annual Reports of the School. Dr. W. S. Carter, M.D., Associate Director of the Rockefeller Foundation, in his periodic tours of India and the Far East, met General Megaw and General Graham on various occasions and became deeply impressed with the necessity for establishing an All-India Institute of Hygiene. Much of the teaching in basic subjects, such as bacteriology and protozoology, for the Diploma of Public Health, is similar to that for the Diploma of Tropical Medicine, and as this was being taught in the School of Tropical Medicine Dr. Carter at once grasped the obvious advantages of Calcutta as a location for an All-India Institute, and of a site close to the Calcutta School of Tropical Medicine where the basic subjects would continue to be taught. It would thus be unnecessary to duplicate these courses, and at the same time the institute would deal with purely public health subjects specially related to Indian requirements. As a result of discussion with General Megaw and others Dr. Carter, on behalf of the Rockefeller Foundation, addressed the Government of India in terms embodying these proposals, offering to provide the cost of acquiring the site selected and to build and equip an All-India Institute of Hygiene and Public Health, and further asking for the Government of India's assuance that they would meet the recurring cost of staff and maintenance after the building was handed over to them. The Government of India gratefully accepted this munificent offer and negotiations for the acquisition of the site were commenced. This was acquired finally in July, 1930 and the site was cleared and building commenced in September. A Constructional Committee composed of the Public Health Commissioner with the Government of India, the Surgeon-General with the Government of Bengal, the Chief Engineer with the Government of Bengal, the Chairman of the Calcutta Improvement Trust and the Accountant-General, Bengal, was appointed to arrange for the construction of the building, Lt.-Col. A. D. Stewart, C.I.E., I.M.S., Professor of Hygiene in

the Calcutta School of Tropical Medicine, was appointed Director-Designate of the new Institute and Lt.-Col. A. A. E., Baptist, M.B.E., I.M.D. (R.), Asst. Director, to superintend the actual details of construction and equipment.

The building was completed early in 1932 and was formally opened by H. E. Sir John Anderson, Governor of Bengal, H. E. the Viceroy being unable to perform the function owing to indisposition.

The Rockefeller Foundation proposed and the Government of India agreed to open six sections in the Institute :—

- (1) Public Health Administration.
- (2) Malariology and Rural Hygiene.
- (3) Epidemiology and Vital Statistics.
- (4) Nutrition and Bio-Chemistry.
- (5) Sanitary Engineering.
- (6) Maternity and Child Welfare.

Owing to the sudden financial crisis at the end of 1931, however, the Govt. of India found themselves unable to shoulder the financial burden of Rs. 3,50,000 per annum which the six sections required and decided to allot a sum of Rs. 2,00,000 per annum, agreeing to restore the original sum when monetary conditions improved. Accordingly only four sections were opened, the sections of Sanitary Engineering and Maternity and Child Welfare remaining in abeyance. The Committees of the Countess of Dufferin Fund however and of the Red Cross Association of India realising the importance of the section of Maternity and Child Welfare and specially the necessity for providing Post-Graduate instruction in the work not only for men but especially for women Graduates agreed to lend the services of a Senior Officer of the W. M. S., Dr. M. I. Neal, to initiate the section and also to grant the necessary funds to finance the section. It is however hoped that Government grant will be available in the near future and all the six sections will be functioning under the management of the Government.

Standard of Affiliation and courses available.

The Institute provides the following courses of instructions :—

- (a) D.P.H. of the Calcutta University.
- (b) D.Sc. (Public Health) of the Calcutta University.
- (c) D.P.H. & Hy. of the Faculty of Tropical Medicine and Hygiene, Bengal.
- (d) Diploma in Maternity and Child Welfare of the Faculty of Tropical Medicine and Hygiene, Bengal.
- (e) Special courses - conducted by the institute.

The first course for the D.P.H. Class based on the Institute was held in 1932-33.

The class was 24 in number and composed as follows :—

Medical Graduates (Practitioners)	...	19
From the staff of the Calcutta Corporation	...	1
Burma Public Health Service	...	2
Indian States Public Health Service	...	2

24

Of the 24, 18 came from Bengal.

- 1 came from Bihar and Orissa.
- 2 came from Hyderabad.
- 1 came from Coorg.
- 2 came from Burma.

Of these, 23 appeared in Part I of the Calcutta University and all passed. Of these, 20 passed in Part II.

The session 1933-34.—For this course, the training was definitely formulated and prospectuses issued. The course for the D.P.H. and Hygiene of the Faculty of Tropical Medicine and Hygiene was opened, and also for the Diploma in Maternity and Child Welfare. For the D.P.H., 48 applications were received and 30 selected for the course. These came from the following Provinces :—

Bengal	19
Burma	1
Hyderabad State	2
Punjab	2
Mysore State	2
Travancore State	2
Bihar and Orissa	1
United Provinces	1
Total					30

It will be seen that though the majority of the applications entertained came from Bengal, many of the provinces and states were represented.

For the session 1934-35.—Students came from the following provinces :—

Bengal	11
Madras	3
North-West Frontier Province	2
Burma	1
United Provinces	1
Indian Medical Department	1
Eastern Bengal Railway	1
Total					20

Examinations.—Twenty-eight appeared in Part I Examination in May, 1934 ; of these, 24 passed. Four appeared in Part I in September, 1934, 3 passed. Twenty-three appeared in Part II Examination in September, 1934 ; 16 passed. Three old students appeared in Part II Examination in May, 1934 ; 1 passed, and 2 old students appeared in Part II Examination in September, 1934 ; 1 passed.

D.P.H. and D.P.H. & Hygiene (1935-36).

The Class was composed as follows :—

(1) According to services :—

Provincial Government Services	4
District Boards	2
Municipal Boards	6
Indian State Service	1
Indian Medical Department	2
Private Practitioners	16

(a) BIO-CHEMISTRY AND NUTRITION.

Two separate courses, one in *Nutrition* and one in *Clinical Bio-chemistry* will be given. These will be held twice yearly, from October to December and from January to March.

(i) *Clinical Bio-chemistry.*

The course in Clinical Bio-Chemistry is designed to meet the needs of those already engaged in academic work of superintendents or resident medical officers or bio-chemists attached to or associated with hospitals where there are facilities for doing clinical research.

It will include the following subjects :—

Quantitative microanalysis of blood and urine including blood, calcium, sodium, chlorine, phosphorus, potassium urea, aminoacids uric acid, blood gases and hydrogen ion concentration. Instruction can also be given in the investigation of abnormal substances of special significance.

(ii) *Nutrition.*

The course in *Nutrition* is designed to meet the needs of academic teachers, medical or non-medical graduates and public health officers who are concerned in public health and social welfare work generally

It will embrace the following :—

The physiology and biochemistry of nutrition and its application to human dietetics and disease. Methods of determining the basal metabolism and energy requirements. The analysis of foods from the nutritional standpoint and the biological assay of foods and vitamins. The principles of dietetics and the methods of assessing physical fitness.

These courses will consist of practical work, a prescribed course of literature and seminars.

(b) MALARIOLOGY.

This course will commence in October with the opening of the session, and will end on the last working day in December.

Medical graduates desirous of specialising in malariology with a view to taking up the career of malariologist will be eligible for admission. Medical men already employed in the public health departments of the provinces will be preferred.

The whole course will consist of approximately 60 working days excluding Sundays and other holidays. There will be about 300 hours of work of which 60 hours will be spent in theoretical lectures and demonstrations and the rest (about 240 hours) in practical work in the laboratory and in the field.

The subjects dealt with will include the following :—

- Haematology, 5 days—25 hours.
- Protozoology, 5 days—25 hours.
- Symptomatology and Treatment, 3 days—15 hours.
- Entomology, 18 days—90 hours.
- Epidemiology including statistical methods, 18 days—90 hours.
- Preventive measures, 5 days—25 hours.
- Malarial Engineering, 2 days—10 hours.
- General, 5 days—25 hours.

The general lectures will include discussions on problems in malaria, law in relation to malaria, organisation and administration of antimalarial societies. If possible special lectures by specialists in particular branches will be arranged.

As regards field work arrangements will be made for visiting important places of interest to malariologists, such as Burdwan, Waltair, Sunderbans, Duars, etc. As far as possible a minimum number of the working days and maximum number of the holidays will be utilised for these visits.

(c) EPIDEMIOLOGY AND VITAL STATISTICS.

This course is designed to meet the requirements of public health workers and others who wish to specialise in these subjects. It will be held during the first three calendar months of the year, January to March.

It will comprise three sections, viz :—

1. Vital Statistics including—
 - (a) Statistical methods.
 - (b) Study of the vital statistics of students' own province.
 - (c) Systematic analysis and study of raw data relating to an epidemic of some common infectious disease.
2. Field-investigation. As far as possible the students will be given facilities for collecting suitable data in connection with an outbreak of an infectious disease in the City or in a rural area near Calcutta.
3. Planned study of the literature on the epidemiology and control of an important communicable disease which will be followed by a thesis.

It will be possible, if so desired, to adjust this programme to the needs of the individual student by laying greater or less emphasis on one or other of the three different sections.

(d) MATERNITY AND CHILD WELFARE.

As a course for the Diploma of Maternity and Child Welfare forms part of the regular curriculum of the Institute, a three months' course in these subjects is not given.

A short course however of four weeks on the organisation of Maternity and Child Welfare and School Medical Services suitable for public health officers responsible for the administration and supervision of such schemes and as a refresher course for medical women holding the D. M. C. W. will be held in November of each year.

The course of study will include 25 lectures of 1 hour each on the organisation of antenatal, maternity, child welfare and school medical services (10 lectures), school health (5 lectures) and the growth, development and protection of the normal infant and child (10 lectures).

The practical instruction will include visits to different types of maternity and child welfare schemes (3 visits), special schools for blind, deaf and mentally defective children (3 visits) industrial welfare work of various types (3 visits), inspection of midwives, visits to venereal disease hospitals, Corporation maternity homes, maternity units and milk kitchens and children's wards in hospitals, etc., 6 sessions at an infant consultation clinic where cases demonstrated will be followed by case discussions; 6 sessions devoted to routine school medical inspection, medical re-inspection, cleanliness and minor ailment raids, follow up work of the school nurse, inspection of school buildings, and the school clinic.

Additional sessions relating to the training of midwives, treatment and diagnosis of venereal disease, etc., will be arranged if desired. The course will include such subjects as :—

1. Assessment of physical fitness, tests of physical efficiency, control of epidemic in creches and junior schools, immunisation, school closure, intelligence testing, the unstable child, school diets, etc.
2. Intellectual and social development. child psychology, genetics, dietetics.
3. Inspection and report writing.

(c) COMPOSITE COURSE.

If desired a composite course of 3 months commencing in October, will be arranged. This will primarily be intended for officers engaged in general public health work who may wish to revise in a general manner the main subjects of public health. The course would comprise lectures, demonstrations and visits in—

Public Health Administration.

Environmental Hygiene (water supplies, methods of sewage disposal).

Malariaology, Cholera, Small-pox, Diphtheria, etc.

Epidemiology and Vital Statistics.

Nutrition.

It might be possible to continue the Maternity and Child Welfare course of 1 month with this course.

Institute Building Accommodation.

The plan is based on the "unit room" system, the unit room being 25 by 21 feet. The building is four-storeyed and is E-shaped, the long limb being in the centre. Six sections can be accommodated, viz.: (1) Public Health Administration, (2) Sanitary Engineering, (3) Vital Statistics and Epidemiology, (4) Bio-chemistry and Nutrition, (4) Malariaology and Rural Hygiene, and (6) Maternity and Child Welfare and School Hygiene. Each section has one unit room for the head of the section and two unit rooms for the workers. The working sections are placed in the central limb of the building, facing north with an excellent and unimpeded north light. In the west block are placed the administrative rooms, lecture theatre practical class rooms, museum, and a large auditorium to seat 200 people. The eastern limb houses, store rooms, common room and lunch room for students, spare working rooms and lavatories, while a separate annexe provides for an animal room on each floor. The library is in the central block on the top floor. Three unit rooms on each floor and the library and reading room are provided with conditioned air during the hot months of the year. The head of each section has a cool unit room and in addition there is a spare cooled unit room on each floor where workers on that floor may work in comfort, or engage in any special work requiring a cooled atmosphere.

The Library.

General Rules.

1. The Library is open from 10 A.M. to 4 P.M. on working days except on Saturdays when it is closed at 2 P.M.

2. The Library is a reference library and is open to the teaching staff, research workers and students of this institution and of the School of Tropical Medicine. Students intending to use the Library should obtain permission from the Director on the prescribed form. In case of those belonging to the School of Tropical Medicine each application should be recommended by the Director of that institution. Students and those specially permitted to use the Library are provided with cards which are to be presented to the Librarian whenever they wish to use the Library.

Outsiders engaged in studies of an advanced character can also be allowed to use the Library on obtaining permission from the Director on the prescribed form.

3. All facilities will be afforded for the free use of books, etc., in the Library room.

4. Members of the staff of the two institutions referred to above only are allowed to borrow books from the Library. Not more than four volumes may be taken on loan at a time. Special permission may be given on application for the issue of larger number of books at a time at the discretion of the Director. Books must not be kept for more than 15 days must be returned as soon as done with. Special permission to take books on leave or on tour or to be kept longer than 15 days must be obtained from the Director in writing. The Director however reserves the right of asking for the return of any books, etc., before the expiry of the prescribed period. The Director may similarly prohibit the use of any books or journals either temporarily or permanently. The Librarian shall keep a list of such books, corrected up to date hung up in a prominent place in the Library.

Students may take away from the Library one book at a time which must be returned within three days from the date of issue and the same book will not be issued to the same student for a month.

5. Books will be issued to the members of the staff in the following ways:—

Requisition slips which can be obtained in the Library must be filled in and signed before any book is taken out of the Library room. The Librarian is not permitted to give any books, etc., without obtaining a receipt for the same. The borrowers should be particular about taking back the receipts when the books are returned as they will be held responsible for the books, etc., so long as the receipts remain with the Librarian.

6. Borrowers of books are responsible for the proper safety and return of books. Writing in the margin of Library books, underlining sentences, marking passages or defacing books by any other way is not permitted.

7. Any book lost damaged or defaced must be replaced by the reader responsible for it. If the book is one of a set or series and the volume cannot be obtained singly, the whole set or series must be replaced at the borrower's cost.

8. The students and those who are given special permission will be allowed only to read books, etc., in the Library. They will sign a requisition slip provided for the purpose and hand it over to the Librarian along with the Permit Card which will be returned after the book is received back in the Library. The students and persons specially permitted, are allowed to read only one book at a time.

9. Workers who come to the institute from different parts of India to study particular subjects will have privileges similar to students.

10. Any breach of the Library rules will render the delinquents liable to the forfeiture of their claims for the use of the Library at any time.

11. Journals received by the latest mail will be displayed on a table from Monday to Saturday enabling readers to have one week's time to go through the current journals. Current journals and unbound volumes must not on any account be removed from the Library.

12. A personal ledger will be kept in the Library of all persons who are entitled to take books or are permitted to do so as special cases.

13. A suggestion book should be maintained by the Librarian in which all the books, etc., suggested by different members of the staff should be entered. (When suggesting a book the name of the publisher, price, etc., should be mentioned as far as possible.) The suggestion book should be periodically submitted to the Director, who will give orders for necessary books.

Duties of the Librarian and Assistant Librarian.

14. The Librarian will be responsible for the strict observance of the Library rules and safe custody of the keys, records and all books and journals stocked in the library and other properties belonging to the same.

15. Orders for books and journals should be placed with such book-sellers and publishers only as are on the list of approved contractors. Priced publications of the Government of India should be obtained against the monetary allotment for the institute and requisitioned in the prescribed form.

16. After the books have been received in the Library, they should be sorted out according to subjects, properly stamped, sectional press marks prepared and pasted on each book, entered in the stock book and placed in their appropriate places in the almirahs. Lists of new books should be circulated to the staff of the institute and to the Director, School of Tropical Medicine, monthly or as occasion arises. The procedure for stock entry, etc. will be the same as in the cases of stores (*vide* Rules 5 and 6, Chapter VI).

17. Various journals are subscribed to for the library from different parts of the world. A register should be maintained by the Librarian in which each copy of the journal received should be entered. The register should be checked frequently to detect any gap left in the supply as well as to see whether any issue has become overdue.

18. After journals have been entered in the register, they should be arranged according to geographical distribution, stamped, numbered and displayed, as provided for in rule II above. On Mondays they should be removed to their respective places in the almirahs. When the volumes are completed, they should be bound, sectional press marks pasted, stamped and placed in the section allotted to each.

19. All bills received from the book-sellers (local or foreign), and those for subscriptions to journals should be certified by the Librarian.

20. The Librarian will watch the progressive expenditure from the budget grant and monetary allotment for the institute.

21. Stock will be taken annually by the Librarian and the Assistant Director will verify yearly certain percentage. The borrowers should be requested to return all the books and journals, etc., to the Library before a certain date to enable the Librarian to do stock-taking. No books and journals should be issued during the period of stock-taking.

22. The Librarian should bring to the notice of the Assistant Director any breach of rules and obtain necessary orders.

23. It shall be the duty of the Librarian to deal with all cases relating to the Library, issue reminders, etc.

24. All references asked for by the professors and research workers should be promptly supplied.

25. The Librarian should ascertain by proper enquiry every month, any change that may have taken place in the staff of the institute and the school

26. The Assistant Librarian should generally act under the instructions of the Librarian and assist the latter in performing his duties whenever called upon to do so.

28. When any volume of book or journal is taken out of the almirah, it should be replaced by a dummy. This dummy will hold a slip in which all particulars regarding the title and author of the books, borrower's name, etc., should be entered so that it will be readily seen who has borrowed the book and on what date.

THE BENGAL ENGINEERING COLLEGE

(Botanic Garden P.O., Howrah.)

FIRST AFFILIATION, 1880.

This is the only college affiliated in Engineering to the Calcutta University. It was opened at Shibpur on 5th April, 1880, and is under the control of a Governing Body appointed by the Bengal Government.

It is a residential college to which all classes of the community are admitted.

There are three Departments :—

I. The Civil Engineer Department, affiliated to the standard of the Degree of Bachelor of Engineering in Civil Engineering and offering the full College Diploma of "Civil Engineer."

II. Mechanical Engineering Department, affiliated to the standard of the Degree of Bachelor of Engineering in Mechanical Engineering Courses for the Diploma in Mechanical and Electrical Engineering and Associateship in Mechanical Engineering are also offered.

III. Electrical Engineering Department, affiliated to the standard of the Degree of Bachelor of Engineering in Electrical Engineering.

I. Classes leading to a Degree in Engineering.

Admissions are made yearly up to a maximum of 70 (40 Civil and 30 Mechanical and Electrical), of whom 20 per cent. may be occasional students.

Of the regular students one vacancy is reserved for Assamese students

Candidates from Assam must apply for nomination to the Director of Public Instruction of that Province.

Occasional students are defined as being the sons of professional men, owners of landed or mineral property and others who wish to receive training in connection with private business for the development of the country and its resources. Their educational qualifications are as laid down for regular students. They are admitted at the discretion of the Principal.

For admission to the Degree Classes in the Civil, Mechanical and Electrical Engineer Departments of the college candidates must have passed (a) the Intermediate Examination in Science with English, Mathematics, Physics and Chemistry and in addition (b) a special test in Drawing.

B.Sc. students (who have taken Physics, Chemistry and Mathematics, or Mathematics, Physics and Geology or Mathematics, Chemistry and Geology) are admitted to the 2nd year Class. They must qualify (in addition to the special test in drawing) at a further special Examination in Advanced Drawing.

Candidates for admission as Regular students must not exceed 21 years of age on the first of January of the year in which they seek admission.

Applications for registration for the Drawing Examination and for admission must reach the Principal not later than such dates as may be fixed and they must be accompanied by an Examination and Registration Fee of Rs. 4.

The course for the full College Certificate in Civil Engineering extends over five years—four years at the college followed by one year of practical training on works in progress, and that in Mechanical and Electrical Engineering extends over six years—four years at the college followed by two years of practical training in workshops.

The first two years of the college course prepare students for the Intermediate Examination in Engineering and the last two for the Bachelor of Engineering Examination in Civil, Mechanical and Electrical Engineering. Regular students are allowed three years to complete the Intermediate course; if they take longer, they are not re-admitted to the college as regular students. Three years also are allowed for the Graduate course.

The college fees are payable in 8 equal monthly instalments during the session as follows :—

	Tuition—Regular students		Consolidated Barrack charges	Boarding
	Intermediate course	Graduate course		
	Rs.	Rs.	Rs. A. P.	Rs. A. P.
Europeans and Anglo-Indians	20	25	5 9 0	40 0 0
Hindus ...	20	25	5 9 0	12 12 0
Mahomedans ...	20	25	5 9 0	12 0 0

Occasional students pay 50 per cent. extra in each class throughout the course for tuition and are not eligible for college stipends.

Scholarships.

(Tenable in the C. E. Classes.)

Payable in 8 equal monthly instalments during the session as follows :—

Seven of Rs. 300 yearly, tenable for two years, are awarded to Regular students entering the First-year Class provided that they do not hold any other Government or University Scholarships (one of these is reserved for a European or an Anglo-Indian if a suitable candidate is available).

One Assam scholarship of Rs. 360 per session is awarded by the Director of Public Instruction, Assam.

(Available for four years and drawn at Rs. 420 in the Graduate classes.)

Two Senior scholarships of Rs. 360 yearly and three of Rs. 300 each yearly tenable for two years, are awarded to Regular students on the results of the Intermediate Examination in Engineering and the workshop tests combined.

A Forbes Memorial Scholarship of Rs. 120 yearly tenable for two years accompanied by a medal is awarded by the Principal on the results of the Intermediate Examination and workshop tests. This scholarship may be held concurrently with a Senior scholarship of Rs. 300.

Special Scholarships for Moslem students.—(a) Civil Engineering Department—

Four scholarships of the annual value of Rs. 300 each, tenable for two years in the first and second-year classes.

Two scholarships of the annual value of Rs. 360 each, tenable for two years in the third and fourth-year Civil or Mechanical and Electrical classes.

(b) Mechanical and Electrical Engineering Departments (Degree or Diploma and Associate courses)—

(1) Two scholarships of the annual value of Rs. 300 each, tenable for two years in the first and second-year classes.

(2) Two scholarships of the annual value of Rs. 285 each, tenable for two years in the third and fourth year classes (from Mohsin fund).

(c) Stipends of the total value of Rs. 480 a year for the passed Moslem students during their first year's practical training in outside workshops.

(d) Two scholarships of Rs. 37-8 each per month, tenable for one year for practical training of passed students in Civil Engineering.

(e) Two scholarships of Rs. 37-8 each per month, tenable for two years for practical training of passed students in Mechanical and Electrical Engineering.

If any of these stipends or scholarships are vacant they may be awarded to deserving students of backward classes.

The scholarships and stipends for Moslems may be held along with any Government or other scholarship or stipend.

After obtaining the University Degree in Engineering every Regular Civil Engineering student is, as far as possible, given the opportunity of undergoing one year's course of practical training and of thus earning the full College Diploma. During this period 13 scholarships are available of which 3 are specially reserved for training under the Chief Engineer, Public Health Department.

These scholarships are of the monthly value of Rs. 75 for Europeans, Rs. 37-8-0 for Indians, but Rs. 5 is retained and handed over to the student on the satisfactory completion of the training.

The student shall not receive any further remuneration for services rendered beyond any sanctioned scheme of scholarships, without the express sanction of the Principal. Should the authority under which a student is placed for training wish to give him an allowance not exceeding Rs. 50 per mensem, sanction will ordinarily be given to its being accepted, but it must be distinctly understood that the Principal will neither recommend nor forward any application for any allowance or concession.

An extra allowance of Rs. 30 per month to each student is made by the Public Works, Irrigation and the Public Health Departments to Student Engineers working under them.

Sibley Scholarships—Two scholarships of the value of Rs. 80 each per mensem tenable for one year shall be annually awarded to the first two students in order of merit, who being natives of India, pass the B.E. Examination in Civil Engineering Branch and satisfactorily complete the Post-Graduate course of one year's practical training.

Tenable in the Mechanical Engineering and Electrical Engineering Degree Classes.

(1) Intermediate Classes (First and Second-years of the course)—1 scholarships of the value of Rs. 300 each per session payable in eight instalments, and tenable for two years.

(2) Degree Classes (Third and Fourth-years of the course)—One scholarship of the value of Rs. 260 per session payable in eight instalments and tenable for two years.

Two scholarships of Rs. 300 each per session payable in eight instalments and tenable for two years.

Sibley Scholarship—One scholarship of the value of Rs. 50 per mensem tenable for one year shall be annually awarded to the student who, being a native of India, passes in B.E. Examination in each Mechanical and Electrical Engineering Branch securing the highest number of marks.

Bimalacharan Law Free Studentship.

Dr. Bimalacharan Law, M.A., B.L., Ph.D. of 43, Kailas Bose Street, Calcutta, presented 34% Government Promissory Notes of the face value of Rs. 16,700 for the creation of a Trust Fund for founding one free studentship in the Bengal Engineering College on the conditions stated below. The Government of Bengal sanctioned the creation of the Trust Fund in their letter

No 4172 Edn., dated the 23rd July, 1938 (Education Department, Education Branch).

Conditions for award of the free studentships.

(1) The donor, his heir or heirs shall have the right to nominate one regular student in any of the three Departments (Civil, Mechanical and Electrical Engineering) of the Bengal Engineering College, Shibpur, Howrah, for the free studentship from amongst the regular students who have been admitted into the college in the ordinary way, *viz.*, by the Governing Body of the college or by any Committee appointed by the Government. The Principal of the college shall forward to the donor, his heir or heirs a list of regular students so admitted for the award of the free studentship. If, in any year, none among the regular students so admitted is found deserving of the free studentship, no nomination for the free studentship should be made for the year, and the interest on the donation should continue to accumulate, and should be utilised in future in awarding two free studentships, if the funds permit, subject to the approval of the donor, his heir or heirs. The Principal of the college should be the administrator of the fund who will draw interest on the note regularly, open a Post-Office Savings Bank Account, deposit therein the income of the fund and credit to Government the amount payable by the holder of the free studentship.

(2) The donor, his heir or heirs shall have the right to cancel the nomination of a candidate who has failed to pass any one of the examinations during his or her four years' course of study and to nominate a new candidate from amongst the regular students of the college who may be found deserving of such free studentship. The free studentship shall entitle the holder to exemption from payment of tuition fee and fees for boarding and lodging.

(3) This free studentship should be named as "Bimalachurn Law Free Studentship" and is open to all students without any distinction of caste, creed and sex.

(4) The free studentship will be awarded for one year in the first instance and will be continued unless for unsatisfactory progress or otherwise the concession is withdrawn. No fresh free studentship will be awarded while one is in existence or until sufficient surplus is available for the creation of a second one. The holder of the free studentship will be exempted from payment of tuition fee and charges for board and lodge to the extent of the amount available as income of the fund.

(5) The Principal of the college shall furnish the donor, his heir or heirs with an annual report of the progress of study of the student concerned, and the donor, his heir or heirs shall intimate to the Principal his or their intention of allowing the candidate to continue to hold the free studentship, if the progress report be found satisfactory. In the event of the progress report being found unsatisfactory, the right of the donor, his heir or heirs shall be limited to withdrawing the free studentship, and shall not extend to prohibiting the holder of the free studentship from prosecuting his or her study.

(6) This free studentship should be published in the Calcutta Gazette.

II. Mechanical and Electrical Engineering Classes leading to the Diploma and Associateship.

Admissions are made yearly.

Candidates, who have completed 4 years of Apprenticeship in the workshops recognised by the Board of Apprentice Training and have passed a competitive examination held at the end of the 4th-year of Apprenticeship, are eligible for admission. They are admitted as special students of the college.

Special scholarships for Backward Class students—Two scholarships of the value of Rs. 240 each, per session, one for each year of the Intermediate course,

tenable for one year and two scholarships of the value of Rs. 300 each, per session, one for each year of the degree course, tenable for one year.

Two courses are offered—(a) Diploma Course, and (b) an Associateship Course—the full course of each of which extends for a period of six years, viz., three or four years at the college followed by three or two years of practical training in workshops, according to the class to which one is admitted.

Fees.

Tuition fee is payable in eight equal monthly instalments. No instalments are payable during the vacation and the month in which examinations are held. (For regular and special students Rs. 100 and for occasional students Rs. 200 per session.)

Scholarships.

(1) Diploma classes (Second and Third-years of the Diploma Course).

Five scholarships of Rs. 200 each per session payable in eight instalments and tenable for two years for award to students admitted for workshops.

(2) Associate classes (Fourth-year of the course.)

Five scholarships of Rs. 320 each per session payable in eight instalments and tenable by passed Diploma students who proceed to the Associate Course in the Mechanical or Electrical Engineering.

Special scholarships for Moslem students—(1, *From Provincial Revenue*—Two scholarships of the annual value of Rs. 240 each tenable for two years in the First and Second-year Classes.

If there is a vacancy in these scholarships, it may be awarded to a deserving student of the backward Classes.

(3) *From the Mohsin Fund*.—Two scholarships of the annual value of Rs. 235 each tenable for two-years in the Third and Fourth year Classes in the event of one or both of the students stopping at the end of the Third-year and not proceeding to the Fourth-year course, the vacant scholarships will not be available for Diploma student (Third-year) in the following year.

These scholarships may be held along with any Government or other scholarship or stipend.

Workshops.

All students undergo workshop training for about 6 hours weekly, during the first two years, attending the Carpenter's and the Blacksmith's shops in the 1st-year and the Pattern-making shop and Foundry in the 2nd-year. Mechanical and Electrical Engineering students spend 6-9 hours weekly in the Fitting and Machine shops during their 3rd and 4th years. Passing in the practical tests of these shops is obligatory.

There are the following workshops :—

(1) Carpenter's, (2) Blacksmith's (3) Iron and Brass Foundry, (4) Fitting and Machine shop, (5) Electrical Engineering.

Industrial Classes.

Boys, preferably the sons of workmen, are admitted to Industrial Classes in connection with the workshops.

INSTITUTION RECOGNISED UNDER SECTION 7, CHAPTER XVI OF THE REGULATIONS

VISVA-BHARATI

(Santiniketan, Birbhum.)

First RECOGNITION, 1926.

The College at Santiniketan is one of the various institutions of Visva-Bharati, founded by Dr. Rabindranath Tagore, N.L., D.Litt., at Santiniketan, Birbhum, Bengal. Visva-Bharati has grown out of the school started by Dr. Tagore in the year 1901 on the foundation of the ashrama (named Santiniketan) which owed its inception to his father Maharsi Debendranath Tagore. "The aim of Visva-Bharati," in Dr. Tagore's own words, "is to acknowledge the best ideal of the present age in the centre of her educational mission. The first thing which must occupy our attention is to concentrate in this institution the different cultures of the East. With the realisation of the ancestral wealth of our own culture, comes our responsibility to offer our sacrifices to the highest truth of man."

"All that is great and true in humanity is ever waiting at our gate to be invited. Visva-Bharati is India's invitation to the world, her offer of sacrifice to the highest truth of man."

The institution is situated about a hundred miles from Calcutta and is at a distance of a mile and a half from Bolpur—a station on the Loop line of the East Indian Railway. It is remote from the distractions of town life and yet within easy reach of the stimulating activities of an intellectual centre. A quiet spot in the middle of open country with wide open plains stretching to the horizon on all sides, Santiniketan has about it an atmosphere of spiritual serenity which along with its peculiar features attracts students not only from every part of India but also from other parts of Asia and Europe.

The institution is residential. A limited number of day scholars are admitted. There are separate hostels for boys and girls.

There are extensive playgrounds where boys and girls have separate facilities for playing various games, foreign and indigenous.

The Library has a unique collection of books and periodicals and manuscripts which are at the disposal of the students who are given every possible assistance in their seminar studies.

The number of students being very limited in each class individual attention is possible.

Rabindranath Tagore is in residence here. He is at home to the students and his presence is always made real to them through his songs, poems, articles, plays and talks. The Art Museum, Seasonal Festivals, Musical and Dramatic Performances are there to stimulate the creative talents of the students.

Extra-academic curriculum include painting, drawing, music, dancing, loom weaving, crafts, and training in social and economic surveying under expert guidance. Students are encouraged to take the above subjects according to their taste and talent.

Eminent men including scholars and artist of different countries often visit Santiniketan, and give talks on various topics. The students have the opportunity of coming in personal contact with them.

The Visva-Bharati Institute of Rural Reconstruction at Sriniketan which is at a distance of a mile and a half from Santiniketan provides facilities for a close touch with the village life and its problems. The Social and Economic Survey of the neighbouring villages is generally organised by this department of Visva-Bharati.

The corporate life of the students grows through the various social functions, picnics and excursions.

The institution has its own Power House, Water-Works, Co-operative Stores and an indoor hospital exclusively for its residents.

Admission.

Candidates for admission are required to produce an official certificate of good character from the institution he attended last.

A limited number of scholarships and stipends granted to poor and deserving students, for which applications are to be made in the prescribed form.

Monthly Residential fee Rs. 27 for boys and Rs. 25 for girls. Monthly fee for day-scholars Rs. 8-8.

Bengal Government scholarships are tenable.

Students attending this institution are allowed the privilege of appearing at the I.A., I.Sc. and B.A. Examinations of this University as non-collegiate students. The following subjects are taught :—

I.A.—(1) Bengali, Hindi, Urdu, (2) Sanskrit, Pali, Bengali for female candidates, Persian, Arabic, French, German, (3) English, (4) History, (5) Logic, (6) Mathematics, (7) Civics, (8) Botany and (9) Chemistry.

I.Sc.—English, Vernacular, Mathematics, Botany, Chemistry and Physics.

B.A.—(1) Bengali, Hindi, Urdu, (2) Sanskrit (Pass and Honours), Pali (Pass and Honours), Persian (Pass and Honours), Linguistics (Pass and Honours), Bengali as Second Language, French, German, (3) English (Pass and Honours), (4) History, (5) Economics (Pass and Honours), (6) Philosophy (Pass and Honours), (7) Mathematics.

N.B.—Lectures attended in the Visva-Bharati do not entitle a student to count the same for the purpose of his admission to an affiliated college on transfer in order to appear at the I.A., I.Sc. or B.A. Examination of the Calcutta University as a regular student.

SYLLABUS OF STUDY IN ELEMENTARY SCIENTIFIC KNOWLEDGE

The portions noted below under the head A should be taught in Classes VII and VIII and those noted under the head B in Classes IX and X of recognised High English Schools :—

A

(Classes VII and VIII)

The three states of matter. Physical properties of air and water. Buoyancy and Archimedes' principle. Pressure of atmosphere. Effect of heat on water. Effect of heat on air. Ventilation. Effect of heat on solid bodies. Pendulum. Clock and Thermometer. Transference of heat. Simple ideas regarding energy and its transformations with examples. Rectilinear propagation of light. Phenomena of reflection and refraction of light, colour and rainbow. Lodestone, magnetisation, terrestrial magnetism and compass. Simple Electric Cell. Conductors and insulators. Effects of current :—(a) Heating and lighting, (b) Chemical, (c) Magnetic. Electro-magnet and Electric Bell. Telegraphy.

Separation of Mixtures—Solution, filtration, crystallisation, distillation, sublimation. Rusting of iron and burning of candle, magnesium and sulphur in a closed volume of air over water. Air, its composition.

Properties of Oxygen, Nitrogen and Carbon dioxide. Water, its composition. Properties of Hydrogen, Natural and aerated waters. Properties of hard and soft water. Characteristics of chemical compounds.

The Sun—its dimension and distance from the Earth. Planetary system—relative positions. Eclipses of the Sun and the Moon.

The Earth—condensation from a hot gaseous state—its crust—igneous and sedimentary rocks. Earth movements (earthquake)—volcano.

B

(Classes IX and X)

Observations and identification of the principal constellations, major stars and planets throughout the year at night. Solar year and seasons. The moon and its phases—lunar year. Comets and meteors.

Probable condition of interior of the Earth. Earth movements—folding and landslide. Varieties of soil and their bearing on plant-life and agricultural operations. The story of the formation of coal and mineral oil.

Structure of any common flowering plant. Functions of root, stem, leaf, flower and fruit. Special characteristics of the living—locomotion, respiration, nutrition, growth. Response to stimulus. Propagation and death, adaptation to environments. Examples from plants like rice and pea, and animals like earth-worm and fish. Life-history of (a) rice and pea, and (b) ant, bee, spider, mosquito, butterfly and frog. Interdependence of plants and animals.

Simple consideration of the Human body, and its principal system, *viz.*, circulatory, respiratory, and digestive systems. Foods—their relative values and their essential ingredients. Functions of the skin and nerves.

The whole syllabus in Elementary Scientific Knowledge as prescribed by the University (particularly the portions taught in classes VII and VIII) should be revised in class X.

(Candidates will be expected to have had a training in observation and in accurate and clear description, with reference to their practical applications and phenomena as observed in daily life. No detailed technical knowledge will be required.)

ELEMENTARY MECHANICS.

No text-books are prescribed. This subject is to be taught in accordance with the syllabus prescribed in the Regulations

The following books are recommended :—

- A. N. Sen. Elementary Mechanics.
Briggs and Bryan. Matriculation Mechanics.

List of appliances required for teaching Elementary Mechanics.

Foot rule and a measuring tape.
Plumline and level.
Simple level (including brass slotted weight).
Roman steelyard.
Lecture apparatus for experiment on moments.
Atwood's machine.
Stop-watch.
Glazebrooke's Apparatus (to demonstrate movement of a body).
Hick's ballistic balance.
Compound wheel and axle.
Double pulley in one row.
4 single brass pulleys and 2 triple brass pulleys.
Western differential pulley blocks with chain ($\frac{1}{4}$ ton).
Inclined plane.
Parallelogram of forces apparatus.
Resolution of forces apparatus.
Wall crane.
Physical balance, with extra scale pan.
Set of gramme weights (200 grammes to 1 mgr.).
2 composition ivory balls.
Apparatus to show the path of projectile.
Cardboard disc.
Geometrical models of different shapes (including a cone)

Note.—The above list is not exhaustive, and much of it might be replaced by similar forms that could probably be made far more cheaply by a clever mistry under proper supervision. In most cases, however, it will probably be found advantageous to buy such a set as indicated in the list specially for demonstrating purposes, at a cost of about Rs. 400 and subsequently to develop simplified duplicates illustrating the same principles which the boys should be given opportunity actually to experiment with, on their own individual account or working in pairs.

ELEMENTARY HYGIENE.

The following books are recommended to be studied in accordance with the prescribed syllabus in Hygiene :—

1. Radha Krishna Banerjee. Swasthya Bijnan.
2. Jyotishchandra Ray. Swasthyavidya Prabeshika.
3. Rameshchandra Ray. Matriculation Hygiene (Bengali).
4. Abhaykumar Sarkar. Swasthyatatwa.
5. Krishnachandra Mitra. Swasthya Bijnan.
6. Ghosh and Ghosh. Prabeshika Swasthyavidya.
7. Pasupati Bhattacharyya. Swasthya Prabeshika.

*List of appliances required for teaching Elementary Hygiene.***A. CHARTS.**

1. A. L. Physiology and Hygiene charts, complete set.
2. A thermometric chart showing normal scale of effective temperatures.
3. Common intestinal parasites.
4. Common bacilli.
5. Deep-well, shallow-well, tube-well.
6. Reserved tank.
7. Vitamin contents of common food-stuffs.
8. Code of sportsmanship.
9. Different types of Mosquitoes (Anopheles, Culex, Stegomyia). Different varieties of flies (house fly, stable fly, blue-bottle).
10. Fleas (common flea, rat flea, sand flea), Lice (head, body and crab).
11. Life-history of a mosquito.
12. Life-history of a house-fly.
13. List of health practices.
14. Different types of exercise and their effect upon the body.
15. Different types of postures.
16. Different provisions for ventilation.
17. Slow sand filter.
18. Private latrine; pit latrine; bore-hole latrine; night-soil cart.
19. Complete system of house drainage.

ELEMENTARY SCIENTIFIC KNOWLEDGE

(Books recommended for the examination of 1941, 1942 and 1943.)

The subject is to be studied in accordance with the syllabus prescribed in the subject. The following books are recommended :—

- (1) Bhattacharyya, Roy and Chakrabarti. Probeshika Bijnan.
- (2) Bhattacharyya and Majumdar. Prathamik Bijnan.
- (3) Mookerjee and Mitra. Bijnan Prabesh.
- (4) Arunkumar Dutt. Prathamik Bijnan.
- (5) Hemendrakumar Bhattacharyya. Bijnaner Pathk.
- (6) Ganapati Baverjee, Saral Bijnan Parichay.
- (7) Ray and Mitra. Bijnan Prabeshika.
- (8) Sukumar Basu. Bijnan Prabeshika.
- (9) Rasbehari Bose. Bijnan Shiksha.
- (10) Mukherjee and Bajpai. Bijnan Prasanga.
- (11) Girischandra Bose. Bijnan Alochana.
- (12) Manoranjan Datta. Prathamik Bijnan.
- (13) Ghosh and Chakrabarti. Bijnan Parichay.
- (14) Hughes and Panton. Elementary General Science (in four parts).
- (15) Dr. Md. Qudrat-i-Khuda. Bijnaner Bichitra Kahini.
- (16) Sen, Majumdar and Sinha. Bijnan Mukul.
- (17) Datta and Mukherjee. Saral Bijnan.

ELEMENTARY MECHANICS

No text-books are prescribed. The subject is to be taught in accordance with the syllabus prescribed in the Regulations.

The following books are recommended :—

A. N. Sen. Elementary Mechanics.
Briggs and Bryan. Matriculation Mechanics.

List of appliances required for teaching Elementary Mechanics.

Foot rule and a measuring tape.
Plumbline and level.
Simple level (including brass slotted weight).
Roman steelyard.
Lecture apparatus for experiment on moments.
Atwood's machine.
Stop-watch.
Glazebrooke's Apparatus (to demonstrate movement of a body).
Hick's ballistic balance.
Compound wheel and axle.
Double pulley in one row.
4 single brass pulleys and 2 triple brass pulleys.
Western differential pulley blocks with chain ($\frac{1}{2}$ ton).
Inclined plane.
Parallelogram of forces apparatus.
Resolution of forces apparatus.
Wall crane.
Physical balance, with extra scale pan.
Set of gramme weights (200 grammes to 1 mgr.).
2 composition ivory balls.
Apparatus to show the path of a projectile.
Cardboard discs.
Geometrical models of different shapes (including a cone).

Note.—The above list is not exhaustive, and much of it might be replaced by similar forms that could probably be made far more cheaply by any clever mistry under proper supervision. In most cases, however, it will probably be found advantageous to buy such a set as indicated in the list specially for demonstrating purposes at a cost of about Rs. 400 and subsequently to develop simplified duplicates illustrating the same principles which the boys should be given opportunity actually to experiment with, on their own individual account or working in pairs.

ELEMENTARY HYGIENE

The following books are recommended to be studied in accordance with the prescribed syllabus in Hygiene :—

- (1) Radhakrishna Banerjee. Swasthya Bijnan.

PURE MATHEMATICS

No text-books are prescribed. The subject to be taught according to the syllabus. The following books are recommended:—

Paper I.—Algebra and Arithmetic.

Levi. Algebra.

Bocher. Introduction to Higher Algebra.

For reference—

Burnside and Panton. Theory of Equations.

Vander Waerden. Modern Algebra I.

Paper II.—Application of Pure Mathematics.

Minchin—Statics, Vols. I and II.

Routh—Statics, Vols. I and II.

Routh—Dynamics of a Particle.

Paper III.—Projective Geometry.

Graustein—Introduction to Higher Geometry.

C. V. Durell—Geometry for Advanced Students, Vol. II.

Mathews—Projective Geometry.

Cremona—Projective Geometry.

Woods—Higher Geometry.

For reference—

Veblen and Young—Projective Geometry.

Paper IV.—Spherical Trigonometry, Metric Geometry and Differential Geometry.

Mitra—Spherical Trigonometry.

Bell—Co-ordinate Geometry of three dimensions.

Salmon—Conic Sections.

Sommerville—Analytical Geometry of three dimensions.

Eisenhart—Differential Geometry.

Bagchi—A course of Geometrical Analysis.

For reference—

Blaschke—Vorlesungen über Differential Geometrie, Vol. I.

Sommerville—Analytical Geometry of Conics.

Solomon—Geometry of three Dimensions, Vol. I.

Paper V.—Differential and Integral Calculus.

Goursat—Mathematical Analysis, Vol. I.

Phillips—Course of Analysis

Hardy—A Course of Pure Mathematics.

Carlsaw—Fourier Series.

For reference—

Courant—Differential and Integral Calculus, I and II.

Paper VI.—Infinite Series, Differential Equations, Fundamental of the Theory of Complex Variable

Knopp—Infinite Series.

Bromwich—Infinite Series.

Goursat—Mathematical Analysis, Vol. II, Part II.

Forsyth—Differential Equations.

Bateman—Differential Equations.

For reference—

Townsend—Functions of a Complex Variable.

OPTIONAL PAPERS.

A—Theory of Functions of a Real Variable.

Titchmarsh—Theory of Functions (1932).

Hobson—Theory of Functions of a real variable.

G. Prasad—Recent Researches in the Theory of Fourier Series.

B—Theory of Functions of a Complex Variable.

Titchmarsh—Theory of Functions.

Copson—Theory of Functions of a Complex Variable.

Dienes—Taylor's Series.

RULES FOR EXAMINATIONS

(i) Arts and Science

I.—GENERAL

(a) APPOINTMENT OF EXAMINERS

1. Head Examiners shall be appointed to superintend the work of the Matriculation Examiners in the following subjects :—

- | | | |
|-----------------|---------------|-------------|
| (1) English | (4) Bengali | (7) Pali |
| (2) Mathematics | (5) History | (8) Persian |
| (3) Sanskrit | (6) Geography | (9) Arabic |

The Syndicate may also, if necessary, appoint a Head Examiner in any other subject.

2. Head Examiners shall be appointed to superintend the work of the Examiners in the Intermediate Examinations in Arts and Science, one in each of the following subjects :—

- | | | |
|--------------|-----------------|---------------|
| (1) English | (4) History | (7) Chemistry |
| (2) Bengali | (5) Mathematics | (8) Logic |
| (3) Sanskrit | (6) Physics | (9) Civics |
| | | (10) Botany |

The Syndicate may also, if necessary, appoint a Head Examiner in any other subject.

3. There shall be one Chairman of the Board of Examiners in B.A. English Pass Course, and a Head Examiner in Bengali.

(b) SETTING OF PAPERS

4. (a) The questions for the Matriculation Examination shall be framed chiefly with a view to test a general but intelligent knowledge of the subjects, and questions, that are very minute or very difficult, shall, as a rule, be avoided.

(b) The question-papers set for the Intermediate Examination in Arts and the Intermediate Examination in Science, shall be identical in all subjects which are common to the two examinations.

In the Intermediate Examinations, candidates are expected to possess only a knowledge and understanding of the prescribed pieces (both prose and poetry); questions will not be set to test their knowledge of the lives, works and styles of the authors, beyond what is involved in the set pieces themselves.

(c) The question-papers set for the B.A. and B.Sc. Examinations shall be identical in all subjects common to the two examinations.

Different papers shall be prepared for the B.A. Pass and Honours candidates who will not be examined at the same time. The questions set in the papers for Pass candidates shall be taken only from the Pass Course and the questions set to the candidates for Honours shall be taken from both the Pass and Honours Course. In the paper set to the Honours candidates the questions taken from the Pass Course shall be more difficult than those in the papers set to the candidates for a Pass only. The papers shall be headed English,* 1st Pass Paper; English,* 2nd Pass Paper; Eng-

* Or whatever the subject may be.

lish,* 3rd Pass Paper; English,* 1st Honours Paper, English* 2nd Honours Paper, English,* 3rd Honours Paper, English,* 4th Honours Paper, English,* 5th Honours Paper, English,* 6th Honours Paper.

(d) The question-papers for the M.A. and M.Sc. Examinations shall be identical in all subjects common to the two examinations.

(e) The Paper-setters for the Alternative Paper in English for the Matriculation Examination should keep in view, when framing the questions, the fact that many candidates whose vernacular is not English are compelled to take up the Alternative Paper in English inasmuch as their vernacular is not recognised by the University.

(f) At the head of the composition paper in English at the Matriculation and Intermediate Examinations the following directions should be given:—

Special attention should be paid to punctuation, and to the planning of paragraphs and of the whole composition.

5. The gentlemen appointed to set the examination papers are requested to write in the margin opposite to each question, the maximum number of marks they intend to assign to it.

6. The examination papers in duplicate, written very legibly on one side only of foolscap paper, are to be sent by post in a sealed and registered double cover to the Controller at his office. No copy of any examination paper is to be retained by the gentlemen setting it.

Whenever practicable, the whole Board of Paper-setters should meet and papers should be set on the joint responsibility of all the Paper-setters in the same subjects.

7. The papers set shall be submitted to the Controller with a certification over the joint signatures of the persons appointed that the papers conform to the prescribed conditions and do not involve a material variation from the average standard.

(i) Each paper shall be set by one Paper-setter.

(ii) The Syndicate shall appoint a Moderator in each subject, whenever possible, he shall moderate each question-paper in consultation with the Paper-setter concerned. It shall be the duty of the Moderator to see that the rules and regulations are strictly complied with.

In special cases the Syndicate may appoint more than one Moderator in a particular subject.

(iii) Each paper is to be signed by the Paper-Setter and the Moderator.

(iv) The Moderator shall allot the question-papers among the different Paper-setters, subject to final confirmation by the Vice-Chancellor.

The Paper-setters are required to assign in writing the copyright of their questions to be University.

(c) RULES TO BE FOLLOWED BY EXAMINERS

Presence of Examiners and Head Examiners in Calcutta

1. Examiners will be expected to be present in Calcutta during the Examination in the subjects for which they have been specially appointed.

2. The Head Examiner or the Chairman shall not, without the special permission of the Syndicate, leave Calcutta until the work of re-examination is completed.

3. Every examiner must remain in Calcutta as long as his services are required by his Head Examiner or by the Chairman.

Examiners' Meeting

4. As soon as possible after an examination has been held, the persons who have set any question-paper in the examination, the Moderators and those who are to examine the answers to that paper or any portion of it, and the Head Examiner, if there is one, shall meet to determine the

* Or whatever the subject may be.

kind or standard of answers to be expected from candidates and to decide upon a system of marking. Their conclusions shall be embodied in a memorandum to be jointly signed by them and forwarded to the Controller. If owing to unavoidable circumstances, any Examiner who has set a paper or a Moderator who has moderated a paper is unable to attend the meeting, the remaining Examiners contemplated by this Regulation shall meet and transact the aforesaid business.

For this purpose a meeting of the Examiners in each subject shall be held as soon as possible after the close of the examination, at which provisional rules shall be drawn up. After this meeting each Examiner shall look over a certain number of papers (the number to be determined at the meeting) and shall submit them to the Head Examiner or the Chairman, as the case may be, for re-examination. After he has re-examined those papers, the Head Examiner or the Chairman, shall call another meeting for the final determination of the rules. A copy of these rules shall be sent to each Examiner and to the Controller.

Delivery of Answer-papers.

5. After the final meeting all the Examiners, excepting those who may fail to attend the meetings owing to unavoidable circumstances, shall take delivery of all the available answer-papers allotted to them from the office of the Controller of Examinations. Examiners residing at any place situated within a radius of 12 miles from Calcutta shall take delivery of all the answer-papers allotted to them from the office. Where the total number of papers to be examined by any non-resident Examiner is less than 25, they will be despatched to him by the office.

Examiners residing outside Calcutta, who do not personally take delivery of answer-papers, and to whom the answer-papers are despatched at the cost of the University, will kindly return the scripts after examination to the University at their own cost.

Examination of Papers.

6. Examiners are required to examine the answer-papers in their respective subjects, as far as possible in the following order:—

- (1) Calcutta papers,
- (2) Mofussil papers.

and in each of the above two parts to follow the order of the pages of the Roll.

7. Examiners in giving marks, shall take the correctness of the language of the answers into account. In awarding marks they shall also consider whether the answers indicate an intelligent appreciation of the subject or are merely the result of unintelligent memory work.

8. Examiners shall assign marks against each answer or distinct portion of an answer inside the script, and such marks should always be indicated in the margin on the left hand side, making them very distinct from numbers put by the candidates against the answer. The total marks will be entered on the cover of the answer-book.

9. Examiners should, as far as possible, avoid altering marks after the marks have been once entered in the answer-scripts. If any changes are made such changes should always be duly initialled.

10. Each Examiner shall be furnished with a Roll containing the names (in the case of Matriculation candidates only, but in the case of other Examinations the Roll numbers and the Registration numbers of all candidates will be given in the Roll) and numbers of all the candidates to be examined by him in which he shall enter the total number of marks assigned to each candidate in each paper.

The total number of marks must in every case be a whole number; if the Roll submitted by an Examiner contains fractional marks, it will be returned to him for correction.

11. Examiners who have both B.A. or B.Sc. Pass and Honours Papers to examine will receive extra copies of the Roll so that they may enter the Pass and Honours marks in separate Rolls. They are requested not to cut off the pages of the Roll in order to separate the Pass from Honours, as such cutting off of the pages causes considerable inconvenience in tabulating the marks and entails some risk of marks being lost or overlooked.

12. All marks must be distinctly entered in the Roll in ink and when an entry requires to be altered, the original figures must be cancelled and the new figures entered alongside of the original ones. Every such alteration must be attested by the Examiners.

No entry shall be made in the roll against the name of any candidate from whom no paper is received.

Each Examiner shall write the subject of examination, the paper at the top and his name at the foot of every page of his roll.

13. The work of the Examiners at the Matriculation and Intermediate Examinations and in Bengali at the B.A. Examination shall be superintended by the Head Examiner, if any, appointed by the Syndicate.

Re-examination.

14. In cases in which there is a Head Examiner, the re-examination may be done by the Head Examiner himself or by one or more of the Assistant Examiners at his discretion.

The Head Examiners should keep a record of the names of Examiners to whom answer-papers are allotted for re-examination.

The re-examination should be in strict conformity with the requirement of the Regulations, viz., that the paper shall be re-examined (when necessary) on the method of marking already adopted and without any alteration of the standard.

In the case of a single paper or part of a paper examined by a single Examiner, the alteration of ten per cent. or more in the marks on re-examination will be reported to the Syndicate for reference to an additional Examiner.

15. To facilitate the work of re-examination, the Examiners or the Head Examiners, as the case may be, shall keep the answer-papers of the candidates arranged in the order in which their names appear on the roll.

16. The time allowed for the re-examination of answer-papers shall be four days for 100 papers and under, and one day additional for every 25 papers or portion thereof over 100, Sundays being excluded.

Where an Examiner has over 100 papers to re-examine, he shall send in the marks of these papers by instalments of 100 or less, as the re-examination of them is completed.

Transmission of examined Scripts and Marks.

17. The answer-papers shall be returned to the Controller as soon as the work of re-examination is over.

18. Examiners are required to send at the end of each week to the Controller or to the Head Examiner, as the case may be, the papers examined and the pages of the Roll containing the marks assigned to them. The number of papers examined each week is expected to be fairly proportionate to the total number of papers to be examined within the time prescribed.

The attention of the Examiner is specially directed to this rule, and the Controller is required to report to the Syndicate, after the examinations are over, any case of infraction of this rule or of any other rule.

19. All Examiners who have fewer than 200 papers to examine shall send in the last batch of their marks one week earlier than the latest date fixed for sending in marks by other Examiners.

20. In all University Examinations marks sent to the University shall be forwarded in instalments, in duplicate, in two prescribed covers, duly sealed, both enclosed within a bigger envelope addressed to the Controller

by name and the covers shall have the following details clearly noted on them :—

- (a) Name of Examination and Part number of the Roll;
- (b) Subject and Paper;
- (c) Roll numbers of marks sent;
- (d) Full name of Examiner.

21. Such sealed covers shall be transmitted to the Head Examiner or Tabulator, as the case may be, by the office without their seals being opened.

22. If the direction on the inner cover are not sufficiently clear, the Examiner concerned should at once be communicated with. If in any case it is necessary to open the cover without or before communicating with the Examiner (e.g., where the Examiner is out of Calcutta), it will be done either by the Controller or the Assistant Controller personally.

23. Marks should be submitted by Examiners within the last date fixed by the Syndicate.

The Controller will report to the Syndicate the names of defaulters at the earliest opportunity for such action as the Syndicate may deem necessary to take.

24. If any Examiner at any University Examination fails to send in his marks within the limits of time prescribed for the purpose the amount of his remuneration shall be reduced by Rs. 5 for each day by which he exceeds that period.

Revision of Marks.

25. Ordinarily Examiners should not revise marks once submitted to the Controller, but if they feel that in the interest of fairness revision is necessary they should report to the Controller stating the grounds of such revision. This rule does not apply to alterations made as a result of re-examinations, under the Regulations.

Marks once entered in the tabulated Rolls should not be altered by the Examiners themselves but if any alteration is desired recommendations to that effect may be made to the Syndicate.

Secrecy of Results.

26. Examiners and Head Examiners shall treat the marks assigned to the candidates as strictly confidential and shall co-operate with the University in securing the secrecy of examination results. Any disclosure of the results will be seriously regarded.

I.Sc. Examination.

27. Examiners and Head Examiners for the Intermediate Examinations in Arts and Science shall finish their work in connection with the I.Sc. Examination first, so that the publication of the I.Sc. results may be effected as early as possible.

Head Examiners' Duties.

28. The functions of Head Examiners are—

(a) To draw the attention of the Examiners at the first meeting to the provision in the Regulations for maintenance of secrecy of results and explain to them the absolute necessity of adhering to it;

(b) to distribute in consultation with the Examiners, marks allotted to a question consisting of several parts over those parts;

(c) to give general directions, in consultation with the Examiners, as to what should be included within the scope of each answer, and as to how far any particular answer should be dealt with leniently or strictly by reason of difficulty or simplicity of the question;

(d) to look over a few of the papers examined by each Examiner immediately after the meeting of Examiners, to ascertain how far the standard

agreed upon is being followed, whether they are working uniformly according to the method indicated, and shall direct, if necessary, any Examiner to conform to that method and in the cases of deviation from such standard, to give general directions, to be more or less strict, as may be required;

(e) to re-examine 5 per cent. of the answer papers examined by each Examiner with the object of seeing whether the standard adopted has been generally and fairly adhered to, but not to insist upon mechanical uniformity.

The re-examination* of answer-papers shall be conducted in the following manner :—

Every Matriculation Examiner shall, as soon as he finishes the examination of about 100 papers, send them with the corresponding pages of his Roll to his Head Examiner, who shall examine at least 5 papers taken at random out of them and shall give the Examiner any further instructions which may be necessary, or shall return the remaining papers for re-examination, if he is of opinion that the rules have not been complied with. The same course shall be followed with every subsequent batch of 100 papers.

29. In no case shall the Head Examiner increase or diminish the marks assigned to any paper by an Examiner without himself examining that paper.

30. In case of a difference arising between a Head Examiner and an Examiner an appeal shall lie to the Examination Board.

31. The Head Examiner shall forward to the Controller in regular instalments the totalised marks (along with the original marks) in his subject, with observations on those cases which he may deem worthy of special consideration.

In order to avoid delay in the submission of the totalised marks Head Examiners are requested to see that the Examiners look over the papers of candidates in the order in which their names appear in the rolls (Rule 4).

Chairman's Duties.

32. The functions of the Chairman of the Board of Examiners in B.A. Pass English, and the Head Examiner in B.A. Bengali (Vernacular), are—

(a) To draw the attention of the Examiners at the first meeting to the provision in the Regulations for maintenance of secrecy of results and explain to them the absolute necessity of adhering to it.

(b) To convene, as soon as possible after the examination has been held, a meeting of the Paper-setters and Examiners to determine the kind or standard of answers to be expected from candidates and to decide upon the system of marking.

For this purpose, a meeting of the Examiners in each paper shall be held at which provisional rules shall be drawn up. After this first meeting each Examiner shall look over a certain number of papers in order to obtain a general idea of the style and substance of the answers.

(c) To convene another meeting at which the Board or half the number of the members of the Board shall go over a certain number of papers together (the Chairman reading out the answers one after another), and shall assign marks by common agreement to the different answers and types of answers. Then the final rules shall be framed and embodied in a memorandum to be jointly signed by him and the Examiners and the Paper-setters concerned.

(d) To transmit the memorandum to the Controller of Examinations, who will furnish a copy thereof to each of the Examiners concerned.

(e) To look over 5 per cent. of all the answer papers examined by each of the Examiners and to see that the standard agreed upon has been generally maintained but not to insist upon mechanical uniformity.

* In the case of a single paper or part of a paper examined by a single Examiner, the attention of the Syndicate should be drawn to cases of alteration in the marks on re-examination by 10 per cent. or more.

(f) To forward to the Controller in regular weekly instalments the marks or the totalised marks along with the original marks in his subject.

Practical Examination.

33. Questions for the Intermediate, B.A. and B.Sc. Practical Examinations in any subject must be set in advance and the paper containing these questions must be given out at the commencement of examination on each day.

34. The re-examination of Practical Papers at the B.A. and B.Sc. Examinations should be conducted by two Examiners, one of whom at least should be one of the original Examiners of those papers.

Examination Reports.

35. The Head Examiners, or the Examiners, as the case may be, shall, as soon as possible after the publication of the results of the examination, submit for the consideration of the Examination Board a report on the examination in the respective subjects with which they are concerned.

36. The Head Examiners in different subjects at the Matriculation and Intermediate (Arts and Science) Examinations are to send confidential report to the Controller of Examinations, for submission to the Syndicate, on the work done by the Examiners under each.

37. A Committee shall be appointed by the Syndicate for each major subject at the B.A. and B.Sc. Examinations. This Committee shall be called the *Results Committee* for the subject concerned. Its duty shall be to consider the results in the subject and modify them, if necessary; such modifications will always be in accordance with the principles contained in the University Regulations or laid down by the Syndicate.

It will always be open to the Examiners in an Honours subject to meet and consider the results in the Honours subject concerned, and submit any report to the Results Committee for its consideration.

Each Results Committee shall consist of the following members :—

(a) Chairman appointed by the Syndicate.

(b) Two members selected by the Syndicate from among the Examiners in the subject.

In a subject in which there are Honours candidates, one of these two shall be an Honours Examiner, and the other a Pass Examiner.

(c) The Moderator or Moderators concerned.

If any Moderator is not available, a Paper-setter shall be selected by the Syndicate.

(d) One expert appointed by the Syndicate.

38. There shall be one *Examination Board* for the B.A. and B.Sc. Examinations consisting of—

(a) The Vice-Chancellor, *Chairman*.

(b) Dean of the Faculty of Arts.

(c) Dean of the Faculty of Science.

(d) Chairman of the Results Committees.

(e) Five members appointed by the Syndicate, of whom two shall be selected from amongst the Members of the Syndicate, one shall belong to the Post-Graduate Department in Arts, one to the Post-Graduate Department in Science, and one to an affiliated College.

The functions of the Examination Board shall be—

(a) To consider the reports of the Results Committees and co-ordinate them.

(b) To modify such results, if necessary, in accordance with the principles contained in the Regulations or laid down by the Syndicate.

(c) To consider all cases of breaches of discipline arising in connection with the examinations.

(d) To forward the results to the Syndicate for publication.

39. There shall be one Examination Board for the Matriculation Examination and one for the Intermediate Examinations in Arts and Science consisting of—

- (a) The Vice-Chancellor, *Chairman*.
- (b) The Head Examiners in various subjects.
- (c) Four members appointed by the Syndicate, of whom two at least shall be members of the Syndicate. Of these four, two shall belong to the Faculty of Arts, and two to the Faculty of Science.

The functions of the Examination Boards shall be—

- (a) To consider the results and modify them, if necessary, in accordance with the principles contained in the University Regulations or laid down by the Syndicate.
- (b) To consider all cases of breaches of discipline arising out of the examinations.
- (c) To forward the results to the Syndicate for publication.

40. The statements made to the Syndicate by the Examination Boards shall contain confidential information on the changes made by the respective Boards and the reason for the change.

The Proceedings of the Boards shall be subject to confirmation by the Syndicate. The Syndicate shall not have the power to modify the results but may refer them back to the respective Boards for reconsideration.

41. As soon as possible after the publication of the results of the examinations the Examiners in each subject shall meet together and draw up a report upon the examination in that subject for the consideration of the Syndicate. The report so submitted shall ordinarily embody such remarks and recommendations suggested by the work done by the candidates which it is thought desirable in the interest of education to communicate to the Heads of Colleges.

II—SPECIAL.

(iii) Medicine

PRELIMINARY SCIENTIFIC, FIRST, SECOND, THIRD AND FINAL M.B. EXAMINATIONS

1. The examination in Medicine shall be held twice a year in April and in November (as early as practicable) in the order to be notified before the examination.
2. As soon as the Examiners are selected by the Syndicate the Controller shall issue letters of appointment setting forth a detailed programme of the examination drawn up by him, in order to enable the Examiners to decide whether he is able to accept the appointment. A printed reply form is to be enclosed with the letter of appointment returnable within a prescribed date.
3. The examinations shall be conducted in accordance with the rules laid down in Chapter XXV of the University Regulations.
 The Controller of Examinations or the Assistant Controller of Examinations should himself act as the Presiding Officer. The Controller of Examinations should make it convenient to remain there as much as possible, and that during his absence, the Assistant Controller should be the Presiding Officer.
4. In every subject the paper or papers shall be set jointly by all the Examiners in that subject. The meeting of Examiners in each subject will be arranged by the Convener appointed by the Syndicate. The question-papers in each subject set for the examinations must be passed by the members of the Board of Examiners in that subject acting jointly as far as possible.

5. The questions in each subject should be fairly distributed over the whole course in that subject and should conform to the Regulations laid down for the particular examination; there should not be any marked change of standard from year to year, but it is not required that the same type of questions should be set every year. Examiners shall always allow some choice of question. The paper set should be such as candidates can reasonably be expected to answer with the time allotted. An average of at least half an hour should be allowed to answer each question in all examinations.*

6. Questions should be so framed as to encourage good methods of work of teaching and to discourage unintelligent memorizing.

7. Each paper shall be divided into two halves, distinguished as the first half and the second half. Examiners are requested to place opposite each question the full number of marks assigned to it.

8. Question-papers must reach the hands of the Controller of Examinations at least three weeks before the Examination.

No copy of any examination paper is to be retained by the person setting it.

No tutorial work should, in regard, be taken personally by any Examiner at the Medical Examinations after the question-papers have been set.

The systematic course of lectures for the candidates intending to appear at the M.B. Examination are to be finished before the questions are set. No special classes of tutorial work for the candidate should be undertaken by the Examiners and no candidates for the examinations should be allowed to attend clinical lectures and see cases with the Examiners a fortnight before the examination.

9. The answer shall be looked over by the Examiners by mutual arrangement.

At least two Examiners jointly shall participate in the oral and practical examinations.

10. The question-paper or papers written very legibly on one side only of foolscap papers and duly signed by all the Examiners should be delivered in person to the Controller by one of the Examiners or sent to him at the Senate House in sealed double cover marked 'confidential' and addressed to the Controller by the name which must reach the Controller at least three weeks before the examination.

11. The oral and practical examinations in Preliminary Scientific, First, Second, Third and Final M.B. shall commence on the day following the termination of the written examination. It would be expedient to hold these examinations in a neutral place, whenever practicable. The examinations should commence punctually at the appointed hour, all the examiners being present at the same time, and that the President of the Board of Examiners should satisfy himself that this rule is being duly observed. The number of candidates to be examined on each day and the hour, date and place of the examination in each subject will be decided on the day of the written examination by the Examiner in consultation with the Controller. Dates and hours, once fixed, should not be changed of which adequate notice will be given by the Controller.

The oral and practical examinations should be held at such a time that no inconvenience is caused to the patients or to the institutions concerned, and that the examination in each subject should be conducted by the different examiners at the same time.

Before the oral and practical examinations are held, the examination of the written papers should be finished and the marks entered on the slip rolls. Or in other words, it is contemplated that the theoretical papers of

* This does not necessarily apply to the Preliminary Scientific M.B. Examination.

those candidates whose oral or practical examination is to be held on a particular date should be looked over before such oral or practical examination is held.

12. Candidates must produce note-books of their laboratory work which must be duly certified by the Professor, and shall be taken into account in estimating their qualifications. Special attention of the Examiners is drawn to this rule, and they are requested to give effect to it before finally submitting their marks to the Controller.

13. In the examination in Clinical Medicine at least one hour and in Clinical Surgery at least half an hour should be allowed to the candidate for the examination of and report on his principal case. In Midwifery where a clinical examination is not held the duly attested records of the work done by the candidate in Clinical Midwifery must be presented to the Examiners for assessment in the Final Examination.

14. The Practical Examination in Medicine should include the examination of Secretions, the testing of Urine, Clinical Microscopy and Prescription Writing.

15. The Oral Examination in Medicine, Surgery and Midwifery should include an examination on pathological specimens, instruments and appliances.

The examinations shall be conducted in accordance with the syllabus prescribed in the Regulations.

The Convener of each Board of Examiners for the M.B. Examination shall see that the rules and regulations for these examinations as laid down by the University so far as the subject connected with the Board is concerned are properly followed and shall submit a report of the examination with which the Board is connected. The Dean of the Faculty of Medicine shall generally supervise all the Examinations.

When a candidate is not present at the oral or practical examination (or at any part of an examination), the Examiner should indicate such absence definitely by entering 'A' on the appropriate column.

16. Examiners are particularly requested to note that marks have to be noted against each answer.

17. Rolls in which the marks awarded are to be entered will be supplied by the Controller on the day of the written examination. The marks awarded are to be entered in the Examiner's hand-writing, and the Rolls containing the results of the examination must be submitted to the Controller of Examinations two days after the last date of the Oral and Practical Examinations.

18. Examiners will be good enough to retain a duplicate of the Roll and bring it with them to the final meeting of Examiners for the purpose of checking the marks.

19. The Controller shall, as soon as the results have been tabulated, prepare a list of the candidates who have failed in one subject only; in order to guard against any possible inaccuracy, their papers in the subject in which they have failed shall be re-examined on the method of the marking already adopted and without any alteration of the standard.

Examiners are requested not to return the answer-books of the candidates until the work of re-examination is completed.

20. As soon as possible after the tabulation of the results the entire body of Examiners shall meet and draw up a report on the examination as a whole for the consideration of the Syndicate.

21. Examiners are required to keep the results of the examination and the marks assigned to candidates *strictly secret*.

22. Examiners will be expected to be present in the Examination Hall, Calcutta, during the examination in the subject for which they have been specially appointed and to co-operate with the Presiding Officer for the efficient conduct of the examination. The Examiners may so arrange among themselves as to ensure that one Examiner at least is always present.

Attempts on the part of the candidates to ask the examiners, present in the hall, to interpret or explain doubtful points in particular questions, are strictly forbidden, and any case of breach of this rule should be reported for disciplinary action.

Candidates should not ordinarily be allowed to leave the Examination Hall more than once and that only with the permission of the Presiding Officer. Each candidate must always be accompanied by an invigilator to be deputed by the Presiding Officer.

The Presiding Officer should maintain a record for each day of the examination showing the Roll numbers of the candidates who are permitted to leave the hall and the occasions. Relevant extracts from this record will be supplied to the Examiners concerned, if required.

23. The answer-papers shall be returned to the Controller as soon as the work of re-examination is over.

I.E. AND B.E. EXAMINATIONS

GENERAL RULES.

The examinations shall be conducted in accordance with the following General Rules:—

1. No question shall be asked which would require an expression of religious belief on the part of the candidates; and any answers or translation given by any candidate shall not be objected to on the ground of its expressing peculiarities of religious belief.

2. Candidates shall give their answers in their own words as far as practicable in all subjects. This rule shall be inserted as a head note in every question paper.

3. Examiners in setting papers shall be guided, as to the scope of the subjects of examination, by the syllabuses prescribed in the regulations and as to the standard and extent of knowledge required, by the books, if any, recommended from time to time for such purpose.

4. No copy of any examination paper is to be retained by the person setting it.

5. The papers set should be such as candidates can reasonably be expected to answer within the time allotted. The question in each subject should be fairly distributed over the whole course in that subject, and should conform to the Regulations laid down for the particular examination, there should not be any marked change of standard from year to year, but it is not required that the same type of question should be set every year. Examiners shall always allow some choice of questions.

6. Question should be so framed as to encourage good methods of work and teaching and to discourage unintelligent memorizing.

7. Each-Paper-setter at the I.E. and B.E. Examinations shall be required to fill up the following form and forward it to the Controller of Examinations along with his questions:—

‘I hereby certify that I have worked out each of the problems set by me in this paper and have found that the solutions are reasonable.’

7 (a). The two Examiners appointed to set a paper in any subject, shall be jointly responsible for the paper. The paper shall be divided into two halves distinguished as the “First Half” and “Second Half.” The answers to the First Half shall be looked over by one of the Examiners and those to the Second Half by the other. The Practical Examination shall be conducted by the two Examiners jointly.

8. The Tabulators shall, as soon as the results have been tabulated, prepare a list of the candidates who have failed in one group of subjects only; in order to guard against any possible inaccuracy, their papers in the subjects of the group in which they have failed shall be re-examined *on the method of marking already adopted and without any alteration of the standard.*

9. Examiners, in giving marks, shall take correctness of the language of the answers into account.

10. Examiners, in giving marks, shall consider whether the answers indicate an intelligent appreciation of the subject or are merely the result of unintelligent memory work.

11. In connection with all practical tests at the Intermediate and Bachelor of Engineering Examinations, candidates shall submit to the Examiners’ note-books duly certified by the Professor of the Practical works done by them during the college session. The Examiners may, if they think proper, take these note-books into account when awarding marks for such Practical test.

In answering any paper, a candidate may use a slide rule, unless this has in any case been expressly forbidden by the Examiners setting the

paper. Candidates who wish to take advantage of this permission shall bring their own alide rule. Mathematical tables will be provided when required.

12. Examiners are required to place opposite each question in their paper full numbers of marks assigned to it.

13. The papers should be delivered by the Examiners in person to the Controller or sent to him at the Senate House in a sealed double cover on or before a date to be fixed by the Syndicate.

14. Rolls in which the marks awarded are to be entered in the Examiner's handwriting will be sent to him along with the answer-papers. He will enter the marks in this Rolls and send them to Internal Examiner. The answer-papers will be retained by the Examiner for reference in cases of doubt and will be returned by him to the Controller of Examinations after one month.

The total number of marks, must, in every case, be a whole number; if the Roll submitted by an Examiner contains fractional marks it will be returned to him for correction.

15. The Rolls containing the results of the examination must be submitted on or before a date to be fixed by the Syndicate.

16. Examiners will be good enough to retain a duplicate of the Roll and bring it with them at the final meeting of Examiners for the purpose of checking the marks.

17. As soon as possible after the tabulation of the results, the entire body of Examiners shall meet and draw up a report on the examination as a whole for the consideration of the Syndicate. If the Examiners are of opinion that in the case of any candidate who has not attained the standard laid down in Regulations for a pass, consideration ought to be made by reason of his high marks in a particular subject or in the aggregate they shall make a recommendation to the Syndicate under Section 18, Chapter XXV of the Regulations.

18. As soon as possible after the publication of the results of the examinations the Examiners in each subject shall meet together and draw up a report upon the examination in that subject for the consideration of the Syndicate. The report so submitted shall ordinarily embody such remarks and recommendations, suggested by the work of the candidates, as it is thought desirable in the interests of education to communicate to the Heads of Colleges.

19. Examiners are required to keep the results of the examination and the marks assigned to candidates *strictly secret*.

20. Examiners will be expected to be present at the Senate House, Calcutta, during the examination in the subject for which they have been specially appointed.

INTERMEDIATE EXAMINATION IN ENGINEERING

SPECIAL RULES

The written part of the examination will be held in the order to be notified annually before the examination.

N.B.—The Practical Examinations in Chemistry andd Physics will be held at the B.E. College on dates which will be notified by the Principal of that College.

The Practical Examinations in Chemistry, Physics, Surveying and Drawing will be held at the Bengal Engineering College, Sibpur, on dates which will be duly notified. The following are the maximum marks in the different subjects of the examination.

Section A may be taken at the end of the first year of the Intermediate course, and in the event of a candidate failing in one group, Mathematics or Physics or Chemistry, he may be allowed to present himself for re-examination in that group when appearing at the Intermediate Examination in Engineering, provided that a candidate securing Pass marks in each group but failing in the aggregate may be allowed to present himself for

re-examination in one or more groups, when appearing at the examination. Such a candidate may obtain credit for the remaining group or groups, as the case may be, of Section A, but he shall not be allowed to pass in Section B unless he has previously passed in Section A.

The pass marks for each section for the Intermediate Examination in Engineering shall be one-third in each group of subjects and half of the aggregate.

B.E. EXAMINATION *

SPECIAL RULES

The Written part of the examination will be held in the order to be notified annually before the examination.

The Practical Examination in Applied Physics and Metallurgy will be held at the Bengal Engineering College on dates which will be announced by the Principal of that College.

Attested Drawings and Designs must be submitted previous to the examination. In the case of unsuccessful candidates at the B.E. Examination appearing at the Examination in a subsequent year the Attested Drawings and Designs need not be re-examined and the same marks as were given on Attested Drawings and Designs in the Examination, in which these were first submitted, are to be allotted in the subsequent Examination.

The examination in Practical Engineering Physics will be held at the Bengal Engineering College, Sibpur, on a date which will be duly notified.

A candidate may present himself for examination in any one of the three following branches—

- I. Civil Engineering.
- II. Mechanical and Electrical Engineering.
- III. Mining Engineering.

----------------------------	-----	-------

A candidate may be permitted to present himself for the non-professional section at the end of the first-year of the B.E. course and in the event of his failing in either of the groups—Science or Mathematics, he may be allowed to present himself again for examination in that group at the B.E. Examination, provided that a candidate securing Pass marks in each group but failing in the aggregate may be allowed to present himself for re-examination in one or more groups, when appearing at the examination. Such a candidate may obtain credit for the remaining group, if any, of the non-professional section, but he shall not be allowed to pass in the professional section, unless he has previously passed in the non-professional section.

The pass marks for each Section of the B.E. Examination shall be one-third in each group of subjects and half of the aggregate. In order to be placed in the first class a candidate must obtain two-thirds of the marks in the Professional Section.

Marks obtained by a candidate at the Military Certificate Examination in excess of 60 shall be added to his aggregate marks at the I.E. or B.E. Examination as the case may be.

The provisions of Sec. 11 of Chap. LI (I.E.) and Sec. 12 of Chap. LII (B.E.) shall be subject to the following conditions:—

(i) In no case shall the marks to be added to the aggregate be more than 75.

(ii) The marks shall be added only if a candidate passes both the Certificate Examination and the University Examination either immediately on completion of his respective studies or in the following year.

JUNIOR MILITARY CERTIFICATE EXAMINATION

Each examination shall be divided into two parts, practical and theoretical, each carrying 100 marks.

The practical examination shall be based on drill with and without arms, weapon training and tactical training according to a programme to

be prepared by the Calcutta University Training Corps Headquarters. The course for the Senior Certificate Examination shall be of an advanced character. The examination shall be sub-divided into three parts:—

- (i) General training,
- (ii) Weapon training, and
- (iii) Collective training.

The marks for the practical examination shall be awarded on—

- (a) final tests to be held at the time of the examination; and
- (b) records of service of the candidate.

The theoretical portions shall include the following subjects.—

1. Military Hygiene and Camp Sanitation.
2. Map Reading and Field Sketching.
3. Discipline and *esprit de corps*.
4. History of the Army in India.
5. Badges and Symbols of Rank in the Fighting Forces.
6. Characteristics of Infantry Weapon.
7. Organisation of the Army in India.

Each candidate in order to be successful must pass the practical and theoretical portions separately and obtain at least 30 per cent. of marks in each. Candidates obtaining 60 per cent. of marks or over in both practical and theoretical portions separately shall be declared to have passed with distinction. Certificates shall be issued by the University on the results of each examination.

INSTRUCTIONS TO TABULATORS

1. The two Tabulators for all examinations should prepare their Rolls independently of each other and then compare the results, page by page, and before they are placed before the Syndicate sign a declaration to the effect that they have compared the results page by page.

Whenever there will be an alteration of ten per cent. or more in the marks on re-examination in any single paper or part of a paper examined by a single Examiner in any Examination, the attention of the Syndicate should be drawn to the case by the Tabulators through the Controller of Examinations for reference to an additional Examiner.

3. No revised marks after they have once been submitted should be accepted by the Tabulators without reporting the same to the Controller and his permission. This rule does not apply to alterations made under the direction of the Head Examiner before submission of the marks or as a result of re-examination under the Regulations.

* The fee of Head Examiner for re-examining an answer-paper is equal to the fee allowed for examining it. The remuneration to be paid to a Head Examiner in any subject for the work of re-examining the answer-papers is limited to the amount which will be due to him for examining 5 per cent. of the papers in that subject. This does not apply to the re-examination of answer-papers of candidates who fail only in one subject, for which the usual re-examination fee is admissible.

† The fee of the Chairman, viz., Rs. 750 includes his fee for looking over 5 per cent. of the answer-papers in English.

RULES FOR EXAMINATIONS

The fee for re-examining an answer-paper is fixed at half the ordinary fee allowed for examining it.

B.COM. EXAMINATION

				Rs. A. P.
Fee for setting a paper	32 0 0
Fee for examining a paper	1 0 0

				Rs. A. P.
Fee for setting a paper by a person other than a University Professor or Lecturer	64 0 0
Examining a paper	2 0 0
Practical Examination of each candidate	4 0 0

Full remuneration is to be given to Examiners who may be appointed to look over a paper independently. The remuneration will be at full rate if the paper is a full paper and it will be at half rate if the paper is a half paper. The number of examiners for each such batch will be two unless the Executive Committee otherwise decides in any special circumstances.

100 marks is to be regarded as equivalent to a full paper and both for theoretical and practical examination payment is to be made in proportion to the marks allotted for such examination.

Remuneration for setting a paper is to be paid in accordance with the total value of the marks for which a paper has been set, 100 marks being equivalent to a full paper. Each paper-setter will receive full or reduced fee according to the paper actually set.

For each paper there should be two paper-setters and the distribution should be made accordingly.

Persons delivering lectures to Post-Graduate Classes in particular subjects, if appointed Examiners in other subjects or in those subjects will not be regarded as External Examiners for purposes of payment of remuneration for setting paper.

The rate of travelling allowance to the External Examiners in Practical subjects, members of the Board of Examiners for the P.R.S. and such other higher Examinations as the Syndicate may decide.

First class Railway fare each way plus halting allowance of Rs. 7 per diem.

(a) Such travelling allowances will be paid only to those who come from other Universities or Institutions; and

(b) each case will be placed before the Syndicate for specific sanction.

Travelling allowance is to be paid at the following rates to Examiners, other than those coming from other Universities or Institutions, whose services are required in connection with the Practical or Oral Examination in scientific subjects and to Paper-setters who are asked by the University to come to Calcutta.

* (a) Single second class railway fare each way.

(b) Mileage at annas eight per mile for the road journey.

(c) Halting allowance at the rate of Rs. 5 per day (i.e., from one mid-night to another) if halting is necessary for examination work.

* When the whole or part of the journey is by steamer, first class fare each way for such journey.

If an Examiner is appointed to look over scripts in one or more papers in a subject for a particular examination, and if he has not set or moderated the corresponding question papers, the fee paid to him shall not be less than half the fee paid for setting one paper in that subject.

(Explanation—An Examiner who has looked over one script each, say, in Linguistics Honours Papers I, III and V but has not set any of these papers, will be entitled to Rs. 16, *i.e.*, half the setting fee, and not Rs. 3 at the scheduled rate of Re. 1 each, and also not Rs. 48 at the rate of Rs. 16. He will not be entitled to any re-examination fee if any of the scripts has been re-examined by him. But if the re-examination has been done by another Examiner that Examiner will be entitled to the re-examination fee at the scheduled rate.

He would be entitled to the same remuneration if he had set any one or more of the Honours Papers II, IV and VI.

But if he had set any one or more of the Honours Papers I, III and V he will be entitled to remuneration for examining the script in the paper set by him at the rate of Re. 1 each.)

Wherever a fee is fixed for setting a paper or conducting an examination and no special provision is otherwise made, the fee is to be equally divided amongst all the persons who take part in setting the paper or conducting the examination.

As soon as the work of re-examination is over, Examiners shall send to the Controller statements of the number of papers set, examined and re-examined, so as to enable him to have the amounts paid as soon as possible, after the publication of the results in the Gazette. Examiners are requested to forward their statements through the respective Head Examiners.

Each Head Examiner shall keep an accurate account of the number of papers examined and re-examined by each Examiner under him, and shall send a statement on the subject to the Controller of Examinations immediately after the publication of the results.

XXIII

A

TRAVELLING ALLOWANCE RULES

(Passed by the Senate on the 12th January, 1929.)

1. All Fellows shall be entitled to travelling allowances for attending meetings of the Senate, Syndicate, Faculties, Boards of Studies and Accounts and Committees, except Examiners' meetings, on the following basis, namely :—the fare of a single journey each way to and from the University, from their usual place of residence or business.

Provided that if a Fellow while temporarily residing at a place other than his usual place of residence or business has to attend a meeting in Calcutta from such place, he will be entitled to travelling allowance as from such place, only one way, unless he returns from Calcutta to such temporary place of residence within a week after a meeting.

Provided further that in no case will a Fellow be entitled to travelling allowance from a place outside the territorial jurisdiction of the University, the travelling allowance in such case to be calculated from the station within such jurisdiction furthest from Calcutta.

Explanation. 'Usual place of residence or business' means the place where a member ordinarily resides or carries on business for at least six months in the year.

Note.—Rule 1 will not apply to University Professors and Teachers for attending any meeting during their term-time, unless, they are on leave.

2. In case a Fellow (other than a University Professor or Teacher during term-time and not on leave) is requested by the Syndicate to attend for any specific purpose, he shall be entitled to travelling allowance from his place of residence at the time, whether such place is within or outside the territorial jurisdiction of the University.

3. Non-Fellows, whose attendance may be desired by the Faculties or Boards of Studies for the aid of other special knowledge in the subject for which the Faculties are appointed, shall have the benefit of these rules as if they are Fellows for the time of their attendance.

4. No travelling allowance shall be admissible in case a Fellow resides within an area of less than five miles from the Senate House.

5. No allowance shall be admissible on account of servants.

6. No halting allowance shall be admissible unless a Fellow is necessarily detained over one day to attend consecutive meetings of the Senate, Faculties or other bodies mentioned in the first rule; in such event he shall be entitled to a halting allowance of Rs. 7 per day for each extra day over one.

7. The travelling allowance payable shall be calculated thus :—Where the journey is by rail or steamer, a single first class fare, and where by road, mileage at annas eight per mile. The mileage shall be paid for the distance from a Fellow's residence to the nearest railway or steamer station and from the railway station at Howrah or Sealdah, as the case may be, to the Senate House.

8. Bills for travelling allowance shall be countersigned by the Registrar and paid by him after check and audit by the Audit Officer.

9. All cases of doubt or disagreement shall be decided by the Syndicate in consultation with the Board of Accounts and such decision shall be final.

10. These rules shall apply to the members of the Councils of Post-Graduate Teaching in Arts and Science, while attending meetings of the Councils, Executive Committees and Boards of Higher Studies and Committees

and also to members of the Governing Body, of the University College of Science and the Governing Bodies of the Palit, Ghose and Khaira Endowments while attending meetings of such bodies.

Provided that no University Professor or Teacher shall, unless the Senate otherwise directs, be entitled to travelling allowance for attending any such meeting during his term-time, except when he is on leave.

B

TRAVELLING ALLOWANCE RULES FOR INSPECTORS AND JOINT-INSPECTORS.

The mileage allowance admissible to an officer of the First, Second or Third Class is one and one-half fares of the class in which he is entitled to accommodation except in the case of journeys under 75 miles and an absence from headquarters of more than 24 hours, both conditions to be fulfilled in which case one and three-fourth fare will be allowed.

The mileage admissible to a peon is the fare of the lowest class.

Daily allowances are to be drawn in the following scale :—

- (i) An officer of the first Class—Rs. 6.
- (ii) An officer of the Second Class—As. 5 for every Rs. 25 or fraction of Rs. 25 of his pay, subject to a maximum of Rs. 4.
- (iii) An officer of the Third Class—As. 2½ for every Rs. 12½ or portion of Rs. 12½ of his pay, subject to a maximum of annas five.
- (iv) A peon—As. 4 if he travels outside the province, and As. 3 if he travels within the province.

An officer of the First, Second or Third Class may exchange his daily allowance for mileage allowance on any day on which

- (i) he travels by railway or steamer or both, or
- (ii) he travels more than 20 miles by road.

When a journey by road is combined with a journey by railway or steamer mileage allowance may be drawn on account of such combined journey, but mileage in respect of the road journey will be limited to the amount of daily allowance unless the journey by road exceeds 20 miles, in which case an amount equivalent to daily allowance and mileage allowance for the excess over 20 miles may be drawn.

For journeys by road, mileage allowance is to be calculated at the following rates :—

An officer of the First Class—6 annas, if journey is performed by motor vehicle, otherwise 8 annas.

An officer of the Second Class—4 annas.

An officer of the Third Class—2 annas.

A peon—1 anna.

In calculating travelling allowance at mileage rates fractions of a mile should be omitted, but only in the total of a bill for any one journey, and not in the various items which make up the bill.

CONTRIBUTORY PROVIDENT FUND RULES FOR TEACHERS AND EMPLOYEES OTHER THAN INFERIOR SERVANTS.

CONTRIBUTORY PROVIDENT FUND RULES FOR TEACHERS AND EMPLOYEES OTHER THAN INFERIOR SERVANTS.

[Vide Notification No. F, 119-5-33-E., dated the 30th October, 1934, of the Government of India, Dept. of Education, Health and Lands.]

1. All persons in permanent whole-time service of the University other than a person holding a pensionable post or one carrying a gratuity, shall subscribe to the University Provident Fund. A person holding a pensionable post or one carrying a gratuity may be allowed to join the Provident Fund on such terms consistent with these rules as the University may determine, provided that from the date of so joining his post shall cease to carry a pension or gratuity.

Note.—Probationers, part-time employees and temporary or officiating employees, are not eligible to join the Fund. Provided that if a whole time employee on probation* is subsequently confirmed in a permanent appointment, he should be allowed to join the Fund from the date of confirmation, with the option of paying his contributions for the period of probation : and if he exercises this option the University shall pay a like amount, but not the interest. Provided also that if an employee holding a permanent appointment, is appointed to officiate in a higher post, he shall be allowed to contribute to the Provident Fund at the approved rate of 8½ per cent. of the pay he actually draws in the higher post.

2. A sum equal to 8½ per cent. of the salary (6½ per cent. in the case of persons appointed from and after 1st June, 1938) shall be deducted from the salary of each subscriber every month and paid into the Provident Fund and the University shall contribute an equal amount in respect of each subscriber.

Provided that a member who has insured his own life, and assigned the policy to the University shall be entitled on production of the life insurance premium receipts, to a refund of the amount paid as premium, but the amount so returned in one year† shall not exceed the member's subscription for that year.

In calculating the monthly salary on which deductions are to be made and contributions are to be paid, any fraction of a rupee shall be omitted.

For the purpose of this section the term "salary" shall be held to mean monthly salary and regular monthly allowances by way of remuneration for service, including leave allowances but not travelling and house allowances or casual payments for special work.

3. A University Provident Fund Account shall be opened at the Calcutta Branch of the Imperial Bank of India to which the total deductions from the salaries as well as the corresponding contributions from the University, shall be credited at the beginning of each month. Any cash balance of the Fund in excess of Rs. 5,000 shall ordinarily be invested before the end of each month in securities, approved by the Syndicate in consultation with the Board of Accounts in accordance with the provisions of Section 20 of Indian Trust Act of 1882. All investments and securities shall be held in the name of the University which is the Body Corporate under the Act.

4. The interest earned by the Provident Fund money shall be divided proportionately amongst the subscribers and credited to their accounts annually provided that the amount so credited shall in no case be less than 8 per cent.

* Temporary period (if the employee is made permanent) without break, is to be considered a period of probation.

† Viz., from 1st July to 30th June.

5. Each subscriber on retirement, or his heirs or assigns on his death, shall receive the amount standing at his credit together with interest calculated up to the beginning of the month in which he retires or dies.

Note.—Retirement under this section means either (a) final retirement after attainment of the age of retirement, (b) resignation after completion of not less than three years' service or (c) loss of appointment due to abolition of the post, or (d) retirement on medical grounds.

Provided that if a subscriber resigns before the completion of three years' service and if his resignation has the approval of the University, he shall receive with interest the amount as stated above and if such resignation has not the approval of the University, he shall not receive the contribution of the University and the interest thereon.

And provided further that in the event of dismissal on account of misconduct and gross neglect of duty, he shall be entitled to receive only the amount of his own subscriptions and the interest thereon.

6. Each subscriber shall receive from the Registrar of the University, not later than the 30th September of each year, a statement of his account showing the opening balance at the beginning of the previous financial year, the deposits and withdrawals during the previous financial year, ending June 30th and the balance after the addition of interest. He must satisfy himself as to the correctness of this statement and errors should be brought to the notice of the Registrar within one month from the date of its receipt.

7. A subscriber who is on leave may continue to subscribe during his leave either on the basis of his leave allowance or his salary. But in case of leave without pay no contribution shall be payable by the University.

8. Temporary advance may be granted with the sanction of the Chief Executive Authority, to the subscribers from the sums at their credit in the Provident Fund, subject to the following conditions:—

(a) Interest shall be charged at the rate of 6 per cent. per annum and shall be credited to the account of the subscriber from whom it is realised.

(b) The total amount of such advances at any time shall be limited to three months' pay of the subscriber as the ordinary maximum or one-third of the subscriber's own deposits, whichever is less.

(c) An advance shall be recovered from the subscriber in such number of equal monthly instalments as the sanctioning authority may direct; but such number shall not be less than twelve unless the subscriber so elects, or in any case more than twenty-four. A subscriber may, at his option, repay more than one instalment in a month. Each instalment shall be a number of whole rupees, the amount of the advance being raised or reduced, if necessary, to admit of the fixation of such instalments.

Recovery shall commence on the first occasion after the advance is made on which the subscriber draws pay for a full month. Recovery shall not be made except with the subscriber's consent, while he is on leave or in receipt of subsistence grant.

Interest shall ordinarily be recovered in one instalment in the month after complete repayment of the principal: but if the period of recovery of advance exceeds twelve months, interest may, if the subscriber so desires, be recovered in two equal monthly instalments. Payments shall be rounded to the nearest rupee.

(d) An advance shall be granted by the Chief Executive Authority only on a written declaration of the intending borrower that it is necessary to meet expenses in connection with any one of the following events:—

(i) Serious illness of the subscriber or his wife or children or a dependant as defined in the Provident Funds Act (Act XIX of 1925).

(ii) The marriage of a daughter.

(iii) The death of parents, daughter or son or wife or husband.

(iv) Other reason satisfactory to the Chief Executive Authority and not repugnant to the Provident Funds Act.*

(e) No further advance shall be granted unless six months have elapsed since the repayment of the last instalment of his previous loan.

9. Each subscriber shall, as soon as possible after he joins the Fund, fill in a 'Form† of Declaration' showing how he wishes the amount of his accumulation to be disposed of after his death.

10. For the purposes of these rules the following survivors only of a subscriber shall be held to constitute his family:—

- (a) Widow or Widows.
- (b) Children.‡
- (c) Widow or Widows and children of a deceased son.
- (d) Surviving parent or parents.
- (e) Husband.
- (f) Minor Brothers.
- (g) Unmarried Sisters.
- (h) Paternal Grand-Parents, where no Parent is alive.

Where a subscriber comes under any special law of succession, the term family should be extended so as to include legal heirs under such law.

11. A subscriber shall in his declaration provide for the assignment of the whole of the amount.

12. The Declaration submitted by a subscriber is revocable at any time and a fresh Declaration shall be operative.

13. If at the time of death of a subscriber any members of his family (as defined in Clause 10) be surviving, any Declaration assigning a part or the whole of the amount of his accumulations to any person and not a member of the family, shall be void.

14. On a subscriber's death before retirement the amount shall be disposed of as follows:—

(a) It will be divided among all or any persons in accordance with the terms of the Declaration.

(b) If there be no party entitled to receive under paragraph (a) above, the amount will be paid to the subscriber's legal representative or such other person or persons as may be determined by a Civil Court, competent to pass orders in this respect, provided that if the sum remaining at the credit of the subscriber does not exceed Rs. 500, it may be paid to such person or persons as the Senate may consider to be the proper person or persons to receive it.

15. Subject to the provisions of the Provident Funds Act, 1925, the University will not be bound by, or recognise, any assignment or encumbrance executed or attempted to be created which affects the disposal of the accumulations of a subscriber.

16. The Provident Fund Accounts shall be audited annually by a Government Auditor together with the other accounts of the University.

17. The securities of the Provident Fund shall be appraised by the Board of Accounts at the market value ruling on the last day of each University financial year. The University shall accept the liability for any deficiency found in the Fund and shall pay this amount into the Fund and any excess found in the Fund shall be the property of the University.

18. All questions of interpretation of these rules shall be decided by the Senate, whose decision shall be final.

Any changes in these Rules shall be made with the approval of the Local Government.

* Advances for purposes of building or buying a house, are not allowed.

† Specimen form printed in the Appendix No. 1.

‡ An adopted child shall be considered to be a child within the meaning of this rule when under the personal law of the subscriber, adoption is legally recognised as conferring the status of natural child.

1287

20. Subject to the consent of the subscriber concerned in each case and provided it is not repugnant to the provisions of the Provident Funds Act, these rules shall apply to the amounts accumulated in the names of the members of the teaching staff up to the date when these rules shall come or shall have come into force, in the account called the Provident Fund Account, and the amounts paid into that account shall be considered as paid in accordance with these rules.

ASUTOSH MUSEUM

Puranchand Nahar Art Collections and Fellowship

The following letter was addressed by Mr. Bijoy Singh Nahar to Dr. Syamaprasad Mookerjee, M.A., B.L., D.Litt., Barrister-at-Law, M.L.A., President of the Council of Post-Graduate Teaching in Arts, proposing to present to the Asutosh Museum of Indian Arts the Art Collections of his late revered father Mr. Puranchand Nahar, M.A., B.L., worth about Rs. 40,000 :—

48, Indian Mirror Street, Calcutta.

21st February, 1939.

To

The President,

Post-Graduate Council in Arts,

Calcutta University.

DEAR SIR,

I have the pleasure to inform you that I am desirous of presenting to the Asutosh Museum of Indian Art of the Calcutta University the collections of my late revered father Mr. Puranchand Nahar, M.A., B.L., consisting of Indian Paintings, Sculptures, Terracottas, Bronzes and other objects of antiquity, *inter alia* only subject to the following terms and conditions :—

(1) The entire collection shall be kept and preserved at a place where the Asutosh Museum of Indian Art is at present maintained or will in future be housed or located.

(2) The objects of the collection will be distinctly marked in such a manner that it may be easily identified as belonging to the collection of Mr. Puranchand Nahar, and it shall always be properly and carefully preserved, displayed and catalogued.

(3) The collection shall remain open to members of the donor's family and to all *bona fide* students, scholars and all other persons interested in it, subject to the Rules and Regulations of the Museum.

(4) There shall always be a representative of the donor's family on the Museum Committee. The donor shall be a life-member of the Committee and shall have the power to nominate his successor, such power to be exercised by all derivative nominees of the donor. In case no such nomination is made, the Museum Committee shall co-opt a member belonging to the donor's family.

(5) The University of Calcutta shall maintain at all time a Post-Graduate Research Fellowship, attached to the Ancient Indian History and Culture Department. In selecting such scholars the University will, whenever possible, give preference to persons who propose to work on some subject dealing with Jainism. The said Fellowship is to be named after my late revered father Mr. Puranchand Nahar.

The approximate value of the collections is Rs. 40,000.

I shall be obliged by your kindly intimating to me that the University is willing to accept my offer on the aforesaid conditions.

Yours faithfully,

Bijay Sing Nahar.

(Enclosed a list of 255 paintings,

3 large banners
2 Jain scrolls,
5 manuscripts,
215 Stone sculptures,
273 Bronzes,
304 Terracottas,
6 Ivory figures,
5 Wooden figures,
100 coins,
2 Misc. objects).

The offer was thankfully accepted by the Senate on the 18th March, 1939, and it was decided by the Executive Committee of the Council of Post-Graduate Teaching in Arts on the 22nd February, 1939 that a Post-Graduate Fellowship attached to the Department of Ancient Indian History and Culture be named after the late Mr. Puranchand Nahar, and that in selecting scholars for the said Fellowship preference should be given, whenever possible, to persons who would propose to work on some subject dealing with Jainism.
